To
The Secretary to the Govt. of India,
Defence Department (Army Branch),
New Delhi. 3.

Sir,

Military - National Cadet Corps Organisation-
Encouragement for starting residential schools -
and normal schools - Govt. of India's financial
aid - Requested.

Representative of the
I am directed to state that the National Cadet
Corps Organisation Committee have advised the starting of
residential/ schools and normal schools as such schools
would produce more advantageously the right type of men
required for the corps. There are only a few such
schools in this Province and they are run at a great
cost to the management. These schools are so costly
that this Govt. feel that unless they are supported
with large grants from the Govt. of India, it would not

Government of India, Defence Department (Army Branch)
New Delhi, the 28th May 1947.

To

The Secretary to the Government of Madras,
Education and Public Health Department.

National Cadet Corps Organisation.

Sir,

With reference to your letter No. 31946/G3/47 Education, dated the 9th May 1947, in which you enquire whether the Government of India will be prepared to render financial help to enable the provincial Government to establish residential schools, I am directed to say that although the National Cadet Corps Organisation Committee agreed that residential schools were more advantageously placed for carrying out the required training for the Cadet Corps, they did not, and do not, recommend that such schools should be set up specially for this purpose. I am to add that the intention is to extend the facilities of Cadet Corps training to as many youths as possible and it is therefore considered inadvisable to confine the scheme to selected schools. In the circumstances, therefore, the Government of India are unable to accept the Provincial Government's proposal.

I am, Sir,
your most obedient servant,

(N.S. Siva), Major
Under Secretary to the Government of India.

(Extracts from Public (Military) C.No. 2657/46)

(W) I have gone through the notes above referred to. This matter was also discussed at the last Central Advisory Board of Education in which I was present. The representatives of the National Cadet Corps Organisation advised that residential schools will more advantageously produce the type of men that they require and that they would advise such schools would be started. There are only a few residential schools in this Province. They are run at great cost of the management. These residential schools are very costly indeed and unless Government come forward to support them with large grants, it will not be possible for such schools to be run. The Govt. of India may be enquired as to whether they are prepared to help in support of such schools and also for introducing these items which they have recommended in this report in our normal schools.

The Hon'ble T.S.A. (Vinashilingam Chettiar)
4-4-1947. H.M. (Edn.)

Sofar, the Chairman of the National Cadet Corps Organisation Committee has only called for the views ~~min~~ of the Chief Secy. to the Govt, the Education Secretary, the Director of Public Instruction of this Govt. and of the prominent ~~and~~ educationists and personages of this province, on the National Cadet Corps Organisation. These views have been communicated to the Chairman. The Govt. of India have not yet addressed this Govt. on the subject. With reference to the minute of H.M. (Edn.) above ~~a draft letter~~ ^{E.P.H. may see} to the Govt. of India is submitted for approval. ~~E & P.H.~~

~~may also see.~~ It is noted that in question now is about obtaining financial help from the Govt. of India in support of the residential schools and also for introducing the scheme recommended by the Committee in the normal schools. The question may appropriately be dealt with in E.P.H. and ~~the~~ ^{it seems} ~~be transferred to them~~ and they may take up the file ^{if they have no objection.}
