Memo No. 61495-B1/46-2 Edn dt. 30/10/46.
opening of high schools in Taluk centres.

At present there is not even one high school in many of the taluk centres. The Govt; have been considering that every taluk centre should have a high school and that high schools under the management of Dt. Boards should be started in the Taluk centres where there is none now. The cost of maintaining a high school is not likely to be large; as a good portion of it will be covered by fees collected from pupils. The Dt. Boards may be given either a lump sum subsidy or one-half or full net cost of ~~maintenance~~ maintenance of the school.

The D. P. I. is requested to submit immediately and in any case not later than 15-11-46, a list of taluk centres in which there is no high school, with an estimate of the cost involved in opening a high school in each such centre. The ~~cost~~ estimate should be worked out under all the three alternatives mentioned above; the terms in each case will be decided later with refer to the financial position of the Dt. Board concerned.

Before proceeding further with [illegible] the full [illegible] to [illegible] the [illegible] of the cost involved

Director of Public Instruction, Madras.

To
The Secretary to Government,
Education and Public Health Department.

70868

ASST. SECRETARY TO GOVERNMENT
20 NOV 1946
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub: Opening of High Schools in Taluk centres.

Ref: Govt. Memorandum No.61495-B.1/46-2 Edn dated 30-10-46.

pp1-2 ante

p5 supra

In reply to the Government memorandum quoted above I have the honour to submit herewith two lists of Taluk headquarters (i) with only Middle Schools and (ii) with no middle schools even, together with a statement of approximate cost involved in the opening of such schools.

The approximate net cost of opening a middle school with classes 4 and 5 and Forms I to III comes to Rs.5800/- (immediate) and Rs.8100/- (ultimate) and that of a High School (High School forms only) in the existing Middle School) Rs.9000/- (ultimate average cost). The immediate cost in opening Form IV in the existing Middle Schools will be about Rs.450/- per school, as provision has to be made only for a L.T. Assistant and a Secondary Grade Teacher.

p6 infra

450

As regards income from fees, I may state that the places in question being backward areas it is not possible in the first few years to expect a strength of more than 20 to 25 in each of the forms I to VI of whom 50% will be eligible for fee concessions. Hence it may not be safe to assume that a good portion of the cost will be covered by fees collected from pupils.

Therefore the approximate cost to Government will be as follows: (for a middle school)

		R.	N.R.
a. If full net cost is given	Rs.8000/-	5000	3000
b. If ½ net cost is given	Rs.4000/-	2500	1500

(for a High School)
(High School sections opened in Middle Schools)

a. If full net cost is given	Rs.9000/-	6000	3000
b. If ½ net cost is given	Rs.4500/-	3000	1500

A

The question of lump sum subsidy and the amount thereof have to be decided by Government with reference to the financial position of the individual District Boards.

But, in view of the backward nature of the localities I consider that, to start with, Government should pay the net cost of maintenance as subsidy to the District Boards concerned for some years (say 10 years)

Analysing the existing middle schools in list I, I find some centres are good ones where High Schools are quite likely to be a success, while some do not hold out the same hope of success.

M

I have not had time to scrutinise the claims of those included in list II for having middle schools and still

more

more for having immediately High Schools. But it is very likely that some centres will prove a success while the rest may not and I feel that in every centre we should start at *the most with a middle school and work up to a High School in due course and as the Middle School justifies itself.*

If Government agrees to these, I suggest (i) that the Director be authorised to explore in consultation with the Local Bodies the possibilities of opening in 1947-48 middle schools in the centres included in List II and Form IV in the Middle Schools in the centres included in List(I)and (ii) that he informed of the extent to which he may commit Government from the point of view of financial responsibility.

for Director of Public Instruction.

SCHOOLS - Secondary - Local bodies - Opening of new high schools in taluks where there are no high schools.

Draft 11

P3 C3

From the Director of Public Instruction, R.C.No. 10119 G2/46 dated the 16th November 1946.

28/12

7th [illegible]

MEMO NO. 61495 B/46 - 4 Edn & 28/12/46

The Government consider that there should ~~xx~~ be atleast ~~be~~ one high school in each taluk; in taluks in which there is no such school arrangements should be made to open a new school, that the new school may be located at any convenient centre in the taluk and that it need not necessarily be at the taluk headquarters. In a taluk where there is not even a middle school, such a school may be opened to start with and developed into a high school in due course; in a taluk where there are ~~xx~~ already middle schools but not even a single high school, one of the middle schools should be converted into a high school. It is proposed to consider as a Part II scheme for 1947-48, the question of payment of subsidies to local bodies towards the opening and maintenance of (1) new middle schools in four centres and (2) higher forms in two existing middle schools, in taluks which are not served at present by any middle or high school~~s~~, under any type of management. The Director of Public Instruction is requested to furnish a list showing separately (a) the taluks which are not served at present even by a middle school and (b) those in which there are a few middle schools but not even a single high school. He is requested to treat the reference as special and send his reply immediately as ~~the~~ a report should be placed before the Finance Committee at its meeting to be held on 7th January 1947

2. The Director is also requested to select the four centres for the opening of new middle schools and the two middle schools in which higher forms should be opened by local bodies in 1947-48 according to the

above proposal assuming that a non.recurring subsidy towards the full cost of the purchase of initial equipment subject to a maximum of Rs.3000 for each middle school or high school to be newly opened will be paid in two annual instalments of Rs.1500/- each and that a recurring subsidy equal to the entire net cost of maintenance of the new middle school or high school department subject to a maximum of Rs. 3300 for a middle school and Rs.4000 for a high school (calculated at two thirds of the ultimate net cost of maintenance as estimated by the Director) will be made for a period of five years from the date of opening of the school and that the question of converting it into a fixed lump sum subsidy will be considered at the end of the period. The reply to this para may be sent separately, later on, in consultation with the local bodies concerned.

For Director of Public Instruction.

P.R.K. 26/12/46

MEMORANDUM No. 61473 B1/46 [illegible]

There are certain taluks in this Province which have not even a single high school. ~~It is~~ The Govt. considered it essential that ~~there~~ each taluk should be served by at least one High School ~~in each taluk~~, that to begin with a middle school with classes 4 and 5 and Forms I to III should be opened in taluks which have not even a middle school and that it should be developed into a high school in due course and that in a taluk where there are only middle schools, one of the middle schools should be converted into a high school by the opening of Form IV in the first year and Forms V and VI in the succeeding years. With a view to encourage local bodies to open schools in such taluks, the Govt. propose to grant, as a special case, non-recurring subsidy towards the full cost of the initial equipment subject to a maximum of Rs 3000/- (payable in two instalments of Rs 1500/- each in ~~two~~ successive years) and a recurring subsidy towards the actual net cost of maintenance of each new school subject to a maximum of Rs 3300 per annum for a middle school and of Rs 4000 per annum for a high school for a period of five years from the opening of the schools ~~middle school or the high school department as the case may be~~. The subsidy ~~xxxthexendxofxthe fivexyearxperiod~~ will be converted into a fixed lump sum subsidy at the end of the five year period. The new schools should be located in rented buildings if suitable buildings belonging to the local bodies are not available and no building grant will be sanctioned at the outset.

