Provincial Overseas Scholars, 1945 - Payment of Scholarships and allowances.

Sir,

I am directed to refer to the correspondence on the subject mentioned above and to say that with a view to facilitating the maintenance of accounts not only in India but also in the United Kingdom and United States of America, the Government of India have decided that the following procedure should be adopted for the payment of the scholarship and other allowances to students sent abroad for advanced studies on scholarships awarded by the Provincial Governments in 1945.

Category (1): Permanent or temporary Provincial Government servants selected for the Provincial Scholarships:

2. As originally stated in para. 4 of the late Department of Education Health and Lands letter No.F.85-14/44E, dated the 4th December and reiterated in subsequent correspondence on the subject, the entire expenditure on the advanced studies of these scholars is to be borne by the Provincial Government concerned. The Provincial Governments are free to work out their own rates for the payment of the scholarship and allowances to be paid to the scholars; but for the sake of uniformity and making the work of the disbursing officers easy, it is hoped that Provincial Governments will, fix the same rates as have been fixed by the Government of India in respect of their scholars. It is clear, however, that this uniformity cannot be maintained in those cases where the scholars have been deputed on study leave terms and in these cases, it is essential that the High Commissioner for India in London, should be informed of the precise amount of allowances to be paid to each scholar. So far as students sent to the U.S.A. are concerned, it is hardly necessary to emphasize the need that still exists for conserving India's dollar resources and it is proposed that no scholar should be allowed more than an overall total of $ 2,400 per annum inclusive of scholarships and cost of books etc., unless the scholar is entitled to study leave terms and is accordingly entitled to a bigger amount. This amount of $ 2400 per annum, is however, exclusive of the tutition and examination fees and other approved charges, if any, payable to the educational institutions. In cases of sickness and other unforeseen circumstances, a further allowance may be made, if so recommended by the Hon'ble the Agent General in United States of America.

3 A copy of this Department letter Nos.F.21-2/45 E-IV, dated the 16th March, 1946 addressed to the High Commissioner for India and the Hon'ble the Agent General in the United States of America and a copy of this department telegram F.21-2/45-E-IV, dated the May, 1946 to the High Commissioner for India in London are enclosed for information and the Government of India would suggest that as in the case of the Central Scholars, the High Commissioner and the Hon'ble the Agent General may be authorised to sanction special allowances in individual emergent cases, subject to a report being made to the Provincial Governments as soon as possible.

The .....

4. The heads under which the expenditure should be debited in the United Kingdom as well as in the United States of America may be intimated to the officers concerned. It may be added in this connection that so far as the Government of India scholars to the United States of America are concerned it has been decided to get the debits passed on direct to India by the Agent General in the United States of America after he has made the payments. Similar procedure may be adopted in the case of Provincial Government Scholars the A.G.C.R. taking steps to recover the amount paid by the Agent General in the United States of America from the Provincial Governments concerned on receipt of monthly cash account, from the Agent General.

Category (2) : Non-Government servants selected for Provincial Scholarships, 1945.

5. The expenditure on the advanced studies of the students falling under this category is to be shared equally between the Central Government and the Provincial Government concerned. The whole expenditure will, however, be met in the first instance by the Provincial Governments and at the end of each financial year, the share of the Central Government will be credited to the Provincial revenues. These adjustments will be based on statements of disbursement made to the students in question to be furnished by the High Commissioner or the Agent General.

6. As in the case of Government servants under category (1), it is suggested that a uniform rate of scholarship is adopted in these cases also. But where a Provincial Government for particular reasons desire to adopt a rate different from the one adopted by the Government of India, the Government of India would have no objection provided that the Centre's share of cost on a 50 : 50 basis shall be debited as though the rate adopted by the Provincial Government were not more liberal than the rates adopted by the Government of India. For facility of disbursement, however, it is recommended that the Provincial Government may authorize the High Commissioner and the Agent General to follow in these cases the same rates as adopted for the Central Government Scholars from time to time. If it is decided that the Government of India rates should be adopted in toto, then a general authorization may be given to the High Commissioner and the Agent General to adopt any changes made by the Government of India in their rates without waiting for a specific sanction from the Provincial Government in each case. Where any special allowance is sanctioned by the High Commissioner or the Agent General to meet emergent situations, the reasons for the grant will be communicated by these officers to the Government of India, who in turn will communicate them to the Provincial Government concerned. In view of the arrangements proposed, it is necessary that in these cases also, the heads to which the expenditure should be booked should be intimated to the High Commissioner and the Agent General.

7. I am to express the hope that the proposals containted above will have the approval of the Provincial Governments and to request that the necessary formal orders may be issued urgently direct to the High Commissioner and the Agent General regarding the various points, under advice to this Department.

8. A statement showing the names of Provincial Scholars, 1945, who fall under the categories mentioned in para. 1 above is enclosed for information.

I have the honour to be,
Sir,

Overseas Scholarships, 1945 - Stipends.

Sir,

In confirmation of this Department telegram No.F.21-2/45-E.IV, dated the 16th March, 1946, I am directed to say that the Government of India are pleased to convey their sanction to the payment to the students sent by the Government of India or a Provincial Government to the United States of America for advanced studies overseas, stipends at the following rates:

(a) At $ 1,200- (One thousand and two hundred dollars only) p.a. each in all Universities which are not considered to be expensive.

(b) At $ 1,500 (One thousand and five hundred dollars only) p.a. each in all Universities or institutions considered expensive.

2. The stipends sanctioned in the preceding para are exclusive in all cases of the College and examination fees and other approved charges. These fees should in all cases be paid to the University or institution direct.

3. In addition to the above, the Government of India are pleased to authorize you to sanction in special cases any ad hoc additional allowance should it be considered necessary to meet special circumstances provided that in each such case a report is made at once to the Government of India showing the exact amount sanctioned and setting forth in full detail the circumstances necessitating the grant.

4. The expenditure incurred on this account is debitable to the head 63-A-Post-war Planning and Development Department. A new sub-head will be opened for this purpose in Demand No.72-Post-war Planning and Development for the current year and intimated to you in due course.

OVERSEAS SCHOLARS, 1945 - Stipends.

Sir,

In confirmation of this Department telegram No.F.21-2/45-E-IV, dated the 16th March, 1946 on the subject mentioned above, I am directed to convey the sanction of the Government of India to the payment to the students sent by the Government of India or Provincial Government to the United Kingdom for advanced studies stipends at the rate given below:-

(a) To students at Universities or Colleges in the United Kingdom other than Oxford or Cambridge, £300 (Three hundred only) p.m. each plus all tuition and examination fees and other approved expenses.

(b) At the Universities of Oxford and Cambridge, a flat rate of £400(Four hundred) p.a. each inclusive of living expenses and all University and College dues.

2. It is desirable that tuition and other approved fees should be paid by you direct to the institutions concerned.

3. The Government of India are xx also pleased to authorize you to sanction at your discretion payment of small additional monthly allowance to the stipendiary students in cases where adherence to the flat rates is likely to cause financial stress through no fault of the students. Cases where this discretion is exercised should, however, be reported at once to this Department together with full details of the circumstances necessitating the grant of the additional allowance and the actual amount sanctioned.

4. The expenditure incurred on this account is debitable to the head 63-A Post-war Planning and Development. The requisite sub-heads in Demand No.72 Post-war Planning and Development for the current year will be opened and intimated to you in due course.

SENDING OF STUDENTS FOR ADVANCED STUDIES OVERSEAS, 1945 - PAYMENT OF STIPENDS.

Sir,

I am directed to forward herewith a copy of the papers details of which are given in Appendix I to this letter and to seek the concurrence of the Provincial Government to the measures proposed in respect of the payments to be made in India and abroad to permanent Provincial Government servants selected for the Overseas Scholarships awarded by the Central Government in 1945. As these arrangements have been suggested with a view to facilitate the maintaining of accounts and as it has already been stated in the letters offering the scholarships to the candidates in question that the full expenditure on the advanced studies of the scholars selected for the Central Scholarships, will be borne by the Government of India it is hoped that the Provincial Government will have no objection to the proposals made by the Government of India.

The statement appended to the Office Memorandum referred to in item (3) of the Appendix to this letter sets forth the names and some other particulars of the scholars, who, so far as this Department are aware, fall under categories E (1) and E (2) mentioned in this Department Office Memorandum No. F 21-1/45 EIV, dated the 1946 to the Accountant General, Central Revenue. Should this list be found inaccurate or should need any modification, the necessary changes may kindly be communicated to this Department very urgently. The Government of India will be grateful if the Provincial Government could now issue the necessary orders regarding the grant of the study leave to scholars falling under category E (1). In order to facilitate the work of the High Commissioner for India in London and the Hon'ble Agent General in the United States of America, it is requested that these orders should specify the exact amounts admissible under the study leave terms and also the head to which the expenditure is to be debited. Where the study leave terms fall short of the scholarships awarded to non- Government servants, the Provincial Government may issue a general authorization to the High Commissioner in London and the Hon'ble the Agent General in the United States of America to sanction without reference to the Provincial Government a supplementary allowance to make up the short-fall and to debit this expenditure also to the head to be indicated by the Provincial Government. The expenditure already incurred in India, namely, on passage, railway fare to port, equipment allowance and pocket money, will however be met by the Government of India themselves.

P.T.O.

In respect of scholars falling under category E(2), the Departments of the Government of India concerned will address the Provincial Government in due course regarding the grant of the study leave terms.

Sir,
Your most obedient servant,

DEPARTMENT OF EDUCATION

New Delhi, the 1st April 1946

OFFICE MEMORANDUM

SUBJECT:—*Sending of students for advanced studies overseas—Payment of stipends*

The undersigned is directed to forward herewith a copy of this Department brochure entitled "Information for students desiring to proceed overseas for advanced studies, 1945" setting out the scheme in regard to the sending abroad by the Government of India of students for advanced studies and to say that in consultation with the Finance Department, through whom a copy of this office memorandum is being endorsed to you, it has been decided that the following payments should be made to the students finally selected, in the manner laid down against each:

A. **Students who were not in the employment of the Central or a Provincial Government on the date of accepting the scholarships.**—Students coming under this category will be entitled to the following payments:

(i) One second class fare by Railway from normal place of residence to port of embarkation in India (disbursed through Messrs Govan Brothers *vide* this department letter No. F38-2/45E dated the 15th September, 1945, copy endorsed to you under same No. and date through Finance Department.)

(ii) Equipment allowance of Rs. 500 per candidate (to be disbursed through Messrs Govan Brothers Ltd.).

(iii) Pocket money for voyage of £5 (equivalent to Rs. 66-10-8) for each student, to be disbursed through Messrs Govan Brothers *vide* this department endorsement quoted under (i) and (ii) above;

(iv) Actual steamer fare to the United Kingdom or United States of America or other country of instruction (disbursed through Messrs Govan Brothers).

(v) Travelling Allowance from port of disembarkation to place of instruction abroad on scales to be settled by the High Commissioner for India in London or the Hon'ble the Agent General for India in Washington;

(vi) stipend while abroad at a rate to be fixed and communicated to you in due course (In the meantime, as intimated in this Department endorsements No. F.21-2/45E IV dated the 13th October 1945, the High Commissioner for India in London and the Hon'ble the Agent General in the United States of America have been authorized to pay to each candidate an advance of £75 and $ 300 respectively, to be adjusted after the exact stipends have been determined).

