5. The following resolution given notice of by Councillor Janab O.Mahinali Sahib.

(1). This meeting of the Council records its deep regret in understanding that the Government of Madras have decided for the time being not to convert the Government Brennen College into a first grade College on financial grounds in spite of the strong recommendation made by the Director of Public Instruction and requests the Government to reconsider the matter and find-out ways and means to convert it into a first grade College from the next academic year itself.

Proposed by O.Mahinali and seconded by C.Aboobucker. Carried unanimously. Copies of the resolution may be sent to the Premier and Education Minister urgently.

11 FEB 1947

To,

The Prime Minister of the Madras Government,

M_A_D_R_A_S.

Sir,

12056

Sub:- Government Brennan College, Tellicherry-opening of B.A. Classes.

We, the undersigned, approach you on behalf of the public of North Malabar in general and Tellicherry and the surrounding places in particular with the request that B.A. classes might be opened in the Government Brennen College, Tellicherry from the begining of the next academic year.

@@@@@@@@@@@@@

The nucleus of the Government Brennen College was started in 1862 as a free school with an endowment of Rs. 8900/- left by Mr. E. Brennen, Master Attendant of the Tellicherry Fort. In 1884, the institution was transferred to the local Municipality and they opened F.A. Classes in 1890. The College with the school Department was taken over by Goverment on 1-6-1919.

2. It will be seen that this College has remained a II grade College for the last 56 years. The University Authorities do not look upon II Grade Colleges with favour. In their opinion proper University Standards cannot be maintained in such institutions and in practice II Grade Colleges reduce themselves to glorified High Schools.

3. The position of this College now is that having introduced a large number of youngsters to University Education, it is unable to afford thexxxxxx facilities for completing the University Education, as Intermediate Course

by itself serves no useful purpose. A good many students go out of the College with a sense of frustration, either because they are unable to go to distant places to complete their education or because they fail to secure seats in other colleges. At one time it was fairly easy for our boys to secure seats elsewhere, but the position has altered considerably in recent times.

4. Malabar has only one First Grade College, viz., the Government Victoria College, Palghat. Palghat is on the South Eastern fringe of Malabar and is far too removed from Tellicherry. In fact judged by standards of population and size, Malabar is twice as big as most other districts in the presidency and North Malabar of which Tellicherry is the Head quarters, deserves to have a First Grade College.

5. There are as many as 22 High Schools in North Malabar producing a large number of students eligible for University courses of studies year after year and new High Schools are springing up in various centres. The demand for University Education is great and is bound to increase hereafter.

6. Over a third of the Muslim population of this presidency is concentrated in Malabr; while Moplahs in South Malabar can have with great difficulty access to the Victoria College, Palghat, the Moplahs of North Malabar who have been of late, showing an encouraging amount of enthusiasm for higher education owing to the existence of the present Brennen College at Tellicherry are greatly handicapped in continuing their collegiate education for want of a First Grade College in their midst. In fact, Government realised the importance of the Brennen College in the matter of Mopla Education and it was retained mainly in the interest of Moplah Education when there was a proposal for its abolition in 1931 or thereabouts when there was retrenchment of Educational institutions.

2

(13) 23

7. Women show great interest in Higher education in this part of the country. There are as many as 56 women students in the Junior and Senior Intermidiate Classes in the Gernment Brennen College. The absence of a I Grade College is a greater handicap for them than for men students, because they are either unable or reluctant to go to distant places for completing their education.

8. Early last year, when Sir Norman Strathie visited Tellicherry, the Municipal Council presented him with an address of welcome, and requested him, among other things, to take steps to open B. A. Classes in the Brennen College. A deputation consisting of the leading citizens of this place waited on the Adviser, and pleaded for the same thing. The Adviser was convinced of the urgency of the demand and replied that he would move in the matter. In February of last year, when the Director of Public Instruction visited Tellicherry a committee of the Old Students Association met him and impressed upon him the urgent need of opening B.A. Classes in the College. He also promised to do his best. In March, the University Inspection Commission visited the College and that opportunity was availed of by the Old Boys Association to make representation in this question. The President of the Commission said that the University would very sympathetically consider any request for the affiliation of B.A., Classes, but that, the initiative has to come from Government. When H.E. The Governor visited Tellicherry recently the Chairman of the municipality and other leading citizens made representations to His Excellency about necessity for a First Grade College at Tellicherry. Later on, the Principal of the College was asked by the Director of Public Instruction to apply for affiliation of the B.A. Classes to the Madras University and he accordingly madethe application. It might also

be stated here that the Tellicherry Municipality authorities received a communication from the private Secretary to H.E. the Governor that provision would be made in Part II of the Budget for the opening of the B.A. Classes in the next accademic year. The public were therefore very much disappointed when they were told later on that the Principal of the College was informed by the Director of Public Instructions, that the Government had not accepted his proposal to raise the Brennen College into a First Grade one next year.

9. In fact the opening of B.A. Classes in Tellicherry can be undertaken without heavy expenditure. We are not asking for Science courses requiring expensive laboratories, but only for Courses in Economics and Mathematics. All that is required will be a few lecture halls, some books and few additional lecturers. When the High School Classes now located in the College Buildings are removed to Tiruvangad (Government have already sanctioned this scheme) the additional accommodation required can be provided by erecting a small building in the site adjoining the college. The extra cost on the whole scheme may be roughly computed as follows:

CAPITAL COST:

1. Acquisition of the site and construction of a building.	Rs.	1,00,000
2. Books.	Rs.	3,000
3 Furniture.	Rs.	3,000

RECURRING COST.

Staff - 3 M.E.S. Lecturers - 3 X 300 X 12 Rs. 10,800
4 S.E.S. Lecturers - 4 X 150 X 12 Rs. 7,200

INCOME BY WAY OF FEES.

100 students (50 Junior & 50 Senior)
100 x 120. Rs. 12,000

Regarding capital cost on the building, it may be stated that it will not be necessary to undertake the scheme immediately, as the local municipal Council has placed their Council building

15

at the disposal of the Government. A good part of the recurring cost will be covered by the fee income from students as shown above, so that it may be seen that a long felt need of North Malabar will have been met by Government by incurring a recurring expenditure of about 6 to 7 thousand rupees per annum.

We, therefore request you to be pleased to reconsider the matter in the light of the circumstances pointed out above and sanction the opening of the B.A. Classes in the Government Brennen College from the beginning of the next academic year. As the University has to send a commission for inspecting the buildings before granting affiliation and the meeting of the syndicate is to take place this month at which the appointment of the commission has to be made. We request that you might be pleased to treat this matter as urgent and pass emergent and favourable orders.

We have the honour to be,
Sir,
Your most obedient servants,

CAPT. K. K. NAMBYAR, B.A., M.B.B.S.
CIVIL SURGEON (RETD.).

