Sir,

Sub:- Basic Training Schools - Opening of new schools one in Tamilnad and another for Kerala and Kanada - Proposals to Government - Submitted.

--@--

I have the honour to state that the Sub Committee of the Basic Education Advisory Board at its meeting held on 17th December 1946 recommended that out of the **11** candidates returning from Basic Training at Wardha, five should be utilised for opening of a training school in Tamilnad and one should be given to the Basic Training school, Perianaickenpalayam. The two Andhra candidates should be employed in the Vinayasramam Basic Training School where the staff is not at present considered satisfactory. The three candidates from Kerala and one from South Kanara are recommended to be utilised to open a Training School for Kerala and Kannada combined. This school will have a Kannada section in which most of the work will be entrusted to the Kannada teacher. The additional teacher sent to Wardha will also go to this school when he returns from training. Mr. Ariyanayakam is definitely of the opinion that basic training schools should not be started unless a complement of five teachers trained at Wardha are available for the school. It has also been recommended that the ordinary period of training should not be less than two years. Though the course at Perianaickenpalayam and Vinayasramam will have only one year at present the men trained in these courses should come back for another year of training after three years of service in a school.

2. In consonance with the above recommendations, the Divisional Inspectors, Madura and Coimbatore, have been asked to submit proposals for the opening of Training Schools, one at Tamilnad and one at North Malabar in a place convenient to both Malabar and South Kanara. Though the Sub Committee recommended a two years course I suggest that the course for the two new schools to be started may also be for one year as in the case of the two schools already functioning. The teachers now under training at Wardha are expected to be back in May or June 1947. I therefore suggest that the new schools may be started in July 1947. Provision may be mad for 75 candidates in each of the schools admissions being restricted to secondary trained teachers. The usual rate of stipends ma be given to them as also their pay and allowances being met by Government and given to managements of schools from which they c for training.

The financial effect of the proposal will be as follows. This is only a tentative figure and is subject to alterations o receipt of definite recommendations from the Divisional Inspect

Sir,

IN submitting herewith a copy of letter dated 6th March 1947 from the Superintendent, Kasturbha Basic Training School, Konetipuram, I have the honour to state that a Basic Training School for women under Government control may be started at Konetipuram. The management of the present school is prepared to give land for the construction of the building required for the school and to lend the existing two buildings till Government put up their own buildings for the school. Proposals have already been submitted to Government in my letter RC. No. 368-A/47 dated 28th February 1947 for the opening of two new basic training schools for men. It will be an advantage to train women also in this new field of training. I, therefore, suggest that the opportunity now offered may be seized in running a basis training school for women. The only difficulty appears to be to get L.Ts. trained in basic system of education for this school. I suggest that this school may be started provided at least two L.Ts. trained in the basic system of education are found available. Three L.Ts. are the minimum with which we hav started the training schools at Perianaickenpalayam and Vinayasramam. According to Mr. Aryanayakam, it is not

pp5-6 ante

necessary

necessary that only L.Ts. should be appointed in these training schools but it is enough if even secondary grade teachers who had training at Wardha are available for appointment. According to the statement made by the Superintendent, five Wardha trainees are available for appointment in the school, one as an Assistant and the rest as Specialists in two crafts^x (spinning, lace-making cum embroidery), Indian Music and Hindi. Besides the above, the following additional staff normally employed in basic training schools now functioning will be required for the school.

1 Headmaster	L.T. Wardha trained
1 Assistant	L.T.
1 Drawing Master	
1 Language Pandit	
1 Clerk	
1 Peon	
1 Deputy Warden	For this school only
1 Night Watchman

About 40 students may be trained in the institution. The approximate cost of the school is worked out below:

At present, we have 5 Wardha Trainees in our school, of which one is a male, the other four are qualified to handle spinning, la making cum Embroidery, Indian Music and Hindi respectively.

The male teacher is a secondary grade teacher. In addition to him, you are requested to get two L.Ts. either from Wardha or from Seethanagaram to act as Headmistress and the Assistant respectively.

In my letter referred to above, proposals were submitted to Government, for the opening of two new Basic Training Schools, one at Tamilnad and the other at North Malabar for Kerala and Kannada combined, in July 1947. In consonanace with the above proposals, the Divisional Inspectors of schools, Madura and Coimbatore, were asked to submit their proposals for the opening of the Training Schools. The Divisional Inspector, Coimbatore, in his letter referred to above, has pointed out certain difficulties for the opening of a Basic Training School for both Kerala and Kannada combined. A copy of his letter is sent herewith. There is force in what the Divisional Inspector states for not having a combined Basic Training School for Kannada and Kerala. I agree with him and therefore modify my proposal made in my letter quoted above. My proposal to open a Basic Training School at Tamilnad may stand. But instead of opening a combined Basic Training School for Kerala and Kannada, I suggest that proposals for opening a school at Malabar may be appro approved. At the present moment, it is not possible to open a separate Training School for Kannada as there is only one Kannada candidate under Training in Wardha and according to Sri Ariyanayagam, Training Schools should not be started unless a complement of 5 teachers trained in Wardha are availabl When more Kannada teachers are forthcoming, the proposal to open a separate Kannada Basic Training School may be considered.

COPY of the letter Roc.No.67-D/47, dated 3-3-1947 of the Divisional Inspector of Schools, Coimbatore.

Sub:- Opening of Basic Training Schools in Tamilnad and Kerala.