(vii) Tuition fees and other approved charges levied by Universities and other institutions abroad, except in respect of students studying at Oxford and Cambridge where the stipends fixed will be inclusive of these charges. The tuition fees will be paid by the High Commissioner or the Honourable the Agent General direct to the institutions concerned.

(viii) Travelling Allowance at approved rates from place of instruction to port of embarkation at the end of the studies abroad;

(ix) Actual steamer fare from port in the United Kingdom or United States of America or other country of instruction to a port in India, and

(x) one II class fare by Railway from port of disembarkation to place of normal residence in India or to place where he may be asked to report himself for duty.

The expenditure incurred in the current year will be debitable to the lump sum allotment under the budget of the Central Government under "Demand No. 72-J-Lump sum provision for schemes under consideration". The expenditure incurred by the High Commissioner in the United Kingdom will however be debitable to the sub-head "Scheme for advanced studies abroad" under charges in England in the same demand, *vide* Finance Department letter No. D.307-B/46 datd the 11th January, 1946 addressed to the High Commissioner, London (copies enclosed for ready reference). The expenditure incurred in the United States of America will be passed to India for being debited to the sub-head "Demand No. 72-J-Lump sum provision for schemes under consideration".

A list of students coming under this category will be furnished to you in due course.

B. **Students who were in temporary service under Central Government on the date of taking up the scholarship.**—These candidates, a list of whom will be furnished in due course, will be treated on the same footing as candidates falling under category A above, in respect of the payments to be made to them and the method of accounting to be made.

C. **Students who were in the permanent employment of the Central Government on the date of taking up the scholarship.**—All students coming under this category will be considered to be on study leave from the date on which they are relieved from duty in India up to the date on which they rejoin duty on their return to India. As a special case it has been decided that Rule 2 of Appendix 9 to the F and S. Rules restricting the maximum duration of the Study Leave to two years should be relaxed in respect of these students. The following payments will be admissible in respect of each candidate coming under this category:

(i) to (v). As in the case of category A except that the allowance in (iii) will not be admissible in this case.

(vi) Emoluments as under study leave rules from date of relief in India, together with the study allowance at the rate of 12 shillings a day in the United Kingdom and 30 shillings a day in the United States of America.

(vii) to (x). As under category A.

It has also been decided that where the emoluments under study leave terms fall short of the stipends sanctioned for non-Government servants sent for studies, an additional allowance should be sanctioned to ensure that in no case a Government servant is placed in a less favourable position than the others. The exact amount of these allowances will be intimated to you in due course.

Pending the calculation of the exact study leave terms, the High Commissioner for India and the Hon'ble the Agent General in the United States of America have already been authorized to treat all Government servants as non-Government servants for purposes of payment of stipends, *vide* this Department endorsement No. F. 21-2/45EIV, dated the 13th October, 1945. Any payments made in pursuance of this authorisation may be adjusted against the study leave allowances.

In supersession of all orders so far on the subject, the entire expenditure incurred in India and abroad on the advanced education of students coming under this category will be debited to the budget allotment of the departments

concerned on whose permanent establishment the students were borne at the time of their selection for scholarships abroad. The departments concrened are being informed separately of this decision, *vide*, copy enclosed of this department office memorandum No. F.21-1/45.E.IV, dated the 1st April 1946. As the High Commissioner for India in London and the Hon'ble the Agent General in the United States of America desire, the Departments of the Government of India concerned will be asked to communicate to the authorities concerned the exact emoluments sanctioned for each student.

D. **Students who were in the temporary employment of Provincial Governments prior to taking up the scholarships.**—All these candidates will be treated on a par with students coming under category A above.

E. **Permanent Provincial Government servants selected for the Government of India scholarships.**—A further communication will be addressed to you on this point later.

F. **Students who were in the permanent or temporary service of Indian State Governments before taking up the stipends.**—These students will be treated as under category A above.

G. **Temporary Central Government servants selected for Provincial Scholarships.**—These students shall be treated as having relinquished their posts under Central Government with effect from the date on which they were relieved for taking up the Provincial Scholarships. No financial commitments will devolve on the Central Government after such date of relief, except to the extent that where the Provincial Government selected the student with the approval of the Government of India, the expenditure on his advanced studies will be shared equally by the Provincial and Central Governments.

H. **Permanent Central Government servants selected for Provincial Scholarships.**—A further communication will be addressed to you on this point.

OFFICE MEMORANDUM

SUB:- Sending of students abroad for advanced studies-- Payment of stipends and other allowances.

.....

The undersigned is directed to refer to para. 7 of this department brochure: entitled "Information for students desiring to proceed overseas for advanced studies, 1945" forwarded with this department endorsement No.F.85-14(69)/45E dated the 17th March 1945 setting out the conditions applicable in regard to payment of stipends to the students selected for Government of India scholarships for advanced studies abroad and to forward herewith for information and necessary action a copy of this department office memorandum No.F.21-1/45.E.IV dated the 1st April 1946 addressed to the Accountant General Central Revenues.

It is requested that in respect of the permanent Central Government servants employed under the Home Department etc. selected for the scholarships, necessary orders regarding the grant of study leave may be issued at an early date to the authorities concerned. A copy of the orders may be forwarded to this department for information. The exact amount of the stipends fixed in the United Kingdom and the United States of America will be communicated to all Departments in due course

P.T.O.

and on receipt of this information, it is requested that the departments concerned may take up with this and the Finance Departments the question of the grant of any additional allowance that may be necessary in those cases where the emoluments under study leave terms fall short of the stipends fixed for private students.

Endeavours are being made to furnish to departments concerned names of permanent Government servants who have been selected for the Government of India scholarships; but as this is expected to take some time, it is hoped that departments concerned may initiate action in all cases about which they are aware as a result of the original offers for scholarships having been made through them to the candidates concerned.

F. 21-1/45-E (*iv*).

New Delhi, the 15th August 1946.

SUB.—*Sending of Students for advanced studies overseas, 1945—Payment of stipends.*

The undersigned is directed to invite a reference to this Dept. O. M. No. F. 21-1/45 (E-iv) dated the 1st April 1946 on the subject mentioned above and to say that the Government of India have since decided that permanent Provincial Government servants selected for the overseas scholarships awarded by the Government of India in 1945, referred to as Category E in the O. M. referred to above should be treated as follows :—

E. (1).—*Candidates who were in the permanent employ of Provincial Governments and working under the Provincial Governments on the date of acceptance of the Scholarship* :

In respect of candidates falling under this category, the Government of India have decided that wherever possible, the scholars should be sent on study leave terms, supplemented where necessary, by a special allowance so as to ensure that no Government servant is placed in a less favourable position than a non-Government servant and that the whole expenditure should in the first instance be met by the Provincial Government in whose permanent employ the scholar was at the time of proceeding abroad. The Provincial Governments concerned are being asked separately to agree to this course of action and their replies will be furnished to the A. G., C. R. in due course. In all cases where study leave is granted by the Provincial Governments, it has been decided that the payments should be identical with those already sanctioned in this Department Memo. dated the 1st April 1946 to category C, *i.e.*, students who were in the permanent employ of the Central Government on the date of taking up the scholarship. The total expenditure incurred in the first instance, by the Provincial Governments will be repayable to them at the end of each year, when accounts are normally due for adjustment.

In such of those cases, where the Provincial Governments are not willing to grant any study leave terms but have sanctioned extraordinary leave on loss of pay, the scholar will be treated as falling under category A, *viz.*, "Students who were not in the service of the Central or a Provincial Government on the date of accepting the scholarships."

E. (2).—*Permanent Provincial Government servants on deputation to the Central Government* :

The Government of India have decided that scholars coming under this category should, with the concurrence of the Provincial Governments concerned, be granted study leave by the Departments concerned of the Government of India where the scholars were on deputation at the time of the acceptence of the scholarships. All Departments of the Government of India are being informed accordingly and are being asked to endorse to you copies of the final orders. The payment to be sanctioned in these cases are the same as those sanctioned for scholars falling under category "C" and the expenditure is debitable wholly to the budget of the Departments concerned.

H.—Permanent Central Government servants selected for Provincial scholarships :

These cases will be examined individually and final decision communicated to the A. G., C. R.

2. A list showing the names of scholars selected for the Government of India overseas scholarships, 1945, and the categories under which they fall is attached. Further information, if any, needed in respect of Government servants may be obtained direct from the Departments concerned.

3. A copy of these orders is being endorsed to you through the F. D.

for Secretary.

OFFICE MEMORANDUM.

SENDING OF STUDENTS ABROAD FOR ADVANCED STUDIES - PAYMENT OF STIPENDS AND ALLOWANCES.

p 17 ante

The undersigned is directed to invite a reference to this Department Office Memorandum No.F 21-1/45EIV, dated the 1st April 1946 on the subject mentioned above and to forward herewith copies of the correspondence details of which are given in the attached schedule. The statement appended to the Memorandum dated the 1946 addressed to the Accountant General, Central Revenues sets forth the names and roll nos. of the scholars selected for the Overseas Scholarships, 1945, awarded by the Government of India, together with the c classification under which they fall for purposes of grant of scholarships. Any change necessary in this statement so far as the Home Department etc. are concerned may be communicated to this Department under simultaneous advice to the Accountant-General, Central Revenues. In the case of temporary Central Government servants relieved on their taking up the scholarships, the date of relief may be intimated in those cases where the information is not already indicated in the statement. There are a few cases where it is not clear whether the scholar is a permanent or temporary Central Government servant. Such cases have been classified as "B or C" or "B(?)" or "C(?)". The Departments of the Government of India are now requested to cl clarify the position so far as they are concerned.

p 44 infra

As in the case of permanent Central Government servants selected for the scholarships, the Departments concerned may now take up the question of granting study leave and issuing, in consultation with the Provincial Governments concerned, the necessary orders in respect of Permanent Provincial Government servants who were already on deputation with the Central Government when accepting the scholarships.

OVERSEAS SCHOLARS - AMOUNT OF SCHOLARSHIPS IN THE UNITED KINGDOM.

.....

Sir,

I am directed to refer to this Department letter No.F.21-2/45-E.IV dated the 16th March 1946 and cable of same number dated the 3rd May 1946 on the subject mentioned above, and to say that after careful consideration of the question the Government of India are pleased to sanction the following payments to the sponsored students selected for advanced studies in the United Kingdom under the Overseas Scholarships Scheme:-

(i) SCHOLARSHIPS:-

This is intended to cover boarding, lodging and all other expenses apart from those detailed below and may be paid at the rates given below:-

(a) To Scholars at Oxford and Cambridge:- £ 460 (Pounds Four hundred and sixty only) per annum.

(b) At Universities other than Oxford and Cambridge:- £ 400 (Pounds four hundred only) per annum.

(ii) TUITION FEES:-

Tuition fees, examination fees and other charges levied by the educational institutions may be paid direct to the institutions in all cases. Special fees charged by Universities for games, recreation and entertainment and also subscriptions to voluntary associations and societies are however to be met by the scholars themselves from their scholarships.

(iii) DEPOSITS:-

Library, laboratory or other deposits charged by Universities may in the first instance be paid by you to the institutions concerned and recovered from the institutions when the scholars terminate their courses of studies. Breakages or losses incurred due to the negligence of the scholars should be borne by the students.

(iv) BOOKS AND APPARATUS:-

TNS 2/1

Each scholar may during each academic session be paid upto

P.T.O.