2. Provision has been made in the budget for 1947-48 for the payment of subsidies to local bodies for four new middle schools and two high schools to be opened under the scheme outlined in paragraph 1 above. The following taluks

have

10

(p.t.o.)

iddle schools.

Vizagaptam District -	Pathapatnam taluk. (Hiramandalam)
Cuddapah Dt.	Siddhavattam taluk.
Nellore Dt.-	Darsi taluk.
The Nilgiris.-	Gudalur taluk.

For the conversion of middle schools into high schools.

Coimbatore Dt.,-	Palladam taluk.
Chittoor District -	Puthur taluk.

The new middle school may be located at any convenient centre in the taluk and it need not necessarily be at the taluk headquarters.

The D.P.I. is requested to acertain and report whether the Dt. Bds. concerned are willing to open new middle schools or to convert the existing middle schools ~~mx~~ into high schools at the selected centres on the terms proposed and if so to instruct them to submit necessary proposals in the matter supported by a resolution of the Dt.Board. He is requested to suggest to the District Boards the suitable centres for the establishment of new middle schools. The Vizagapatam Dt Bd had already ~~opene~~ proposed to open a new middle school at Thiramandalam in Pathapatnam Taluk and the centre ~~may be~~ is approved.

Rc.No.A3-7834/47. Nellore District Board Office,
Dated 7-5-1947.

From
Sri Rao Bahadur S. Joseph Reddi, B.A.,B.L.,
Special Officer, District Board, Nellore.

To
The Secretary to Government,
Education and Public Health Department,
(Education), Madras.

Through
The Director of Public ~~Xxxxx~~ Instruction,
Madras.

Sir,

Subject:- SCHOOLS - Secondary - Nellore District Board - Opening of Middle Schools for boys and conversion of Middle Schools into High Schools.

39933

Reference:- Government Memorandum No.61495-B1-46-5, Edn., dated 8-4-47.

Adverting ~~Xxxxxxxxx~~ to the Government Memorandum under reference sanctioning recurring and non-recurring subsidies for a Middle School to be opened in the Darsi Taluk under the management of this District Board, I wish to state that in his letter L.Dis. No.19700/46 dated 30-10-46 my predecessor-in-office Sri Rao Bahadur P.Govindureddi made a recommendation to Government supported by the District Board Resolution No.317 dated 25-10-46 for the opening of a Middle School at Thallur or any other suitable centre in the Darsi Taluk. But subsequently I wrote to the District Educational Officer, Nellore with reference to Government Memorandum No.61495-B.1-46, Education, dated 23-12-46 that the existing Middle School at Atmakur might be converted into a High School as it would serve the needs ~~x~~ not only of the Atmakur Taluk but the ~~x~~ neighbouring taluk of Udayagiri as well. But as the said Government Memorandum deals with the~~xx~~ opening of middle schools and also conversion of middle schools into high schools, the District Educational Officer, Nellore in his letter No.19-A-47 dated 4-2-47 explained the absolute need for a middle school at Podili as it is a place poor to some ~~xx~~ extent, and as the parents there cannot therefore afford to send their children outside the locality for higher education. I cons the matter and we mutually agreed that Podili should have middle School as it will thrive and also develop into a ~~sive~~ high school when judged from the importance of the

is dec ly serve the
in the si time b
here is a hig

18

enclosed) was not apparently considered. I therefore now request that Government may be~~xx~~ pleased to reconsider their orders issued in their memorandum No.61495-B-1/46-5 dated 8-4-47 and sanction the opening of a middle school at Podili in preference to Darsi or any other centre in Darsi Taluk. It would be all the better if Darsi ~~xx~~ also is given a middle school but in view of the order of Government restricting sanction to a single locality and the slender finances of this Board, the claims of Darsi for a middle school may be temporarily dropped.

3. I wish to add in this connection that my proposal for opening a high school at Atmakur by raising the status of the existing middle school there is not yet given up by the District Board as the connected correspondence would show in-spite of Government Memorandum No.68086-B1-46-2, Education, dated 9-4-47 deferring the question of opening new high schools with the aid of Government subsidy and it will form the subject of separate correspondence.

4. I request the favour of very early orders in the matter.

S. Joseph Reddi,
Special Officer.

Copy to the District Educational Officer, Nellore for information and necessary action. The Director of Public Instruction may be addressed for facilitating sanction for the proposed change.

Copy to the Secretary to Government, Education and Public Health (Education), submitted direct to save delay.

Forwarded

Copy of letter Rc.No.19[illegible]/47 dated 4-2-47 from the District Educational Officer, Nellore to the Special Officer, Dt.Board, Nellore.

Subject:- SCHOOLS - Local bodies - Secondary schools - Opening of Middle Schools.

Reference:- Your D.Dis.No.1809/47 dated 24-1-47.

I invite a reference to para 2 of Government Memorandum No. 61495.B1/46-4, Education, dated 23-12-46 calling for proposals for the opening of Middle Schools.

2. In this connection I am of opinion that a middle school will thrive at Podili. This place is at present served by two Higher Elementary Schools and as it is a remote place and poor to some extent, the parents cannot afford to send their children outside the locality for higher education.

3. If a middle school is opened to start with and gradually oped into a high school, there is every prospect of its iving as there is no high school within a radius of 12 miles odili.

4. I may kindly be favoured with your considered opinion in matter at an early date.

I have the honour to submit the following report:--

Opening of Middle Schools.

1. **District Board, Vizagapatam:-**

The District Board is willing to open a Middle School at Hiramandalam in Pathapatnam Taluk. The letter from the Special Officer R.C.No.2581-47-A6 dated 29.4.1947 is enclosed.

pp 27.28 infra

2. **District Board, Cuddapah:**

The Special Officer has not yet sent his reply. He has been reminded.

3. **District Board, Nellore:-**

The District Board is not willing to open a Middle School in Darsi Taluk. The Special Officer proposes to open a school in Podili Taluk instead. His letter R.C. No.A.3.7834-47 dated 7.5.1947 is enclosed. I have referred the matter to the Inspecting Officers and I am awaiting their remarks. In meanwhile, the residents of Rapur have represented to the Honourable Minister for Education that a middle school may be started in Rapur Taluk - vide Government Memorandum No. 28650-B1-47-1 Edn., dated 19.5.1947. This matter has also been referred to the District Educational Officer and his remarks are awaited.