Ref: Your Proce

In the Director's Pros. quoted above it is proposed to start a Basic Training School to serve Malabar and South Kanara Districts. A single school to serve both these language areas will neither be practicable nor desirable. In the first place, in a Basic Training School, as in any other training School in the province, instruction is imparted in the mother tongue of the students. The students from Malabar will have to be given instruction in Malayalam and those from South Kanara through Kannada. It is not possible to provide for instruction through both these mediums in a single school with a mixed staff. Secondly the teaching shd. be correlated with practice in a model school. There should, therefore, be two model schools, one Malayalam school and another a Kannada School. It is impossible to find two sets of schools in any particular place. Thirdly, if the Training School is located in North Malabar, teachers from remote parts of South Kanara will find it difficult to join. Similarly if the school is located in any part of South Kanara, Kasargod for instance, teachers from Malabar will not care to join. It will present very serious difficulties if a single school is to serve two language groups. I,

P.T.O.

13/ 14

-2-

I, therefore, request you to kindly address Government and obtain sanction for starting two separate schools one for Malabar and one for South Kanara. Though it will be useful to staff these schools entirely with Wardha trained teachers, for the time being other suitable teachers may help the specially trained teachers as assistants. So long as the Wardha trained men are appointed as Headmasters, the basic principles will not be missed.

In the concluding paragraph of my letter to Government quoted above, orders were requested whether any examination has to be conducted at the end of the basic training course. It is desirable that a test is conducted at the end of the course. I consider that it be sufficient if this test is conducted by the headmaster of the school. In my personal discussion with him, the Honourable Minister has agreed to this view. It is therefore recommended that the Headmasters of the Basic Training Schools may be permitted to hold a test at the end of the course.

Item V, p 9 N.F

I invite your kind attention to the note of the Hon. Minister for Education, dated 18th April 1947 regarding the allotment of teachers that have returned from Wardha after training to certain Basic Training Schools. It is suggested therein, among other things, that the two women teachers, Srimathi Rajalakshmi and Srimathi Saradambal may be directed to organise a Higher Grade Training School in Tamilnad and Mrs. Nagarathnam of the Madras Corporation School may be tagged to them in connection with the opening of the training school, if she is willing. In consonance with this suggestion the following proposal for the starting of a Basic Training School (Higher Grade) for Women is suggested.

2. The proposed Basic Training School for Women may be started as a section in the Government Secondary and Training School for Women, Cuddalore, with effect from 1st July 1947. No admission will be made for the Junior Class this year and the existing elementary training course will be abolished altogether after the

present senior training students complete their examinations in April 1948. The school is located in a Government building and the Tiruppapuliyur area where the school exists now has many rural features. This will serve as a Basic Training Centre for Women in the Tamilnad.

3. I therefore request the approval of the Government, for the opening of a Basic Training School for Women at Cuddalore. Detailed proposals will be submitted on receipt of orders of the Government. Proposals will be submitted to Government separately on the question of transfer of the staff of the existing training and high school~~s~~ Sections to other centres.

4. I have instructed the Inspectress of Girls Schools, VIII Circle to take necessary steps for the opening of a Basic Training School for Women in the Government Training School, Cuddalore, in anticipation of the approval of Government.

In my letter referredto above, proposals were submitted to Government, for the opening of a Basic Training School for Women, at Konetipuram under Government control. The Central Inspectress who recently paid a visit to the place has stated that the accommodation is inadequate, that the Wardha trained women teachers are not available and the school proposed for the model school is an incomplete one. She has therefore recommended that the question of opening a Basic Training School at Konetipuram may be deferred for the present.

In the above circumstances I request that the Government may be pleased to defer the proposals made in my letter quoted above.

I may in this connection invite the attention of Government to my letter Rc.No.582 B1/47 dated 10-5-1947 wherein I have stated that the management of the Basic Training School for Women, Seethanagaram, have expressed their willingness to train about 50 women candidates in their Institution~~s~~ in 1947-48. This arrangement may be considered sufficient for the time being in respect of the training of women candidates on Basic lines.

MEETING OF THE SUB-COMMITTEE OF THE BASIC EDUCATION ADVISORY BOARD, HELD AT THE OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION ON 17th DECEMBER 1946.

Present:-

1. Mr. Aryanayakam.
2. Mr. G. Ramachandran.
3. Mr. Arunachalam.
4. Mr. L. Rajagopal Rao.
5. Mr. G.L.Lobo (Secretary)

Mr. Aruminayakam -- Presided.

Business: The Committee makes the following recommendations:

I. In regard to the opening of Basic Training Schools

(a) Out of the 11 candidates returning from Warda, 5 should be utilised for opening a Training School in Tamil Nad and 1 should be given to Periyanayakanpalayam.

(b) The two Andhra candidates should be employed in the Vinayashramam Basic Training School, where the staff at present is not considered satisfactory. P

(c) The~~e~~ 3 candidates from Kerala and one from South Kanara should be utilised to open a training school for Kerala and Kannada combined. This school will have a Kannada section in which most of the work will be entrusted to the Kannada teacher. The Additional candidate now being sent to Wardha will also go to this school when he returns from training.

Note: Mr. Ariyanayakam is definitely of the opinion that training schools should not be started unless a complement of 5 teachers trained at Wardha are available for work in the school.

It is only as a special case that the school for Kerala is recommended for the next year with a complement of 4 teachers trained at Wardha. No basic training College should be started until and unless we get graduates who have undergone a 2 years course of training at Wardha.

