Rec. No. 7031-A2/4, dated 10th April 1947.

Sir,

*Sub: Schools - Government Secondary and Training
School for Women, Cuddalore N.T. supply of
a Cycle - Sanction requested.

ENCLOSURES _____

SPARE COPIES _____

I request that in the circumstances explained below, the Government may kindly sanction the supply of a cycle for use in the Government Secondary and Training School for women, Cuddalore N.T.

2. The above school is ^{situated} ~~suitable~~ in Tirupapuliur at a distance of 2½ miles from the Treasury and other public offices and four miles from the Imperial Bank of India, Cuddalore O.T. At present much time is spent in the delivery of dappals to local offices, the remittance of moneys into the Bank and the encashment of bills. To complete a remittance or the encashment of a bill, two days are required, ~~as~~ for the ~~challan~~ ~~or~~ the bill should be first presented at the Treasury and then taken to the Bank for remitting or receiving the money. The Bank and the Treasury being four miles apart, it is hardly possible to complete a transaction in the same day. The supply of a cycle will facilitate quick despatch of such Public business as the messenger will not have to waste time in walking or waiting for conveyances.

3. Ordinarily Government schools in the mofussil are not supplied with cycles with the exception of the Government Secondary and Training School for women, Coimbatore. The supply of a cycle to this school was

was sanctioned in G.O.No.Ms.2042 Education, dated 23-10-40.

As Cuddalore is a town of distances, I recommend that the school may be provided with a cycle as a special case.

4. The expenditure on the purchase of a new cycle will be Rs.300/-. This can be met from the funds available for 1947-48.

Finance (Exp.B)

The Director of Public Instruction has proposed that the Govt. Secondary and Training School for women, Cuddalore XXX may be provided with a bicycle at a cost of Rs.300. E.&P.H. have put up a draft order sanctioning the proposal. Rs 300 for a cycle is expenditure. Rs 200 for a cycle. 2. The reasons urged in support of the proposal are that the school is situated in Tirupapuliyur at a distance of 2 1/2 miles from the Treasury and other public offices and four miles from the Imperial Bank of India, Cuddalore and that, at present, much time is spent in the delivery of tappals to local offices, the remittance of moneys into the Bank and the encashment of bills.

A bicycle was sanctioned to the Govt. Secondary and Training School for

for women, Coimbatore, as a special case as it was a big school and as a bicycle that had belonged to the defunct Dt. Educational Council, Salem ^{was} available for transfer to the school. It has been admitted that ordinarily Govt. schools in the moffussil are not supplied with cycles. The work referred to at A ^{on 2.} above has been carried on so far without the aid of a cycle. It does not seem that tappals to be delivered to local offices from the school would be many. Apparently, there will not be transactions with the Treasury and the bank on all the days of the month. In the circumstances, there seems to be no strong case for sanctioning the purchase of a bicycle for the school. ~~Para. 107, therefore, be requested to negative the proposal.~~

If the proposal, in the present case, is accepted, there may be demands for cycles from other Govt. schools in the moffussil for similar reasons. Also, in view of the present financial stringency, it seems desirable to avoid such expenditure.

In view of the above, E & P. H. may be requested to negative the proposal.

Except 15. Coimbatore School which was allowed to have a cycle which was available for transfer consequent on the abolition of the Dt. Educational Council, Salem in 1940, no other

Training School is supplied with a cycle. There is no sufficient justification for sanctioning a cycle to the Cuddalore school which was carrying on so long without a cycle all these years like other schools. In view of the pressing financial stringency I am ^{advised} against the proposal.

Which, if accepted, would create an inconvenient precedent and large unnecessary avoidable extra cost when similar decisions are made for other schools.

EXPH(C)

Though ordinarily cycles are not supplied to Govt. schools in the maffassil, the D.P.O. has made out a very strong case to supply a cycle to the Govt. Secy. and Training school for women Cuddalore as a special case. For efficient discharge of duties it would appear that a cycle is necessary as it would facilitate quick despatch of public business. Perhaps in other places the bank, the school and the treasury are not so far apart. If Finance considers Rs 300 as too much for a cycle ^{and has no objection to allow} perhaps Rs 200 may be sanctioned for orders whether D.P.O.'s proposal.
