Opening of Govt. Trg. colleges

©

Please see Go No: 2428 Edn d/ 20.12.46. in which you were informed that the proposals to open trg colleges at Mangalore and Tellicherry may be renewed in connection with the budget estimates for 1948-9. It has since been suggested that the trg college at Mangalore should be opened from the ~~school~~ academic year 1947-8. Please say whether it will be possible to get the University's affiliation in case it is decided to sanction the proposal.

FROM
DR.S.R.U. SAVOOR, M.A.,D.Sc.,I.E.S.,
DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

TO
THE SECRETARY TO GOVERNMENT,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,

R.C.No.185-K.2/47 dated the 13th February 1947.

12893

Sir,

SUB:- Opening of a Training College at Mangalore.
REF:- Your telephone message dated 7th February 1947.

The Registrar, University of Madras who was consulted, states that the question will have to be considered by the Syndicate and that it is very unlikely that the affiliation will be granted owing to the inadequacy of the accommodation. The Registrar also states that if any proposals are sent now they will be considered at the next Syndicate meeting to be held on 22nd February 1947.

2. In regard to accommodation for the proposed Training College, the University was informed that the B.T.Classes will be accommodated in the block occupied at present by the Secondary Training Section. The question of constructing permanent buildings will have to be taken up later.

Memo. No. 10328 A/47-2 Edn. 25-2 (i)

College - Training - Opening at Mangalore

p 3 cf

Refce:- Letter from the DPI. No. 185·K2/47 d 13·2·47.

pp 1-2 cf 7
GO no: 2428 Edn 20.12.46.
(C)

In his letter no 6144 K2/46 d 30·9·46. the DPI proposed a staff of 1 lecturer, 4 Asst. lecturers 1 clerk and 4 peons for the new College and stated that the question of appointing an additional drawing master, manual training instructor and Laboratory attender, might be considered later. The Director is requested to furnish definite information as to what staff will be required for the College ~~if it is to be opened in 1947-48~~ immediately and ultimately.

p 3 cf

As regards accommodation, the Director has stated that the B.T. classes will be accommodated in the block occupied at present by the Secondary Training Section and that the question of constructing permanent buildings will have to be taken up later. He is requested to furnish an approximate ~~a rough~~ estimate ~~at least~~ of the cost of providing permanent buildings ~~if the preparation of regular plans and estimates will take time~~.

In the meanwhile, the Director is requested to take steps to get ~~the~~ affiliation from ~~of the~~ university for ~~opening~~ the college only in 1947.

The matter should be treated as specially urgent and a report ~~the report~~ submitted to Govt not later than the 10th March 1947.

Madras, Dated 10-3-1947.

From

Dr. S.R.U. Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

(5)

To

The Secretary to Government,
Education and Public Health Department, Madras.

Sir,

Sub:- College - Training - Opening at Mangalore.

Ref:- Government M-emorandum No.10320 A/47-2,Edn., dated 25-2-1947. p 5 ante

19978

I have the honour to state that the following staff will be required for the College immediately and ultimately.

1 Lecturer (Madras Educational Service) Theory and Practice of Education.
6 Assistant Lecturer - 6 optional subjects.
1 Drawing master.
1 Manual Training Instructor
1 Laboratory Attender.
1 Lower Division clerk
4 peons.

pp 1-2 of G.O.No. 2428 Edn. 20-12-46

It may be observed that in my proposal submitted in letter Roc.No.6144 K2/46, dated 30-9-1946, I had proposed the following optional subjects for the B.T. Class.

English
Physical Science
Primary Education
Kannada.

The Principal has now reported that it will not be possible to have Primary Education in the training college as the model school has no standards 1 to 3. In order that the College may satisfy the needs of the High schools he has suggested the opening of Mathematics, History and Geography as optional subjects in addition to the other three already proposed by me. I request that this modification may kindly be accepted.

2. As regards accommodation, the Principal has addressed the P.W.D. authorities for an estimate of the cost of constructing permanent buildings for the Training College and this will be submitted to Government immediately on receipt. He has proposed that the Sec~~retary~~ondary Training and model Sections will be shifted to the hostel buildings where they were prior to the construction of the present building. This proposal it is reported will provide sufficient accommodation for the B.T. Classes even if all the subjects are introduced from July next. It will however be necessary to take on rent private buildings to provide as hostel for Arts and B.T. students. I request that Government may be pleased to accept the above proposal pending the construction of permanent buildings for the Training College.

I have the honour to be,
Sir,
Your most obedient servant,

Chepauk, Madras,
31st March 47.
1 - APR 1947

From

The Registrar,
University of Madras.

To

The Secretary to Government,
Education & Public Health Dept.,
Fort St.George, Madras.

Sir,

Re: Opening of a Training College at Mangalore.

25843

I have the honour to request you to let me know with reference to the proposal now made by the Government to open a Training College at Mangalore, what steps are contemplated to fulfil the requirements of the University in regard to the opening of such a College. This question was recorded by the Syndicate under circumstances similar to those that pertain to the Government Brennen College, Tellicherry. I am to inform you that the Syndicate is unlikely to reopen the question unless fresh material is placed before ~~them~~ it for reconsideration. I am therefore to request you to let me know --

Separate file

(1) Whether the plans and estimates for the building of the training college have been prepared;

(2) When the buildings may be expected to be finished;

(3) What amount the Government have sanctioned for this purpose in the academic year 1947-48;

(4) Whether all the staff required for such a College will be made available from the beginning of the academic year 47-48;

(5) Whether provision for hostel accommodation has been made for the students of this College, and if not, whether Government proposed to make any temporary provision for hostel accommodation.