Copy of pp 44-45 infra

4. **District Board, The Nilgiris:-**

The District Board is willing to convert the Board Higher Elementary School, Gudalur into a Middle School. A copy of his letter A.5.2668/47 dated 8.5.1947 is enclosed. But the District Educational Officer considers that the opening of the school may be deferred for the present - vide copy of his remarks enclosed. The remarks of the Divisional Inspector have not yet been received. I shall therefore submit my final recommendations soon after the receipt of the Divisional Inspector's remarks.

Enclosures:

No. Rc.2581/47-A6, dated 29---4---1947.

Sir,

Sub:--Schools - Secondary - District Board, Vizagapatam - Conversion of three Higher Elementary schools into Middle Schools - Sanction requested.

Ref:--(1) Govt.Memo.No.7353-B1/47-Edn., dated 5-2-1947.
(2) Letter Roc.No.7836-G/46, d/ 13-2-47 of the Director of Public Instruction, Madras.

[illegible]

With reference to the above I enclose herewith a copy of Resolution No.55, dated 26-10-'46 of the District Board, sanctioning the proposal for the starting of three middle schools at (1) Hiramandalam, (2) Chipurupalli and (3) Kasibugga in the North Vizagapatam area by converting the existing three Higher Elementary Schools at the respective places. Details of the proposals for each place are furnished below.

1. HIRAMANDALAM.- This is the biggest village in Pathapatnam taluk, which has no facilities at all for imparting secondary education. There is not even a middle school any where in the taluk and it is very necessary and desirable to open a secondary school at Hiramandalam, which is the convenient centre for the taluk. At present there is a Board Higher Elementary School in the locality with a strength of about 200 and it can be converted into a middle school. No other locality in the taluk is better suited for the purpose. The local public have remitted a contribution of Rs.3,100 on 31-3-47 to the credit of the District Board Funds. The Government in their Memorandum No.61495-B1/46-5, Education, dated 8-4-47 have been pleased to sanction payment of non-recurring subsidy towards the full cost of the initial equipment subject to a maximum of Rs.3,000 (Payable in two instalments of Rs.1,500 each in successive years) and a recurring subsidy towards the actual net cost of maintenance subject to a maximum of Rs.3,300 per annum for a period of five years on behalf of the proposed middle school at Hiramandalam from 1947-48.

2. CHIPURUPALLI.- This is the headquarters of the Chipurupalli taluk which has no facilities at all for imparting secondary education. There is not even a middle school any where in the taluk and it is highly desirable to open a board secondary school at Chipurupalli. There is a Board Higher Elementary School, now at Chipurupalli with a strength of over 200 and that school can conveniently be converted into a middle school to cater to the Secondary Educational needs of the people in the taluk. The local public have remitted a contribution of Rs.5,000 on 12-4-47 to the credit of the District Board Funds.

3. KASIBUGGA.- This is a big village in Tekkali Taluk. This is situated just by the side of Palasa Railway Station (B.N.Rly). There is at present a Board Higher Elementary School in the village Kasibugga and it has a strength of more than 250. The local public of Kasibugga and Palasa have remitted a contribution of Rs.5,000 on 31-3-47 to the credit of the District Board Funds on condition that the proposed middle school should be located midway between the two villages (Palasa and Kasibugga). One Sri Penta Gunnayya of Palasa has also consents to give a free gift of site measuring 3 acres located midway between the two villages for the

for the construction of a middle school building on the same condition. The District Educational Officer, Vizagapatam North, in his letter Rc.2581/47-A6, dated 28-3-47 suggested that the middle school may be opened at present either at Palasa or Kasibugga where buildings are available for the purpose and the school be shifted to the place suggested by the public as and when buildings can be constructed by the board. I agree with the District Educational Officer in the above proposal.

The opening of the middle schools at the above three places will involve the District Board, in an additional annual expenditure of about Rs.15,000 and a non-recurring expenditure of about 9,000 for equipment in the first year.

Considering the enthusiasm shown by the public of each locality and also the facts mentioned in the above paras, I request that the Director of Public Instruction, Madras, may be pleased to sanction the starting of middle schools by converting the present Higher Elementary Schools at the localities, (1) Hiramandalam, (2) Chipurupalli and (3) Kasibugga, from the beginning of the school year 1947-48.

Early orders are solicited.

A copy of Government Memorandum No.7353-B1/47, dated 5-2-47 is enclosed for favour of information.

(Central), (2) Sri G.Kumaraswamy M.L.A., (3) Sri [illegible].V.Ramamurty, Dt.Congress Leader and (4) Sri K. Subbarao, B.A.,B.L., District Congress Leader for the opening of a middle school at (1) Palasa (Kasibugga), (2) Naupada, (3) Hiramandalam, (4) Calingapatam, (5) Chipurupalli and (6) Balijipeta and requesting the President, District Board, Vizagapatam, to report through the Director of Public Instruction, Madras, the action proposed to be taken in the matter.

Read also letter Roc.No.430-C8/46, d/ 22-9-46 from the District Educational Officer, Viza.North, to the Director of Public Instruction, Madras (Copy extended to this office) with reference to Government Memo.No.49219-B2/46-1-Edn., dated 31-8-46 proposing the conversion of the three Board Hr. Elementary Schools at Hiramandalam, Chipurupalli and Kasibugga into secondary schools and requesting for the opinion of the board.

Opinion of the board is requested in the matter.

Resolution: Sanctioned the opening of middle schools at the places recommended by the Educational authorities provided the local people are prepared to contribute Rs.5,000 each to the funds of the District Board.

H.S.Dora,
Vice-President.

/true extract/

Copy of Government Memorandum No.7353-B1/46-Edn., d/ 5-2-1947.

Schools - Secondary - District Board - Vizagapatam - Conversion of three higher elementary schools into middle schools.

From the Collector and Special Officer, District Board, Vizagapatam, D.Dis.No.11403/46, dated the 7th November 1946.
From the Director of Public Instruction, Roc.No.7056-G2/46, dated 27-11-1946.
From the Director of Public Instruction, Roc.No.7856-G2/46, dated 7-12-46.

The Government have no objection to the proposal of the District Board, Vizagapatam, to convert the Board Higher Elementary Schools at Hiramandalam, in Pathapatnam taluk, Chipurupalli in Chipurupalli taluk and Kasibugga in Tekkali taluk into middle schools as contained in its resolution No.55, dated the 26th October 1946. The Special Officer, District Board, Vizagapatam, is requested to obtain the permission of the Director of Public Instruction to the opening of the three middle schools from the next school year furnishing particulars on the points mentioned in the annexure to G.O.No.1872, Edn., dated the 2nd December 1941.

Rc.No.A3-7834/47. Nellore District Board Office,
Dated 7-5-1947.

From
Sri Rao Bahadur S. Joseph Reddi, B.A., B.L.,
Special Officer, District Board, Nellore.

To
The Secretary to Government,
Education and Public Health Department,
(Education), Madras.