Mr. Ariyanayagam has stated definitely that he cannot take more than one person for training at Wardha now. At the special request of the Committee he has agreed to look into this matter once again and to let us know whether he would be able to take 5 instead of 1. If it is possible for him to take 5, 2 candidates from Andhra, 2 from Kerala and 1 from South Kanara may be deputed.

II. Pay of staff:- As the teachers in Wardha training schools will have undergone one year's additional training after being trained as L.Ts. as they will be full time teachers in a residential school and as they will have no income from private tuitions it would be reasonable to pay them an initial salary of Rs.100/- if the pay for school Assistants and Deputy Inspectors in Government service is to be Rs.80/- to Rs.240/- and it is also recommended that Headmasters, and Headmistresses should be given an allowance in addition to their scale of pay. It is also recommended that the teachers' previous service and period of training may be taken into account in fixing the initial salary of any new recruit from non-Government service.

III. Period of training:- Ordinarily the period of training should not be less than 2 years.

(b) The Committee feels that the suggested course of 7 months at Vinayashramam will not be sufficient and therefore recommends that the course may be extended upto 31-12-1947, consequential arrangements regarding stipend, staff and expenditure being made by the Department.

(c) Though the course at Periyanayakanpalayam and Vinayashramam will be only for one year at present the men thus ~~xxxxxxx~~trained should come back for another year of training after 3 years of service in a school.

p.t.o.

: 4:

V. Syllabuses for training:- The syllabuses recommended by the industani Talimi Sangh will be followed.

. Admissions for training:- As the candidates selected for training t Periyanayakanpalayam and Vinayashramam will be able to take up to teaching of grade I in the respective schools and as teachers will be necessary to take up grade II a year, later, the next batch to be admitted for training in the training schools should as far as possible be from the schools from which the men of the first batch were selected.

(b) It is desirable that the candidates should be selected from compact areas such as a Firka or a utmost a Taluk and not from a large number of districts as has been done incase of admissions for Vinayashramam school.

VI. Equipment: (For Basic Schools)

A sub-committee consisting of the following persons may be appointed to see ~~thx~~ to the complete requirements in equipment for craft work in Basic schools:-

1. Mr. Seetharama Sastri,
2. Mr. G.Venkatachalapathy.
3. Mr. Seetharama Rao.
4. Mr. R.V.Rudrappasamy.
5. Secretary of the Basic Advisory Board.

The Committee feels thatthe Government should have a Central Equipment stores on which the Schools can indent for their requirements. The Committee will submit to Government a complete list of the equipment that will be required by the schools. This equipment with the advantage be manufactured in Industrial Schools and later on in the Higher Grades of the Basic Schools.

VII. Grants for Basic teachers:- In the case of basic teachers, who have not got the departmental qualifications viz. Higher Grade T.T.C. or Secondary Grade T.T.C. the committee recommends that those who held certificates of the Hindustani Talimi Sangh after training at Tiruchengode, Konatipuram or Mysore may be given trained teachers' grants either as Higher Grade T.T.C. or Secondary Grade T.T.C. according to their general educational qualifications.

VIII. In order to make all Headmasters of the existing training schools basic-minded, it is recommended that all the headmasters may be given refresher courses for 2 or 3 weeks at Vinayashramam or Periyanayakanpalayam , the headmistresses who prefer to go to a girls' school being sent to Seethanagaram.

IX. As it is the ultimate aim of Government to introduce basic education in the Presidency and as Spinning is going to be the main basic craft for all Schools, it is desirable that Government makes a recommendation to the managements of all elementary schools to introduce spinning as early as possible. It may be made clear that this is only a recommendation and there is no compulsion suggested in it.

To The Secretary to the Government of Madras,

Education and Public Health *Department.*
Fort St. George, Madras.

Sir,

With reference to the Government Memorandum quoted above, I have the honour to state that the creation of the additional posts was recommended because the Basic Training schools are all special schools newly opened and the recommendations were made on the opinion of the experts. The Government in their D.O.No.30208-B2-46-1 Education dated 25..6..1946 have proposed that there can be 4 L.T. Assistants in the scale of staff for a Basic Training School. According to their proposal, each Training School can have 4 L.Ts. But at the initial stage only 3 L.T. Assistant posts were applied for each school. So the additional post of an L.T. Assistant to the Basic Training School, Perianaickenpalayam, cannot

be said to be beyond the scope of recommendations of Government in regard to teachers in the L.T. Cadre. I may in this connection invite the kind attention of Government to the minutes of the Sub-Committee of the Basic Education Advisory Board passed at its meeting held on 17th December 1946, a copy of which has been submitted to Government already. The Hon'ble Minister for Education has in his Note, dated 18.4.1947 proposed the appointment of a Wardha returned L.T. candidate to this school.

pp3-4 ante

2. With regard to the Basic Training School, Vinayashramam, the existing staff viz. one Headmaster, and 2 L.T. Assistants is less than the above scale of staff fixed by Government viz. 4 L.T. Assistants including the Headmaster. There is therefore place for one L.T. Assistant. But the Basic Education Advisory Board has recommended the appointment of 2 more teachers for this school. The Honourable Minister for Education has also suggested the allotment of the two Wardha candidates for this school.

3. In the circumstances, stated above, it is requested that the Government may be pleased to accord sanction for the creation of the posts already applied for.