As the subject is urgent, and it has to be considered by several sub-Committees of the Syndicate and an Inspection Commission will have to be sent out ~~and~~ should the Syndicate find it possible at this late stage, I am to request you to let me have an early reply.

I have the honour to be,
Sir,
Your most obedient servant,

REGISTRAR.

Copy to the Director of Public Instruction, for information.

Lr./Ref. No. (10)

To

The Registrar, University of Madras.

Sir,

Govt. Training College, Mangalore - affiliation of.

p14 cf

Your letter No.A. 1307 dated 1--4--1947

I am directed to reply to the points raised in your letter cited above as follows:

(1) The plans and estimates are being prepared and ~~the~~ they will be placed before the [illegible] for administrative approval ~~will be given~~ as soon as they are ready.

(2) The construction of the buildings will be completed as quickly as possible.

(3) No amount has been sanctioned so far, but steps will be taken to sanction the necessary amount before the College is opened.

(4) All the staff will be made available in July 1947.

p6 cf

(5) It is proposed to shift the secondary trg. and model sections to the hostel buildings where they were previously and to accommodate the training college in ~~to~~ the buildings vacated by the Secondary Training and model sections. For hostel for Arts and B.T. students it is proposed to take a building on rent.

pp1 + 6 cf

In this connection, I am to point out that the Govt. attach great importance to the opening of this college from the academic year 1947-48 itself. The introduction of Tamil as the medium of instruction in the Teachers' College, Saidapet, has made it practically impossible to train Kannada L.Ts. in that college. At the same time there are a large number of schools in the South Kanara and the Bellary Districts where the medium of instruction is Kannada. The trained B.T.s required for these schools will not be available unless the Govt take immediate steps to open a training college at

angalore. In the circumstances, I am to request that the
niversity will be so good as to grant permission to open
he college from 1947-48. ~~Government can assure the University that every attempt will be made to construct the permanent buildings as quickly as possible.~~

MEMO No. 10328 A/41-5 Edn d. 10-4-47 ⑪

Opening of a Training College at Mangalore
Ref: D.P.I.'s letter ~~Roc~~.No. 185K2/47 dated 22-3-47.

The proposal to open a Govt. Trg. College at Mangalore involves an expre. of about Rs. 30,000 recurring and Rs. 9,000 non-recurring. Besides, the University is insisting upon Govt. constructing permanent buildings for the College which ~~may~~ will involve further addl. expre. It has been suggested that instead of incurring, so much expre. upon one Trg. College arrangements may be made with the St. Ann's Trg. College for Women at Mangalore to admit men candidates also, the college being granted a half grant towards the addl. cost. ~~involved.~~ If the management of the college does not agree, the Govt. themselves may open a college in which both men and women can be admitted. In this case, the grant now paid to the St. Ann's College may be stopped as there may not be sufficient justification for having two trg. colleges for a small area.

2. It is understood that a Kannada section may be opened in the Hindu High School Triplicane shortly. ~~If~~ It may then be possible to open a Kannada section in the Teachers' College, Saidapet and to utilise the Kannada section of the Hindu High School for the practice teaching of Kannada B.T. Candidates.

3. The D.P.I. is requested to examine these suggestions and to make a report to Govt. very urgently.

ROC. No. 185-K2/47 dated 2nd June 1947.

3 - JUN 1947

Sir,

Opening of a Training College at Mangalore - Training facilities for Malayalam and Kannada students.

Reference:-Government Memorandum No.10328-A/47 Education dated 10..4..1947. pp16-17 ante

---

46622

I have the honour to state that the management of the St.Ann's Training College at Mangalore does not agree to the admission of men students in their college. This was not unexpected as a college run by Nuns cannot possibly admit men students. As the number of Kannada students will be very limited (19 in 1946-47 in both Teachers' College, Saidapet and Meston Training College, Madras), the best solution will be to admit them at Saidapet and give them teaching practice in one of the schools in Madras. Both the Hindu High school, Triplicane and Madras Christian College High School, George Town, are prepared to open Kannada medium sections; and the managements of both the schools have requested that the entire deficit consequent on the opening of this section should be met by Government. The management of Christian College High School propose to have Kannada section only in Form I. I would invite attention in this connection to my letter R.C.1342-E/46 dated 3.5.1947 in reply to Government U.O.No.1342-E1/46 dated 19.4.1947 recommending the request of the management for a grant on the full deficit of this section. If Government accept the proposal, the case of Kannada students is solved.

M

Separate File – not put up (Form I on) A

pp13-14 NF

2. In their No. 27724 A/47-1 dated 11.4.1947, Government have suggested a re-organisation of the Training Colleges on a linguistic basis. While I agree that the Teachers college, Saidapet, should solely be for students of the Tamil area, this cannot be put into effect immediately for want of separate Training facilities for the Kannada and Malayalam students. The case of Kannada students has been discussed in para 1 above. In regard to Malayalam, as suggested by Government the Director of Public Instruction, Trivandrum and Cochin were addressed by me and I enclose for the information of Government, a copy of letter Roc.4921 of 47 dated 14.5.1947 from the Registrar, University of Travancore, on the subject. I may in this connection invite the attention of Government to Government Memorandum No,504 C-1 Education dated 24.1.1944 on the subject. The Cochin Government have however agreed to reserve 10 seats in their Training college for students deputed by Government (Vide copy of letter enclosed). At present the Teachers' College, Saidapet, is admitting about 15 and the Meston Training College about 7 Malayalam students. If the offer of 10 seats of the Cochin Government is accepted, the management of the Meston Training College may be asked to raise the number of Malayalam to 10. The Principal, Teachers' College, can then decline to admit Malayalam students so that the trouble of arranging their practising classes with the Christian College High School can be avoided. I request this arrangement may be accepted. [illegible] his letter, the Director of Public Instruction, Cochin, has stated that the amount due for the seats reserved, has to paid to him on or before the 15th June of the year in whi

p23 infra

reservation is sought. I request that Government may pass early orders so that instructions may be issued to the Principal, Teachers' College for the selection and deputation of the students.