Through
The Director of Public Instruction,
Madras.

Sir,

Subject:- SCHOOLS - Secondary - Nellore District Board - Opening of Middle Schools for boys and conversion of Middle Schools into High Schools.

Reference:- Government Memorandum No.61495-B1-46-5, Edn., dated 8-4-47.

Adverting to the Government Memorandum under reference, sanctioning recurring and non-recurring subsidies for a Middle School to be opened in the Darsi Taluk under the management of this District Board, I wish to state that in his letter L.Dis. No.19700/46 dated 30-10-46 my predecessor-in-office Sri Rao Bahadur P.Govindu Reddi made a recommendation to Government supported by the District Board Resolution No.317 dated 25-10-46 for the opening of a Middle School at Thallur or any other suitable centre in the Darsi Taluk. But subsequently I wrote to the District Educational Officer, Nellore with reference to Government Memorandum No.61495-B.1-46, Education, dated 23-12-46 that the existing Middle School at Atmakur might be converted into a High School as it would serve the needs not only of the Atmakur Taluk but the neighbouring taluk of Udayagiri as well. But as the said Government Memorandum deals with the opening of middle schools and also conversion of middle schools into high schools, the District Educational Officer, Nellore in his letter No.19-A-47 dated 4-2-47 explained the absolute need for a middle school at Podili as it is a place poor to some extent, and as the parents there cannot therefore afford to send their children outside the locality for higher education. I considered the matter and we mutually agreed that Podili should have a Middle School as it will thrive and also develop into a ~~progressive~~ Prosperous high school when judged from the importance of the locality. It is also my considered opinion that it would serve the needs of both the taluks of Podili and Darsi for the time being and is decidedly a better centre than Darsi or any other big place in the Darsi Taluk where there is now a higher elementary school.

① 1-2

H 15-16 ante

2. I am led to think that in selecting a taluk for the opening of a Middle School in this District, my predecessor's letter L.Dis.No.19700/46 dated 30-10-46 proposing a middle school in Darsi Taluk was given prominence and the decision taken by me and the District Educational Officer, Nellore finally in favour of starting a middle school at Podili, (vide District Educational Officer's letter No.19-A-47 dated 4-2-47 and my letter D.Dis.No.3471-47 dated 18-2-47 copies

P.T.O.

enclosed) was not apparently considered. I therefore now request that Government may be pleased to reconsider their orders issued in their memorandum No.61495-B-1/46-5 dated 8-4-47 and sanction the opening of a middle school at Podili in preference to Darsi or any other centre in Darsi Taluk. It would be all the better if Darsi xx also is given a middle school but in view of the order of Government restricting sanction to a single locality and the slender finances of this Board, the claims of Darsi for a middle school may be temporarily dropped.

3. I wish to add in this connection that my proposal for opening a high school at Atmakur by raising the status of the existing middle school there is not yet given up by the District Board as the connected correspondence would show, in spite of Government Memorandum No.68086-B1-46-2, Education, dated 9-4-47 deferring the question of opening new high schools with the aid of Government subsidy and it will form the subject of separate correspondence.

4. I request the favour of very early orders in the matter.

S. Joseph Reddi,
Special Officer.

Copy to the District Educational Officer, Nellore for information and necessary action. The Director of Public Instruction may be addressed for facilitating sanction for the proposed change.

Copy to the Secretary to Government, Education and Public Health (Education), submitted direct to save delay.

Personal Assistant to the
Special Officer, Nellore Dt.Board

Copy of letter Rc.No.19.A/47 dated 4-2-47 from the District Educational Officer, Nellore to the Special Officer, Dt.Board, Nellore.

Subject:- SCHOOLS - Local bodies - Secondary schools - Opening of Middle Schools.

Reference:- Your D.Dis.No.1802/47 dated 24-1-47.

I invite a reference to para 2 of Government Memorandum No. 61495.B1/46-4, Education, dated 23-12-46 calling for proposals for the opening of Middle Schools.

2. In this connection I am of opinion that a middle school will thrive at Podili. This place is at present served by two Higher Elementary Schools and as it is a remote place and poor to some extent, the parents cannot afford to send their children outside the locality for higher education.

3. If a middle school is opened to start with and gradually developed into a high school, there is every prospect of its thriving as there is no high school within a radius of 18 miles to Podili.

4. I may kindly be favoured with your considered opinion in the matter at an early date.

P.T.O.

Copy of letter D.Dis. No.3471/47 dated 18-2-47 from the Special Officer, District Board, Nellore to the District Educational Officer, Nellore.

Subject:- Education - Secondary - Opening of a middle school at Podili.

Reference:- Your letter Rc.No.19.A.47 dated 14-2-47.

I agree with your opinion in the matter.

A5-2668/47.

The Nilgiri District Board Office,
Ootacamund, dated 8.5.1947.

To

The Director of Public Instruction, Madras

Sir,

Sub:-Schools--Secondary--Opening of New Middle School, in Gadalur Taluk during 1947-48.

Ref:-Your letter R.C.No.10449-G/46 dated 26..4..1947.

A High School at Gudalur is necessary and the Board is willing to convert the present District Board Higher Elementary School, Gudalur into a middle school from the school year 1947-48 and to raise it to a High School in due course provided the Government sanction annual recurring subsidy equal to the entire cost of the maintenance of the school besides the sanction of the non-recurring subsidy towards the cost of the initial equipment &c.

In this connection I wish to state that at present there are three High Schools under the District Board. The annual expenditure incurred towards the maintenance of even these existing High Schools, has become a heavy strain on the very slender resources of the Board and consequently it may not be possible for the District Board to incur any expenditure from its ~~x~~ funds towards the maintenance of the new school.

H.H. CARLESTON
SPECIAL OFFICER
DISTRICT BOARD, THE NILGIRIS.

(True copy).

@@@

II.

Copy of remarks of the District Educational Officer, Coimbatore and the Nilgiris made at his visit to the Board Higher Elementary School, Gudalur, Nilgiris District dated 26th March 1947.

Visited the Board Higher Elementary School, Gudalur in connection with the proposal from the Director ~~x~~ to start a secondary school in each taluk where there is no facility for secondary education, e.e. Gudalur Taluk in this jurisdiction on 26th March 1947.

MANAGEMENT: The District Board, The Nilgiris.

FINANCIAL POSITION: The financial position is fairly satisfactory.

ACCOMMODATION: At present there are two tiled buildings one with two rooms 20 3/4' x 14 3/4' and the other $24\frac{1}{2}$' x 14 3/4' and the other building with 2 rooms again one of $24\frac{1}{2}$ x $14\frac{1}{2}$ and the other of $35\frac{1}{2}$ x $14\frac{1}{2}$. There are about 160 school places (as per Ely. School rules)just sufficient for the lower Ely.School. Further the width is only $14\frac{3}{4}$ and is quite unsuitable for a Secondary School. A separate pucca building is therefore necessary if at all a secondary school is to be opened.

