Dear Dr. Savor,

Advisory Bd. for Secy. Edn.

It has been proposed that a separate Advisory Board for Secy. Edn., mainly non-official, consisting of the educationists of the Province, be constituted to advise Govt. on important matters relating to that field of edn. The no. of members on the Bd. would be about 15 - 3 officials, 3 members of the Legislature, 2 representatives of teachers, 2 representatives of managements and 5 representatives of other interests - all to be nominated by Govt.; among the 15, there would be, by convention, one Muslim, one Christian and 1 woman. The Hon. the Minister for Edn. would be the Chairman of the Board, the D.P.I. a member and the Dy. Dir. in charge of Secy. Edn. its Secretary. The Board might meet about once in three months and it is expected that it would not take more than a day for a sitting. The non-official members

ight be given a second-class fare to and fro for the
journeys and also a daily allowance of Rs.5 each.

I am desired to request that detailed
proposals to give effect to the suggestion may be drawn
up and sent to Govt., with, if possible, a rough estimate
of the costs involved.

Yrs.sincerely,

Rao Bahadur
Dr. S.R.U.Savoor,
M.A., D.Sc.(Lond.),

Director of Public Instruction
M a d r a s, 10th October 1946

My dear Subramanian,

REF:-Mr. Viswanathan's D.O.No.47238-B1/46-2, Edn.,
dated 10th September 1946.

SUB:-Advisory Board for Secondary Education.

...

I have discussed the matter personally with the Hon'ble
Minister and he is of the opinion that in view of the fact that
we have already a Board of Secondary Education there is no need
to create an Advisory Board for Secondary Education whose func-
tions would naturally overlap to a large extent.

He has since decided that it would be more appropriate
to have an authoritative Provincial Board of Education to advise
on all matters relating to any grade of education that may be
referred to it. I would suggest that it may perhaps meet twice
a year. All except the ex-officio members will be nominated
by Government and will hold office for a period of three years.
The Hon'ble Minister will be the President and Government will
appoint one of the members Secretary.

I suggest that the board may consist of between 21 and
25 members ordinarily made up as follows:--

PRESIDENT: Hon'ble Minister for Education.

Members: Director of Public Instruction -
Ex-officio.
Three Vice-Chancellors - Ex-officio.
One Deputy Director of Public Instruction.
One Divisional Inspector of Schools.
Six public men of whom three shall be
M.L.As. or M.L.Cs.
Four Principals of whom two shall be
Principals of Professional Colleges
and one a Science man.
Two teachers of eminence.
Two representatives of managements.
Four to represent if need be interests,
etc., not otherwise represented.

I consider that since the Board may be called upon to deal with
any problem dealt with by Hon'ble Minister, we should be able to
secure a variety of talent as otherwise it would not be competent
to deal with the questions except at second-hand.

Naturally a body like this should have its members drawn
from any part of the Presidency and the members should be paid
Travelling Allowance and Halting Allowance as for First Class
officers of Government. No other honorarium need be paid.

I shall be thankful if you will submit this to the Hon'ble
Minister and obtain his orders. If the scheme is agreeable to
him, I shall submit the names if so desired.

Yours sincerely,

S.R.U. Savoor

My dear Avinashalingam Chettiar,

I find the list of members constituting the proposed Provincial Advisory Board of Education contains only 2 muslims out of a total strength of 29. This representation seems to be very meagre and inadequate so far as the muslim community is concerned. It is desirable that in a body like this, there should be at least 5 muslims, especially in view of the fact that muslim education is a special problem by itself. I am afraid the present representation on the board is not likely to satisfy the muslim community.

I therefore take the liberty of suggesting to you that whatever be the ^{principles} numbers on which the board on which the board is proposed to be constituted, it will be expedient and very desirable that you should consider the question of giving increased representation to the muslim community on this board. I make this friendly suggestion in the interest of all concerned and hope you will appreciate the same.

Thanking you,

My dear Subramanian,

SUB:-Provincial Advisory Board of Education -
Travelling Allowance to non-official
members.

..... 1659-60 ante
Please see your D.O.No.47238-B1/46-5, Education,
dated the 13th December 1946. Of the 22 non-officials
on the Advisory Board, 11 are in the mofussil and the
other 11 are in the City itself. Adopting the data
given in your D.O. and assuming that the Board will meet
once in the course of this year and that each quarterly
meeting of the Board will last for about three days, the
amount of travelling allowance, etc., payable to the
mofussil members comes to Rs.1,150/- for one meeting.
I, therefore, suggest that a sum of Rs.1,200/- in the
Revised Estimate for 1946-47 and of Rs.4,600/- in the
Budget Estimate for 1947-48 may be provided for the
purpose. The provision may be made under the head,
"37 - Education - C - Direction - O.C. Other charges -
Allowances", inasmuch as the Board is to deal with all
grades of education and the bills of the non-officials

Education dated the 26th November 1946.

