Sir,

Sub: Teaching grant - Sanskrit Schools - exemption from
the rule prescribing minimum strength.
Ref: Govt. Memo. No. 5350 B1/46-1, Edn., dated 16-9-46.

Though a minimum strength is prescribed for each grade of sanskrit institution as a condition for eligibility to earn grant, in practice a good number of these institutions do not satisfy the strength requirements with the result the Director has to condone the shortage in the strength under the powers vested in him in G.O. No. 330, Education, dated 3-3-45. Condonation is being granted liberally and there is therefore no reason for complaint on this ground. It is not, however, desirable to exempt altogether sanskrit institutions from showing a minimum strength as a condition for aid as I consider that the position with regard to sanskrit institutions is still far from satisfactory. If this condition is not insisted upon, it will only lead to inefficiency and slackness in management. The Director may therefore be empowered as a permanent measure to exempt institutions from showing the minimum strength in deserving cases so as to render the institution eligible for teaching grant.

2. As regards the second point raised in the letter ^{under reference} re: the question of revising the existing practice of assessing teaching grant to sanskrit institutions, it ~~may~~ be pointed out that the question of assessing teaching grants to sanskrit institutions on the shall not cost basis is at present under active consideration of the Government.

3. The enclosures to the above memo. are herewith resubmitted.

Sir,
Teaching grant - Sanskrit Schools - Exemption from
the rule prescribing minimum strength for eligibility
for.

Ref:- Your Telephonic Message, dated 8-3-1947.

Rule 45 of the Grant-in-Aid Code does not state anything
about the minimum strength. It is only in their orders No.Ms.
1729, Edn., dated 6-9-40 and Ms.2030, Edn., dated 22-10-1940 that
Government specifically fixed a minimum strength for each depart-
ment of a Sanskrit institution.

2. This condition was, however, relaxed as a temporary measure
for the duration of the war in G.O.No.300, Edn., dated 25-2-1944
and I was permitted to grant exemption from the rule in special
and exceptional cases. It may therefore be seen that I have been
empowered to grant exemption from the conditions prescribed in
G.O.Nos.1729 Edn., dated 6-9-1940 and Ms.No.2030 Edn., dated
22-10-1940 for the duration of the war only. Now that the war
is over I cannot technically exercise that power now. My request
is for the deletion of the words "for the duration of the war"
occurring in G.O.No.300 Edn., dated 25-2-1944 so that I may be
vested with necessary powers to exempt really deserving Sanskrit
institutions from the strength requirements as a permanent measure.

I have the honour to be,

Sir,

Sub: Grant - Teaching - Sanskrit Institutions - Exemption from
the rule prescribing minimum strength for eligibility for
grant.Ref: Government Memorandum No.53150/46-B1-3, Education, dated
10.4.47.I have the honour to state that the following may be fixed a lower
limit up to which the shortage in strength may be condoned in deserving
cases:

	Suggested minimum.	Present prescribed minimum.
College Department	15	20
Advanced "	20	25
Elementary "	25	30

2. I however, strongly feel that it is not desirable to fix any such rigid and irreducible minimum. It is essential that I should be given full discretion to condone any shortage in the case of really deserving institutions taking into consideration all the circumstances of the case, e.g., the quality of work done by the institution, its financial position, the locality served by the institution and the number of years it had catered to the needs of the locality in the cause of Sanskrit Education. Otherwise institutions in the backward districts and those catering mainly to the needs of backward communities will be hard hit. Further considerable inconvenience will be caused if orders of Government have to be sought in each case if I find that a particular institution with a strength less than the suggested minimum deserves special consideration in the payment of Teaching Grant.

3. In view of the above I request that Government may be pleased to empower me to grant exemptions in special and deserving cases even if the minimum falls short of the strength suggested in para 1 above. I consider that I should be left free to exercise my discretion in this matter as otherwise the spirit of the rules in the Grant-in-Aid Code will be frustrated in dealing with Sanskrit institutions. Recently Government have ordered that the assessment of Teaching Grants to Sanskrit Schools should be made as in the case of aided Secondary Schools as per the Grant-in-Aid Code. As I am the authority for the payment of Teaching Grants, it is desirable that I should be entrusted with full powers. Care will, however, be taken to see that in admitting institutions to aid the powers entrusted to me are very scrupulously exercised.

GRANT - Teaching - Aided Sanskrit Schools and Colleges - Exemption from the rule prescribing minimum strength.

From the Correspondent Sri Perumbudur Sanskrit College dated 4-9-1946.
From the D.P.I. RC.No.8202.K.46 dated 21-2-1947.

The minimum strength prescribed for

Sanskrit Schools and Colleges as a condition for eligibility to earn teaching grant is as shown below:

Elementary Schools:	No minimum but they should serve as feeders to higher grade institutions.
Advanced Sanskrit Schools with elementary sections attached.	25 for the advanced section.
Sanskrit Colleges with advanced and elementary school sections.	20 for the College section and 25 for the advanced School section.

In G.O.No.300 Edn. dated 25-2-1944 the Govt. approved the proposal of the D.P.I. that for the duration of the War, he might be empowered to relax in special and exceptional cases the conditions relating to minimum strength in advanced Sanskrit Schools and Sanskrit Colleges for purposes of assessing grants in aid to them. With reference to the request of the Correspondent of the SriPerumbudhur Sanskrit College that the educational authorities should be asked not to impose the condition relating to minimum strength, the D.P.I. states that it is not desirable to exempt altogether Sanskrit Institutions from showing a minimum strength but requests that he may be empowered ~~to exempt~~ to exempt institutions from showing the minimum strength in deserving cases so as to render the institutions eligible for teaching grant. Attention is in this connection solicited to para 2 of the Director's letter on page 8 of G.O.300 Edn. dated 25-2-1944. ~~As the circumstances stated in the Director's letter of 7th Feb 1947, he may be empowered to exempt really deserving Sanskrit Institutions to exempt really deserving Sanskrit Institutions from showing the prescribed minimum strength.~~

24/3/47

This proposal is to give power to the D.P.I.

to exempt certain Sanskrit schools and colleges from the rule which requires them to have a minimum strength. I see that the D.P.I. is of opinion that it is not desirable to exempt altogether Sanskrit institutions from showing a minimum strength but requests that he may empower to exempt institutions from showing minimum strength in deserving cases. While the D.P.I. may be given powers in this direction it must also be limited to a limited strength which may be fixed by the Govt. This exemption should not mean that if there are only 5 boys in a Sanskrit school that schools must be recognised. Now the prescribed number seems to be 25 for advanced Sanskrit schools and 20 for Sanskrit Colleges.

The D.P.I. may be asked to fix the further minimum even which he wants to give exemption.

'A' on page 3-4 above The S.P.D. may relax the rule regarding average attendance in the case of Secondary schools and his powers in this respect are unrestricted - see Rule 23 of the Grant-in-aid code. Under Rule 45 ibid, the S.P.D. may fix the amount of grant for special schools ^{after} considering all the circumstances of each case and no restrictions have been placed on his powers. Under the latter rule the S.P.D. may exercise full powers in regard to sanction schools ~~and expenditure~~ but for the restrictions placed under 1729 and 16.9.40 and 2030 and 1/40. What is now proposed is only to empower the S.P.D. to grant exemptions in cases where the strength falls below the minimum fixed, if he is satisfied that the institution deserves aid therefore. This is a matter in which the S.P.D. can be trusted to exercise discretion properly. The proposals of E.P.H. at 'A' and 'B' on p. 3 above are accepted in finance.