SANITATION: There are two small latrines but these have to be repaired and made fit for use.

STAFF: At present there are 2 secondary grade, 4 higher grade and 1 lower grade teachers. Staff has to be appointed as per Madras Educational Rules.

EQUIPMENT: Is very poor and thoroughly unsatisfactory even for a Higher Elementary School.

FURNITURE: There are some benches available but very few desks. The necessary furniture will have to be provided.

LIBRARY: There are about 300 library books. The books necessary for a middle school should be purchased.

LABORATORY: Nothing.

PHYSICAL EDUCATION: Playground:- There is a playground of 90 ft. by 25 ft. levelled up. This is quite inadequate.

EQUIPMENT:- Nothing at all.

GENERAL CONDITION: The strength in the higher standards is very poor.

Discipline: Fair
Organization: Fair
Teaching: Fair.

FINAL RECOMMENDATIONS OF THE DISTRICT EDUCATIONAL OFFICER.

Although Gudalur is the headquarters of a Taluk where there is no facility for secondary education, yet the place is a small one. Although there are 9 hamlets within a radius of a mile and a half from the school, the total pupulation is only about (1238 plus 959) 2197. The strength in the Higher Standards has been poor continuously. There is a large floating population where adults alone come from Malabar for work and donot establishment their families. Further in accommodation, equipment, playground, strength of pupils etc. this school is lacking and until the strength of the higher standards improve it would be a waste of public funds to have a secondary school. In addition this place is a highly malarial place and it may not be advisable to have a hostel in this unhealthy locality.

R.C.No.36-E/47 dated 5.5.1947:

Submitted to the Divisional Inspector of Schools, Coimbatore Division with reference to Director's letter Roc.No.14449-G/46 dated 26.4.1947 communicating Govt.Memorandum No.61495-B1/46-5 Education, dated 8.4.1947.

The strength of the higher standards (VI to VIII) during 1943, 1944, 1945, 1946 and 1947 is 40, 38, 41, 45 and 55 respectively. This is not adequate to run a Middle School. Further the population of Gudalur is mostly a floating one, labourers from Malabar coming and doing their work and returning without establishing themselves. In view of the above, it is highly doubtful whether a secondary school could thrive. Further the accommodation is neither adequate nor suitable. The width of the class rooms comes to 14½ ft. only quite unsuitable for a secondary school. If however a secondary school has to be started a hostel should first be established with cheap boarding and lodging facilities to enable pupils from village near and far in the taluk to come, stay at Gudalur and study. But in view of the fact that Gudalur is a highly malarial place, it is doubtful whether parents would like to send their children to such a place.

In the circumstances mentioned above the opening of a secondary school at Gudalur may be deferred for the present.

sd.M.D.Paul,
District Educational Officer,
Coimbatore & The Nilgiris.

Copy to Special Officer,
Nilgiris Dt.Board,Ooty.

Collector and Special Officer,
District Board, Coimbatore
To
The Director of Public Instruction,
Madras

R.O.C.No. 8759-B3-47 dated 14..5..1947.

Sir,

Education--Secondary--Board Middle School, Palladam--conversion of into a High School--proposals--sanction requested.
Reference:-Government Memo.61495/B.1/46-5 Edn., dated 8.4.1947 and your letter Roc.No.10449/G/46 dated 26.4.47.

Government Memo.No.61495/B.1/46-5 Edn., dated 8.4.47 and your letter No.10449/G/46 dated 26.4.1947 were placed before the Board at the sittings of the Collector and Special Officer, District Board, on 5.5.1947. A copy of Resolution No.147 dated 5.5.1947 agreeing to the conversion of the existing Board Middle School, Palladam into a High School by opening form IV from the beginning of the year 1947-48 on the terms proposed by Government in their memo referred to above, is enclosed.

The following particulars are furnished in support of the proposal to open Form IV in the Board Middle School, Palladam.

Educational needs of the locality.

Palladam is a firka selected by Government for intensive Rural Development and as such increasing importance is being attached to the town. Besides, it is also a business centre and evidently the town is seen to be rapidly growing day by day. There are many villages in the neighbourhood at a distance of three or four miles and the educational needs of Palladam Firka do really require a high school at Palladam. People in and around Palladam attach great importance to higher education and they have realised the great difficulty and inconvenience in sending their children to distant places for the sake of higher education. There is real need for converting the middle school at Palladam into a high school. In the absence of a high school within a radius of 10 miles, the people are being compelled to send their children to distant places. The middle school at Sulur which is 12 miles from Palladam and the Higher Elementary School at Pongalur which is 6 miles from Palladam will serve as feeder schools for the High School, now proposed to be opened at Palladam. So, to meet the educational demands of the people in and around Palladam it is necessary that this school is converted into a high school from June 1947.

Strength:- The probable strength in Form IV which is to be opened, will be 25. As there is full popular support for this school, the strength is bound to increase very soon and very rapidly.

Plan:- Plans of the present building indicating the location of all classes, laboratory, library, store room and play ground are herewith attached.

There are at present one Headmaster, a B.A.L.T. (History and Geography) and three secondary grade assistants. The post of the combined instructor is sanctioned and will be filled up when the candidates who were deputed for training at Madras return in July after training. Necessary additional staff required will be appointed on receipt of orders sanctioning the opening of Form IV.

P.T.O.

Equipment:-

The existing equipment, furniture, science apparatus, etc. supplied in 1947 are just enough to meet with the needs of Form IV in the school. Further requirements if any will also be supplied. An indent, for the library books required has recently been sanctioned to an extent of Rs.500/- and the supply was made in April 1947.

As regards playgrounds, a plot measuring 2 acres and 13 cents is now being used as playgrounds. Proposals to acquire the adjoining plot measuring 2.45 acres in S.F.No. 598/12, 598/34 and S.F.No.587 of Narayanapuram village are under consideration.

Cost of proposals:-

A statement showing the probable recurring and non-recurring charges, is shown below:-

Recurring charges:-

L.T.Assistant	One	Rs. 65/-	present scale	Rs. 780-0-0
Sec. Grade.	One	30/-	"	360-0-0
Tamil Pandit	One	30/-	"	360-0-0
Clerk.	One	30/-	"	360-0-0
P.T.Instructor	One	30/-	"	360-0-0
				Rs. 2220-0-0

Non-Recurring charges:-

Furniture ..	Rs. 1000 0 0
Library	1000 0 0
Laboratory	500 0 0
Maps and charts.	500 0 0
Miscellaneous.	500 0 0
	Rs. 3500 0 0

There is a good deal of local enthusiasm for the cause of a Board High school in Palladam. An influential non-official committee is formed and the Committee is making vigorous endeavours to secure suitable temporary buildings immediately as well as to raise funds by public donations towards the cost of acquiring sites for permanent buildings and playgrounds. Nearly 25 acres of land in S.F.271 and 272 Palladam Village have been selected. For the present the school will be located in the entire chatram building and the Elementary school which is on the rear side of the building will be shifted to a rented building. This will be a temporary arrangement for one year by which time a new pucca building according to the Educational Rules and Standards, will be erected by the High School Committee and handed over to the District Board. The Committee is also taking steps to start a hostel simulataneously with the opening of Form IV.