D Menon

For Director of Public Instruction.

ks.2-6. 2/6

Copy of letter Roc.No.4921 of 47 dated 14th May 1947 from the Registrar, University of Travancore to the Director of Public Instruction, Madras.

Reservation of seats in the Training College, Trivandrum for students from British Malabar.
Ref:-Your letter R.C.No.454-K2/47 dated 8.4.1947 addressed to the Director of Public Instruction, Travancore, Trivandrum.

With reference to your letter cited above, I have the honour to inform you as follows:--

Since the foundation of this University efforts were made to obtain from the Madras Government recognition of the B.T. Degree of this University as equivalent to the B.T. Degree of the Madras and Andhra Universities ~~to qualify for appointments in the Madras and Andhra Universities~~ to qualify for appointments in the Madras Public Service, but no recognition has been granted. In view of the fact that the B.T. Degree of this University is not recognised by the Government of Madras as conferring eligibility for admission to their Public Service, there seems to be no point in reserving any seats in the Training College, Trivandrum, for candidates from the Madras Presidency to qualify for a degree which will be of no use to them when seeking appointment under the Madras Government.

Subject:-Reservation of seats--B.T.Training.
Refce.:--Your letter dated 8.4.1947, R.C.No.454-K2/47.

In continuation of my letter dated 6.5.1947 I am glad to inform you that my Government have been pleased to sanction the reservation of 10 seats for students from British Malabar deputed by the Government of Madras.

The terms and conditions for the reservation are given below:-

1. A tuition fee of Rs.100/- for each candidate should be paid by your Government in advance.
2. The special fee of Rs. 11-12-0 per candidate may be directed to be paid by the candidates at the time of their admissions.
3. A registration fee of Rs. 3/- has to be paid by each candidate in any of the State Treasuries and chalan submitted along with the application.
4. If in any year the Madras Government does not propose to depute candidate the fact should be intimated sufficiently early so as to enable me to select other candidates for their places.
5. When once a candidate's name is registered his or her tuition fees will have to be paid.
6. The amount due for the seats reserved has to be paid to the Government directly on or before the 15th of June of the year for which reservation is sought.

Government of Madras

My dear Mr Avinashilingam,

I am troubling you again with an additional request. There is a great dearth of Kannada B.T.'s for our Boys' & Girls' High Schools in this district. Sending our graduates to Madras for training even for one year is too costly an affair. I am told that there are facilities with regard to space and equipment in the Government College here to conduct batches of boys & girls together.

2) I am also told that the Principal of the Government College has already addressed you on the subject.

I request you will try and help this Kannada district by having a B.T. class for boys & girls in the Government College.

The St Annes Training College cannot take boys and cannot help us.

Yours sincerely
[illegible]

I am told we can have the class in 1947-48 itself

[illegible]

DPH(A)

May be added to the main file re. opening of a Trg college in Mangalore. No separate action is called for on this letter from [illegible]

(18)

To the Secretary, E.&.P.H.

Messrs. A. B. Shetty, Dr. Mallayya, M.L.A., and B. Ananthachar, M.L.A., met me to-day and pressed for the opening of a training college for teachers who will have to teach in the medium of Kannada. There are large number of schools in the South Kanara District as well as in Bellary where the medium of instruction is Kannada and I agree with them that it is highly necessary that we should have a training ~~school~~ college for them. This matter was pressed some time back, but on the note of H.P.M. that this may be taken up next year, it was deferred. In view of the representation of these members, I think, the matter may be reconsidered and the training college opened in the next school year. This matter may be treated as urgent and may be brought before the Standing Finance Committee.

pp 3-4 n/f of
Go No. 2428 Edn
20-12-46
(C)

In connection with the Part II estimates for 1947-8 the D.P.I subd proposals for the opening of two Govt Trg. Colleges one at Mangalore and the other at Tellicherry, both to be attached to the ~~respective~~ Govt. Colleges in these places, at a cost of about Rs 36,000 (recurring) and Rs 14000 (non-recurring) exclusive of the cost of erecting temporary sheds to provide the necessary accommodation. The Fin dept advised that the proposals should be deferred. This dept and H.M. (Edn) considered that the proposals should be pressed. The H.P.M. however decided that the proposals ~~may~~ might be taken up next year in connection with the budget for 1948-9. The D.P.I was informed accordingly in Go No: 2428 Edn 9 20.12.46.

1 3+4 (C)

(C)
SCF

H.M. (Edn) now considers that the orders may be reconsidered and that the proposal to open a trg. college at Mangalore may be sanctioned from the next ~~school~~ academic year. The cost of this proposal will be about Rs 18000 (recurring) and Rs 7000 (non-recurring) exclusive of the cost of erecting temporary sheds necessary to provide accommodation.

The file may be sent to Fin for ~~remarks~~ before

E3

circulation to the H.P.M.

If the College is to be opened from next year the affiliation of the University has to be obtained. It is not known whether the D.P.I has addressed the University ~~[illegible]~~ and whether there will be any difficulty in the matter. A draft t.m to the Director is subd. ~~After~~ issue the file may be sent to Finance.

Affn. fees is small & paid by D.P.I after a proposal ... scheme is accepted.

Finance (E.III).