TELLICHERRY,

Dated, 13 - 2 -1947.

To

The Hon'ble The Minister for
Education, Madras.

Sir,

I write to confirm the telegram sent to you yesterday as follows:

"Public meeting Tellicherry thankful to Premier for agreeing, on opposition leader's representation, to re-consider question 1st Grade College Tellicherry; requests Government to treat the question as of urgent Public importance; and provide finance budget 1947 and requests Premier to move University of Madras open B.A.Classes July."

I am herewith sending a copy of the resolution passed at a Public Meeting of the citizens of North Malabar held at Tellicherry on 12-2-1947 at the Govt. Brennen College Halll which I as President of the meeting have been authorised to communicate to you and

-2-

(c) Further to inform the University of Madras to take immediate steps to implement the scheme so that the B.A. Classes may be opened from the next Academic year (July 1947).

Passed unanimously,

K. K. Nambyar

President,
12-2-1947.

Sir,

Sub: Govt. Brennen College, Tellicherry - Raising to first grade.

Ref: Postcopy of telephonic message dated 8-2-47.

The Registrar, University of Madras, who was addressed in the matter states that it is very unlikely that affiliation will be granted owing to inadequacy of accommodation. He also states that no definite reply can be given now regarding affiliation as the matter will have to be considered by the Syndicate on receipt of further particulars and a final decision can be arrived only after an Inspection Commission reports.

2. In regard to accommodation, the University was informed that the shifting of the High School to a separate building which has already been sanctioned by Govt. will release for the College Classes. Seven class rooms and a laboratory and that it was also proposed to construct a block of buildings consisting of two halls with two rooms and a verandah - vide also my letter to Govt. R.C. No. 3098 K2/46, dated 18-9-46. It was also pointed out to the University that pending the construction of the new buildings for the High School classes, the College classes could be accommodated in the Municipal Office buildings which would be placed at the disposal of the Principal. Now that the proposal to open B.T. courses has been deferred by Govt. the entire Municipal Office building may be sufficient for the B.A. courses. The University Inspection Commission report alone can finally decide the question.

R

The DPI is requested to forward to Govt very urgently detailed plans and estimates for the new buildings required in connection with the raising of the Govt Brennen College, Tellicherry ~~into the~~ Ist Grade. ~~from~~ July 1947-48 (excluding the new building for the High School) (in consultation with the P.W.D. authorities.

The Municipal Council, Tellicherry, had offered to place its Office building at the disposal of ~~Govt~~ Govt for accommodating the College and High School for one year from 15-6-47.

p 21 of 80 at (H)

The Director is requested to ascertain and report whether the Council expects any rent from Govt in return or whether the offer is a free one. It should also be ascertained whether the Council will be willing to extend the period, in case it is ~~found~~ not possible to complete the construction of ~~construct~~ permanent buildings before 1-7-48.

The Director is ~~also~~ requested to explain in detail the needs for all the additional staff proposed in his letter ~~dated~~ No. 3098 K2/46 d 18. 9. 46.

pp 7-8 of (H)

The Director may take steps in the meanwhile to get ~~the~~ affiliation from the University's ~~affiliation~~ for raising the College into Ist Grade from 1947-48.

The matter should be treated as specially urgent and a report sent to Govt. not later than the 15th March 1948.

To,
The DPI.

To

The Honourable Minister for Education,
Government of Madras, MADRAS.
(Camp Calicut)

Honoured Sir,

I, K.C. Madhava Kurup, being deputed by a public gathering held at Kathirur, on 16th instant under the presidentship of Mr. A.C. Chandu Nambiar, take this opportunity to place before your kind notice the following grievances raised by the meeting to be redressed by your Government.

1) In the North Malabar, at present, there is not even a first grade college. The students of this place have to go either to Mangalore or to Palghat for their higher studies. The vast and thickly populated area covering between Mangalore and Palghat is devoided of a first grade college. This is indeed a curse that effects the educational progress of this place.

2) The only second grade college in this place is the Brennan College. Pupils from far and wide of this district study in this college. For the last fifty six years it is kept away from raising to a first grade college.

3) For the present meagre necessity there should be at least a first grade college in this place and we request the Government to pass early orders to raise the Brennan College to a first grade college. This will be a great blessing to this place. It will be greatly convenient to the pupils of Chirakkal, Kottayam, Kurumbranad and Wynad, if this college is raised.

We, therefore, request you to be kind enough

P.T.O.

Education and Public Health Department.

Sir,

Sub:- Government Brennen College, Tellicherry - Raising to First grade.

Ref: Government Memo.No.9544-A/47,-2, Edn., dated 25-2-1947.

p 47 ante

I have the honour to state that the Principal, Government Brennen College, Tellicherry, has reported that he has addressed the Executive Engineer in regard to the preparation of detailed plans and estimates for the construction of permanent buildings and these will be submitted on receipt. So far as the High School Department is concerned Government have already sanctioned the construction of new buildings at a cost of Rs.1,40,000/- Vide G.o. No.3314, P.W., dated 27-12-1945. A draft notification for the acquisition of the land has been submitted to Government for approval.

2. The Municipal Council, Tellicherry, have agreed to place their office building at the disposal of the college free of rent till such time as when the new buildings are completed. I enclose a copy of the resolution. (Vide below)

3. With regard to the staff , I beg to state that I have carefully examined the question and find that the additional staff proposed by me in my letter Rc.No.3098-K2/46, dated 18-9-1946 are abosolutely necessary . The two lecturers in Madras Educational Service in Maths. and Economics will be the heads of departsments in the subjects. The Assistant ~~lecturer~~ Lecturer in English will be necessary to handle the English classes. When the Senior B.A. Class is opened in July 1948, there will be need for another Lecturer for English as all first grade colleges have 2 lecturers in English

p 7-8 of ROAC 2336 of 7.12.46

(H)

4. With regard to the grant of affiliation by the University I have already informed the Registrar the intention of Government to raise Government Brennen College to a first grade college in the coming academic year. In this connection kind attention is invited to my letter to Government Rc.No.172-K2/47, dated 18-2-1947.

Proceedings of the Municipal Council, Tellicherry passed at an urgent meeting held on Friday the 28th February 1947.

Letter dated 28-2-1947 from the Principal, Government Brennen College communicating a copy of Government Memo. No.9455-A/47,2, Edn. dated 25-2-1947 requesting the Director of Public Instruction to ascertain and report whether the council expects any rent from Government for placing the office building at the disposal of the college authorities for raising it to a 1st Grade institution from 1947-48 and whether the council will be willing to extend the period of one year already fixed by it in case it is not possible to complete the construction of permanent buildings before 1-7-1948 and the following resolution proposed to be moved from the chair.