I request that you will be pleased to accord sanction for the conversion of the Board Middle School,Palladam, into a High school in June 1947.

Proceedings of the Collector and Special Officer,
District Board, Coimbatore dated 5.5.1947.

F.W.A.Morris, Esq., D.C.S.,Collector and Special Officer.

READ:-Government Memorandum No.61495-B.1-46 5/Edn.,dated 8.4.47 selecting Palladam Taluk for the purpose of conversion of the Middle school into a High School under Rural Development scheme and enquiring whether the District Board is willing to the conversion of the existing Board Middle at Palladam into a High School on the following terms.

(1) On a non.recurring subsidy towards the full cost of the initial equipment subject to a maximum of Rs. 3,000/- (payable in two instalments of Rs. 1,500/- each in successive years and (2) On a recurring subsidy towards the actual net cost of the maintenance of new school subject to a maximum of Rs.4,000/- per annum for a High School for a period of five years from the opening of the school.

Note:-1 This subsidy will be converted into a fixed lump sum subsidy at the end of the five years period.

3. No building grant will be sanctioned by Government at the outset.

2. Also letter No.10449-G-46 dated 26.4.1947 from the Director of Public Instruction,Madras requesting to forward necessary proposals supported by a resolution.

District Board Resolution No. 147.

Board agrees to the proposal of converting the existing Board Middle School,Palladam into a High School by opening Form IV from June 1947, subject to the conditions referred to para 1 of Government Memorandum No.61495-D1-46/5/Edn.dated 2.4.1947.

Accommodation and playground facilities will be provided for by acquiring nearly 25 acres of land in S.F. 271 and 272 of Palladam.Village.

The Educational needs of the locality require the opening of a high school at Palladam. There will be sufficient for a high school.

Copy of letter Roc.No.A3-883 of 47 dated 21st April 1947 from the Special Officer, District Board, Chittoor to the Director of Public Instruction, Madras through the District Educational Officer, Chittoor.

EDUCATION--Secondary--Board Middle School, Puttur--Forms IV, V and VI--Opening of--1947-48--Sanction--Application--Forwarded.
Ref:-Government Memorandum No.61495-B1/46.5 Edn., dated 8.4.1947.

I forward herewith an application in the prescribed form in triplicate, for according necessary sanction for the opening of Forms IV, V and VI in Board Middle School, Puttur from the academic year 1947-48.

2. A copy of the District Board resolution No.45 dated 15.4.47 sanctioning the opening of all the three forms in 1947-48 in consideration of the representation received from the public and subject to the conditions stipulated on the above Government Memorandum, is also enclosed.

3. I request that sanction may kindly be accorded for the proposal condoning the delay in sending the application.

(True copy).

Extract from the Minutes of proceedings of the Dt. Board, Chittoor passed at its meeting held on 15.4.1947.

Read:-Government Memorandum No.61495-B1/46-5 Edn., dated 8.4.47 sanctioning the payment of subsidy from provincial funds towards the cost of raising the Board Middle School, Puttur into a High School (both initial and recurring) from 1947-48.

READ also D.B.R.No.47 dated 29.3.1947 sanctioning the opening of IV Form in the Board Middle School, Puttur with effect from the school year 1947-48.

It has been represented by the public that since a large number of students have at great inconvenience and cost to go to Chittoor, Tiruttani and Tirupati for High School education and that since accommodation is immediately available for the three forms they may all be opened in 1947-48.

District Board Resolution No. 45 dated 15..4..1947.

Opening of all the Tree forms in 1947-48 sanctioned subject to Director of Public Instruction's approval.

Secretary, E. & P. H.

Please see herewith representation from the Ryots' Association Rapur Taluk, Nellore District. They say that the taluk does not have even a single Middle School. Recently orders have been issued that Darsi in Nellore District may be chosen for the establishment of a Middle School.

The D.P.I. may be asked to consider the suggestion if that middle school can be opened in this Taluk. He may decide and do whatever is best.

T.S.A./11-4-47.
H.M. Education.

E. & P. H. (B1)

A draft memo to the D.P.I. is submitted below for approval. After issue the file may sent to Food, P.W.D., L.A. and Development U.O. for necessary action extract of para 7 will be given to H.1 section for necessary action. The memo will be added to the main file.

6. We beg to bring to your notice that there is not even a single Middle school in our Taluq. Being economically poor and backward the people of our taluq are unable to send their children to distant places like Nellore and Gudur for education. We have been agitating for the establishment of Middle school for over 20 years without success. The District Board, Nellore paid a deaf year to our requests and representations on several occassions. We request that the Government be pleased to sanction a High School to be started at Rapur, and a Middle School at Podalakur as they are the minimum educational requirements of our Taluq.

pp 25.26 cf

From the Director of Public Instruction, Roc.No.10449-G/46 dated the the 9th June 1947.

MEMO NO. 61495-B1/46-7. Edn. 13.6.47.

Dep Sec absent 13/6/47

p15cf

The D.P.I. is informed that he may himself issue orders in regard to the opening of new middle schools and conversion of middle schools into high schools in the selected places if the District Boards concerned agree to the terms specified in Memo No.61495-B1/46-5 Education dated the 8th April 1947 in regard to the payment of recurring and non-recurring subsidies and the Inspecting Officers also recommend the proposals. When a District Board wants to open a new middle school in a taluk other than the one selected by Government or to convert into a high school a middle school other than the one selected by Government ~~into a high~~

school

48.

school, he may refer the matter to Government for orders. A copy of the orders issued sanctioning the opening of new middle schools and conversion of the existing middle schools into high schools in taluks not served at present by such schools and the payment of subsidies to those schools ~~may~~ should be submitted to Government for information.

2. The Director is requested to report whether any of the District Boards other than those already consulted with reference to Government Memo No.61495-B1/46-5 Edn. dated the 8th April 1947 have proposed to open new middle schools or convert the exising middle schools into high schools in taluks not served at present by such schools and if so, to specify the names of those district boards and recommend which of them may be admitted to aid in lieu of the Nilgiris and Cuddapah District Boards if necessary. He is requested to treat this reference as specially urgent.

p15 c/f

Roc No.10449 G/46

Station Madras., Dated the 11-6-1947. 19

From (Name) Sri D.S.Reddi, M.A., (Oxon), M.B.E.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

pp 15-16 ante

Ref: Government Memo No.61495 B1-46-5 Edn., dated 8-4-1947.