Last year the Government sanctioned the opening of two Training Schools to train teachers under the scheme of Basic Education, one at Perianaickenpalayam (Coimbatore Dt.) and the other at Vinayasramam (Guntur Dt.). The schools were sanctioned for one year in the first instance. The ~~Director~~ D.P.I. recommends that the school at Perianaickenpalayam ~~institutions~~ may be continued for ~~another~~ two years. ~~The Advisory Board on basic education which met on the 24th May~~ The Advisory Bd on Basic Edn. has recommended the continuance of the two school. H.M.(Finance) has recorded the following view in regard to the school at Vinayasramam:-

The course of training was fixed at 9 months. After allowing a vacation of 1 month, further batch of students will be selected for training in the two schools. The selection depends upon the continuance of the schools beyond the period of present sanction.

In partial modification of the orders in paras 5 to 7 of G.O. 1188, Edn., dated 9-6-47, the Govt. direct that instead of opening a Training School for ~~women~~ men at Koilpatti and a school for women at Cuddalore, a common ~~school~~ Basic Training School at Cuddalore be opened to provide for training of both men and women teachers in Basic Education. One Division will train candidates in the Higher Elementary grade course and ~~to in the other~~ in another Division, candidates will be admitted for Secondary grade training. Sir,

I took the B.Sc., Degree from the Pachayyappa's College in March '46 with Physics main. During the period between August '46 and ~~and~~ June '47 I worked as a member of the staff of the first Tamilnad Kasturba Grama Sevika Vidyalaya which was conducted in the village of Tiruvanmiyur by Dr.Mrs.Soundram Ramachandran, Agent of the Tamilnad Branch of the Kasturba Gandhi National Memorial Trust. During this year I learnt Ginning, Carding and Spinning and I now possess the requisite standard of attainment in Craft work prescribed by the Hindustani Talimi Sangh. I have also obtained some working knowledge of Hindustani.

It is now my earnest wish to take up Basic Education work in Tamilnad. May I therefore apply for admission to the Basic Education Instructor's Course of training at the Periyanaickenpalayam Training Centre under the Government. Since I am a private candidate who will pay his own expenses during the period of training I request you to be good enough to grant me special permission to join the above Training Course.

Thanking you,

Let me thank you for your letter of the 13th instant. The Vidyalaya is going to conduct a camp only for L.Ts. who are staff of training Schools for Basic Education. It will cost a great deal of confusion if we are to admit untrained men in the same course and so I am afraid it will be difficult to admit Sri V. Padmanabhan to the course.

To
The Hindustani Talimi Sangh,

Thro'
Sri G.Ramachandran, Asst. Secretary.

Dear Sir,

Certain important issues have to be decided by the Hindustani Talimi Sangh, if some of us who have obtained our training in Basic Education directly under the Sangh in Sevagram are to carry on our work with confidence and self-respect. These issues have arisen in a pointed manner recently in regard to the position taken up by the Madras Education Minister Sri Avinashilingam Chettiar. The Tamilnad Basic Education Society has decided to open a Basic Teachers' Training Centre at the Gandhi Ashram Kizhamungiladi. This Ashram has ample accommodation for the purpose and has built up a tradition of village service and of the training of Constructive Workers. A basic school has been established here which has now worked for an year with credit. 30 candidates who are either matriculates or those who have passed the 3rd Form or the 8th Tamil standard will be admitted. The staff of the training centre will consist of Sri M. Arunachalam, M.A., Trained by the Talimi Sangh in Sevagram, Sri E.V. Muthuswami, B.A., also trained by the Talimi Sangh in Sevagram, Sri M. Ramakrishna Reddi, Matriculate trained in Tiruchengodu camp in basic education, Sri Balasundaram also trained in Tiruchengodu Camp in Basic education and Sri Thirunavakkarasu, higher grade trained plus trained in Periyanayakanpalayam during last year.

When we applied to the Madras Education Minister for recognition of the Training Centre he raised the objection that there was no L.T. on the Staff. Without an L.T. on the Staff he expressed his inability to give recognition to the Training Centre nor make any grant towards its expenses. In order to avoid the technical difficulty so raised we have added a B.A.,L.T., to the staff now. But even so, we wish to take up the issue before the Talimi Sangh as to whether the Talimi Sangh will or will not accept the Madras Education Minister's ruling that those like us trained in Sevagram directly by the Talimi Sangh are to be considrerd competent enough or not to organise and run Basic Teachers Training Centre under the direction and supervision of the Talimi Sangh. If we are not competent enough how can the addition of an L.T. to our staff solve the problem, particularly when that L.T. has no training in Basic Education. The question therefore is whether training directly by the Talimi Sangh is to be considered as of no value as such and that only those who are L.Ts and who then got training in Sevagram are to be considered competent to run Training Centres. For us and for the Talimi Sangh it is a matter of honour that the training we have received and which you have given is recognised as adequate training by a Provincial Government which has constituted a Provincial Advisory Board of Basic Education in which the Secretary and the Assistant Secretary of the Talimi Sangh are members. We shall be grateful if this matter is considered by the Talimi Sangh at its next meeting. We further request that in the meantime the Secretary of the Talimi Sangh should take up this matter in all earnestness with the Madras Education Minister.

Thanking you, and requesting the Talimi Sangh to recognise our Training Centre,

Yours sincerely,
(Sd.) M. Arunachalam.
Secretary.