A

"This Council resolves in modification of its previous resolutio No.24 ~~xx~~ dated 14-10-1946 that the Municipal Office building be placed at the disposal of the Principal of the College rent free and till such period as when the necessary new buildings are completed. The council thanks the Government for having revised the orginal decision and agree to raise the college to 1st Grade from July 1947.

Moved from the Chair. Carried unanimously.

Sub: COLLEGE - Govt. Brennen, Tellicherry- Raising to Ist Grade.

H 1 NF of (H)
G.O.No. 2336 Edn
7-12-46

The public of Tellicherry has been pressing for some time past that the Govt. IInd grade College at Tellicherry may be raised to the 1st Grade. The Govt. did not agree to the proposal so far for the following reasons:.

1) the district of Malabar is well served in regard to University education with a 1st Grade College at Palghat and 3 second grade colleges including the Tellicherry college;

2) the 1st Grade college at Palghat has been considerably developed and caters mainly to the needs of the Malabar district;

3) In the matter of collegiate education in Arts and Science the policy of the Govt. is to depend upon aided agencies to establish such institutions. & also not to start, or help in the starting of fresh institutions for Arts & (S)

(S) Science courses (as distinct from Professional courses) except where the backward areas or backward communities are concerned.

G.O. [illegible] Edn (M)

p3NF

Recently representations have again been made that the College may be raised into a 1st grade college. The matter has also been raised on the floor of the Legislature. In connection with the Legislative Assembly question, the former H.M. (Edn.) minuted as follows:

> "I have received representations that the Tellicherry College may be converted into a First Grade college. In view of the fact that there is so much rush for admissions into colleges, I am wondering whether it will not be good if we can convert at least one IInd grade college into First Grade college and this year it maybe the Brennen College at Tellicherry. There has been a persistent demand from that area and considering the number of students desiring to have further education in Malabar, this may be taken this year. The increase in cost may in a large measure may be met out of the fees and for the present they are satsified if we can give them such subjects as Mathematics, History, Language or other subjects which do not require any great expre. A proposal on these lines may be put up before the Standing Finance Committee as it is urgent."

Definite proposals have been obtained from the D.P.I. and they are as follows:

Accommodation: The proposal is to remove the High

68

-2-

p 4 NF

school dept. of the college to a separate building which will set free six class rooms for the college. In addition, two halls with two rooms and a verandah will be required. The estimated cost for this construction is about Rs. 75,000. It will also be necessary to acquire at least the ground next to the college at a cost of Rs. 25,000. The total expre. on the buildings and land will be about Rs. 1 lakh. The D.P.I. ~~says that he~~ has addressed the Executive Engineer ~~in regard~~ for the preparation of detailed plans and estimates for permanent buildings ~~and that they will be submitted on receipt~~. As the matter is very urgent it is proposed to adopt Rs. 1 lakh for estimate purposes.

p 65 CF

The Municipal Council, Tellicherry, has offered to place its office building at the disposal of Govt. free of rent for the addl. accommodation required till permanent buildings are constructed.

p 65 CF

Staff: It is proposed to open only Mathematics and Econ. classes for the B.A. course from the next academic year and the following addl. staff has to be employed:-

H/7 CF

(a) 3 Lecturers in the M.E.S. ~~Rs. 200-700~~
(b) 4 Asst. Lecturers.
(c) 1 Pandit
(d) 1 Clerk
(e) 2 Peons.

p 6 NF ~~CF~~
~~18 CF~~ (H)

This staff is the absolute minimum required.

Equipment: A sum of Rs. 8,000 non-recurring (Rs. 3,000 for books and Rs. 5,000 for furniture) will be required. In future years a recurring expre. of Rs. 1,000 (Rs. 500 under contingencies and Rs. 500 for library) will also be required.

p 6 NF + H/

The E and P.H. Department accept the proposals of the D.P.I. The Finance Dept. agree to the proposal if E and P.H. are satisfied of the necessity for a first grade college in Tellicherry and the adequacy of the accommodation proposed. They consider that generally such schemes should be treated as Part II schemes, but in view of the Municipal Council's offer, the scheme may be referred to Standing Finance Committee and the Cabinet. H.M. (I. & L.) for H.P.M. has agreed that the proposal may be placed before the Standing Finance Committee.

Education and Public Health Department

NOTE FOR THE STANDING FINANCE COMMITTEE OF THE CABINET:

(36)

Sub: COLLEGE - Government Brennen, Tellicherry - Raising to First Grade.

The public of Tellicherry has been pressing for some time past that the Government Second grade college at Tellicherry may be raised to the First Grade. The Government did not agree to the proposal so far for the following reasons:

1) the district of Malabar is well served in regard to University education with a First Grade College at Palghat and 3 second grade colleges including the Tellicherry college;

2) the First Grade college at Palghat has been considerably developed and caters mainly to the needs of the Malabar district;

3) in the matter of collegiate education in Arts and Science the policy of the Government is to depend upon aided agencies to establish such institutions and also not to start, or help in the starting of fresh institutions for Arts and Science courses (as/distinguished from Professional courses) except where - the interests of backward areas or backward communities are concerned.

Recently representations have again been made that the College may be raised into a 1st grade college. The matter has also been raised on the floor of the Legislature. In connection with the Legislative Assembly question, the former Hon. Minister for Education minuted as follows:

"I have received representations that the Tellicherry College may be converted into a First Grade College. In view of the fact that there is so much rush for admissions into colleges, I am wondering whether it will not be good if we can convert at least one IInd grade college into First Grade college and this year it may be the Brennen College at Tellicherry. There has been a persistent demand from that area and considering the number of students desiring to have further education in Malabar, this may be taken this year. The increase in cost may in a large measure may be met out of the fees and for the present they are satisfied if we can give them such subjects as Mathematics, History, Language or other subjects which do not require any great expenditure. A proposal on these lines may be put up before the Standing Finance Committee as it is urgent."

Definite proposals have been obtained from the Director of Public Instruction and they are as follows:

ACCOMMATION: The proposal is to remove the High School department of the college to a separate building which will set free six class rooms for the college. In addition, two halls with two rooms and a verandah will be required. The estimated cost for this construction is about Rs. 75,000. It will also be necessary to acquire at least the ground next to the college at a cost of Rs. 25,000. The total expenditure on the buildings and land will be about Rs. 1 lakh. The Director of Public Instruction has addressed the Executive Engineer for the preparation of detailed plans and estimates for permanent buildings. As the matter is very urgent it is proposed to adopt the figure of 1 lakh for estimate purposes.

The Municipal Council, Tellicherry, has offered to place its office building at the disposal of Government free of

p.t.o

72

rent for the additional accommodation required till permanent buildings are constructed.

