Roc No. 1223 B2/47 -

Dated 9-5-1947.

Sub: Elementary Education - Aided Schools - Rules
regarding assessment of grant for untrained teachers
- Relaxation of Rule 5(b) of the Rules for aid.

40904

Due to dearth of trained teachers and inability of a large number of untrained teachers to secure admission into the training schools Government have passed orders in their G.O. No.Ms.1716 Edn., dated 27-10-1945 keeping in abeyance until 1st October 1947, the rule 5(b) of the Rules for aid relating to elementary schools under which grant should not be assessed for untrained teachers in aided elementary schools with a service of over 2 years and who are not too old to undergo training and are not consequently exempted from undergoing training by the competent authority. It is reported that there are still a large number of untrained teachers with a service of over 2 years who cannot all be admitted into the schools during the next two years. As it is expected that it will take atleast two more years for the state of affairs to come to a normal level and the number of untrained teachers reduced considerably, it is recommended that the concession granted in the G.O. quoted supra, keeping the rule 5(b) of the Rules for aid in abeyance till 1-10-47 may be extended further upto 1-1-1950.