P.S. We are going ahead with the work of organising the Basic Teachers Training Centre at Kizhamungiladi including an L.T. in our staff pending a decision on the above issue by the Talimi Sangh.

Dear friend,

I am enclosing the copy of a letter received from Sri M. Arunachalam, Secretary, Tamilnad Basic Education Society.

Shri M. Arunachalam is a worker of very high quality and he has received his training at Sevagram, and we consider him fit to be in charge of a Training Centre of Basic Education. In fact we consider him to be better qualified than those placed by the Department to be in charge of the Basic Training Centres.

The Hindustani Talimi Sangh will also grant recognition to the Basic Training Centre to be opened by the Tamilnad Basic Education Society at Kizhamoongiladi.

I would like to know what the decision of your department is to be with regard to the recognition of this Training Centre, so that I may place the matter for consideration before the Hindustani Talimi Sangh.

Yours sincerely,

Your letter of the 31st July with regard to the Basic Education Training School at Kizhamoongiladi. The Govt. will be glad to give what help they can in the matter provided they satisfy the rules.

I am glad to know your good opinion about Shri M. Arunachalam and we shall be glad to give him exemption from L.T. But it is the opinion of this Govt. that it will be good to have L.Ts. plus basic training as the qualification necessary to be teachers in training schools. We value the basic training given by you very much but we also think that

The Govt. have sanctioned ~~the~~ ~~opeing~~ this year the opening of two Basic Training Schools, one at Periyanaickanpalayam and the other at Vinayasramam. The school at Periyanaickanpalayam was opened in August 1946 and that at Vinayasramam in December 1946.

p 2 CF

2 It was originally decided that the teachers admitted for training in the School at Periyanaickenpalayam should undergo ~~training~~ the course for 9 months. The D.P.I. recommends that the period of training of teachers in the school ~~of at~~ ~~Periyanaickanpalayam~~ may be extended to 11 months. According to him the batch of students admitted this year will complete their course of training by 1-7-1947. The Director suggests that the second batch of students should be selected for training from 1-8-1947. The teachers of the Basic Training school will have vacation for one month. His proposal may be accepted.

3 As regards the school at Vinayasramam, no period of training has been fixed. The Director now reports that the course may be for one year. Presumbably this is inclusive of the vacation of one month ~~xhxxxxd~~ to be granted to teachers at the end of the course. The batch of teachers admitted for training in December 1946 will complete the course in November 1947. The D.P.I's recommendation may be accepted. A draft Memo is subd. in p 10 CF

4 The Director has submitted proposals for the opening of three new Basic Training Schools, one ~~for~~ in Tamil Nad, another ~~for~~ in the Andhra area and the third ~~for~~ on the West Coast. The school ~~for~~ in the Andhra area will be located at Konetipuram, Guntur District, and will train women. The school ~~for~~ on the West Coast will be established at a place convenient both

to Malabar and to South Kanara (it is presumed that the school to be established ~~for~~ on the West Coast is in the place of one which was ordered to be opened at Perur but it was not actually opened). The location of the school ~~of~~ for the Tamil Nad has not yet been settled. p7CF 7 ②

5 Teachers who have been deputed ~~to~~ ~~for~~ Wardha for training will be appointed in these schools. 75 students will be trained in each of the two schools for the Tamil Nad and the West Coast and 40 teachers in the school to be opened at Konetipuram. The teachers selected for training will be given a stipend of Rs 18/- per month. The Director has worked ~~looked~~ out the extra cost (Recurring and Non-Recurring, immediate and ultimate) on account of these proposals. p5cf p8cf p6cf pp5-6 48CF

6 In connection with the deputation of ~~the~~ teachers for trg. at Periyanaickenpalayam and Vinayasramam, the Govt. ~~have~~ agreed to pay a subsidy to local bodies and grants ~~for~~ to private agencies towards the salaries of teachers deputed for training. It appears that a similar ~~subsidy~~ salaries and grants will become payable in respect of teachers to be deputed for training in the schools to be opened. The Director has not taken into account this expre. in his calculations. Assuming that 50% of the teachers deputed for training are from schools under local bodies and the rest from private agencies, the cost to Govt. by way of subsidies and grants will work out to Rs 70,000. p5cf

29/3/47

The question of finding accommodation appears to need further examination.

M

The scheme for the 3 new schools may be treated as a Part II scheme for 1948-9. In view of present financial difficulties the inclusion of large new schemes which have not been budgeted for in the current year is undesirable.

Secretary (E.& P.H.)

It is time that we make our plans for the extension of basic education next year. We have sent 12 people for Wardha for training and the D.P.I. may be asked to submit urgently as to the number of training schools that may be opened in the various linguistic areas in the coming school year as well as the number of basic schools that can be opened with the help of the teachers that we are now training in the two basic training schools.

With reference to 'Z' in H.M. Education's minute above, it may be stated that Director of Public Instruction recently sent proposals for converting 34 elementary schools in the Coimbatore ~~Health~~ belt area into basic elementary schools. The papers have been sent back to the Director for ~~Coimbat~~ ~~for~~ clarification of certain points.

The school at Konetipuram will be located in private buildings till new buildings are constructed. The Director has proposed a sum of Rs. 20,000/- for a building for the school. As regards the other two school the Director has included in his estimate a sum of Rs.10,000/-for a building for each. The places where the schools in Tamil Nad ~~on~~ and that on the West Coast should be located are not settled. Till permanent structures are provided for them, they will presumably be located in rented buildings. For orders whether a reference should be made to the D.P.I. on this point.