STAFF: It is proposed to open only Mathematics and Economics classes for the B.A. course from the next academic year and the following additional staff has to be employed.

(a) 3 Lecturers in the M.E.S.
(b) 4 Assistant Lecturers
(c) 1 Pandit
(d) 1 clerk
(e) 2 Peons

This staff is the absolute minimum required.

EQUIPMENT: A sum of Rs. 8,000 non-recurring (Rs. 3,000 for books and Rs. 5,000 for furniture) will be required. In future years a recurring expenditure of Rs. 1,000 (Rs. 500 under contingencies and Rs. 500 for library) will also be required.

The Education and Public Health Department accept the proposals of the Director of Public Instruction. The Finance Department agree to the proposal if Edn. and P.H. are satisfied of the necessity for a first grade college in Tellicherry and the adequacy of the accommodation proposed. They consider that generally such schemes should be treated as Part II Schemes, but in view of the Municipal Council's offer, the scheme may be referred to Standing Finance Committee and the Cabinet. H.M.(Edn) has, subsequent to the minute extracted above, again directed that the case might be put up before the Standing Finance Committee after figures of costs etc., had been obtained; these have been obtained - and have been set out above. H.M.(I & L) for H.P.M. has agreed that the proposal may be placed before the Standing Finance Committee.

An estimate of the additional cost involved is given in the annexure.

M.V. Subramanian,

From
The Registrar,
University of Madras.

To
The Secretary to Government,
Education & Public Health
Department, Fort St.George.

Sir,

Sub: Government Brennen College, Tellicherry.

25844

I have the honour to inform you that an application for the further affiliation of the Government Brennen College, Tellicherry, in Mathematics and Economics of the B.A.Degree course was received from the Office of the Director of Public Instruction on the 30th October 1946. Further details were called for regarding the accommodation available, and the Director was informed that the General Inspection Commission that inspected the College in March 1946 is reported to have stated that the accommodation even for a second grade College was extremely inadequate, that a language class was being held in a garage, that the proximity of the High School was a serious inconvenience for the College students, and that immediate provision should be made for the proper accommodation of the Intermediate classes. The Director was also informed that the rooms proposed to be made available in the Municipal Office were more suitable for hostels than for class-rooms.

2 In his letter dated the 7th December 1946, the Director stated that from the beginning of the academic year 1947-48, the High School Department will be shifted, and that the rooms thus vacated will be utilised for the Intermediate classes. He also stated that the proposal to utilise the Municipal Office building is temporary till permanent buildings are constructed for the College.

3 When the proposal was still under consideration of the Syndicate letter Dis.No.3373 dated the 24th December 1946 was received from the Director on the 8th January 1947, wherein the Director stated that the proposal to raise the Government Brennen College to first grade had not been approved by the Government. The Syndicate thereupon resolved in January that the whole correspondence be recorded.

4 On the 12th February, the Director telephoned to say that Government proposed to reconsider their orders and wished to know whether the affiliation applied for will be granted. He was informed that the matter will have to be considered afresh by the Syndicate and an Inspection Commission will have to be ~~appointed~~ sent out, but it was very unlikely that affiliation will be granted owing to the inadequacy of accommodation about which reference had already been made. On the 1st March, the Director wrote to say that Government proposed to sanction the raising of the Brennen College, Tellicherry, to First grade with effect from the academic year 1947-48, and had directed him to get the affiliation from the University. He also stated that detailed plans and estimates for the construction of new buildings required in connection with the raising of the College to First grade had been called for from the Principal. The Syndicate considered the matter at its meeting held on the 14th March, and resolved that the management be informed that it is not possible at this stage to permit the opening of a first grade college and that the application may be renewed, if and when the necessary new buildings are provided. I may also state in this connection, that it is customary to allow a College to be raised to the first grade only if three optionals are offered in the B.A.Degree course.

5 The Chairman of the Municipal Council has wired to say that the Municipal Office buildings will be placed at the disposal of the College, and it is understood that the Principal of the College interviewed the Vice-Chancellor on the subject on the 27th and 28th of this month. It is felt that further information and guarantees should be available to enable the Syndicate to re-examine this question. I am therefore desired to request you to let me know --

(1) Whether plans and estimates for the proposed buildings have been prepared, and if not at what stage they are;

(2) What amounts the Government have sanctioned to expedite the starting of the buildings at an early stage, and when it is proposed to complete the buildings;

(3) What additional staff it is proposed to employ when the College is raised to the First grade;

(4) What steps have been taken to shift the High School from the College so as to enable the Intermediate classes which have increased considerably in strength to function properly;

(5) Whether Government have approved of the decision of the Municipality to place the buildings at the disposal of the College temporarily;

(6) Whether, if temporary recognition is given for a year or at the most for two years for the temporary location of the College, the Government would guarantee that the permanent buildings required for the College would be completed.

6 I am to state that unless definite assurances are available on these points, it would be difficult at this late stage to reconsider the matter. I am also to add that considerable inconvenience would be caused in sending out a Commission and getting its report and having it considered by the University authorities owing to the late decision of the Government, to reconsider this question. As the matter has to be placed before several sub-Committees of the Syndicate, and an Inspection Commission will have to be sent out should the Syndicate deem it necessary, the favour of an immediate reply is requested.

I have the honour to be,
Sir,
Your most obedient servant,

REGISTRAR.

R.C. No. 172 K2/47

Station MADRAS, *Dated the* 9th April 1947.

From (Name) Dr. S.R.U. Savoor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

pp 83-84 ante

p 79 ante

Ref: Your Telephonic Message by post dated 3.4.47.

With reference to para one of the letter of the Registrar, University of Madras, I have the honour to state that Government have already sanctioned in G.O. No.3314 P.W. dated 27-12-45 an expenditure of Rs.1,40,000 for the construction of a building for the High School department. The Public Works Department and Consulting Architect to Government are preparing detailed plans and estimates and the work will be taken on hand as early as possible. Besides this the Principal submitted proposals for the construction of a large hall for the English class. It was treated as a "Minor work" for 1947-48. This has been approved and plans and estimates have been countersigned by me and forwarded to the Principal. The work is expected to commence very soon and completed in the current official year. The Principal ~~was~~ has also called for estimates from the Public Works Department for the construction of another two walls and two rooms and acquisition of a ground nearby at a total estimated cost of Rs.1,00,000/-. This scheme will be submitted to Government when it is ready.

(R)

P.T.O.

88

The Municipal hall placed at the disposal of Government will be handed back only after the building schemes are completed.

p 80 ante

With regard to point 4 in para 5 of the Registrars' letter it is obvious from the above that the question of shifting the high school from its present building can be considered only when the new buildings are ready.

The position may kindly be explained to the University and the University requested to accept the temporary arrangement as already proposed till the buildings are constructed.

For Director of Public Instruction.