I am thankful to the Government for asking me to be on the Provincial Advisory Board of Education that they propose to constitute. The delay in acknowledging the reference is because my wife took suddenly ill and has had to undergo a major operation. I was hesitating to accept the responsibility of serving on the Committee having regard to the wide scope of its functions and the possible extent of its activities, I am extremely doubtful whether I will be able to serve any useful purpose on the Board or even be able to attend its meetings regularly consistently with the performance of my legitimate duties. The subject, however, has been of engrossing interest to me and during my non-official life, I have filled many offices connected with District Educational Councils, Secondary Education Boards, Local Boards and Municipal Councils not to speak of my activity while serving as a member of the old Legislative Council. Having regard to these considerations I have decided to accept the offer provisionally.

Honoured Sir,

Sub:-

Representation (legitimate) of E. S. T. U.
School teachers on the Provincial Advisory
Board of Education - Requested.

2184

While welcoming the formation of the provincial Advisory Board of education by the Government for the final shaping of the scheme of Education in the Province of Madras, it is most regrettable that even our Congress Popular Ministry has over looked to include E. S. T. U. school teachers on the Board. All cadres from the Honourable Minister down to the Head master of a high school and in addition to Rev. Missionaries have been given place on it to enable them to place their experiences before the Board for consideration and for consultation.

The E. S. T. U. school teachers do not aspire a place on it for honour. They have a duty to perform and a responsibility to discharge as factors and partners of Administration. After the advent of a National Government, will no longer think that they are mere servants to carry only the biddings and directions from above. They assert their place in Society and right to claim to be consulted in a scheme the success of which depends on their willing and active co-operation. They can no longer be thought of to be devoid of any capacity to give sound advice in matters concerning education. In fact there are hundreds of teachers worthy of consultation and capable of putting forth original plans.

As far as E. S. T. U. Education, both free and compulsory, Adult Education, and Rural Library schemes concerned with which E. S. T. U. school teachers are directly concerned, no other agency can claim to be a better authority than these.

84/2

There are about four to five hundred Taluk Unions and Associations of Elementary school teachers in the whole province and their Central Organisations were disallowed by the Advisory Board some years ago. About the middle of November 1946, the learned Director of Public Instructions has turned down a proposal to convene a conference of delegates of Ele. School teachers Unions or Associations in the province at Madras under his presidency and in the presence of the Honourable Ministers. Now they were denied a place on the advisory Board set up by the Government. Are they not worthy of consultation?

Sir,

I request the Government be pleased to allot some places to delegates from the Ele. school teachers unions and associations on the Advisory Board of Education to give due representation to a large section of workers and to enable them to place their experience and schemes before the Board in person and further requests the Director of Public Instructions to champion the cause of teachers in the matter.

I beg to remain,

ORDER:

The Director of Public Instruction is informed that
the Government have considered that the suggestions made at

Thanks for your reply D.O. No. 113
I am sorry to state that it has

not answered my point.

You state in your reply quoted above that "the non-official members of the P.A.B. of Edr who reside in the city of Madras will be paid an allowance of Rs 7/5 per day for attending the meetings of the Board". I had absolutely no doubt on the point. Para 2 of G.O. No. 13 Education dated 4-1-47 has made it clear. There were two meetings of the Board and I have drawn allowance as per the para 2 quoted above.

My doubt was whether we are entitled to claim the allowance for attending meetings of Committees of the Board and not of the Board itself. I shall be much obliged if you would be pleased to clear my doubt on this point. Thanking you.

It is proposed to form an Advisory Board for Secondary Education. The Minister for Education will be the Chairman of the Board. The D.P.I. will be a member and the Dy. Director in charge of the Secondary Education will be the Secretary of the Advisory Board.

It is proposed that the number of members will be about 15 of whom three will be official, three (from amongst the) members of the Legislature, two representatives of teachers, two representatives of managements and five others. All of these will be nominated by Government and by convention, there will be one Muslim, one Christian and one woman in the Board.

The Board may meet about once in three months. The non-official members of the Board must be given second class fare to and fro as well as Rs. 5 as daily allowance. It is not expected that the Board will take normally more than ~~two~~ ^{one} day for any sitting. ~~Ordinarily, it may not take more than one day~~

The financial results of the above proposal may be calculated and the necessary proposals put up.

SECRETARY, EDN. AND P. H. DEPT.

ISA
19-8-48
H.M. Education.