We may notify the needs to be located in rented buildings.
p 11 cf

3.The D.P.I. has since reported that there are certain difficulties in having a combined school for Malabar and South Kanara. A separate school in South Kanara cannot now be opened as trained teachers from South Kanara ~~do not become~~ are not available in sufficient numbers for conducting the school. The Director says that a school may be opened in Malabar alone now.

4.The Finance Department has suggested that the proposal to oper three basic training schools should be considered as a Part II scheme for 1948-49. If the scheme is to be introduced during 1947-48 it should be treated as an expenditure on 'New Service' and should be ~~considred~~ considered by the Standing Finance Committee and the Cabinet.

B2

5. The file may be circulated for orders:-

(1) whether the course of training in the training schools at Periyanaickenpalayam and Vinayasraman may be fixed ~~for~~ as 11 months exclusive of one month's vacation instead of 9 and 7 months as originally proposed;

p 1 ante

(2) whether a second batch of students may be admitted * for training in these schools ~~and~~

* after the first batch complete the course.

(3) whether it is necessary to hold an examination for the teachers under training in the Basic training schools and

para 8, p2 ante

(4) whether the proposal of the D.P.I. for opening three more basic training schools should be considered as a scheme for introduction in 1947 -48 or whether it should be treated as a Part II scheme for 1948-49.

(1) and (2). The period of training may be fixed as 11 months now. but I am not for opening camps like this. For two reasons. ~~This is a dis-advantage to Government, one is~~ 1. the teachers who are ~~in the low grade~~ already in service find it very difficult to take to this new education, 2. secondly, the Government have topay them in addition to ~~this~~ stipend, their pay also as a subsidy with the effect that it costs us much more than our starting fresh training schools . ~~In that circumstance~~ In the [illegible] normal training schools, we have to pay only stipends and so, I suggest that the new training schools that we are going to open shall all admit fresh men under the usual training of two years.

(3) If old men are trained, certainly some test is necessary and that ay be done in consultation with the headmasters of training schools. f it is going to be two years course, there must be the usual test as n other training schools. Of course, ~~let them~~ they must suit the needs of basic ducation.

---

(4). Three new basic schools may be opened, one in Tamilnad at Koilpatti and the others in Andhra and Malabar may be asked to be suggested by the D.P.I.

The training school at Perianaickenpalayam may be asked to admit fresh students next year and it may be run as a secondary grade training school on basic education lines.

TSA

4

If Vinayashram has all the facilities and if last year's work was good, fresh students may be admitted there too.

The three new may be taken up as New Service.

The one in Andhra may be in Rayalaseema.

Secretary, E. & P.H.

Yesterday in the note that was submitted to me with reference to basic education training school at Perianaickenpalayam, I had accepted the D.P.I.'s suggestion that the course may be extended to 11 months. The Divisional Inspector of Schools as well as the Headmaster of the Training School both are of the opinion that 9 months will do and the trainees are getting restless and much good will not come out of our extending for two more months. In view of this, I think, ~~as far as the Perianaickenpalayam School is concerned~~, training may be limited to 9 months which was originally arranged for.

EDUCATION AND PUBLIC HEALTH DEPT.

Secretary, E.& P.H.

Twelve L.Ts. have been deputed at Govt. cost to Wardha to receive training in Baisc Education. They may be allotted as follows:--

I.	(1) D. Venkataswami and (2) K. Satyanarayana	For the Govt. Training School at Vinayashram.
II.	(1) Kandran (2) Bhiman Nayar (3) Madhavan Nambiar (4) Abdul Khadar	For starting a new Training School in Malabar.
III.	(1) Ponniah Mudaliar (2) Ramasubramanian	with Rudrabaswami as Headmaster for starting a new basic Training School at Koilpatti.
IV.	(1) T. Venkatesan	may be for the Govt. Training School in the Ramakrishna Vidyalaya at Periyanaickenpalayam.
V.	(1) Rajalakshmi and (2) Saradambal	may be asked to organise a Higher Grade Training School in Tamilnad.

I understand that one Mrs. Nagaratnam is undergoing ~~ing~~ training in Wardha on her own account and that she is permanently serving the Madras Corporation and if she is willing she may be tagged on to Rajalakshmi and Saradambal for that Training School.

If anybodyelse cannot be found to help Ramakrishna Shetty to start another Training School in South Kanara, Mr. Ramakrishna Shetty also may for the present be sent to the Govt. Training School in Ramakrishna Vidyalaya at Periyanaickenpalayam.

Rudrapaswami is a long trained worker in

Basic Education and is an L.T. serving under the Tinnevelly Dt. Board. He may be taken in Govt. Service and put in charge of the Koilpatti Training School.

In the note of H.M.(Edn.) on page 6 ante, it is stated that the period of training may be extended to 11 months as proposed by the D.P.I. In the subsequent note H.M.(Edn.) has ordered that the course should be limited to 9 months. The school at Periyanaickenpalayam was opened on 2nd ~~17~~ August 1946. If the course of training is limited to 9 months, the school should have been closed on 2-5-47. There is no information whether the school has actually been closed or whether it is being continued under the impression that the period of training ~~may~~ will be extended to 11 months. Perhaps it ~~is~~ may be left to the Director to address the Govt. for sanction~~ing~~ for the continuance of the school for more than 9 months if the School works beyond 2-5-47.

p 7 ante

2 H.M.(Fin.) has suggested that the new Basic Trng. school for the Andhra Area may be located in the Rayalaseema. The D.P.I. has submitted proposals for taking over the Basic

Training school for Women conducted by the private management at Konetipuram, Guntur District. Presumably the intention of H.M.(Fin.) is that the school need not be taken over by Government and that instead ~~the~~ a school at Rayalaseema may be started.