To
The Registrar,
University of Madras.

Sir,

Govt. Brennen College, Tellicherry - Raising to the First Grade.

pp 79-81 cf

Your Lt. No.A.1306 dated 1--4--47

I am directed to reply to the points raised in your letter cited above as follows:

p 80 cf & pp 12-13 nf.

(1) The plans and estimates are being prepared by the P.W.D authorities and they will be submitted to Govt. for administrative approval as soon as they are ready.

— do —

(2) It is proposed to construct a building at an estimated cost of Rs. 75,000, the estimate being liable to revision. It is also proposed to acquire a ground next to the College at a cost of about Rs. 25,000. No amount has actually been sanctioned, but steps will be taken to sanction the amount as quickly as possible and the construction of the building will also be expedited.

— do —

(3) It is proposed to open only Mathematics and Economics for the B.A. Courses at Present; the question of opening ~~of the~~ other courses will be considered after permanent buildings are constructed. For the new courses to be opened, the following addl. staff will be employed:—

1947-48:

One Lecturer in Maths.
One Lecturer in Economics.
One Asst. Lecturer in English.
One Asst. Lecturer in Language.
One Pandit.
One L.D. Clerk.
Two peons.

1948-49:

One Lecturer in English
One Asst. Lecturer in Maths.
One Asst. Lecturer in Economics.

p 87 cf

(4) In 1945, the Govt. sanctioned an expre. of Rs. 1,40,000 for the constructionof a building for the high school dept. The P.W.D and the Consulting Architect to Govt. are preparing detailed plans and estimates a

2/ 91/

the work will be taken on hand as early as possible. The high school will be removed to the new buildings as soon as they are ready. Besides, arrangements are in progress for the construction of a large hall for the English class.

(5) The proposal of the Municipal Council, Tellichery, to place its office building at the disposal of ~~Govt.~~ the college free of rent will be approved in due course by Govt.

(6) If temporary recognition is given for 2 years, it may be possible to construct the permament buildings within that period.

In this connection, I am to point out that the Govt. attach great importance to the raising of the College to the 1st Grade from the academic year 1947-48 itself. It is almost certain that there will be a great rush for admission into colleges in July as in previous years. The opening of a new first grade college will allemiate the distress to some extent. The Public of Tellicherry has been agitating for a 1st Grade College. A number of Muslim members of the Legislature has been pressing for the ~~scheme~~ same. The matter has also been raised on the floor of the Legislature. The Municipal Hall placed at the disposal of the Govt. will be restored to the Municipal Council only after the permanent buildings are constructed. It may be that the accommodation provided in the ~~building~~ beginning may not be ~~of the up to date~~ quite up to the standard. But it is hoped &c the University will kindly realise that it is so difficult to construct big buildings at such short notice on account of the scarcity of building materials and labour. In these circumstances, I am to request that the University will be so good as to grant permission to raise the status of the College from 1947-48.

REGISTRAR.

sg/24/4/

Education and Public Health Department.

NOTE FOR THE CABINET:

Sub: COLLEGE - Government Brennen, Tellicherry - Raising to First Grade. 48

The public of Tellicherry has been pressing for some time past that the Government Second grade college at Tellicherry may be raised to the First Grade. The Government did not agree to the proposal so far for the following reasons:

(1) the district of Malabar is well served in regard to University education with a First Grade College at Palghat and 3 second grade colleges including the Tellicherry college;

(2) the first grade college at Palghat has been considerably developed and caters mainly to the needs of the Malabar district;

(3) in the matter of collegiate education in Arts and Science the policy of the Government is to depend upon aided agencies to establish such institutions and also not to start, or help in the starting of fresh institutions for Arts and Science courses (as distinguished from Professional courses) except where - the interests of backward areas or backward communities are concerned.

Recently representations have again been made that the College may be raised into a 1st grade college. The matter has been raised on the floor of the Legislature. In connection with the Legislative Assembly question, Hon. Minister for Education minuted as follows:

"I have received representations that the Tellicherry College may be converted into a First Grade College. In view of the fact that there is so much rush for admissions into colleges, I am wondering whether it will not be good if we can convert at least one 2nd grade college into First grade college and this year it may be the Brennen College at Tellicherry. There has been a persistent demand from that area and considering the number of students desiring to have further education in Malabar, this may be taken this year. The increase in cost may in a large measure may be met out of the fees and for the present they are satisfied if we can give them such subjects as Mathematics, History, Language or other subjects which do not require any great expenditure. A proposal on these lines may be put up before the Standing Finance Committee as it is urgent."

Definite proposals have been obtained from the Director of Public Instruction and they are as follows:

ACCOMMODATION: The proposal is to remove the High School department of the college to a separate building which will set free six class rooms for the college. In addition, two halls with two rooms and a verandah will be required. The estimated cost for this construction is about Rs. 75,000. It will also be necessary to acquire at least the ground next to the college at a cost of Rs. 25,000. The total expenditure on the buildings and land will be about Rs. 1 lakh. The Director of Public Instruction has addressed the Executive Engineer for the preparation of detailed plans and estimates for permanent buildings. As the matter is very urgent it is proposed to adopt the figure of 1 lakh for estimate purposes.

The Municipal Council, Tellicherry, has offered to place its office building at the disposal of Government free of rent for the additional accommodation required till permanent buildings are constructed.

STAFF: It is proposed to open only Mathematics and Economics

95

classes for the B.A. course from the next academic year and the following additional staff ~~staff~~ has to be employed.

(a) 3 Lecturers in the M.E.S.
(b) 4 Assistant Lecturers
(c) 1 Pandit
(d) 1 Clerk
(e) 2 Peons

This staff is the absolute minimum required.

EQUIPMENT: A sum of Rs. 8,000 non-recurring (Rs. 3,000 for books and Rs. 5,000 for furniture) will be required. In future years a recurring expenditure of Rs. 1,000 (Rs. 500 under contingencies and Rs. 500 for library) will also be required. X

The Education and Public Health Department accept the proposals of the Director of Public Instruction. The Finance Department agree to the proposal if Education and Public Health are satisfied of the necessity for a first grade college in Tellicherry and the adequacy of the accommodation proposed. They consider that generally such schemes should be treated as Part II Schemes, but in view of the Municipal Council's offer, the scheme may be referred to Standing Finance Committee and the Cabinet. H.M. (Edn.) has, subsequent to the minute extracted above, again directed that the case might be put up before the Standing Finance Committee after figures of costs etc., had been obtained; these have been obtained - and have been set out above. H.M.(I & L) The former Mr. Giri for H.P.M. has agreed that the proposal may be placed before the Standing Finance Committee. The Standing Finance Committee have since approved the proposal.

An estimate of the additional cost involved is given in the annexure.