£ 25 per annum in respect of books and apparatus approved by you. If, in any particular case, certain expensive equipment or books are required necessitating a grant exceeding £ 25 per annum, the case may be referred to this Department for disposal. Such cases can be considered only where the requests for additional grants are supported by the University authorities and by you. Where such additional grants are sanctioned, the equipment and books which are of a permanent nature should be regarded as Government property and may be ket by you for the use of later scholars.

(v) STUDY TOURS:-

For educational tours recommended by the University authorities and approved by you, Travelling Allowance and ~~Dearness~~ Daily Allowance may be sanctioned by you according to the scale allowed in the case of Junior Officers of the India House, subject to a maximum of £ 50 per annum. Where an additional grant is needed, the prior sanction of the Government of India should be obtained.

(vi) MEDICAL CHARGES:-

It is expected that the scholars will themselves meet their medical expenses upto about £ 12 per annum (Pounds twelve only). Approved medical expenditure over and above £ 12 per annum will be met by the Government if you are satisfied that it is necessary and reasonable. Cases where such expenditure is sanctioned by you, should be reported to this Department as soon as possible.

(vii) OTHER EMERGENT EXPENDITURE:-

Under powers which have been delegated to you in paragraph 3 of this Department letter F.21-2/45-E.IV dated the 16th March 1946, you may sanction additional amounts in cases of emergency. Cases of this kind should, however, be reported to this Department with full details as to the urgency and nature of the circumstances. The Government of India will then decide, in the light of your report, whether any amount so spent on behalf or account of a scholar should be recovered from the scholar concerned.

2. The rates sanctioned above shall take effect from the dates on which the scholars arrived in the United Kingdom and shall be in force till the scholars embark for India. These rates are inclusive of the special cost of living bonus sanctioned in this Department cable No.F.21-2/45-E.IV dated the 3rd May 1946 which has been merged with the scholarship amount sanctioned in paragraph 1(i) above.

3. The expenditure incurred is debitable to the sanctioned budget grant for the current year under "Demand No.68 - Postwar Planning and Development" - G - Charges in England - G.5 - Scheme for Advanced studies abroad.

SUBJECT:- Central Overseas Scholars - Amount of Scholarships in the United States of America.

Sir,

I am directed to refer to the correspondence ending with your cable No. 561/ E, dated the 21st November, 1946, on the subject mentioned above, and to say that in modification of the orders contained in this Department letter No.F. 21-2/45- E.IV, dated the 16th March, 1946, the Government of India are pleased to sanction, with effect from the 1st July, 1946, the following payments to the sponsored students selected by them for advanced studies in the United States of America and Canada under the Overseas Scholarships Scheme :-

(i) SCHOLARSHIPS (MAINTENANCE ALLOWANCE):-

Each Scholar may be paid a maintenance allowance of $ 160 per mensem without any distinction between different areas. This allowance is intended to cover boarding, lodging and all other expenses apart from those detailed below and may be paid quarterly or monthly as you may find more suitable.

(ii) TUITION FEES :-

Tuition fees, examination fees and other charges levied by the educational institutions may be paid direct to the institutions in all cases. Special fees charged by Universities for games, recreation and entertainment and also subscriptions to voluntary associations and societies are however to be met by the scholars themselves from their scholarships.

SUBJECT: Overseas Scholarships Scheme - Payment of Scholarships and Allowances to Provincial Government Candidates.

Sir,

11960

I am directed to refer to this Department letter No.F.21-2/45-E.IV, dated the 25th July, 1946 (with enclosures) on the above subject and subsequent reminders thereto, and to point out that the Bihar Government's decision in the matter is still awaited. The Government of India hope that for the sake of uniformity and convenience in accounting, the Government of Bihar will see no objection in agreeing to fix the same rates for their students as have been fixed by the Government of India in respect of their scholars. Of course, this uniformity cannot be maintained in those cases where the candidates have been deputed on Study Leave terms and their emoluments under those terms exceed the stipends sanctioned by the Government of India for non-Government servants; but it will be possible to maintain this uniformity in the case of such Government servants also whose study leave emoluments fall short of the usual stipends by sanctioning an additional allowance mentioned under category 'C' of this Department Office Memorandum No.F.21-1/45-E.IV, dated the 1st April, 1946 addresse to the Accountant General, Central Revenues (copy enclosed again for ready reference).

In this connection the case of Mr. Radhakrish Sinha, a Bihar Government deputationist studying in the United Kingdom has been specially pointed out to the Government of India and may be quoted as an example to explain the desirability of adopting unifor rates as far as possible. It is understood that the Bihar Government have authorised the High Commissio for India to pay him a stipend of £ 260 per annum which may be more than what is admissible to him unde study leave terms, but is far less than the usual sti of £ 460 per annum allowed by the Central Government to a non- Government servant studying at the Oxford or Cambridge University. It will thus be seen that unless the study leave emoluments in such cases are supplemented by an additional allowanc so as to bring all such deputationists on par with o scholars, it would put the deputationists (who have a right to claim at least as much as other scholars who

TNR 11/2

are.....

are not Government servants) to great financial hardship and create heartburning among them.

It is, therefore, desirable that the Government of Bihar may give their due consideration to the proposal of uniform rates and communicate their decision to the Government of India immediately.

I have the honour to be,
Sir,
Your most obedient servant,

SD/- K.L.Joshi.

for Secretary.

NO.F.29-8/46-ODV.

Copy forwarded for information and necessary action, to all Provincial Governments (except Bihar) in continuation of this Department letter No.F.21-2/45-E.IV, dated the 25th July, 1946. The decision of the Provincial Governments on the various points raised in the letter, particularly the uniformity of rates of stipends (including additional allowance to such deputationists whose study leave emoluments fall short of the usual stipends) may be communicated to this Department immediately if not already done.

By order,

I am directed to state that this Government agree to the proposal of the Government of India that the same rates as those adopted from time to time for the Central Government scholars may be adopted also for the Madras scholars who are not Government servants and that a general authorisation may be given to the High Commissioner for India in London and the Indian Embassy in Washington to adopt in the case of Madras scholars any changes made by the Government of India in the rates for Central scholars without waiting for a specific sanction from the Provincial Government in each case.

pp 19-20 uf

The High Commissioner and His Excellency the Ambassador are being informed accordingly. I am, however, to request that the changes in the rates may be communicated to this Government as and when they are made.

Draft II infra

p21 uf

2. As regards Provincial Government servants eligible for study leave selected for advanced studies abroad, this Government have decided to adopt the same rates as those fixed by the Government of India for all the candidates who have not yet left India and for some of the candidates who have already left. For others ~~etc.~~ the terms already offered will stand. Detailed information about the names of all candidates sponsored by Government and the terms offered to them will be furnished to you separately.

para 5 - p22 uf.

3. This Government also agree to the proposal of the Government of India that debits be passed on direct to India by His Excellency the Ambassador for India, U.S.A. in respect of Madras scholars in the United States of America after he has made payments and also that the A.G.C.R. may take steps to recover the amounts paid, from the Provincial Government on receipt of monthly cash accounts. The heads to which the expenditure on account of scholars in the United Kingdom and the United States of America should be debited will be communicated to the H.C., and H.E. the Ambassador.

4. I am to confirm the concurrence of this Government previously conveyed in this Department's telegrams dated 14-3-47 and 8-4-47 to the proposals of the Govt. of India in their letters No.F.29-8/46-ODII, dated 14-11-46 and F.29-2/46 ODII dated 20-1-47, for increased rates of stipends and other concessions for Madras scholars in the United Kingdom and in the United States of America. The revised rates of stipends etc will take effect, in the U.K. from the dates on which the scholars arrived there and, in the U.S.A. from 1-7-46.

5. In their letter dated 25-7-46, the Govt. of India have stated that, where a special allowance is sanctioned either by the H.C. or H.E. the Ambassador ~~for India in U.S.A.~~, to meet emergent situations, a report should be made as soon as possible to the Provl. Govt. where a Provl. Govt. servant is concerned and to the Central Government, who in turn will communicate it to the Provincial Government where a sponsored candidate is concerned. But, according to the two subsequent letters referred to above, the report about the special allowance (emergent expenditure) is to be sent to the Govt. of India who will decide whether any amount so spent on behalf of a scholar should be recovered from the scholar himself. The Govt. of India also propose to receive reports about the additional concessions given to scholars and to dispose of them. For the sake of uniformity in arriving at decisions in the case of scholars abroad this Government have no objection to the Government of India handling the case of all

I am directed to state that this Government have decided to adopt, in the case of Madras scholars, the same rates as those adopted for Central Government scholars from time to time. As regards Government servants, however, the Govt. of India's rates will be made applicable only for those who have not yet left India. Those who have already left India will be entitled to the deputation terms offered to them at that time with certain exceptions. Detailed information relating to the names of scholars, the terms offered to them and the head of account to which the expenditure should be debited will follow separately.

2. I am to convey the authorisation of this Government to adopt for their scholars the rates for Central Government scholars in the case of their scholars and to give effect to any changes made by the Government of India in their rates without waiting for a specific sanction from the Provincial Government in each case.

(vii) Tuition Fees; ~~xxxxxxxxxx~~ Tuition fees, examination fees and other charges levied by the educational institutions are to be paid direct by the High Commr. or ~~H.E.~~ the Ambassador to the institutions in all cases. Special fees charged by Universities for games, recreation and entertainment and also subscriptions to voluntary associations and societies are however to be met by the scholars themselves from their scholarships.

(viii) Deposits: Library, laboratory or other deposits charged by Universities are to be paid by the High Commr. or H.E. the Ambassador direct to the institutions and recovered from the institutions when the scholars terminate their courses of studies. Breakages or losses incurred due to the negligence of the scholars should be borne by the ~~student~~ from their Scholarships.

(ix) Books and Apparatus: ~~Each Scholar may during each academic session be paid~~ Upto £25 per annum in the U.K. and upto $ 125 per annum in the U.S.A. in respect of books and apparatus approved by the High Commr. or H.E. the Ambassador ~~(to be paid during each academic session)~~ If, in any particular case, certain expensive equipment or books are required necessitating a grant exceeding £25 per annum, the case will be referred by the High Commr, or ~~H.E.~~ the Ambassador to the Government of India, who will decide it in consultation with this Govt. Such cases can be considered only where the requests for additional grants are supported by the University authorites and the High Commr. or ~~H.E.~~ the Ambassador. Where such additional grants are sanctioned, the equipment and books which are of a permanent nature should be regarded as Govt. property and kept for the use of later scholars.

(x) Study Tours: Travelling allowance and daily allowance for educational tours recommended by the University authorities and approved by the High Commr. or ~~H.E.~~ the Ambassador according to the scale allowed in the case of Junior Officers of the India House, subject to a maximum of £50 per annum in the U.K. and $ 250 per annum in the U.S.A. Where an additional grant is needed the prior sanction of Govt. of India should be obtained. The Central Govt. will sanction such additional grants in consultation with this Govt.

(xi) Medical charges: It is expected that the scholars will themselves meet their medical expenses upto about £12 per annum in the U.K. and $ 60 per annum in the U.S.A. Approved medical expenses over and ~~xxxxx~~ above these limits will be met by the Govt. if the High Commr. or ~~H.E.~~ the Ambassador is satisfied that the expenditure is necessary and reasonable. Cases where such expenditure is sanctioned should be reported ~~by the Govt. of India through the~~ to the Central Govt. as soon as possible who in turn will communicate the same to this Govt.