A proposal to ~~The~~ opening ~~of the~~ two training colleges, one at Mangalore and another at Tellichery, was brought forward as a Part II scheme for 1947-8. The case was examined by this department and this department suggested that the proposal might be deferred. The possibility of providing for ~~the~~ teaching ~~of the~~ in both the languages (Kannada and Malayalam) in one training college was also suggested by this department. The E.P.H. department considered that the above course would not result in any appreciable economy and pressed for having two separate centres - vide pages 2-3 and 3 N.F ~~at~~ (C) H.P.M. agreed with the depts view that the proposals might be taken up next year, and orders were accordingly issued directing the D.P.I. to bring forward the proposal in connection with the budget esimate for 1948-9.- please see pages 2-3 N.F of G.O.2428 Edn dated 20-12-46.

---

(20)

34

The proposal relates to the opening of a Training College attached to the Govt Second Grade College at Mangalore. The Notes from p 1 ante and the letters from the DPI on pages 6, 10 and 12 cf may be read.

Subjects.

p 6 cf

The optional subjects proposed to be opened are as follows:-

1. English.
2. Physical Science
3. Kannada.
4. Mathematics
5. History
6. Geography.

Staff:

p 6 cf

Details of the Staff to be employed for the purpose and the additional expenditure involved by way of equipment etc. are given on p 10 cf. ~~and at~~ In the circumstances stated by the DPI, the necessity for the staff and equipment etc. may be conceded.

Accommodation.

Para: 2, p 6 cf

A

The DPI has explained in his letter on p 6 cf how the Training College can be accommodated for the present. Permanent buildings will have to be constructed for the college later on. The Director has asked the P.W.D. to prepare the necessary plans and estimates and they are awaited.

p 3 ante

The proposal is to be placed before the Standing Finance Committee.

Separate file

As Govt attach much importance to the opening of the college from July 1947, the DPI has been permitted to pay affiliation fees to the University in advance of further consideration of the proposal by the Standing Finance Committee. The Director now reports that the Registrar of the Madras University has informed him that the ~~Syndi~~ Syndicate considered the matter and decided that the Govt should be informed that it is not possible at this stage to

p 12 cf

to 35

permit the opening of the College and that the application may be renewed if and when the necessary new buildings are provided.

As stated at A ~~above~~ on the previous page sufficient accommodation for the Training College can now be made available. Additional accommodation will have to be provided only for ~~the~~ hostel for Arts and B.T. Students, and for this purpose, the Govt propose to take a building on a rent of Rs100/- per mensem. p 6 cf p 10 cf In the circumstances, it is not clear why the University should insist on the construction of permanent buildings before opening the College. Construction of permanent buildings will take time especially now when it is so difficult to get materials and labour. If the construction of permanent buildings should precede the opening of the College, it is doubtful whether it will be possible to open the College even in 1948. The introduction of Tamil as the medium of instruction in the Teachers College, Saidapet, has made it practically impossible to train Kannada L.T's in that College. At the same time there are a large number of schools in the South Kanara and the Bellary districts where the medium of instruction is Kannada. p 1 ante The trained B.T's required for these schools will not be available unless the Govt take immediate steps to open a training College at Mangalore. It is therefore for consideration whether the decision taken by the University will be accepted or whether the Govt themselves should address the University explaining the circumstances and request it to reconsider that decision.

X

We may write to the University.

The file may be sent to Fin. Dept for remarks before circulation.

36

Fin Ex

(Fin noted last on pp 2-3 above)

The case relates to the opening of a training College at Mangalore. The Staff now considered necessary is that detailed at A on p10 CF. The DPI has stated that ~~the~~ it will be possible to secure accommodation for the training college — vide para: 2, p6 CF; it is also stated that a building may be rented for being used as a hostel — see para 2, p10 CF.

The financial effect of the opening of the proposed training college as now made by DPI is as follows:—

Page 10 CF

Recurring	cost p.a.
Staff etc (see details on p ~~7~~ 10 CF) inclusive of rent.	28625
Furniture	500
Library	500
	29625 or 29600 roundly
Non-recurring	
Equipment	6,000
Library	3,000
	9,000

2) The proposal is dependent on the position whether the University authorities will agree to grant affiliation & from the copy of letter from the Registrar, University of Madras on p2 CF it is seen that ~~it is not~~ such affiliation will not be granted. ~~at~~ at this stage and will be given only if buildings are provided. ~~[illegible]~~ EDH propose to explain the position as on p6 above to the University and ask them to reconsider. P6 above

~~3~~ Till such a reply comes again from the University, it cannot be said whether it is possible for the training college to be opened in 1947.

3. As regards staff proposed on p6 CF ~~it may be agreed to, vide DPI's~~. The DPI has fixed ~~4~~ the staff taking into account the fact that 6 optional subjects will be taught. 6 Asst lecturers

10328-A
29/3/47

37

A

are accordingly proposed. 1 Lecturer (M.Ed.) to ~~teat~~ teach Theory and Practice of Edn & a Drawing master, a manual training instructor, 1 laboratory attender & 1 watcher & 4 peons are proposed & they may be agreed to.

4/ EsPH ~~may~~ will no doubt take orders in circulation on the point referred to on p 6 above and then after getting reply from the University proceed to follow the necessary financial procedure as indicated already on p 3 above

SECRETARY, EDN. AND P. H. DEPT.
8 APR 1947
GOVERNMENT OF MADRAS

I see from the file that the cost of the Training School will be about Rs.30,000 recurring and about 9,000 non-recurring. Besides, the University insists upon putting up~~on~~ fresh buildings which may cost us nearly half a lakh or more. Instead of incurring so much expenditure upon one training school, another idea comes to me just now. In Mangalore itself, there is St. Agnes Training School for Women. If they will agree to take men also, we can give them a half grant and that will be considerably cheaper than our taking up the Training ~~School~~ college ourselves. If they are not prepared to take men, then for a small area we need not have two training ~~schools~~ colleges, one for men and another for women separately. We may stop our grant to St. Agnes Training College and run ourselves a training college in Mangalore in which both men and women can be admitted. After all, we have to serve 1½ districts and so, one training college will do. The D.P.I. may be asked to examine this proposal and report.

p10 cf

p14 cf

I also understand that a Kannada section is going to be opened in the Madras Hindu High School. If that is so, we can have the Kannada section of the Training College also in the Madras Teachers' College and bring them ~~to the~~ for practice teaching to the Kannada section of the Hindu High School. In this way, the cost ~~of~~ o Government will be considerably decreased. The D.P.I. may be sked to examine the matter from this point of view and report. view of the above, the draft letter to the Registrar need not be sued.