3 In his note on page 9 ante, H.M.(Edn.) has suggested that the teachers Rajalakshimi and Saradambal may be asked to organise a Higher Grade Training School in Tamil Nad. It is seen from the D.P.I's letter on page19 c.f. that H.M.(Education) has sent a copy his note to the Director of Public Instruction for necessary action. The Director suggests that the new Basic Training School for Women may be opened at Cuddalore (South Arcot District). His proposal may be accepted. It may be presumed that the Director will take necessary action regarding the posting of teachers who may have returned from Wardha as desired by H.M.(Education). No specific ~~A draft order is submitted.~~ instructions from Govt. seem necessary. Orders may now be passed on the proposals in this file with reference to the notes above.

4 In their note on page 4 ante the Finance Dept. has suggested that the proposal should be placed before the Standing Finance Committee and the Cabinet before orders are issued. As the ~~three~~ schools are to be opened in 1947-48 it may not be ~~possible~~ desirable to wait till the proposals are considered by the Finance Committee and the Cabinet. H.M. has noted that ~~the~~ new candidates who are not in service may be selected for training. The case is apparently sent to this department ~~wx~~ only with regard to the point raised at 'N' on pages 11-12 above.

Submitted that the proposals cannot be considered so urgent as to dispense with the following of the normal procedure in such cases. The scheme involves a large extra cost and ~~we~~ may well be considered by the Standing Finance Committee. If the scheme is urgent E & P.H. can explain the urgency of the scheme in the draft note for Standing Finance Committee and ~~that~~ the approval of the Standing Finance Committee for not making ~~xxxxxxx~~ a reference to the Cabinet may be obtained. This Department may suggest that in case the matter is referred to the Standing Finance Committee an estimate of cost of the staff may be included in the note. The position stated at 'R' on page 11 above may also be embodied in the note. If two of the schools are to be in rented buildings an estimate of expenditure for rent should also be included.

If E & P.H. still thinks that a reference to Standing Finance Committee ~~we~~ cannot be made, that dept. may be requested to take orders in circulation including H.M. 'Finance'.

(As regards 'M' on page 11above, definite proposals as to the staff etc required will noddoubt be made ~~to~~ by the D P.I. and examined separately)

Under the rules this matter must go before the Standing Finance Committee. The expenditure is large and there is not provision in the budget for it.

It has been decided in the last meeting of the Advisory Board of Basic Education that for the next year the Training Schools may be as follows:--

(1) The Periyanaickenpalayam Training School will continue.

(2) The Vinayasram Training School will continue with the addition of two more staff.

(3) A Training School in Malabar

(4) A Training School in Koilpatti.

(5). A Training School in South Canara.

All these Schools will mainly train new personnel so that it will not be necessary for them to take up existing teachers. In that case the Govt. will save the pay that they are paying to these teachers in addition to the stipends. It is intended that in Koilpatti and Vinayasram a batch of existing teachers should also be trained to provide for the existing Basic Schools. I think it will be sufficient if we can make a provision for about 30 teachers in each School for whom their pay will have to be given in addition to the stipends.

The matter is urgent and may be placed before the next meeting of the Standing Finance Committee.

In view of the absence of the Finance Minister, the permission of H.P.M. may be taken immediately and a note on it may be circulated for the next meeting of the Standing Finance Committee which, I understand, is on the 4th June.

M

There is also a proposal to train 60 of the teachers in our existing Training Schools in two batches in this year, the course being for 4½ months. This will be at Periyanaickenpalayam which is our best Training School for the time being. For these trainees, in addition to the stipend of Rs.18, we will have also to pay their pay. This also may be added in the note to be prepared for the Standing Finance Committee. The matter may be treated as urgent and brought forward to a decision at the next meeting.

The expenditure for this may be met by reappropriation from the allotment provided for Training Schools.

The Advisory Board on basic education has recommended the opening of a training school in S.Kanara, but ~~as~~ the D.P.I. has reported that qualified teachers are not available for opening a school there. ~~Cuddalore is selected in his place~~. Private candidates will be selected for training in the new schools and they will be paid the usual stipend of Rs 18 each for the period of training The extra cost on account of opening of the 3 new schools for men is as stated in para 4 of the draft note for S.F.C. This is based on the figures ~~based~~ furnished by the D. The details of the staff to be employed in each of the schools at Malabar & Koilpatti are not given. An estimate of the cost as furnished by the D.P.I has been adopted. As regards the school intended for girls it has been stated that there ~~will~~ may not be ~~no~~ any extra cost to Government vide portion N on p.2 of the draft note.

3 There is also a proposal to give a short course of training (4½ months) to 60 teachers in Govt. schools at Perianaickenpalayam and the cost of training has been estimated at Rs 22,000 ~~p.a.~~ inclusive of pay of the substitutes. This proposal may be agreed to.