T.S.A(vinashilingam)

ANNEXURE:

X

Non-Recurring:	Construction of Permanent buildings	Rs. 75,000

GOVERNMENT BRENNEN COLLEGE, TELLICHERRY.

FURTHER AFFILIATION IN THE B.A. COURSE.

INSPECTION REPORT.

The College which is at present a second Grade College has sought affiliation in the B.A. course in Part I - English, Part II - Malayal and Sanskrit, and Part III - Group (i-b) Mathematics and Group (iv-b) Economics and History.

We visited the College for the purpose of the local inquiry on Monday, the 19th instant.

MANAGEMENT. This is a Government College and all conditions laid down for other Government Colleges will apply.

A College council on the usual lines has to be constit for the College.

ACCOMMODATION: The Municipal Office building which is placed at the disposal of the College for housing the B.A. classes till permanent buildings are put up is adequate for the purpose. The building has seven rooms on the first floor including a hall 50' X 19'; one room 25' X 19'; another 16' X 19'; two rooms 14' X 19'; One room 11' X 19 and one room 10' X 14'. There is similar accommodation on the groun floor less one room. It is proposed to utilise the Central hall upstairs (50' X 19') for holding English and Malayalam Classes. Thi we, feel, is adequate for holding such classes. The adjoining rooms 25' X 19' and 15' X 19' can be utilised for holding Economics and Mathematics classes respectively. The other two rooms each measuri 14' X 19' can accommodate language classes such as Sanskrit, and Arabic and Urdu in case they are started next year.

We had before us a subsequent letter from the Director of Publ Instruction (R.O.C.No.172 K-2/47 dated the 13th March 1947) to the Registrar, proposing the provision of Arabic and Urdu also under pa II of the B.A. course. This request came after the date prescribed under the Statutes of the University for applying for affiliation a hence this matter was not specifically referred to us by the Univer Since Arabic and Urdu have already been provided under Part II in th Intermediate classes in the College, we feel they could be profitabl started in this College for the B.A. course also. This can, however be considered next year after a fresh application is made. We only, wish to say that there is adequate accommodation for holding those classes also.

P.T.O.

Regarding the ground floor we suggest that the hall be utilised for a separate library and reading room for the B.A. classes - the present library located in the College building is very inadequate, having no space for students to sit and read. The other rooms on the ground floor can be utilised for subject classes in the second year, lecturers' rooms and common rooms for men and women students.

The location of the B.A. classes in the Municipal Office building may therefore be approved as a temporary measure; our suggestions above have reference to this temporary location of the classes. Suitable permanent buildings for this First Grade College are however urgently required. Government propose to construct a building at an estimated cost of Rs. 75,000 and to acquire a ground next to the College at a cost of Rs.25,000/- (Vide Government's letter No.9544 A/47-7 Edn. dated the 29th April 1947 to the Registrar). We hope the construction of the building will be completed at an early date.

p 90 f

Go No 1226 Edn
11.6.47

(9)

We may also note here that the construction of an additional hall in the College building for Intermediate English classes is in progress and may be expected to be completed soon.

STAFF: The staff proposed, in the Government letter referred to above, is adequate. Since the College is seeking affiliation in Group (iv-b) Economics it is necessary that the lecturer to be appointed should be an Honours Graduate in Economics.

Since the College is to be raised to the status of a First Grade College, we feel that the practice of burdening the language teachers of the College with teaching work in the High School should be discontinued.

Furniture, Library and Equipment: A provision of Rs.8,000/- has been made in the Government communication for library and furniture. This, we feel, is not adequate especially in view of the present abnormal prices of new furniture and of the need for replacing some of the existing obsolete furniture. We think an allotment of Rs.8,000/- in the first year and Rs.3,000/- in the second year will be required for furniture alone.

And for the Library we suggest the following provision:

1. English: Rs.1000/- non recurring and Rs.300/- recurring.
2. Economics: Rs.1000/- " 200/- "
3. Mathematics 1000/- " 200/- "
4.

P.T.O.

---

4. Sanskrit Rs.500/- nonrecurring and Rs.100/- recurring.
5. Malayalam Rs.500/- " 150/- "

We have gone through the lists of books to be bought and we recommend that they should be purchased.

A few journals like the Mathematical Gazette, the Mathematics Stude Popular Astronomy for Mathematics and The Indian Journal of Economics, The Indian Co-operative Review, The Economist for Economics may be subscribed for.

An initial equipment grant of Rs.500/- has to be provided for buy a wire-globe, star-globe, theodolite, sextant, Star charts, models e for Mathematics.

Playgrounds, and Hostels: The College does not at present own any play-ground but it has the use of the Public Maidan very near the College. It is stated that Government have sanctioned the acquisitic of about three acres within a few furlongs of the College to serve as a playground solely for the College. We need not emphasise the importance of a separate and adequate playground for the College.

The College has a small hostel in a rented building which accommodates about 35 students. As more and more students are likely to seek admission, it is necessary to have a permanent hostel building for the College.

CONCLUSION: Subject to what has been said above, we recommend temporary affiliation for two years in the subjects and languages ask for. Under the present circumstances the number of students to be admitted in III University Class should not exceed seventy i.e., 40 in Economics, and 30 in Mathematics. We recommend these numbers we feel that the rooms allotted for these classes in the new Municip building can conveniently accommodate only such numbers.

The University has allowed seventy women students to be admitted at present. In view of the new classes that are to be started, we feel that the number may be raised to 80 as the necessary amenities this number can be provided. Amongst these we suggest the constru of separate conveniences for Women Students in the Municipal Buildi

We reiterate the urgency for putting up suitable and adequate permanent buildings for this first grade college. They should be completed in two years. In our opinion it would be in the best interests of the future of the College if the new buildings are put

125

put up on a different and more extensive site.

As three members of this Commission were also members of the General Inspection Commission which inspected this College, the notes made on the occasion of that Inspection may be considered along with this report.

Our thanks are due to the Principal who helped us by giving us all the information required for this Inspection.

Madras,
22nd May 1947.

Sd/ CONVENER AND MEMBERS OF THE
INSPECTION COMMISSION.

I accept the recommendations of the Commissioners made in their report of Local Enquiry. However, with regard to 'Staff' I may say that it is not possible to post, at present, an Honours Graduate in Economics as Lecturer. For the present, an M.A., in History and Economics will be posted to Government Brennen Colleg

p.t.o.

10 129 : 2 :

Tellicherry in the proposed new post of Lecturer and a Second Class M.A., in Economics already in the College will be continued as Assistant Lecturer. In this connection, I may point out that in other Government Colleges which have been affiliated in Group (iv-b), Honours Graduates in History have been Lecturers and I request that the same may be allowed in the case of the Government Brennen College, also. I may state that an Honours Graduate in Economics will be posted as Lecturer in this College, as early as possible.