E. & P. H. (B. I.)

With reference to H.M.'s minute on page 1 ante
attention is invited to the letter of the D.P.I. on pages
2-5 and the order on pages 14-16 c.f. of G.O.No.1608 Edn,
dated 19.8.46, sanctioning the re-constitution of the S.S.L.C.
Board. The Board has ~~merely~~ ceased to be a body merely for
conducting the S.S.L.C. examination. Its main function
hereafter is to advise the Director on all matters connect-
ed with secondary education. All educational interests,
Govt., teachers, managements of schools and Universities,
are represented on the Board. There is also provision
for special representation of minority communities. The
Board is thus a fully representative body and as it is
created by the Govt., they can ~~always~~ ask for its opinion
on any matter which they want. H.M.(Education) can also
address the Board on matters of importance and attend, if
necessary, ~~attend~~ the meetings of the Board when important
subjects are discussed.

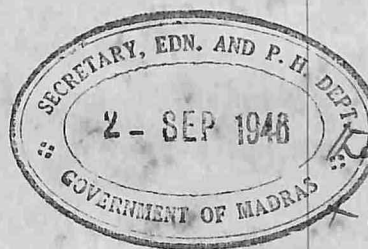

In the circumstances, it is for consideration whether
a separate Advisory Board for Secondary Education as
proposed in the minute should be called for. The formation
of

of a Board will of course involve some additional
expense, but as the actual cost can be worked out
only after it is known who are the non-official
members to be nominated ^{as the cost on their travelling} in the Board, ~~as~~ all expenses
can be calculated only then. The file may be cir-
culated to H.M.(Edn.) for orders.

23/8/46 \$

I think that in view of the reconstitution
on broad lines of the S.S.L.C. Board, a
separate advisory board is not quite
necessary.

B. S. C.

H. N. (Sohn)
It is necessary for the reason that
the one board will ~~be~~ ^{is to} advise the D.P.I.
and will more or less official. But this is
intended to be mainly non-official & consulting
of the educationists of the province.

Please see the D.O. from the D.P.I. on p. 3. c.f.

He has submitted proposals for the constitution of a Provincial Board of Education to advise on all matters relating to any grade of education that may be referred to it instead of an Advisory Board of Secondary Education.

He requests that orders of H.M. (Edn) may be obtained whether he is agreeable to this scheme. Attention is in this connection invited to the notes at pp. 5-8 n.f. and the letter on pp. 15-16 c.f. of linked file.

2. The Director considers that as the members of the Board have to be drawn from any part of the presidency, they should be paid travelling and halting allowances as for first-class officers of Government. He apparently means that the members should be treated as Grade I officers.

It is enough if the non-official members are given only first class fare and a third class fare if a servant is taken, mileage at 12 annas. and daily allowance at Rs. 7-8-0. The Govt. officers will draw travelling allowance and daily allowance at the rates admissible to them under the rules.

The file may be sent to Finance for remarks before circulation.

position then taken up was that a complete administrative & financial responsibility, the proposal for a Board might wait. There is no fundamental objection, however, to the question of constitution of a Board being considered independently of the other question.

Education - Provincial Advisory Board of Education -
Payment of Travelling and Daily allowances to members for
attending the meetings of the Sub-Committees of the Board.

From Sri S.K. Yegnanarayana Ayyar, dated the 28th September 47.
From the Director of Public Instruction, R.C.No.45-F1/47
dated the 28th January 1948.

Please see the correspondence in the c.f. on pages
1-17. The Director of Public Instruction reports that two
sub-committees of the Provincial Advisory Board of Education
- one to go into the question of recognition and aid of
elementary schools under private managements and the other
to consider the replies received to the questionnaire issued
by the Government and to make recommendations - have been
constituted by the Board. Certain non-official members of
the sub-committees have claimed T.A. and D.A. and the
Director has passed the bills in anticipation of the approval
of Government. The Director now requests that his action
may be approved and necessary amendments may be issued to
G.O.13 Education, dated the 4th January 1947, to enable him
to pass the bills of the members in future. The Director's
action may be approved and necessary amendments may be
issued to the G.O. referred to above.

2. In this connection, it is submitted, that the
Provincial Advisory Board of Education has not been authorised
by Government to constitute sub-committees. Even the Director
has not addressed the Government for the approval of the
constitution of the ^{sub-}committees before constitution or the
personnel of the committees as in the case of the sub-
committees constituted for drafting the syllabuses for
various subjects included in the revised curriculum of
studies for secondary education. In the circumstances,
it is for orders whether the Director may be informed
that the sanction of Government should be obtained in future
before constituting the sub-committees.
