2. In 1943, the D.P.D. proposed that bifurcated Courses in two subjects might be introduced in certain selected high schools and that the Courses in other subjects might be introduced and other schools brought into the scheme gradually. The Govt considered that it was desirable to introduce the scheme of reorganization throughout the province simultaneously instead of beginning it with a few schools and the D.P.D. was asked to have the scheme completely ready so that it might be introduced after the war was over. The introduction of the scheme has been postponed to 1947-8 - Govt. No. 1036 Edu. 20-5-46

(c)

The D.P.D. has worked out the details

of the scheme. He may be consulted as whether the scheme has been formulated with a view to its introduction all over the province.