(xii) Other emergent expenditure: The High Commr. or ~~H.E.~~ the Ambassador can sanction additional amounts to Scholars at his discretion in cases of emergency. Cases of this kind should, however, be reported to the Govt. of India with full details as to the urgency and nature of the circumstances. The Govt. of India, in consultation with this Govt. will decide, ~~xxxxxxxxxxxx~~ whether any amount so spent on behalf of/on account of a schobr should be recovered from the scholar concerned.

(xiii) Travelling allowance at approved rates from place of instruction to port of embarkation at the end of the studies abroad.

(xiv) Actual steamer fare from port in the United Kingdom or the United States of America to a port in India.- Second class or where there is no second class, the class next below first.

(xv) Single second class railway fare from port of disembarkation to place of normal residence in India or to place where the student may be asked to report himself for duty.

B. Students who are Provincial Government servants eligible for study leave: Students coming under this category will be considered to be on study leave from the date on which they are relieved from duty in India up to the date on which they rejoin duty on their return to India. As a special case it has been decided that rule 2 of the rules relating to the grant of study leave under Fundamental Rule 84 which restricts the maximum duration of the study leave to two years should be relaxed in respect of these students. After knowning the exact period for which the officers will have to be on leave for their studies, action will be taken to relax the rule in individual cases.

The following payments will be admissible in respect of each candidate coming under this category:-

(i) ~~to (v)~~ as ~~in the case of~~ under category A except that the allowance in (iii) will not be admissible in this case, and that ⊗ in lieu of (vi) under category A ~~(vii)~~ emoluments as under study leave rules from date of relief, in India together with the study allowance at the rate of 12 shillings a day in the United Kingdom or 30 shillings a day in the United States of America. 3. The rates of payments sanctioned now for Madras Scholars are the same as those now applicable to scholars sponsored by the Govt. of India. The Madras Govt. have also decided to adopt in future in the case of Madras scholars, the same rates as those adopted from time to time for Central Government scholars. In this Dept. letter No.47849C2/46-6 dated 16th April 1947, the Govt. have accordingly authorised the High Commissioner for India in the U.K. and the Ambassador for India in the U.S.A. to give effect in the case of Madras scholars, effect to any changes made by the Govt. of India in their rates without waiting for a specific sanction from the Provincial Govt. each time.

4. The officers sanctioned in Appendix II are those belonging to the Education Department of this Govt. Besides these officers, the Govt. have sponsored in 1945-46 a few other officers belonging to the Medical Department and the Devt. Deptt.

Orders regarding the details of payments to be made to the officers belonging to the Development Deptt. will be issued separately.

As regards the officer under Medical Deptt. viz Sri A.N.Ratnagirswaran, a copy of the order containing the terms and conditions under which he is sent have been communicated to the H.C. and A.G. It is not proposed to revise the above terms in his case.

Govts. The whole expenditure will be met in the first instance by the Provl. Govt. and at the end of each financial year the share of the Central Govt. will be recovered and credited to the Provincial revenues. The entire expenditure in respect of scholars who are Provincial Govt. servants eligible for study leave is to be borne by the Provincial Govt. Detailed instructions in this regard will be issued separately.

ORDER:

1. In consultation with the Government of India, the Government of Madras have decided that the following payments should be made to the students sponsored by the Government for undergoing advanced courses of studies in foreign countries, under the Government of India, Education Department scheme:-

A. Students who are not Provincial Government servants eligible for study leave:

(i) One second class fare by railway from normal place of residence to port of embarkation in India (disbursed through the Travel Agents).

(ii) Equipment allowance of Rs. 500/- (to be disbursed through the Travel Agents at the time of student's embarkation).

(iii) Pocket money for voyage of £5 (equivalent to Rs. 66-10-8- (to be disbursed through the Travel Agents at the time of student's embarkation).

(iv) Actual steamer fare to the United Kingdom or the United States of America or other country of instruction-single, second class or where there is no 'second class', the class next below first class- (to be disbursed through the Travel Agents).

(v) Travelling allowance from port of disembarkation to place of instruction abroad on scales to be settled by the High Commissioner for India in London or His Excellency the Ambassador for India in Washington.

(vi) Scholarship: (Maintenance allowance) This is intended to cover boarding, lodging and all other expenses apart from those detailed in 'vii) to (xii) - below:-

In the United Kingdom.

(a) At Oxford and Cambridge:- £460 (Pounds four hundred and sixty only) per annum.

(b) At Universities other than Oxford and Cambridge: £400 (pounds four hundred only) per annum.

In the United States of America.

$ 160 (hundred and sixty dollars) per mensem without any distinction between different areas.

(vii) Tuition Fees: Tuition fees, examination fees and other charges levied by the educational institutions are to be paid direct by the High Commissioner or the Ambassador to the institutions in all cases. Special fees charged by Universities for games, recreation and entertainment and also subscriptions to voluntary associations and societies are however to be met by the scholars themselves from their scholarships.

(viii) Deposits: Library, laboratory or other deposits charged by Universities are to be paid by the High Commissioner or H.E. the Ambassador direct to the institutions and recovered from the institutions when the scholars terminate their courses of studies. Breakages or losses incurred due to the negligence of the scholars should be borne by them from their scholarships.

(ix) Books and Apparatus: Each scholar may during each academic session be paid upto £25 per annum in the United Kingdom and upto $ 125 per annum in the United States of America in respect of books and apparatus approved by the High Commissioner or H.E. the Ambasador If, in any particular case, certain expensive equipment or books are required necessitating a grant exceeding £25 or $ 125 per annum, the case will be referred by the High Commissioner or the Ambassador to the Government of India, who will decide it in consultation with this Government. Such cases can be considered only wherex the requests for additional grants are supported by the University authorities and the High Commissioner or the Ambassador. Where such additional grants are sanctioned, the equipment and books which are of a permanent nature should be regarded as Government property and kept for the use of later scholars.

(x) Study Tours: Travelling allowance and daily allowance for educational tours recommended by the University authorities and approved by the High Commissioner or the Ambassador according to the scale allowed in the case of Junior Officers of the India House, or of the Embassy are to be paid to each scholar subject to a maximum of £50 per annum in the United Kingdom and $ 250 per annum in the United States of America. Where an additional grant is needed the prior sanction of Government of India should be obtained. The Central Government will sanction such additional grants in consultation with this Government.

(xi) Medical charges: It is expected that the scholars will themselves meet their medical expenses upto about £12 per annum in the United Kingdom and $ 60 per annum in the United States of America. Approved medical expenses over and above these limits will be met by the Government if the High Commissioner or the Ambassador is satisfied that the expenditure is necessary and reasonable. Cases where such expenditure is sanctioned by the High Commissioner or H.E. the Ambassador should be reported to the Central Government as soon as possible who in turn will communicate the same to this Government.

(xii) Other emergent expenditure: The High Commissioner or the Ambassador can sanction additional amounts to scholars at his discretion in cases of emergency. Cases of this kind should, however, be reported to the Government of India with full details as to the urgency and nature of the circumstances. The Government of India, in consultation with this Government will decide, whether any amount so spent on behalf of or on account of a scholar should be recovered from the scholar concerned.

(xiii) Travelling allowance at approved rates from place of instruction to port of embarkation at the end of the studies abroad.

(xix) Actual steamer fare from port in the United Kingdom or the United States of America or other country of instruction to a port in India.- Second class or where there is no second class, the class next below first.

(xv) Single second class railway fare from port of disembarkation to place of normal residence in India or to place where the student may be asked to report himself for duty.

B. Students who are Provincial Government servants eligible for study leave: Students coming under this category will be considered to be on study leave from the date on which they are relieved from duty in India upto the date on which they rejoin duty on their return to India. As a special case it has been decided that rule 2 of the rules relating to the grant of study leave under

P.T.O.

Fundamental Rule 84 which restricts the maximum duration of the study leave to two years should be relaxed in respect of these students. After knowing the exact period for which the officers will have to be on leave for their studies, action will be taken to relax the rule in individual cases.

The following payments will be admissible in respect of each candidate coming under this category:-

(i) as under category A towards (v) except that the allowance in (iii) will not be admissible in this case, and that the equipment allowance in (ii) will be disbursed to the candidates by the Heads of Departments concerned.

In lieu of (vi) under Category A emoluments as under study leave rules from date of relief in India together with the study allowance at the rate of 12 shillings a day in the United Kingdom or 30 shillings a day in the United States of America. Where the emoluments under study leave terms (leave salary and study allowance) fall short of the scholarships (maintenance allowance) sanctioned for non-Government servants, an additional allowance should be sanctioned to ensure that in no case a Government servant eligible for study leave terms is placed in a less favourable position than the non-Government servant.

(vii) to (xv) as under category A.

2. The names of the students sponsored by this Government in the Education Department in the years 1945-46 and 1946-47 are mentioned in the Appendices I and II to this order. The payments indicated in paragraph 1 above will apply to all these candidates as well as to candidates that may be sponsored under the Government of India scheme in future years. The rates sanctioned in paragraph 1.. (vi) to (xii) for scholarship (maintenance allowance) Tuition fees, deposits, Books and apparatus, Study Tours, Medical charges and other emergent expenditure shall take effect in the United Kingdom from the dates on which the scholars arrive in that country and in the United States of America from 1st July 1946.

3. The rates of payments sanctioned in this order for Madras Scholars are the same as those now applicable to central scholars sponsored by the Government of India. The Madras Government have also decided to adopt in future in the case of Madras scholars, the same rates as those fixed from time to time for Central Government scholars. In this Department letter No.47849 C2/46-6 dated 16th April 1947, the Government have accordingly authorised the High Commissioner for India in the United Kingdom and the Ambassador for India in the United States of America to give effect in the case of Madras scholars, to any changes made by the Government of India in their rates without waiting for a specific sanction from the Provincial Government in each case.

4. The Government servants mentioned in Appendices I and II to this order are those belonging to the Education Department of this Government. Besides these officers, the Government have sponsored in 1945-46 a few other officers belonging to the Medical Department and Development Department for studies abroad under the scheme. The names of these officers are mentioned in Appendix III. Orders regarding the details of payments to be made to the officers belonging to the Development Department will be issued separately. As regards the officer under the Medical Department viz. Sri A.N. Ratnagiriswaran, a copy of the order containing the terms and conditions under which he is sent has been communicated to the High Commissioner and Accountant-General. It is not proposed to revise the above terms in this case.

5. Incidence of expenditure:- The expenditure in respect of scholars who are not Provincial Government servants eligible for study leave is to be shared equally by the Central and Provincial Governments. The whole expenditure will be met in the first instance by the Provincial Government, ~~year~~ and the share of the Central Government will be recovered

P.T.O.

and credited to the Provincial revenues subsequently. The entire expenditure in respect of scholars who are Provincial Government servants eligible for study leave is to be borne by the Provincial Government. Detailed instructions in this regard will be issued separately.

Advanced studies overseas - Students sponsored in 1945-46 - Payment of allowances and scholarships.

--

I. Letter on pages 1-10 c.f.

Two categories of candidates are sent overseas for undergoing advanced courses of studies under the Government of India, Education Department, Scheme. They are (1) Government servants and (2) private candidates. The Government servants are sent either on deputation or on study leave terms. The private candidates are sent on scholarships.

2. ~~The~~ Government servants are deputed by ~~the~~ Education, Medical and Development Departments. So far as the Education Department is concerned the officers deputed for advanced studies abroad are offered the following terms:-

(i) Leave allowance.
(ii) Study allowance.
(iii) Amount, if any, by which the total of items (i) and (ii) above falls short of the aggregate amount to which a private candidate is eligible.