2. Steps will be taken to increase the allotment towards the purchase of furniture and books for the College.

Extracts of notes from the file relating to Assembly Question No: 406 (Ibrahim Coonhe Sahib Bahadur) regarding raising of Tellicherry College into first Grade

Subject of ______

--- (70)

pp 17 of G.O. No. 1252 Edn / 18.8.45 (E)

Representations for raising the Govt. Brennen College, Tellicherry, to a 1st grade institution have been recd. by Govt. from 1944. The proposal was considered in 1945 and was deferred for the following reasons:

pp 19, 32-33, 35 & 40 of (E)

1) The Malabar dt. is well served in regard to University education - with a 1st grade college (Govt. Victoria College, Palghat) and 3 second grade colleges (including, Tellicherry).

2) The 1st grade college in the Dt. (Palghat) has been oonsiderably developed and caters mainly to the needs of this Dt. Further it was considered that there was no justtification for expanding provision for University education in the Malabar district in view of the general policy announced in the Press Note at (S)

p 3 nf of G.O. No: 2326 Edn / 7.12.46 (H)

In connection with the Part II Estimates for 1947-48, the D.P.I. renewed the proposal for raising the college to a 1st grade institution but the proposal was vetoed for the following reasons:

1) The reasons for deferring the proposal in 1945 still hold good and there is the added fact that the colleges in Mangalore also serve this area.

2) The proposal cannout be considered essential under the Fin. U.O. Note at (T).

3) The proposal should be deferred pending review of the general policy in regard to collegiate Edn. laid down in the Press Note at (S).

1) Govt. College, Mangalore (IInd Grade)
2) St. Aloysius College for Men, Mangalore 1st Grade - aided (S)
3) St. Agnes College for women, Mangalore 1st Grade - aided

Note: It has since been decided that the general policy laid down in the Press note need not be revised.

G.O. No. 2227 Edn / 21.11.46

[illegible] in question file

No action was considered necessary on the representation received of late on the question as there was no case for a reconsideration of the decision at (H). A draft answer is submitted. Attention is also invited to the questions and answers at (M). For orders as to circulation to H.M.Edn.

E.S.
5.2.47
A.G.M.
5.2.47

J.B.M.
6.2.47

M.V.S.
6-2-47

I have received representations that the Tellicherry College may be converted into a first grade college. In view of the fact that there is so much rush for admissions in colleges I am wondering whether it will not be good if we can convert at least one secondary college into first grade college and this year it maybe the Brennen College at Tellicherry. There has been a persistent demand from that area and considering the number of students desiring to have further education in Malabar, this may be taken up this year. The increase in cost may, in a large measure, be met out of the fees and for the present, they are satisfied if we can give them such subjects as Mathematics, History, Languages ~~xx~~ or other subjects which do not require any great expenditure. A proposal on these lines may be put up before the Standing Finance Committee as it is urgent. In view of the above, the following may be answer for clause (b):

"The matter is under consideration."

T.S.A.
7-2-47

Please see the minute of H.M.(Edn) on the previous page. In connection with the part II estimates for 1947-48, the DPI submitted a proposal for raising the Govt Brennen College, Tellicherry, into a Ist Grade College, opening only Mathematics and Economics for the B.A. Course. The cost of the proposal is as shown below:- pp 7-9 of Offs No: 2336 Edn 7.12.46 (H)

(1) Accommodation:

The proposal is to remove the High School sept of the college to a separate building which will set free six class rooms for the College. In addition, two halls with two rooms and a verandah will be required. The estimated cost of this new construction ~~will be~~ is about Rs 75,000. It will also be necessary to acquire at least the ground next to the college at a cost of Rs 25,000. The total expenditure on buildings will be about Rs 1 lakh. The Director has not submitted detailed plans and estimates for the new buildings. He will have to be asked to forward them, ~~and~~ if the proposal is to be proceeded with. pp 7-8 of of (H) A

A new building will have to be constructed for the High School also. The Director has not forwarded the plans and estimates for the new building. Nor has he given any rough estimate of the cost. These will also have to be called for. p 22 of of (H)

The Municipal Council, Tellicherry, has offered to place its office building at the disposal of Govt for accommodating the College and High School for one year from 15·6·47. The Council has not stated whether it expects any rent. This will have to be verified. p 21 of 7 (H) B

(2) Staff:

The DPI has suggested the employment of certain additional staff in connection with the opening of Mathematics and Economics for the B.A. Course with provision for teaching of Malayalam and Sanskrit under Part II. H.M.(Edn) has stated that subjects ~~as~~ like Mathematics, History, Languages, or other subjects which do not require any great expenditure may be introduced. To start with the ~~s~~ subjects suggested by the Director may perhaps be agreed to. p 8 of 7 (H) p 3 ante

The DPI has not explained in detail the need for the additional staff proposed. He may be asked to do this. C

(3) Equipment:

Non-Recurring	Rs. 8,000.
Recurring	Rs 1,000

The provision proposed may be agreed to. — do —

2 The ~~DPI~~ additional recurring expenditure on account of the proposal is estimated to be about Rs 26,000. The DPI has stated that the fee income ~~will be~~ on account of the opening of the B.A. Course will be about Rs 7,350. ~~The~~ ~~be~~ — do — p 9 of 7 (H)

3 If it is decided to open the B.A. course in the College from next year, the affiliation of the university will have to be obtained. It would appear that the Director had applied to the university for affiliation, but it might be that he ~~has~~ informed the university afterwards that the question of affiliation ~~might~~ might be dropped in view of the orders in G.O. No. 2336 dated 7-12-46. The Director may now be informed that the Govt are reconsidering the orders in the G.O. and that, pending issue of further instructions, the question of affiliation may be kept open. A draft T.M. to the by/ DPI is submitted. — do — (H)

The notes on pages 1-3 N.F. of G.O. 2336 Edn dated 7-12-1946 give a clear idea as to why it was considered by the Administrative department viz E.P.H. that it was unnecessary to accept the proposal of the D.P.I.(submitted as a Part II scheme for 1947-8) to raise the Government Brennen College, Tellicherry into a first grade college. This department agreed with E.P.H.

pages 7-9 CF of 90 at (H)

p. 3 n + 9 90 at (H)

With reference to the minute of H.M.(Edn) on page 1 above E.P.H. propose to reexamine the above proposal of D.P.I. See pages 4-5 above

2 The proposal as submitted by D.P.I. involves :-

(1) construction of additional buildings at an estimated cost of Rs 75,000, besides cost of acquisition of ground in the neighbourhood of the college at a cost of about Rs 25,000 ; a non-recurring expenditure of Rs 8,000 on books and periodicals and furniture is also included.

