Ramaswamy Mudaliyar,
Municipal Commissioner,
Ootacamund.

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Through (1) the Chairman, Municipal Council, Ootacamund;
(2) the Director of Public Instruction, Madras.

Rec.B1.No.11103/46 dated 21-3-1947.

Sir,

Grants - Municipal Council, Ootacamund - Extension of the Thalayatimund Elementary School building - application for disbursement of half-grant - submitted.

Reference:- (1) G.O.No.773, Education, dated 10-4-1946;
(2) Govt. Memorandum No.53439-C/1-46-1, Education, dated 23-9-1946.

In G.O.No.773, Education, dated 10-4-1946 Government were pleased to sanction a subsidy not exceeding one half of the actual cost of construction of an additional building for Thalayatimund Elementary School, limited to a maximum of Rs.2,825/- subject to the condition that the other half of the cost of the work was met from the general funds of the Municipal Council.

According to the estimate for Rs.5,650/- approved by the Director of Public Instruction in his letter No.Re.2105-B/44 dated 6-9-1945, the work was entrusted to a Contractor and it is reported by the Municipal Engineer that the work has been completed on 19-3-1947. The final contract certificate for this work amounts to Rs.5,495-11-8. One half of this amount works to Rs.2,747-13-10 or Rs.2,748/-.

This application could not be submitted on the 10th March 1947, as directed in G.O.No.773, Education, dated 10-4-1946, as the work was incomplete on that date. The progress of the work was very much hampered for want of cement. It was after great personal persuasion that the Contractor finished the work. I therefore request that the Government may be pleased to condone the delay of about ten days in submitting this application and to order the disbursement of the half-grant of Rs.2,748/- before the end of the current official year.

The estimate sanctioned by the Director of Public Instruction is for Rs.5,650/-, but owing to certain deviations, the work has cost only Rs.5,495-11-8. The deviations are mainly due to the substitution of cement for all works proposed to be carried out with lime mortar, according to the condition on which the contractor offered to undertake the work. However, there is a saving in the total amount due to the use made of the old room superstructure and foundations, and (2) the adoption of the current year rates which are lower in certain cases. A deviation statement has been prepared for the work and the same will be submitted to the Director of Public Instruction, for sanction, after obtaining the sanction of the Council.

As required in G.O.No.1143, Education, dated 11-8-1932, I herewith submit a certificate to the effect that the work has been properly executed.

Office of the Director of Public
Instruction, Madras.

Re.No.741 B1/47 dated 12-5-47.

Submitted.

As the scheme was approved for payment of subsidy in 1946-47, no provision was made in the Budget Estimate for 1947-48 for this purpose. The subsidy may, however, be sanctioned this year. The expenditure may be met from the savings, if any, in the appropriation under "building subsidy". If not, additional funds will be applied for later on in the year, after reviewing the possibility of spending the entire provision under "building subsidy".