27724

In view of the importance that has been given to the regional languages and in view of the fact that instruction in the High Schools will be more and more in the regional languages, it is necessary that we should reorganize our training colleges also in such a way as they may be trained efficiently to teach in the regional languages. At present both the Teachers' College at Saidapet and the Lady Willingdon Training College admit members from all linguistic areas with the effect that they have to be taught in English and do their practical teaching in English. This in practice does not help them so when they go back to their own places they have to teach in regional languages and so it has become necessary that in our training colleges, practice teaching must ~~be expected to~~ be done in the regional languages.

In the Teachers' College now there are people from the four linguistic areas. The Teachers' College and the Lady Willingdon Training College have to provide for these four languages, which is wellnigh impossible. It is time that we should provide Training Colleges separately for each of the four linguistic area. I propose that in view of the fact there is a separate Training College at Rajahmundry for Telugu, the Telugu area may be served by that college. For Malayalam, I do not see any reason why we should not negotiate with the Govts. of Travancore and Cochin so that they may admit the requisite number of Malayalam teachers that will be necessary for us for the district of Malabar in their training colleges in Cochin and Trivandrum.

We are training the Telugu teachers necessary for the Orissa Govt. and the same arrangement can be made with Cochin and Travancore States. After all we have to serve only one district.

p.t.o.

For the Kannada (Canada) area I have suggested different proposals in another file. — p.10 ante

The Saidapet Teachers' College may become a purely Tamil Training College and they can have the practical teaching in Tamil here itself.

The D.P.I. may be asked to consider these proposals and give his remarks.

Pl. see the memo. on pp 15-16 CF.

p 22 CF

The DPI reports that the management of St Ann's Trg. College at Mangalore are not agreeable to the admission of men students in their College. He also observes that this reply was not unexpected as a college run by Nuns could not possibly admit men students. As an alternative he suggests that Kannada students may be given practical trg in teaching in the Hindu High School, Triplicane or in the Madras Xtian College High School which are prepared to open Kannada medium sections. Pl. see, in this connection, the Director's proposition at A on p 22 cf. The Director recommended ~~the~~ payment of a full grant, as a special case to the Xtian College High School towards the expr on the opening and maintenance of the Kannada medium sections. But the Govt have decided only to give a half grant for the purpose. In view of this,

Separate File now in circulation to H.M (Edn)

E III

it is quite likely that the management of the school may not open Kannada medium sections with a view to help Kannada teachers to get proper training in teaching in their regional language. The ~~Triplicane~~ management of the ~~Tri~~ Hindu High School, Triplicane, it is reported, have also requested that the entire deficit (amount not specified) consequent on the opening of the section should be met by Govt. This is also not practicable. For orders.

In the circumstances reported by the DPI in para 2 of his letter on pp 22-23 cf, the arrangement to depute to Malayalam students to Cochin for teachers' trg. on the conditions stipulated by the State may be accepted. The initial cost to Govt will be Rs ~~1000~~ 1150 a year (Rs 100 as tuition fee for each student payable in advance + special fees). ~~which will be realised later from the students~~.

Finance may see for remarks before circulation.

Edn v.o 10328A/47-7
7-6-47

pp 7-8

ASST. SECRETARY TO GOVT. 7 JUN 1947 FINANCE DEPARTMENT
Recd 4.15 PM 7/6/47 34309

Finance (E.III) Department.

The case started with the proposal to open a training college at Mangalore at a recurring cost of about Rs.30,000 per annum. With reference to the minute of H.M (Edn.) on p.10 above, the proposal was not pursued. The alternative method of admitting men students for such training in the St. Agne's training college at Mangalore was examined, but this is not found feasible - see para 1 of D.P.I's reply on ~~pp~~ p.22 c.f.

Para 1, p22 cf

The question now is what arrangements should be made for the training of Kannada students. The D.P.I. considers that the best solution will be to admit the students in the Teachers' College, Saidapet and to give them teaching practice (in Kannada) either in the Hindu High School, Triplicane, or in the Madras Christian College High School, George Town, both of which are prepared to open a Kannada medium section provided the Government meet the entire deficit consequent on the opening of the section. Ordinarily, the Government give only a half grant for such purposes. The E & P.H. Department recommend that a full grant may be given in this case,

A above A.

as it is not possible to make any other arrangement in the matter. Submitted that in the circumstances this Department may agree to the proposal of E & P.H. as a special case.

1A.

Again E & P.H. have proposed that arrangements will have to be made for deputing 10 Malayalee students to Cochin for training, and for increasing the number of Malayalee students to be trained in the Meston College from 7 to 10. The intention is that in future the Teachers' college, Saidapet should be a training college only for Tamil students. The proposal to train 10 Malayalee students in Cochin may be agreed to. The proposal involves an expenditure of about Rs.1150 a year. E & P.H. will no doubt circulate the case to H.M (Finance) also.

TO

THE HONOURABLE SRI A. B. SHETTY, M. L. A.,
MINISTER FOR PUBLIC HEALTH & MEDICINE,
GOVERNMENT OF MADRAS.