3. The private students are sponsored by the Government in the Education Department. They are allowed the following terms:-

i) One second class fare by railway from normal place of residence to port of embarkation in India.

ii) Equipment allowance of Rs.500 per candidate.

iii) Pocket money for voyage of £5 (equivalent to Rs.66-10-8) for each student.

iv) Actual steamer fare to the United Kingdom or United States of America or other country of instruction.

v) Travelling allowance from port of disembarkation to place of instruction abroad on scales to be settled by the High Commissioner for India in London or the Agent Genl. for India in Washington.

vi) Stipend while abroad at a rate to be fixed sufficient to cover all normal maintenance expenses.

vii) Tuition fees and other approved charges levied by Universities and other institutions abroad.

viii) Travelling allowance at approved rates from place of instruction to port of embarkation at the end of studies abroad.

ix) Actual steamer fare from port in the U.K. or the U.S.A. or other country of instruction to a port in India, and

x) One second class fare by railway from port of disembarkation to place of normal residence in India or to place where he may be asked to report himself for duty.

4. In 1945-46, the Government selected 32 Government servants and 44 stipendiaries for advanced studies abroad. Some of them were sent to the United Kingdom, and some to U.S.A. ~~and the rest to different other countries.~~ The names of the candidates thus sponsored in 1945-46 are on pages 7-10 c.f.

5. The allowances and stipends are disbursed partly in India and partly abroad. Items (i) to (iv) are disbursed in India and items (v) to (x) in U.K. or U.S.A.

6. ~~In connection with the Government of India~~ The allowances in India are disbursed to stipendiaries in accordance with the instructions contained in the Memo. on pages 33-34 c.f. of G.O.1382 Edn., dated 8-9-45. For Govt. servants deputed by the Edn.Dept. allowances are disbursed in accordance with the ~~memorandum~~ instructions on pages 67 c.f. and ~~xix~~ 111 c.f. of (R).

7. As regards disbursements abroad, the Govt. of India proposed in October 1945 a tentative arrangement ~~for the~~ which was agreed to by this Govt. According to that arrangement, private sponsored candidates were to be paid stipends in advance, on an estimated quarterly basis which should not exceed $/ 300 in U.S.A. and £75 in the U.K. The Government servants were to be paid allowances as for stipendiaries. Tuition fees were to be paid direct to the institutions in both the cases.

8. With a view to facilitating the maintenance of accounts not only in India but also in the U.K. and U.S.A., the Government of India have now made detailed proposals regarding the procedure to be adopted for the payment of scholarships and allowances to the candidates selected in 1945-46 while they are abroad. The following remarks are offered on the proposals:-

9. STIPENDIARIES sent to U.S.A.

Stipends or maintenance allowance:- The Government of India have granted the following rates of stipends to the students sponsored by them:-

(61)

$ 1,200 per annum each in all universities which are not considered to be expensive and

$ 1,500 per annum each in all universities which are ~~xxx~~ considered expensive.

The Government of India have no objection to this Govt. adopting a different rate to the stipendiaries sponsored by this Govt. But for facility of disbursement they have recommended the adoption of the same rates granted by them. The rates of the Central Government have presumably been fixed with reference to the ascertained requirements of the students for their normal maintenance abroad. These rates may, therefore, be adopted in toto by this Govt. The Central Govt. have suggested that if their rates are adopted in toto, then a general authorisation may be given to the Agent General in Washington to adopt any changes ~~xxx~~ made by the Central Govt. in their rates without waiting for a specific sanction from this Government. This suggestion may also be accepted.

Tuition fees: The Government of India have proposed that the college and examination fees and also other approved ~~xx~~ charges may be paid direct to the institutions. This may be accepted.

Ad hoc allowances: The Government of India have proposed that the Agent General in Washington may be authorised to sanction in special circumstances any ad hoc additional allowance provided that in each such case a report is made at once to the Government stating the exact amounts sanctioned and setting forth in full detail the circumstances necessitating the grant. The proposal may be accepted.

10. STIPENDIARIES in the United Kingdom:

Stipends and tuition fees etc: The following rates have been fixed for Central Government scholars:-

a) To students at universities other than Oxford and Cambridge - £300 per annum each.

b) To students at universities ~~xxxxxxx~~ at Oxford and Cambridge, a flat rate of £400 per annum each inclusive of living expenses and all university and college dues.

The Government of India have stated that the tuition and other approved fees are "desirable" to be paid direct to the institutions concerned.

This Government may adopt the rates of Central Govt. for the stipendiaries of this Govt. sent to the U.K. The remarks at "P" on page 3 ante apply here also.

Additional discretionary allowance: The Govt. of India state that the High Commr. for India may be authorised to sanction at his discretion ~~payment of~~ small additional monthly allowances to the students in cases where adherence to the flat rates is likely to cause financial stress through no fault of the students. Cases where this discretion is exercised are however to be reported at once to the Government. This may be accepted.

Cost of living bonus: In addition to the basic stipend of £300 and £400 p.a. referred to above, the Govt. of India have allowed £15 per quarter to each student as cost of living bonus. This may be allowed to Madras stipendiares also. (No such mention is made of cost of living bonus to stipendiaries in U.S.A.)

11. If the Government of India's proposals regarding stipendiaries (refd. to in paras 9 and 10 above) are accepted by Government, formal orders may be issued to the Agent General in U.S.A. and the High Commr. in U.K.

12. The expenditure on account of the stipendiaries is to be shared equally between the Central Government and the Provincial Government. The Government of India have stated that the whole expenditure will be met in the first instance by this Government and at the end of each financial year the share of the central Govt. will be remitted to the Provincial revenues. They have added that these adjustments will be based on statements of disbursements made to the students to be furnished by the Agent General and the High Commr. This may be accepted.

13. GOVERNMENT SERVANTS:

As already stated the Government servants are deputed by the Education, Medical and Development Departments (Officers deputed by the P.W.Department come under the Labour Department Scheme). In 1945-46 Messrs.S.Srinivasan, A.Srinivasan, V.Kalyanaraman and A.P.Jambulingam have been deputed by the Education Dept., Dr.R.E.S.Muthayya and Sri A.N.Ratnagiriswaran by Medical and the other officers mentioned in the lists on

(62)

pages 7-10 c.f. by the Devdopment Dept.

14. The Government of India desire that the Agent General and the High Commr. should be informed of the precise amount of allowances to be paid to each officer. So far as the four officers deputed by the Education Department are concerned remarks are submitted below. As regards the other officers extracts may be given to Medical and Devt. for necessary action.

15. The four officers deputed in 1945-46 by the Education Department have been offered study leave terms. As already stated they are allowed the following terms:-

(i) Leave allowance.
(ii) Study allowance.
(iii) Amount if any by which the total of items (i) and (ii) above falls short of the aggregate amount to which a private student is eligible.

The above terms were arrived at with reference to para 7 of the Government of India's brochure on the overseas scholarships scheme (1945) which reads as below:-

> "Terms for Government servants: Government servants selected for an approved course of study will be sent on study leave terms, supplemented by a special allowance, if necessary, so as to ensure that in no case will a Government servant be placed in a less favourable position financial than the other stipendiary students."

The precise intention of this paragraph was not quite clear. But it was taken to mean that the amount made available to a Government servant in the shape of study and leave allowances during the period of study should not be less than the total amount made available to a private sponsored sudent. Railway and steamer fares, equipment allowance, pocket expense, maintenance allowance, tuition fees etc. were meant to be covered by the terms at 'A" above.

16. It is now seen from the Government of India's memo. at pages 13-15 c.f., that travelling allowance, tuition fees, equipment allowance etc. should be excluded for purposes of para 7 of the Government of India's brochure. In other words, the officers are to be paid travelling etc., allowances in addition to leave allowance and study allowance for which they are eligible under F.R.84. The only two differences between the terms offered to officers sent on study leave

and the students sent on ~~the~~ scholarships ~~are~~ Should be (1) while the private students get maintenance allowance (item vi) of para 3, on page 1 ante) at the rates prescribed by Government, the Government servants ~~will~~ would get study allowance and leave allowance under F.R.84. and (2) while ~~a~~ private students get pocket expense of £5 for their voyage to and from country of study, the Govt. servant ~~will~~ would not get this allce.

R

17. It is for orders whether the terms originally offered to the officers sent by Govt. on study leave may be revised now to come in line with the terms offered by the Govt. of India to their Govt. servants. Attention is invited in this connection to the notes of the Secretary on pages 4-5 n.f. and the minutes of A-4 on page 5 n.f. of (R). If the terms are thus revised, the four officers deputed by Edn.Department in 1945-46 will get the following allowances:-

× 'A' on p 5 ante

1) Allowances mentioned at (i) ~~to~~ (ii) (iv) (v) and (vii) to (x) of para 3 on page 1 ante.

3) Leave allowance } (If Total of these ~~should not~~ ~~if~~ is ~~to~~ less than the total maintenance allowance payable to a stipendiary Supplementary allce. ~~covering the difference~~ ~~would be necy~~)

item (vi) para 3 p 1 ante

As the study allowance and leave allowance admissible to these officers who are deputed to U.S.A. exceed the total amount payable to the stipendiaries ~~are~~ as maintenance allowance (item vi of para 3 on page 1 ante), no supplementary ~~allowance~~ allowance with reference to para ~~6~~ 7 of India~~n~~'s brochure is necessary.

Rs. 10,000 — maintenance allce
Rs. 14,600 — Study allce plus leave allce.

18. Discretionary allowance: As in the case of stipendiaries, the Agent General in U.S. A. may be permitted to grant discretionary allowances in cases of sickness and other unforeseen circumstances. ~~Such allowances also, xit seems, should be taken~~ ~~This~~

19. Relaxation of rules relating to study leave: The Government of India have decided ~~to~~ that as a special case the rules restricting the maximum duration of study leave to two years should be relaxed in respect of the Govt. servants deputed by them for advanced studies. As the period for which the officers deputed by this Dept. may extend beyond two years similar relaxation of the relevant rule~~s~~ will be necessary in their cases. ~~Finance may see for~~ Perhaps the rule~~s~~ may be relaxed after knowing the exact period for

20. The file may be sent to Finance for remarks. They may also be requested to advise with reference to para 4 on page 2 c.f. and "R" on page 2 c.f. regarding ~~debit~~ the head ~~etc.~~ to which the expr. should be debited, etc.

Devt. may also see the case.

II. Letter on pages 11-12 c.f. The letter refers ~~the~~ to the procedure of payment of allowances for Provl.Govt. servants selected for ~~xx~~ Central Scholarships. In 1945-46 no Govt. servant was allowed to apply either for Provl. or Central scholarships. No action is called for on the letter. But as it has been decided to permit Govt. servants to apply for scholarships in 1947-48 and the particulars contained in the letter are useful ~~in~~ for the connected file, necessary action is being taken separately.

In the Medical Deptt. Dr. R.E.S.Muthayya and Sri A.N.Ratnagiriswaran were sent overseas for undergoing advanced courses of studies. The terms under which these officers were deputed are sanctioned in G.O. No.2671 P.H. dated 16-10-1945 and G.O. No.2377 P.H. dated 14-9-1945 with reference to the note at 'M' in para 14 on p.5 ante., copies of the above G.Os. may be communicated to the Agent General and the High Commissioner vide also 'K' on p.1 c.f. Only Sri A.N. Ratnagiriswaran was sent under the Govt. of India Scheme.