Paras 3, on [illegible] of 90 at (H) Total 1.08 lakhs 1 & CF of (H)

(2) Construction of a new building for the High school portion or expenditure by way of payment of rent if the office building of the Municipal council is taken by Government.

Page 22 CF of (H)

Page 21 CF of (H)

(3) Employment of additional staff of three lecturers(M.E.S) 4 Asst.Lecturers, a pandit, one clerk and 2 peons.

(4) additional expenditure by way of special pay of Rs 50 to the Principal on the raising of the status of the College to the 1st Grade.

(Items 3 ~~to 5~~ & 4 above involve an extra expenditure of Rs 30,400 p.a recurring). A fee income of Rs 7,350 p.a. is expected. /4

pencil workings on P. 8 CF of (H) & Page 9 CF of (H)

On basis of grand scales the rates Rs 34800 p.a (p 9 CF of (H))

3 The proposal is not yet ripe for examination as pointed out by E.P.H. at A, B on page 4 and C on page 5 above. The plans and estimates for buildings will no doubt be sent to DPI after consultation with PWD authorities. This department are not now in a position to examine the case till the particulars referred to at A B & C above are obtained by the E.P.H. and duly examined by them.

The financial procedure to be followed will be indicated by this department at the time of such detailed examination by this department.

4 The case may be returned to E.P.H.

Accommodation:-

The Director says that he has addressed the Executive Engineer in regard to the preparation of detailed plans and estimates for the construction of the permanent buildings and ~~they~~ that they will be submitted on receipt. As the matter is very urgent, the estimate of Rs one lakh (Seventy-five thousand for buildings and twenty five thousand for land acquisition) may be adopted for estimate purposes.

The question of constructing new buildings for the High School does not arise in this connection, as this has already been sanctioned by Govt. Please see G.O. No. 3314 P. (W). dated 27-12-45.

The question of paying any rent to the Municipal Council, Tellicherry, does not also arise as the Council has agreed to place its office building at the disposal of the College free of rent till such time

Copies of the note for the Standing Finance Committee have been got ready and the matter is to be placed before the Committee as soon as it is constituted.

pp 77-78 cf

From a letter since received from the D.P.I. it is observed that the Syndicate of the Madras University considered the question of granting affiliation for the B.A. courses ~~and~~ in the Tellicherry College and that it decided that it would not be possible at this stage to grant the affiliation and that the Govt. might renew the ~~affiliation~~ application if and when the necessary new buildings are provided. The Municipal Council, Tellicherry, has agreed to place its office building at the disposal of the College free of rent till such time as ~~and~~ when the new buildings are ~~condition~~ completed. The D.P.I. has stated that the Municipal Office building may be sufficient for the B.A. Classes. It is not, therefore, clear why the Syndicate should refuse to grant affiliation on the ground of lack of accommodation.

p 65 cf

p 45 cf

It is almost certain that there will be a great rush for admissions into Colleges in July as in previous years. The opening of one new first grade college will ~~aleviate~~ alleviate the distress to some extent. Owing to high cost of materials and labour it is not easy to construct ~~big~~ large buildings now. In normal times the University would have been ~~right~~ justified in insisting on pucca buildings as a condition precedent to the grant of ~~recognition~~ affiliation. These are abnormal times and the University also should adjust to existing circumstances. The public of Telli

E III

cherry has been agitating for a first grade college. A number of Muslim members of the Legislature have been pressing for the scheme. The matter has also been raised on the floor of the Legislature. In these circumstances it is for orders whether Govt. themselves should address the University to reconsider its decision.

Finance may see before ~~issue~~ circulation.

Fin No 20360 E III-1
pp 79-81 / 2.4.47

A letter since received from the Registrar, University of Madras, has been added to the current file. The university seems to be inclined to grant the affiliation, but would like to have information on certain points. The points raised are noted as below:—

Point. ①. ~~The~~

p 80 cf

The Director has reported that the

p 65 cf

Principal of the College has addressed the Executive Engineer in regard to the preparation of detailed plans and estimates and that they will be submitted to Govt on receipt.

Point 2.

pp 7-8 cf
G.O. No: 2336 Edn
(H)

It is proposed to construct permanent buildings at an estimated cost of Rs 75,000. This estimate is liable to revision. It is also proposed to acquire a ground next to the college at a cost of about Rs 25,000. No amount has actually been sanctioned. Steps will be taken to sanction the amount as quickly as possible. The construction of the building will also be expedited.

Point 3. 2

p 79 of g (H)

It is proposed to open only Mathematics and Economics for the B.A. Course at present. For these subjects it is proposed to sanction the following additional staff.

p 89 (H)

1947-48.

1 Lecturer in Mathematics
1 Lecturer in Economics.
1 Asst. Lecturer in English.
1 Asst. Lecturer in Language
1 Pandit
1 Lower Division clerk
2. Peons.

1948-49.

1 Lecturer in English
1 Asst. Lecturer in Mathematics
1 Asst. Lecturer in Economics.

p 80 cf

The Registrar has stated that it is customary to allow a college to be raised to the Ist Grade only if 3 optionals are offered in the B.A degree Course. He may be informed that to start with commencing Economics and Mathematics will be opened and that the question of opening other optionals will be considered after permanent buildings are constructed.

Point 4.

p 79 7 (H)

It is proposed to remove the High School dept of the College to a separate building, ~~the construction of which was sanctioned in 1945.~~ This will release 6 class rooms for the college. In addition 2 halls with 2 rooms and a verandah have to be constructed. The Registrar has reported that the p 79 cf

General Inspection Commission of the University which inspected the College in March '46 has stated that the accommodation even for a IInd Grade College was extremely inadequate, that a language class was being held in a garage, that the proximity of the high school was a serious inconvenience to the College students and that ~~proper~~ immediate provision should be made for the proper ~~accommodation~~ accommodation for Intermediate classes. It is apparently with ~~refers~~ reference to these remarks that the Registrar now wants to know what steps have been taken to shift the high school from the College so as to enable the intermediate classes which have increased considerably in strength to function properly. The ~~DPI~~ remarks of the DPI may be obtained on this point. A draft T.M is submitted. In Nov. 46 the Director reported that the new buildings for the High school depts would not be ready before July 47.

H/22

Point 5.

The Govt have not formally approved the decision of the Municipality in the matter. It may be taken that they will not raise any objection. L. A may see.

A

p 81 cf

Point 6.

If temporary recognition is granted for 2 years, it may be possible to construct the permanent buildings within that period.

~~The file may be sent to the L.A. Depts for remarks with reference to A above, after issue of the T.M.~~

A draft ~~letter reply~~ letter to the Regr will be put up after the Director's reply is recd. In the meanwhile the Regr may be informed that the matter is under consideration and that a reply will be sent as quickly as possible.