2 JUN 1947
MEDICAL
GOVT. OF MADRAS

MEMORANDUM PRESENTED BY
THE SOUTH KANARA LANDHOLDERS' ASSOCIATION, MANGALORE,
ON 29 - 5 - 1947.

46520

-:o:-

Sir,

We, the members of the South Kanara Landholders' Association, beg to bring to your kind notice the following grievances of our District in which not only we but the general public are also vitally interested in achieving alround development of the District.

1. In the matter of communications this District is not adequately developed. The road system -- not to mention the utter deterioration it has now assumed -- that existed several decades ago, in the same condition and the demand for connecting this district with the Bombay Presidency either directly on the coastal side or through Mysore by laying new railway lines has not been heeded to by the Central Government. This District could be connected to Hassan or to Kadur or through Malpe - Bhatkal to Telguppa, the terminus of the Mysore railways.

In this connection we wish to lay stress upon the necessity of improving the minor ports of Mangalore and Malpe by the Provincial Government to enable the coastal trade to develop and for which a separate fund exists in this province. The development of Malpe Bunder

~~24~~ 51

was promised. The Congress Ministers in charge of the subject visited these Bunders in the past but we understand the schemes were shelved for reasons not known.

PWD

We are disappointed to note that this is the only district in which no roads were taken up by the Central Government for development. Bridging all the West Coast rivers to enable through communication on the coast is a long-felt necessity. We are conscious that our cry has been in the wilderness in the past, but we have every hope that with the representative in your goodself in the Madras Cabinet our affairs might receive their due consideration.

EPH A

2. In the matter of Education it is no doubt true our district is more advanced than the several others in the Presidency but it must be said to our credit that it is entirely due to the efforts of the people. Even the local secondary grade Government College was founded by private contribution. Our grievance is that this Government College has remained only as a 2nd Grade all these years and it cannot provide facilities to students to prosecute higher studies in the district itself. We respectfully urge that the present Government College should be raised to the I Grade and a training college for Kannada students should be opened immediately in those promises as we understand that such a step will neither incur a huge investment nor extension of the present available buildings. The Kannada trained teachers of B.T. grade are urgently required to meet the growing demand from several High Schools in this District as well as from other Karnatak districts and Karnataka parts of the Madras Presidency. Even otherwise the introduction of compulsory education in several areas in this district is bound to give rise to opening of new

---

(29)

52 / 22

A EPH

high schools in this District as could be seen from the experience of past three or four years. The pressure on the local colleges for admission and rejection of a very large number of students is an ample proof of inadequacy of the present arrangements.

EPH A

We would like to draw your attention that this District has 3 Oriental Colleges for the study of the languages. The University has approved courses for higher studies in Kannada and Sanskrit; but there is no provision in the local colleges to teach these subjects. While the local Government College is raised to the 1st Grade this need also have to be borne in mind, so that a large number of students could be instructed in languages as well for which there is a demand on account of the changed educational policy and introduction of education through the medium of regional language.

Pub.

We hope there will not be any confusion in the mind of the Government on account of false, extraordinary and baseless demand made by Mr. Kelappan, the President of the Kerala Provincial Congress Committee by demanding the Kanara Districts to be included in the United Kerala. Thulunad which is a portion of these Kanara districts for the past more than one thousand years adopted Kannada as its official and cultural language and these districts have expressed their intense desire to be included in the Linguistic Province of Karnataka. Our bonds with Karnataka cannot be severed under any pretext or to provide facilities to our neighbours to eat into our vitals.

The Kannada Sahitya Parishad held at Harpanahalli which you graciously opened has given a fitting reply to Mr. Kelappan's demand. The Hegde's Convention called by the Karnataka Provincial Congress Committee has resolved unanimously that unless the new constitution now on the anvil provided provision for formation of Karnataka Province it would not be acceptable to Kannadigas. We request you as our accredited representative in the Madras Cabinet to watch and further our interests in accordance with the solemn resolutions passed at the instance of our Karnataka Provincial Congress Committee and Kannada Sahitya Parishad.

Pub

We sincerely congratulate you and thank you for expression of your views on these matters in your opening address in the Harpanahalli Kannada Sahitya Parishad. Please permit us to say that we are proud of you and feel confident that Karnataka interests are safe in your hands.

May we point out one other development? The Government of Bombay have appointed a Committee to investigate and report on the advisability of formation of Karnataka University which you desired in your opening address at Harpanahalli. That Parishad, the representative character of which you have yourself witnessed, has congratulated them and thanked them and has expressed a desire that Government of Madras should also co-operate with them in formation of a common university including Madras Karnataka parts as well. This district with high educational developments and attainments is bound to play an important role and present a most suitable arena for development of educational facilities. We humbly request you to see how best the two Governments could achieve a common university for

S

EPH G3

the development of Karnataka culture and learning for the benefit of Karnataka areas under them. We are on the partiting of ways leading to the development of respective major Dravidian cultures and languages in South India. We have the same party and popular Governments in the provinces of Bombay and Madras. Several problems of food, cloth, etc. common to all are tackled either at the Centre or as between two or more provinces and native states. We urge therefore that this question of formation of Karnataka University should be tackled jointly by the Governments of Bombay and Madras to the satisfaction of all Kannadigas in those provinces and in minor native states who have also expressed their desire to join the United Karnataka.

EPH G3

S

3. High hopes were raised in the minds of the people of this district by the ex-Ministry by promising us (a) A Poly-technological institute; (b) An Ayurvedic College; (c) An anti-malarial campaign and (d) Protected Water Supply for Mangalore.

(a) Foundation stone was laid by the ex-Minister Mr. V. V. Giri for the Poly-technical school but it has not advanced further though we are told admissions of students would commence in June 1948.