With reference to the Govt. of India's memo. on pages 13 to 15 the following remarks are called for:-

Under the terms offered by the Govt. of India, the following concessions are admissible to officers ~~put~~ sent for higher Training abroad:-

(i) One second classfare by Railway from normal place of residence to port of embarkation in India.

(ii) Equipment allowance of Rs.500 per candidate.

P.T.O.

(iii) Actual steamer fare to the United Kingdom or United States of America or other country of instruction.

(iv) Travelling Allowance from port of disembarkation to place of instruction abroad on scales to be settled by the High Commissioner for India in London or the Hon'ble the Agent General for India in Washington.

(v) Emoluments as under study leave rules from date of relief in India, together with the study allowance at the rate of 12 shillings a day in the United Kingdom and 30 shillings a day in the United States of America.

(vi) Tuition fees and other approved charges levied by Universities and other institutions abroad, except in respect of students studying at Oxford and Cambridge where the stipends fixed will be inclusive of these charges. The tuition fees will be paid by the High Commissioner or the Honourable the Agent General direct to the institutions concerned.

(vii) Travelling allowance at approved rates from place of instruction to port of embarkation at the end of the studies abroad;

(viii) Actual steamer fare from port in the United Kingdom or United States of America or other country of instruction to a port in India, and

(ix) One II classfare by Railway from port of disembarkation to place of normal residence in India or to place where he may be asked to report himself for duty.

~~In the circumstances stated above, it is for consideration whether Sri Ratnagiriswaran was sent under deputation terms vide G.O. No.2377 P.H. dated 14-9-1945.~~ Compared with the study allowance terms referred to above, Sri Ratnagiriswaran gets the concessions mentioned in items (i), (ii), (iii), ~~(vi)~~, ~~(vii)~~, (viii) and (ix) referred to above. As regards item (v) referred to above, the officer is granted the substantive pay of Rs.500/- per mensem together with a subsistence allowance of 50 dollars (equivalent to 200 shillings) while in the U.S.A. and a compensatory allowance of 12 sh. 6 ds. a day while in the U.K. In addition, he is given a subsistence allowance of £3/- a week during voyages. Under the proposed terms of the Govt. of India, Sri Ratnagiriswaran will be eligible for 50 dollars or ~~get a~~ study allowance of 210 shillings a week as against 200 shillings now sanctioned, and the Travelling Allowance for from the port of disembarkation to the place of institution and vice versa and the tuition fees mentioned in item vi above. For orders whether Sri Ratnagiriswaran may be granted the above concessions.

The remarks of Dept. of Finance may be called for.

Dev. Dept.

To U.S.

Please see the notes of E. & P.H dept. at pages 1-8 above. The file has been sent to this dept. for remarks with reference to paras 13-20 of the notes on pages 4-7 above.

2. The orders issued in this dept. in respect of the deputation of Government servants for technical training abroad are contained in the following G.Os-:

(i) G.O No.3946 Ms Dev dated 10-10-45;
(ii) G.O.No.4112 Ms Dev dated 12-10-45;
(iii) G.O.No.4075 Ms Dev dated 18-10-45.

Item (i) above is supplemented by the instructions issued in G.O. No.1096 Fin dated 11-10-45, as amended from time to time, regarding the halting and compensatory allowances. It is also implicit in these orders that the tuition fees and other approved charges levied by universities and other instituitions abroad in respect of these officers are to be borne by the Govt. The travel agents have been instructed to give the deputationists a pocket money of £5/- or its dollar equivalent before commencing the voyage. In modification of the provisions of F.R 51, the deputationists have been allowed to draw their full pay during the period of deputation and the period of deputation is treated as on duty for all purposes.

With reference to 'M' on page 5 above, it is submitted that the above instructions have been communicated to the High Commissioner for India in London and to the Agent General to India in Washington.

3. It would appear from the letters of India in the c.f, that they allow study leave terms to their government servants who are sent for training and that they suggest that similar terms be adopted by the provincial governments, if they choose, apparently to ensure uniformity of procedure. In the case of the government servants deputed by the E.& P.H dept under this Govt, study leave terms had been adopted with slight modifications and not deputation terms as in the case of this dept. It will be seen from the notes of E.& P.H dept. at pages 4-8 above that they find now the study leave terms adopted by India to be slightly more advantageous to the concerned officers under their control than those granted by them so far. They therefore propose to agree to the

suggestion of the Government of India regarding the adoption ~~of study leave~~ of study leave terms as indicated by them. In regard to the officers under this dept., it is submitted that the deputation terms granted as indicated in para 2 overleaf are definitely more advantageous to the government servants than the terms of the Govt. of India, particularly as the concession of full pay during deputation and the payment of halting and compensatory allowances under F.R 51 and 51A ~~gave~~ give amounts to the officers exceeding those ~~may~~ payable to them under study leave terms. Apart from the terms which are common to both deputation and study leave terms, the Government servants will under study leave terms draw only half average pay ~~during~~ during the period of training and will be entitled to 12 sh per diem in the U.K and to 3$h per diem in the U.S.A. These rates are less than those now granted to the deputationists.

Most of the government servants selected in 1945-46 have left India and they have been drawing their pay and allowances under deputation terms. It does not appear necessary or expedient for this dept. to revise the orders already issued, with a view only conform to the procedure adopted by India. Their terms are besides not advantageous to the concerned officers. In the circumstances, this dept. may perhaps let the existing orders stand.

The existing orders may stand.
ARN
10-12-46

4. If, however, it is considered by the Govt., that at least in regard to the Government servants selected in 1945-46 but who have not left India, and those to be selected in future, the study leave terms of the Govt. of India may be adopted for the sake of uniformity, suitable instructions may issue later. E.& P.H will take orders of the Govt in circulation on this point, in the light of the above remarks of this dept and of the remarks of Finance also in the matter, and communicate the orders to this dept. for action, if necessary.

With these remarks, the case may be passed on to Finance dept.

Finance (C.S.R).

1 With a view to facilitating the maintenance of accounts not only in India, but also in the United Kingdom and the U.S.A., the Government of India have suggested that the following procedure should be adopted for the payment of the scholarships and other allowances to students sent abroad for advanced studies ~~or~~ with the aid of scholarships awarded by the Provincial Government.

2 (a) Non-Govt. servants selected for Provincial scholarships. The expenditure on the advanced studies of the students under this category is to be shared equally by the Central and Provincial Governments concerned. The whole expenditure will be met in the first instance by the Provincial Government and at the end of each financial year, the share of the Central Government will be credited to the Provincial revenues.

3 (b) Permanent and temporary Provincial Govt.servants selected for the Provincial scholarships. The entire expenditure on the advanced studies of these scholars is to be borne by the Provincial Government concerned. It is suggested that for the sake of uniformity the same rate of allowance as have been given by the Govt. of India may be given to the Provincial scholars. Where Govt. servants are deputed on study leave terms, the High Commr. should be informed of the precise amount of allowances to be paid to each scholar and that for conserving India's dollar resources, no scholar should be allowed more than an overall total of 2400 $ per annum, inclusive of the cost of scholarships and cost of books etc., unless the scholar is entitled to a bigger amount by the grant of study leave terms.

4 Item (a) above. The non-Government servants sponsored by the Govt. in the Education Department are now allowed the terms set out in para 3 on pp.1-2 above. The allowance sanctioned by the Govt. of India to their stipendiaries are set out in paras 9-10 of the note on pp.2-4 above. The E.P.H have recommended that the rate of allowances sanctioned by the Govt. of India to their stipendiaries in the United Kingdom and U.S.A. may also be sanctioned in respect of Provincial stipendiaries. Finance may agree.

the share of the Central Govt. will be credited to the Provincial revenues. These adjustments will be based on ~~the~~ statements of ~~outstanding~~ disbursements to be furnished by the High Commr or the Agent General.

It is presumed that in this case also, provision will have to be made in the Indian portion of the budget of the various departments concerned in order to meet the payments due to students undergoing training in U.S.A only. For payments to be made by the High Commr., provision may be made under 'Expenditure in England' under the concerned heads of account. In order to do this, E.P.H, may be requested to obtain particulars as at A on page 13, above.

3. (b) As regards stipendiaries sent to the United Kingdom this Dept. proposed the grant of allowances at the rates sanctioned by the Central Govt. to their scholars, vide paragraph 10 on pages 3-4 ante. But the Govt. of India have since modified the rates of allowances to their students in U.K. The revised rates are mentioned on pages 45-46 c.f. ~~It is therefore for consideration whether~~ Since the G. of I's rates are to be adopted by this Govt. Madras stipendiaries in U.K. also may be granted the rates now sanctioned by the Central Govt. (pp.45-46 c.f) instead of those originally proposed by this Dept. at para 10 on pages 3-4 ante. ~~As the rates of the Govt. of India are fixed in the light of ascertained requirements" and "after careful consideration", this Dept. may recommend the adoption of the Govt of India rates of allowances to Provl. 4. Govt. Servants. The Govt. of India have granted the following terms to their Govt. servants sent overseas for advanced studies:-

This supplementary allowance is sanctioned so as to ensure that in no case a Government servant is placed in a less favourable position than non-Government servants.

of M. on p.14 CF

5. Officers sent by Education Dept. Four Govt. servants (Messrs. S. Srinivasan, A. Srinivasan, V. Kalyanaraman and A.P. Jambulingam) were selected in 1945-46 for being sent overseas for advanced studies. These officers were offered study leave terms as at "A" on page 5 ante. In paragraph 17 on page ~~15~~ 6 ante, this Department proposed that the terms offered to these four officers may be modified and brought into line with the terms of the Govt. of India mentioned in paragraph 4 on pages 14-15 above. As all the four officers happened to be sent to the U.S.A. for studies and their total emoluments under study allowance and leave salary would be ~~actually~~ in excess of the maintenance allowance payable to a non-Govt. servant (stipendiary) in U.S.A., it was observed by this Dept. that no supplementary allowance with refce. to the proviso at "X" above would have to be paid actually to these officers, although the proviso ~~was~~ would be there. The fact whether the supplementary allowance will be actually necessary for an officer will depend upon the country to which he is sent, the amount of his leave salary, etc. Under the rates proposed by the Govt. of India now, a non-Govt. servant in U.S.A. will get as maintenance allowance about Rs. 10,000/- for 2 years ~~as emoluments~~ while a Government servant will get Rs. 14,600 (study allowance) and his leave salary. It was therefore observed that no supplementary allowance may be necessary to these officers now. But if the maintenance allowance to a non-Govt. servant in U.S.A. is increased in future, to exceed the amount of Rs 14,600/- & thereby it might then become necessary ~~then~~ to pay the Govt. servant the difference as a supplementary allowance.

para 17, P6 ante

6. The Finance Dept. have stated that it seems desirable to continue the existing conditions and that no supplementary allowance need be sanctioned to Govt. servants. ~~They have not definitely stated whether they agree to the grant of the terms as at para 4 on pages 14-15 above.~~ Presumably their intention was to agree to the proposal of this Dept in para 17 on p 6 ante. Finance may ~~see again~~ please confirm.

conform to the terms offered by the Govt. of India to their officers. They consider that deputation terms are more advantageous to officers than study leave. They suggest that the existing orders may stand so far as the officers are concerned who have left India. As regards those who have not left India they ~~suggest~~ suggest that this Dept may take the orders of Govt in circulation in the light of their views above and those of Fin. Fin agree that for purposes of uniformity the study leave terms of the Govt of India may be adopted in respect of candidates who have not yet left India.