In continuation of my letter Roc.No.10449 G/46 dated 9-6-1946, I have the honour to submit the following further report. -

(1) Opening of a Middle School in Nellore District:-

I support the proposal of the District Board to open the Middle School at Podili, Podili Taluk instead of the Darsi Taluk for the reasons stated by the District Educational Officer in his letter (copy enclosed). The proposed school may be with Forms I--III only and classes 4 and 5 need not be permitted to be opened, as the pupils of these classes can conveniently attend the Elementary Schools in the locality. p52 infra

Podili is also reported to be a better place than Rapur (vide Govt. Memo No.28650 B1/47-1 Edn., dated 19-5-1947) in the Nellore District. Necessary orders may be issued for the opening of the Middle School in Podili Taluk instead of Darsi Taluk as proposed in Government Memo No.61495-B1-46-5 Edn., dated 8-4-1947. p45 ante pp 15.16 ante

p.t.o.

(2) Opening of a Middle School in Cuddapah District.-

The District Board is willing to open a Middle School in Siddhavattam Taluk. A copy of the Special Officer's letter Rc.No.A.4-5386-47 dated 15-5-47 is enclosed. The District Educational Officer considers that it can be opened as an experimental measure. In view of the fact that it is a backward district and the only middle school in the taluk is 9 miles away, I recommend the opening of the middle school at Siddhavattam.

p53 [illegible]

13/6

for Director of Public Instruction.

k.h.13-6. 13/6

Copy of letter Rc.No.19 A/47 dated 28-5-1947 of the Dt.Edl. Officer, Nellore to the Director of Public Instruction, Madras.

Ref: Your Pros.Rc.No.10449-G/46 dated 26-4-1947.
Rc.No.A.3.7834/47 dated 7-5-1947 of the Special Officer, District Board, Nellore.

THE view of the Special Officer, District Board, Nellore that Podili should be preferred to Darsi as a Centre for starting a Middle School deserves consideration on the following grounds:-

1. There are two complete and one incomplete Higher Ely. school at Podili, the Board Higher Elementary school having fairly adequate accommodation suitable for a middle school.

2. Adjoining this school there is extensive vacant site which may be acquired and used partly for extending the building and partly as playground.

These facilities are not at present available in Darsi, or in any place in Darsi Taluk and as such capital expenditure will have to be incurred for providing suitable accommodation if Farsi is chosen.

3. Podili is more populous and of greater importance than Darsi, the people being richer, they can easily afford middle school education.

4. Surrounding Podili there are high schools at Kanigiri 18 miles off Ongole 30 miles off and Markapuram 80 miles off, for the pupils of Podili to pursue High School courses on the completion of their middle school education.

Moreover, Darsi is only 12 miles off Podili and the benefit of a middle school at Podili will also be available for Darsi.

I am therefore of opinion that the proposal of the Special Officer, District Board, Nellore to open the new middle school at Podili may kindly be approved and the Board Higher Elementary school, Podili be converted into a middle school with classes IV and V and forms I to III from July 1947.

Copy of Rc.No.A.4.5386/47 dated 15-5-1947 of the Special Officer, District Board, Cuddapah.

Ref: Government Memorandum No.61495.B1.46-5 Education dated 8-4-1947.
2. Your letter Rc.No.10449-G/46 dated 26-4-47 and District Educational Officer's letter Rc.No.459 A.47 dated 3-5-1947.

The centre most in need of secondary Education in Sidhout Taluk is Sidhout village. The District Board has approved the opening of a middle school at Sidhout villages from the beginning of the school year 1947-48 and agreed in its resolution No.77 dated 13-5-47 to the terms proposed by the Government.

I forward herewith the particulars required under the rules for favour of your consideration and according necessary sanction for opening of the Middle School at Sidhout Village from the begining of the year 1947-48.

The number of pupils likely to join in the primary and secondary classes is expected to be as follows:---

IV Class	..	..	30
V Class	..	..	30
I Form	..	..	30
II Form.	..	..	30
III Form.	..	..	25

The number of admissions will be restricted to the accommodation available.

2. The proposed board middle school will be located in the present board higher elementary school building, which is found to be most suitable. The building belongs to the elementary education department of the board. It can provide 4 class rooms. For the remaining class room and the headmaster's room, the board Muslim girls' school building, which also belongs to the board and which is very close to the higher elementary school building, will be taken up and reasonable rent adjusted to Elementary Education Funds. Arrangements will be made to locate the elementary schools in suitable rented buildings.

A dimensioned sketch of the above buildings indicating therein the location of the several classes in the new school is enclosed.

Arrangements will be made to make the above buildings available to for occupation by the middle school on the date of its opening.

3. It is proposed to employ the following teaching staff:---

1. L.T. Grade teacher, 4 Secondary grade teachers, 1 Telugu pandit, 1 Physical training instructor, 1 drawing master; 1 peon, and 1 combined sweeper and night watchman.

As regards equipment a sum of Rs.1500/- will be spent in the current year towards the purchase of furniture, books and maps, teaching aids and science apparatus etc., making necessary provision for the expenditure in the revised budget estimate of the board for 47-48, after taking credit for the non-recurring Government grant payable to the Board during the year. An equal sum will be similarly spent towards the supply of equipment in the year 1948-49.

4. I furnish herewith the details regarding the recurring and non-recurring cost of the proposals.

5. As regards the playground that is required for the middle school, I have to state that there is a piece of land

Copy of letter Rc.A.3.883/47 dated 17th June 1947 from the Special Officer, Chittoor to the Director of Public Instruction, Madras.

District Board - Chittoor - Opening of Vth form in Board Middle School, Puttur - Sanction - requested.

Ref: Your Proceedings ROC.No.192-G/47 dated 14-6-47

Sanction has been accorded for the opening of IV form in your Proceedings referred to above. In this connection I beg to invite your attention to my letter Rc.A.3.883/47 dated 21-4-47 wherein I have applied for opening of all the three forms IV, V & VI in the school from 1947-48. Permission for such a course was sought for in view of the fact that the public of the place at considerable cost had secured military buildings at the place suitable for accommodating not only the new forms to be opened but also the three lower forms. That is, the entire High School (Forms I to VI) can be located in the new buildings till permanent buildings could be put up by the District Board for locating the school which may take four to five years at least. The buildings have been inspected by the District Educational Officer, Chittoor and the Divisional Inspector of Schools, Anantapur and found to be quite suitable and adequate for the purpose. The public of the place have further effected modifications and improvements to the buildings with regard to the exact requirements of the school.