Dev

(b) The opening of an Ayurvedic College was again promised and some steps were even taken but this seems to have been put in the cold storage.

EPH H2

We hope the resolution of the previous Ministry has passed the stage of controversy whether Ayurvedic system of medicine should be developed at all in view of vast strides made by the Allopathic system and advancement it has made in this Country. If it persists in any quarter we would like to point out that far larger number of patients in this Presidency, as elsewhere, are being treated by Ayurvedic vaids than the allopathists can claim to their credit. The nooks and corners of the districts especially the rural parts never enjoyed in the past nor will they be reached in future by the allopathists if the cost of their services and the costly foreign and patent medicines manufactured on commercial scale and for profit remain what they are to-day. The country is too poor to pay for the services of an allopathist and the prohibitive prices of foreign commercial and patent medicines. The fact that a larger number of patients are being treated by untrained Ayurvedic practitioners is in itself demands establishment of institutions for scientific study of indigenous Ayurvedic system of medicine. There is as much justification in this demand of the people as we can find for the propagation of khadi and development of indigenous art and culture. The establishment of an Ayurvedic College in this district is also necessitated by the presence of three oriental colleges in this district which offer suitable candidates for the study of Ayurveda. We earnestly request you to see that the promise of the Government of Madras is immediately fulfilled. Please permit us to say that it is a poor consolation to tell us that a College of Indian Medicine is opened at Madras. In the first place it looks as if it only for Tamil knowing candidates as seen from the advertisement. Kannada candidates seem to have no room there. If Kannada students are not going to be admitted we fail to see the justification for the Government to open this sectional college which is as much a Government of others as of Kannada people. Madras City had [illegible] in the past [illegible] golden ~~[illegible]~~ hours by following a policy of centralisation. In the wake of the policy of rural develop-

EPH
H2

ment decentralisation in these matters should have been followed and encouragement to all sections of the people should have been given. We note with great satisfaction that an agricultural College was opened by Hon. Mr. M. P. Patel in Dharwar, the Karnataka Minister in the Government of Bombay, as a Government institution. We hope it is not too much to expect the Government of Madras to open an Ayurvedic College in this Karnataka District atleast as a compensation for the vast surplus revenue they have extracted from this district in the past and now more than ₨30 lakhs as surplus a year.

EPH
H2

(c) This District has vast Malanad area. Malaria has made its home in this district. The malanad villages more than 80 in number hardly enjoy 2 or 3 rural dispensaries. There is a great need to extend the scope and number of rural dispensaries. The finances of the District Board do not permit expansion in this direction; and we do not feel that the policy of the Government not to open rural dispensaries where there are private practitioners is correct. We feel that it is an evasion of responsibility. Otherwise on that basis the urban dispensaries will have no ground to exist as expert aid is always available in urban areas.

EPH
E1

We understand that anti-malarial operation which was intended to be started in Belthangady Sub-Taluk was given up and instead another district was selected. This only provides us another argument to say that this district was neglected in the past and it will be continued to be so even under the popular ministries. We are conscious that Kannadigas are in a minority in the Madras Legislature and in the Cabinet who are presiding over the destinies of people belonging to different races and cultures. We expect that justice should be meted out to the people who were voiceless in the past and who were sufficiently bled in the past and even now to the benefit of others in this Presidency. We would like to commend the practice followed by the Government of Bombay of equal distribution of the benefits of popular government among Gujarathis, Maharastrians and Kannadigas. Otherwise we are afraid the dice will always be loaded against the cultural linguistic minorities.

EPH E1

(d) Mangalore is suffering from elephantiasis. We were promised protected water supply and drainage. But no progress seems to have been made in this direction. We urge the same may be expedited to the benefit of the citizens of Mangalore and vast student population who come from distant rural parts to prosecute their studies.

EPH H1

4. The South Kanara District (Food) Committee on 29-4-1947 unanimously resolved to utilise the penalty proceeds out of rice procurement towards (1) establishment of a Tuberculosis Hospital; (2) opening of a cattle-breeding centre and (3) Supply and distribution of better seeds to the cultivators. We commend the above decision and request you, Sir, to see that the said proceeds are utilised for the above purposes and help us in establishing firmly a Tuberculosis hospital the necessity of which has been keenly felt by the rich and the poor of this district all alike. A cattle farm and distribution of better seeds are equally necessary to increase production of our foodgrains in order to make this district self-sufficient which is now deficit by 23,000 tons of rice even at the reduced scale of 10 oz. a head.

Dev

EPH H2

Not for H2

5. This reminds us of our plight in the matter of food supply. We, the landholders in this district were the first in giving our voluntary co-operation in the matter of solving the food problem of the district. We were the first in the Country who demanded Fixation of fair price and procurement and distribution of foodgrains through the Co-operative Societies. The South Kanara Wholesale Co-operative Stores under the Presidentship of Mr. M. Shiva Rao have proved beyond all doubt how co-operators can come to the aid of consumers and producers to solve the food-problem. On seeing the successful working of this Society, Government of Madras encouraged starting of similar societies elsewhere. But in return our own grain was exported, we do not grudge to go to the aid of our neighbours but we expect the Government of Madras should bear all these facts in mind and save our people from impending starvation. Self-denial on the part of Landholders and growers cannot go further than we have undergone.

Food

It was the desire and in fact we were promised the price of other articles required by agriculturists would be controlled and that steel and iron implements would be supplied at controlled prices. But we see no steps being taken to achieve that desired end. On the other hand interested parties are clamouring to raise the existing controls on iron, steel and cloth. This is neither justified by the prevailing prices nor by availability. This cry is based on the ground of red tapism, delay, unequal distribution of the available quantities and inefficiency of distribution. We do feel that these are valid ground-s that call for efficient and fair distribution but not to raise the

Dev

control. When the price of food-grains are controlled, the control of prices of other necessary articles must also remain to the benefit of the food-grain producers.