8. Officer sent by Medical: Sri A.N. 9. The Government of India have sent a telegram asking for this Govt.'s concurrence by wire to the payment of allowances to Provincial scholars of 1945-46 (both Govt. servants and non-Govt. servants). The file may be sent to Finance for urgent remarks before circulation.

10. The particulars referred to in Finance note at A" on page 13 ante and at "B" on page 14 ante may be collected and furnished to them after a reply to the Govt. of India 's telegram is sent.

The rates of stipends originally proposed by the Govt. of India for Central Govt. scholars are as under

(b) Students at Universities other than Oxford and Cambridge £ 300 per annum each

This Department have agreed to the adoption of these stipends in respect of the non-Govt. servants sponsored by this Government. The Govt. of India have now increased the above rates of stipends in respect of students at (a) and (b) above to £ 460 and £ 400 per annum.

Summarising note

The file relates to the grant of stipends and allowances to candidates (both stipendiaries and Government servants) sponsored by the Government in 1945-46 for undergoing advanced courses of studies in foreign countries under the Education Department scheme of the Government of India. The following proposals have been made.-

(1) The stipendiary candidates sponsored for studies in the U.S.A. may be granted the stipends and allowances at the rates mentioned at paragraph 9 on pages 2-3- ante. (Proposed by E.P.H. and accepted by Fin.)

(2) The stipendiary candidates sponsored for studies in the United Kingdom may be granted the stipends and allowances mentioned in the Government of India's letter on pages 45-46 c.f. (Proposed by E.P.H. and accepted by Finance)

(3) The four Government servants of the Education Dept. sponsored in 1945-46 for studies abroad may be granted the terms mentioned at paragraph 17 on page 6 ante. (Proposed by E.P.H. and accepted by Fin.)

(4) The terms already offered to Sri A.N. Ratnagiriswaran, an officer belonging to Medical Department, sponsored in 1945-46 for overseas studies need not be revised. (Suggested by Finance and accepted by E.P.H.)

P.T.O.

(5) In regard to officers selected in 1945-46 by Devt. Dept. for deputation overseas who have left India the terms already offered may stand. (Proposed by Devt. and accepted by Finance).

(6) In regard to officers selected in 1945-46 by Devt. who have not left India, it may be decided in circulation whether the deputation terms already offered to them may be allowed to stand or whether they may be revised. (Devt. consider that the terms already offered to these officers are more advantageous than study leave terms and would therefore have the existing orders stand. But, subject to orders in circulation, Development have no objection to the revision of the terms for the sake of uniformity. Finance agree to this.)

The file may be circulated for orders on (1) to (6) above.

para-1 2 cf & ff. 55-57 ante bg cf

The G of I require the concurrence of this Govt to the proposals contained in three letters of their mentioned below:—

(1) Letter No. F.21-2/45-E III d. 25-7-46 —— (ff 1-5 cf)

(2) Letter No. F.29-8/46-O.S. II d. 14.11.46 to the High commissioner for India, London —— (ff 45-46 cf)

(3) Letter No. F.29-2/46 O.S. II d. 20-1-47 to His Majesty's Charge d' Affaires for India, Washington —— (ff 59-60 cf)

ff 1-2 cf The first letter contained certain general proposals in addition to the fixation of the rates of stipends for scholars in the U.S.A. and in the U.K. and grant of other allowances to them. Payments at the rates mentioned above to students sent by this Govt to the U.S.A. and U.K. were authorised by the G of I in anticipation of the approval of this Govt in March 1946 itself. Concurrence of this Govt for the payments sanctioned above was asked for by the G of I in

ff 3-5 cf

ff 1-2 cf July 1946 in their first letter mentioned above. In their second letter mentioned above, the G of I revised the rates of stipends in the U.K. and made mention about certain other concessions in addition which applied to this Govt's students also. The first two letters of the G. of I were considered in the notes on ff 1-17 ante and orders obtained on them in Ox on ff 17-18 ante. The third

ff 59-60 cf letter of the G of I mentioned above revised the rates of stipends in the U.S.A. and made mention about certain other concessions in addition on the analogy of the students in U.K. dealt with in the second letter. This letter could not however be dealt with in the notes ante as it was received while the case was in Ox. A special feature of this letter was that unlike the

'M'-f 59 cf second letter relating to the students in U.K. it was confined and took effect from 1-7-46 instead of from the dates on which the Scholars entered U.K. to the G. of I Scholars alone. The G of I require the concurrence

para 2 -f 46 cf

46 cf of this Govt for the application of these concessions to the Madras Govt scholars.

ff 1-2 cf 2. The G of I in their letter No. F.21-2/45-E III d. 25-7-46 have made the following general proposal in respect of non-Govt Scholars

"For facility of disbursement, however, it is recommended

A'-f 2 cf that the Provl Govt may authorise the High Commissioner and the Agent General to follow in these cases the same rates as adopted for the Central Govt Scholars from time to time"

By the words "from time to time" in their proposal, the Gov't provided for possible subsequent revisions of the rates of stipends as well as for grants of other additional concessions — vide their subsequent letters on ff 45-46 c/f and 59-60 c/f. The rates of stipends fixed by the Gov't for U.S.A and U.K. and other allowances granted only (vide ff 3-5 c/f) were considered in paras 9 and 10 of the notes on ff 2-4 ante and accepted. Consequent on this, the following general proposal of the Gov't alone was accepted and that too in the case of U.S.A specifically :—

X - f 3 ante

"If it is decided that the Govt of India's rates should be adopted in toto, then a general authorisation may be given to the High Commissioner and the Agent-General to adopt any changes made by the Gov't in their rates without waiting for a specific sanction from the Provl Govt in each case."

M - f - c/f

The above acceptance in the case of U.S.A. is also applicable pari passu to U.K, though no such specific mention is made in para 10 of the notes on ff 3-4 ante.

Fin in para 4 of their note on f 11 ante agreed to the rates of stipends and allowances fixed by the Gov't for Madras Scholars in U.S.A and U.K. Again in para 2 of their note on ff 16-17 ante, Fin agreed only to the increased stipends fixed by the Gov't in the U.K., and omitted to make mention about their acceptance of the other concessions mentioned by the Gov't on ff 45-46 c/f though the proposal of this Dept was for the acceptance of the rates sanctioned by the Gov't in their letter on ff 45-46 c/f — vide para 3 of this Dept's note on f 14 ante. Orders in G.O. were however obtained for the payment of the increased stipends and other concessions mentioned by the Gov't on ff 45-46 c/f to the Madras Scholars in U.K. Thus the principle "to adopt the same rates as adopted for the central Govt Scholars from time to time for Madras Scholars" has been tacitly accepted in G.O. by the adoption of the revised rates of the Gov't for U.K. in respect of Madras Scholars in the U.K. The general proposal of the Gov't embodying the above principle on f 19 ante may therefore be accepted by this Govt. As the general proposal of the Gov't mentioned above is a corollary to their previous one on f 19 ante, it may also be accepted. The Gov't desire that the necessary

(70)

formal orders on these two general proposals of theirs may be issued direct to the High Commissioner and the Agent General under advice to them. While sending an advice to the Gov't, this Govt may stipulate for intimation to them of the changes made by the Gov't in their rates as and when such changes are made.

para 7 - f 2 c/f

W

3. The revised rates of stipends and other concessions sanctioned to the central Scholars in Gov't's letter on ff 59-60 c/f are based on the analogy of similar concessions to Scholars in U.K and are formulated on further experience of the needs of Scholars in U.S.A. Since the increased stipends and other concessions given to Scholars in U.K. have been accepted for adoption in the case of Madras Scholars (vide item (2) on f 17 ante and the orders in G.O. on f 18 ante), similar concessions sanctioned to central Scholars in U.S.A by the Gov't in their letter on ff 59-60 c/f may also be adopted for Madras Scholars in U.S.A. Fin may see for acceptance. It does not appear necessary that fresh orders in G.O. should be obtained for this purpose, as the principle has already been tacitly accepted in G.O.

W

4. The terms for Govt Servants of this Govt are proposed to be brought into line with those offered by the central Govt for their officers — (vide para 17 of the notes on f 6 ante — accepted by Fin in para 3 of their note on f 17 ante and approved in G.O. — item (3) (b) (b) on ff 17-18 ante) [and para 18 of the notes on f 6 ante. The terms are as follows :—

(1) Allowances mentioned at (i), (ii), (iii), (iv) and (vii) to (x) of para 3 of the notes on f 1 ante in the case of a private candidate

M' - f 14 c/f

(2) Study allowance

(3) Leave allowance

(4) If the total of (2) + (3) above is less than the stipend for normal maintenance expenses in the case of a private candidate (item (vi) para 3 - f 1 ante), supplementary allowance covering the difference to be granted to a Govt servant to ensure that in no case will a Govt Servant be placed in a less favourable position financially than the other stipendiary students.

M' - f 14 c/f

(5) Special allowances in individual emergent cases to be sanctioned by the High Commissioner and the Hon'ble the Agent General subject to a report being made to the Provl Govt as soon as possible.

para 3 - f 1 c/f

The Gog I is now revising the rates of stipends and sanctioning other concessions to students in U.K. and U.S.A. provided for the following not contemplated in their original proposals on ff 3-5 cf:—

(1) Deposits
(2) Books and apparatus
(3) Study Tours
(4) Medical charges

Provision in respect of the above items have presumably been necessitated on further experience of the needs of Scholars in U.K. and U.S.A. Since a Govt Servant should in no case be placed in a less favourable position financial than the other stipendiary students, the above concessions should apply paripassu to Govt Servants also. The principle involved has already been accepted vide item (4) on f 21 ante. Fin may see for acceptance.

ff 45-46 and ff 59-60 cf

5. In para 2 of their letter No F.21-2/45-E IV d. 25.7.46, the Gog I made the following proposal in respect of Provl Govt Servants:—

"for the sake of uniformity and making the work of the disbursing officers easy, it is hoped that Provl Govts will fix the same rates as have been fixed by the G.o.g I in respect of their "scholars"

C - f 1 cf

(6) The decision arrived at on the above proposal of the G.o.g I is as follows:—

(1) The four Govt Servants of the Edn Deptt sponsored in 1945-46 for studies abroad to be granted the terms mentioned in para 17 on f ante.

Item (3) - f 17 ante

(2) The deputation terms offered to Sri. A.N. Ratnagiriswaran an officer belonging to the Medl Deptt, sponsored in 1945-46 for overseas studies who had already left for India need not be revised.

Item (4) - f 17 ante (para 7 - f 12 ante)

(3) The deputation terms offered to the officers of the Dev Deptt Selected in 1945-46 and who have left India to stand

Item (5) - f 18 ante

(4) Officers of the Dev Deptt Selected in 1945-46 but who have not left India to be granted only study leave terms on the basis of that fixed by the Gog I in respect of their Scholars and mentioned in para 4 on f 21 ante.

Item (6) - f 18 ante

After getting details of item (3) & (4) above, the G.o.g I may be

(71)

informed of the decisions of the Govt as above. Dev may be requested to furnish the information. Dev will issue necessary revised instructions to the High Commissioner and the Agent General consequent on the orders in circulation referred to at items (3) & (4) on f 22 ante.

A.