2. The Sub Committee of the Advisory Board on Basic Education has at its meeting held on 17-12-46 made certain recommendations in regard to the staff to be employed in basic training schools. It is observed from the proceedings that there should be at least five teachers(*) trained at Wardha on the staff of the ~~basic training~~ schools. In accordance with the recommendations ~~of the Board~~, the D.P.I. has submitted proposals for the creation of one post of L.T. assistant in the Basic Training School at Periyanaickenpalayam and two posts of L.T. assistants in the school at Vinayasramam so as to provide for the appointment of three out of the eleven* candidates deputed to Wardha for training. It is observed that the new L.T. assistant in the school at Periyanaickenpalayam will be in addition to the existing staff while in the case of the school at Vinayasramam the two teachers should, it appears, replace the existing members on the staff. Please see 'P' on page 3 c.f. where it is stated that the staff is ~~inadequate~~ not satisfactory and not that it is inadequate. The proposal is to sanction the creation of 1 LT Assistant for the Basic training school at Periyanaickenpalayam and of 2 LT Assistants for the basic school at Vinayasramam. The basis of the proposal is that stated by DPI at 'X' on p 7 CF. *xx at p 8 CF. The idea seems to be that the candidates who have had their training at Wardha should be utilised in these basic training schools - see p 3 CF.

See above

The two schools have now 3 LT posts. If the principle referred to at 'X' on p 7 CF is applied each school can have an additional LT Assistant. E&PH however propose to agree to 1 LT Assistant for one school and 2 LT Assistants for another, the reason being that stated at 'XX' on p 8 CF.

For orders whether in view of XX on p 8 CF this dept may agree to the proposal of E&PH to sanction ~~3~~ addl LT Assistants as proposed. The addl posts may be for one year in the first instance. The extra cost comes to Rs 5760 p.a.

P. 2 CF   Fund

The proposal should therefore be referred to SFC and the Cabinet before orders are issued.

In the Periyanaickanpalayam Gandhi Training shhool another ~~seat~~ L.T. is not necessary. ~~Veerasamy~~ [illegible] may be posted in the place of ~~Sri~~ Arumugham Mudaliar who has recently been transferred from the Training School as deputy Inspector. I understand that the Vinayashram may not need those two seats. I think it needs only one. The other may be posted in the vacancy caused by the transfer of the other. In the circumstances H.M. According to the recommendation of the Basic Education Advisory Board, the training schools may be opened as follows:--

Instead of opening separately two training schools, one at Koilpatti and another at Cuddalore, a common co-educational training school may be opened in the Cuddalore Men's Secondary School. It may have three divisions, two of fresh recruits, one of Higher Grade training, one of Secondary Grade training and one consisting of existing teachers of training schools. About 35 may be the number for one division. This may be issued to the D.P.I. so that he may take early action in the matter.

2. As regards para. 8 in G.O.1188, dated 9-6-47, there is a small mistake. The teachers to be trained are L.Ts. or Secondary Grade's who are employed in our training schools as staff. The D.P.I. may be asked to select the numbers in each category. The numbers may be fixed at 25 or 30 per batch.⊗

A draft memo is submitted.

With reference to 'A' above, the cost of deputation will increase (from Rs 22000 to Rs 27000) as, in the Note of the Standing Finance committee, the extra cost was calculated on the basis that Secondary Grade teachers alone would be deputed for training at Perianaickenpalaiyam. The Finance Dept. may see the draft before issue.

The modifications proposed to the orders in G.O. 1188 Edn d/ 9-6-47 are:-

(i) Instead of 115 ~~candidates~~ getting training in the school at Koilpatti

75 at Koilpatti | 40 at Cuddalore

and Cuddalore. 105 will now get the training in 3 divisions in a combined school at Cuddalore. ~~The original intention~~

para 1 of running
H.M. Edn on p 1 above

It was expected that the opening of training school for women at Cuddalore will not involve in extra cost – vide c/ on p 32 cf of (A). The cost of training in the school at Keilpatti was estimated at Rs 27598 recurring & Rs 12000 non-recurring – vide para 4 on p 32 cf of (A). It is presumed that the ~~training to~~ opening of a combined school at Cuddalore will not involve ~~in~~ a larger extra cost to Govt.

The other modification proposed is that instead of 60 secondary grade teachers getting trained at Perianaickenpalayam ~~30~~ L.Ts also will be trained. ~~& 30 secondary~~ Assuming that the training is to be given to 30 L.Ts & 30 secondary grade teachers the extra cost of the training will be Rs 27000 ~~p.a.~~ instead of Rs 22000 already mentioned in the note for S.F.C – vide Z on p 32 cf of (A).

With regard to para 2 of the draft memo. the recommendation of the Sub Committee of the Basic Education Board has been that instead of training 60 pupils we may take one batch of 30 pupils combining of both L.Ts. and Secondary Grades who are in the staff of our Training Schools. In these circumstances, the amount provided for i.e., Rs. 22,000 will be ample, and so it may not be necessary to send it to H.M. Finance. Immediate orders may be issued so that steps may be taken for the opening of the training schools.

~~As~~ pointed out in the notes of this dept in pages 1-2 above ~~that~~ that modifications are proposed in the original orders issued in G.O. 1158 Edn d. 9-6-47 and now in respect of one modification it may be presumed that there will be no extra cost and in regard to the second modification there will be an extra cost of Rs 5000. The minute of H.M. Edn above shows that there will be no extra cost in regard to second modification. But in view of the presumption expressed in regard to first modification it ~~seems~~ is perhaps preferable that H.M. Finance also see the case.