Dev

Coming to the price of food-grains our submission is that the present prices were fixed three years ago when the price of other articles of necessity, cost of services were very much lower than now. Time has come to revise and increase the same in proportion to the price level of other articles and services. It is a wrong way of looking at it to say that we would be entering a vicious circle and spiral of prices; especially when one knows that producers and labourers depending on agriculture form 78% of the population.

Food

6. The land revenue and tenancy legislation is under the consideration of the Government. We do not wish to say anything at this stage until we know the exact policy that will be ushered in this connection. We only wish to say that there is no justification to treat the landholders in a different manner than the Government might chose to deal with other capitalists. We are not against reforms to make agriculture paying and life of tenants safe and worth living leading to equitable distribution of the proceeds between the parties depending on agriculture. We earnestly hope that we will be given a chance to make our submissions when the Government comes forward with their proposals.

Rev

We are thankful to you, Sir, for giving us this opportunity to represent our grievances. We are conscious that we have touched subjects that are not under your care and administration; but we are encouraged to

---

believe that you will convey our grievances and demands to your respective colleagues in the Madras Cabinet who may or may not find time to visit our district.

We thank you once again and wish you health and long life.

We beg to remain,
Sir,
Yours obediently,
K. B. [illegible]

Honorary Secretaries.

DOPH(A)

Pl. see the memorandum on pp 1-11 above. Relevant extracts have been sent to the Depts concerned with ref. to the minutes of H.M (PH) on p 1 above. The points with which this Dept is concerned are examined below:

A: on pp 2-3 ante. The question of raising the Govt college, Mangalore to a 1st grade institution was considered and dropped in 1944. In Sep 46 the ~~[illegible]~~ H.M (Rev), Sri K. R. Karant, raised the issue but ~~it~~ the question was dropped again - vide the notes on p 49 of G.O.W.C 1043 Edn d 12-7-44. Recently the Govt have raised the Govt Brennen, Tellicherry to a 1st grade institution with effect from 1947-48. This institution will serve the needs of S. Kanara Dt also. In view of this, there seems to be no case for reconsidering the decision taken in ~~[illegible]~~ the memo on p ICF of (a). In connection with the Part II estimates for 1947-48 the DPI submitted proposal for the opening of Trg. colleges at Mangalore and Tellicherry attached to the local Govt Colleges. The proposal was, however, not accept

13 A

The Govt. have however just made arrangements with the Cochin State to train 10 British Malabar Students every year in the Teachers' Trg college at Trichur. They have also decided that Kannada B.Ts may ~~be~~ continue to be trained at the Teachers' College, Saidapet. The authorities of the Xian College High School have agreed to open a Kannada section in the School and the idea is that this section should provide teaching practice for the Kannada B.Ts. It has also been decided that the Kannada section in the Xian college High School may be given a full grant instead of the usual half grant given in such cases.

In the circumstances no action is necessary on the requests to raise the Mangalore college to the first grade or to ~~attach~~ open a training college there.

(34) 62 ~~32~~ 14

Para 3 (b) re pp. 5-7 ante — Opening of an Ayurvedic College in the Karnatak District:

The Govt. have recently considered the question of opening Colleges of Indian Medicine at Madras and at four other places including Mangalore on linguistic basis. In view of the financial stringency caused by the introduction of Prohibition in this Province, the Govt. have sanctioned the opening of a College at Madras alone and deferred the question of opening colleges at other places. The ~~proposed~~ college of I.M. at Madras will consist of three sections including Ayurveda. It is now too early to reopen the question of opening a College for the Karnataka District. No action therefore seems necessary on this point.

Fort St. George, Madras.

R.O.C.No.185-K2/47 dated 27th September, 1947.

ASST. SECRETARY TO GOVERNMENT
30 SEP 1947
EDUCATION AND PUBLIC HEALTH DEPT.

7776

SIR,

Training College, Trichur--Deputing women Malayalee students.

Reference:-Government Memorandum No.65759-1/47-A Edn., dated 4..9..1947. part

---

I have the honour to state that there are already far more Malayalee women B.T.Teachers than are needed for the schools in Malabar and as such there is no need to make any special arrangement for their training. I suggest that of the 10 students who are deputed to Trichur every year, not more than 5 may be women students. I consider that this arrangement should satisfy the present needs.

FOR DIRECTOR OF PUBLIC INSTRUCTION.

Sir,

Sub: Training College~~x~~, Trichur - Deputation of Malayalee students.

Ref: Govt. Memo.No.65759-2/47-A Edn dated 4-10-47. pre-Sante

I have the honour to state that in view of the fact that there are already more Malayalee women B.T.'s than are required I consider that for the present no special facilities need be provided for the training of B.T. women students.

2. The number of men and women students who applied for B.T. training in the current year is furnished hereunder.

Sub: College - Training, Trichur - Deputing women Malayalam students.

Read: G.O. No. 1298 Edn. dated 20.6.47.

p/c.f. C.no. 65759 From the D.P.I. No. 185 K2/47 dated 11.8.47.

Please see the letter from the D.P.I. on p/c.f. It is stated that with the existing accommodation, equipment and the maximum number of admns. sanctioned to the Trg. college at Trichur, it is not possible to reserve any more seats ~~fro~~ for students from British Malabar; and that there is no objection to ~~the deputation~~ women students being deputed against the ten ~~students~~ seats already reserved. But the seats already reserved are necessary for men students. In the circumstances it is for consideration, whether the proposal to depute women Malayalee students to the