Medical Section will also communicate the deputation terms of Sri. A.N. Ratnagiriswaran to the Agent General and the High Comm

6. Please see para 18 of this Deptt's note on f 6 ante and item (5) in para 4 of the notes on f. 21 ante. Para 18 of the note on f 6 ante has not been considered by Fin though they accepted f 17 of the note on f. 6 ante. This has not also been mentioned when obtaining orders in O.r on the proposals in para 17 of the note. Item (5) in para 4 of the notes on f 21 ante may now be also accepted. This will come under the general principle to adopt the same rates as adopted for central Govt Scholars referred to as having been tacitly accepted in O.r in para 2 of the notes on f ante. Fin may see for acceptance.

ff 1-2 cf

7. In their letter d. 25.7.46, the Gog I stated that where a special allowance is sanctioned either by the High Commissioner or the Agent Genl to meet emergent situation a report should be made to the Provl Govt as soon as possible in the case of a Provl Govt Servant and in the case of a Provl private Candidate. Such a report should be made to the central Govt who in turn will communicate the report to the Provl Govt. The reason for this different procedure is that the entire expenditure on a Provl Govt Servant is borne by the Provl Govt while the expenditure on a Provl private candidate is shared in equal proportions by the centre and Provl Govt though the latter meets the entire expenditure at first. But in the subsequent letters of the Gog I on ff 45-46 cf and 59-60 cf, the reports in respect of this special allowance (emergent expenditure) is to be sent to the G.o.g I who will decide whether any amount so spent on behalf of a Scholar should be recovered from the Schl concerned. In respect of the additional concessions given in the above two letters, the Gog I propose to receive reports and dispose of them. For the sake of uniformity in arriving

para 2 & 3 - f 1 cf

para 6 - f 2 cf

ff 46-60 cf

24

at decisions in the case of Scholars, this Govt need not perhaps object to G of I handling such cases, but they may be required to consult this Govt before arriving at decisions both in the case of Govt Servants and Non-Govt Servants of this Province.

8 In the case of both Govt and non-Govt Servants, the heads under which the expenditure on account of Scholars in the U.K and in the U.S.A should be debited are to be communicated to the High Commr and the Agent Genl. Please see the notes of Fin on pp 13-14 ante. Action will be taken in this respect after obtaining the information at portion marked 'A' in the Fin note on p 13 ante. Fin have accepted the proposal of the G of I that in respect of Provl Govt Scholars in the U.S.A the debits may be passed on direct to India by the Agent General after he has made the payments and the A.G.C.R. take steps to recover the amounts paid by the Agent General from the Provl Govt on receipt of monthly cash account. Provl Govts' concurrence to the above proposal of the G of I may be communicated at Govt

para 4 & 6 - p 2 cf

para 9 - p 13 cf

9 G of I have been repeatedly reminding this Govt by wire for concurrence to their several proposals in their three letters mentioned in para 1 on p 19 ante. They require that intimation of this Govt's concurrence should be sent by wire. Such intimation may be sent now in respect of items (1) & (2) on p 17 ante approved in circulation. In respect of the other items on pp 17-18 ante and the points dealt with in the foregoing notes, a detailed letter may be sent to the G of I subsequently after the issues are decided. A draft Telegram to the G of I is submitted

Previous Finance notes on p.25 above.

Para 3 on p.21 above. E & P.H. want the concurrence of this department to the revised rates of payments proposed by the Govt. of India on pp.59-60 C.F. to the sponsored students selected for advanced studies in U.S.A. and Canada. This department have already accepted the Govt. of India's revised rates of payments on pp.45-46 C.F. to the stipendiary students sponsored for studies in United Kingdom. As these rates are revised by the Govt. of India from time to time with reference to the cost of living index in the United Kingdom and U.S.A. the revised rates proposed may be accepted.

Paras 4 and 6 on pp.21 and 22 above. It is proposed to authorise the High Commissioner in the United Kingdom and the Agent General in U.S.A. to sanction special allowances in individual emergent cases subject to a report being made to Provincial Govt. as soon as possible. As it has been decided for purposes of uniformity to allow the same rates to the Govt. servants as are now allowed to Central Govt. servants the proposal may be accepted. The other concessions such as those mentioned at 'X' on p.22 above may also be allowed to the officers of this Govt. deputed for training overseas.

Paras 2 and 7 on pp.19-21 and 23-24 above. The proposals contained therein may be accepted.

Financial procedure:- Please see the notes of Finance on pages 12-14 ante. Information required by the Finance Dept

~~in respect of the names and~~ (a) Govt. servants:- The names of the officers belonging to the Education Dept and the Medical Dept and their countries of Study are indicated in the Appendices to the draft order. The names of the officers Sponsored by Devt. are mentioned in Appendix III to the order. Devt. may be requested to indicate the Depts to which they belong. | B

(b) Non-Govt. Servants:- All these Scholars are Sponsored by the Govt. in the Education Dept and the expenditure on their account will have to be debited against the Edn. Dept.

The Govt. have no definite information about the exact amounts paid to the Students by the Govt. of India's representatives abroad. In a recent Communication the Govt. of India have stated they are evolving a detailed accounting System for the expenditure relating to overseas Scholars. and that they would write further on this Subject to this Govt. in due course. It seems the detailed financial procedure to be followed in these Cases may be settled on receipt of a further Communication from the Centre. Finance may see for remarks.

Overseas scholarships scheme – students sponso[red] by the Madras Govt. – G.O. 1307 Edn. of 23.6.47.

Under the above scheme this Govt, following the G.of I., pay to their scholars in the U.K. a maintenance allowance of £460 p.a. at Oxford or Cambridge & £400 at other universities, as well as various other concessions detailed in the G.O., and tuition fees are also paid separately to the Univy. by the High Commr. When I was at Waltair for Andhra Univy. meetings recently, the V.C. told me that, according to his information from persons who have come recently from the U.K., these rates are unnecessarily high. They also cause discontent among persons deputed by the Andhra Univ. for special studies in the U.K., who are paid lower allowances.

I understand that the maximum grant paid by the U.K. Govt to ex-service-men studying at Universities other than Oxford & Cambridge with the aid of Govt grants is £211 p.a. + tuition fees for a single man, and £321 p.a. + tuition fees for a married man. These amounts are intended to cover full maintenance throughout the year.

The V.C., Andhra Univ., also suggested to me that the Govt might consider whether the Govt scholars who are married & leave their wives in India should not be required to allot a suitable part of the stipend for payment to the wife in India. He says that in some such cases the scholars are making regular remittances to their wives in India, but in other cases they spend the full amount extravagantly & unnecessarily on themselves. It seems clear that the present rates of payment allow an ample margin for a married man to allot a reasonable amount for payment to his wife in India, and in that case the rates appear to be decidedly excessive in the case of single persons. If this is so, there is not only unnecessary & wasteful expre by this Govt, but also the sterling resources of this country are being drawn on to an unnecessary extent.

I would suggest that E.P.H. take up with the G.of I. the question of reducing these rates, also the question of revising the rates for ma[rried] Govt scholars, irrespective of what the

32 2.

decide to do, may be exam^d urgently. It will perhaps not be possible to revise the rates for scholarships already awarded, but a reduction to apply to scholarships to be awarded in future seems justifiable and necessary.

E.P.H.Deptt.(C2)

Please see the note of Fin. Secretary on pp.1-2 ante. The stipends and allowances for scholars were fixed in consultation with the Government of India. Attention, in this connection, is invited to the notes from para 3 to para 11 on pp 1-4 N.F. of G.O.No. 1301 Education dated 23 - 6 - 47 and also to further notes of this Deptt. in paras 1-5 on pp. 14-15 ibid. It will be seen that the terms offered to Govt.servants were also fixed with due regard to the amount of stipends and allowances paid to a stipendiary student - vide also the notes and the orders in circulation on pp 1-5 NF of G.O. 1156 Education dated 11-6-1946.

In October, 1945, the Govt. of India proposed, in regard to disbursements abroad, a tentative arrangement which was agreed to by this Govt. According to that arrangement, private sponsored candidates were to be paid stipends in advance, on an estimated quarterly basis which should not exceed $ 300 in the U.S.A. and £ 75 in the U.K. The Govt. servants were to be paid allowances as for stipendiaries pending calculation of study leave terms. Tuition fees were to be paid direct to the institutions in both the cases. Subsequently the Govt.of India proposed the following rates of stipends for scholars.

U.S.A.

$ 1200 per annum in all universities which are not considered to be expensive and

$ 1500 p.a in all universities which are considered expensive.

U.K.

£ 300 p.a at universities other than Oxford and Cambridge.

£400 p.a inclusive of living expenses and all university and college dues, at universities of Oxford and Cambridge.

In addition to the allowance proposed in the U.K. a cost of living allowance at £ 15 per quarter was allowed to each student as cost of living bonus. As even these rates were not found sufficient for the scholars, the rates mentioned in G.O.No.1301 Edn.d-23 - 6-47 were finally adopted. As the value of the stipend was fixed by the Govt.of India in the light of ascertained requirements in different countries and to cover all the normal maintenance expenses which a student is likely to incur, including expenses during vacations, this Govt. adopted the rates in respect of their scholars also.

It may be noted that the rates of stipends already sanctioned

being paid to some of the scholars who were selected in 1947-48 and who are already in the foreign countries. These rates are also already applicable to the scholars of 1945-46 and 1946-47.batches. If a revision in the rates is made, it will adversely affect those of the scholars who are retained in India for want of admission or passage. It may not also be fair to revise the terms in respect of scholars who are already in ~~the~~ foreign countries.

It is seen from ~~the~~ 'B' on p 2 ante that Fin.Secy's intention is that the rates need revision if they are to be applied to a fresh batch of students. It may be pointed out that there is no likelihood of the Overseas Scholarship Scheme being continued in 1948-49 or in future years. The question of revising the rates of stipends may therefore be taken up with the Govt.of India if and when the scheme is revived. For orders.

Finance may see for remarks before circulation.

We will not be justified, in my view, in altering the rates already made applicable to these batches.

Please see below

'N' at page 1 ante:- Even if this is correct - we have no accurate information on this - we have to make allowance ~~of~~ for the fact that out of ~~turn~~ term Indian students will not have the same facilities in regard to boarding and lodging which persons in the United Kingdom will have, and they may have necessarily to go in for more expensive arrangements, and a difference in stipends will therefore be justified.

'P' at page 1 ante:- I do not think the fact that some of the persons are married and have to make some accommodation for their family in India out of the allowance they get can justifiably be used as an argument for the proposition that there is necessarily ample margin left in this allowance and the allowance can therefore be curtailed.

I am afraid, it looks to me as if the whole thing has originated merely from the factor indicated at 'M' - discontent prevailing ~~on~~ among persons deputed by the Andhra University and that it is sought to answer the complaints of those who consider that the allowances given by the University are too low by a proposition that the allowances that are given to other candidates are too high. As indicated at 'R' at page 5 ante.

We may take it that the Government of India had made all relevant enquiries before arriving at the figures of the allowances to be prescribed. - they themselves, it may be noticed, have to ~~effect~~ foot half the bill in respect of stipendiaries who are not Government servants, and they may be expected to exercise due circumspection in this regard. I consider therefore that there will be no need to take up the question with the Government of India even if thes scholarships scheme should be further continued.

With reference to the note of the Previous Fin. Secy. on pp.1-2 above, Please see the notes of E & P.H. on pp. 5-7 above.

Submitted for orders whether this dept. may agree with the views of E & P.H. Secy. on pp. 6-7 above.

Secy 11.4.48 12/4/48.

If there is no likelihood of the overseas scholarship scheme being continued the matter may be dropped. If such a scheme is ~~revived~~ revived, then the Govt. of India may be moved to reduce the rates. They certainly appear to be too generous.

14.4.48

I agree as the rates for the scholars already sent cannot be reduced