There are likely to be full complement of students for two sections in the IV form and at least one section in the V form. I enclose a list giving full particulars of the pupils who are awaiting admission in the V form immediately. It will be seen that all of them come from the vicinity of Puttur and have had till now to go to distant places for prosecuting their studies. They have had to go to distant places like Tiruttani Tirupathi and Chandragiri etc., daily by rail or by bus or have had to run special domestic establishments at those places at considerable cost or have had to mess in hotels with great risk to their health and at heavy cost. The public of the area who have taken great pains to secure the buildings and to improve them to the prescribed requirements are likely to feel keenly disappointed if V form also is not opened immediately.

I may also mention that the District Board will have to pay rent for the entire buildings even if V form be not opened this year and will therefore be not getting full value for the expenditure on rent frompublic funds (i.e.) both the District Board and the Government as the proposed High School is to get a subsidy towards both recurring and non-recurring expenditure.

By the opening of V form full utility will be made of the accommodation available while we will be satisfying the public who have evinced great enthusiasm and practical interests in the school. The District Board will also be giving effect to the policy of Govt. in the expansion of secondary education and also relieving pressure in the other schools.

I may also give the assurance that the District Board will not commit Government to any extra cost on this account, this year, but as already reported in this office letter No.RC.A.3-883/47 dated 21-4-47 will be prepared to meet any extra liabilities from its own funds.

Under these circumstances I earnestly request you to kindly grant permission for the opening of V form also this year.

Immediate orders are requested.

Sub: Opening of a middle school in Tiruvadanai Taluk

Ref: Your letter ROC.No.10449-G/46 dated 26-7-47 and reminder No.1 dated 21-7-47

The matter is engaging my personal attention. The District Educational Officer, Ramnad, has replied to your reference to select Rajasingamangalam in Tiruvadanai Taluk, and the letter was received by me only on 16-7-47. I have again addressed him on 23-7-47 to furnish me certain particulars regarding the strength, the minimum recurring and non recurring expenditure that will be required for the information of the Board. I shall place the subject before the Board which is likely to meet early in August 1947 and let you know its views.

2/ In this connection I like to point out to you that there are one High and one Middle School in Tiruvadanai Taluk and the necessity for another middle schoolhave to be considered.

PTO.

Sir,

Ref:- Schools-Secondary-Ramnad District Board-opening of a middle school-Government Memo 62567 B1-47-1-Edn., dated 11-8-47

- - - - - - - - - -

Y/3

The subject of opening the school as per conditions stipulated in Government Memo No.61495-B1-46-5 dated 8-4-47 was placed before the Board for decision in view of this office letter A9-13148-47 dated 24-7-47 to the Director of Public Instruction, Madras. But the Board has since decided to open a school at Rajasingamangalam itself fully agreeing to the conditions of the Government memo and I enclose a copy of District Board Resolution 1755 dated 13-8-47

p2 infra

2. I am therefore arranging with the Educational authorities to open the school at Rajasingamangalam by securing suitable building etc., for the location of the school and I therefore request that Government may be pleased to approve of the proposal.

Proceedings of the ordinary meeting of the Ramnad Dt.Board.

No.1753 Dated 13-8-47

READ:

Letter Roc.10449/46 dated 26-6-47 from the Director of Public Instruction, Madras communicating a copy of the Government Memorandum regarding the opening of at least a middle school in taluks which are not served with secondary schools and requesting the District Board to communicate its views for opening a middle school in Tiruvadanai taluk and to communicate its views with definite proposals.

Letter dated 30-7-47, from the Dt.Educational Officer, Ramnad suggesting to open a middle school at Rajasingamangalam in Tiruvadanai taluk since the 2 high schools at Devakottai are in the northern end of the taluk and the Muslim middle school at Tondi is in the coastal area and that the southern part of the Taluk which is populated by Muslims, mostly poor, has no secondary school to cater their needs.

If a rented building to house the middle school is secured, a sum of Rs.10,982 will be required as charges against an expected receipt of Rs.8,300 for the first year, the net cost to the District Board being Rs.3,000/- approximately.

Views of the Board ~~is~~ are required on the question of opening the new middle school at Rajasingamangalam in Tiruvadanai Taluk.

Board for decision.

Resolution: The Board agrees to open the school at Rajasingamangalam, subject to the conditions laid down in the G.O.

2. With reference to Government Memo.62567-B1/47-1 Edn., dated 11-8-1947 the Special Officer, District Board, Ramnad was addressed to let the Director know urgently whether the District Board was willing to open a Middle school in the Mudakalathur Taluk on the terms specified in Government Memo. No.61495-B2/46-5, Edn., dated 8-4-1947. Meanwhile, the Special Officer addressed the Government in his letter No.Rc.A9-13148-47, dated 26-8-1947 stating that the District Board had resolved to open a Middle school at Rajasingamangalam itself in Tiruvadanai Taluk.

See below

3. The District Educational Officer, Ramnad recommends, in his letter under reference that the Middle school may be opened in Mudukalathur itself for the reasons mentioned therein.

4. But the point for consideration in that both the Taluqs under reference (i.e.) Tiruvadanai and Mudukalathur are already served by Secondary schools* and as such the opening of a new Middle school in either of these Taluqs may not serve the purpose of the Government Memo.61495-B2/46-5, Edn., dated 8-4-47.

*Tiruvadanai Taluk
1. N.S.M.V.P.S.School, Devakottai.
2. De Britto school, Devakottai
3. Middle school, Tondi.

Mudukalathur Taluk
1. Muslim school, Abiramam.
2. Board High School, Kamuthi.

5. Further instructions are, therefore, requested in the matter.

6. It is also submitted that it is too late now to open a new school in the current year.

for Director of Public Instruction

To
The Secretary,
Education and Public Health Department, Madras.

m.k.6/9.

Copy of letter Rc.No.794 A/47, dated 29-8-1947 from the District Educational Officer, Ramnad at Madura.

Sub:-Opening of a Middle school by the Ramnad District Board.
Ref:- Your letter Rc.No.10449 G.2/46, dated 27-8-47.

In modification of the original proposal by the Special Officer, District Board, Ramnad in his letter No.Roc.A.9.13148/47, dated 24-7-47, the District Board, Ramnad has agreed to the opening of the Middle school at Rajasingamangalam itself in Tiruvadanai Taluk as already suggested by me - vide copy of letter of the Special Officer enclosed.

p.t.o.

76

2. In this connection, I wish to state that Rajasingamangalam was suggested by me because it was said that Government have directs the Director of Public Instruction, Madras, to permit the opening of a middle school in Tiruvadanai Taluk subject to the conditions specified in Government memorandum No.61495.B.1/46-5 Edn., dated 8-4-47. Since the Board has already raised the question of opening of a middle school at Mudukulathur instead of at Rajasingamangalam and as the Government have already agreed to the opening of a middle school in Mudukulathur Taluk instead of at Tiruvadanai Taluk, I may be permitted to state that the opening of a middle school at Mudukulathur, the headquarters of the Taluk, is more urgent and hence I would request that the Special Officer may be directed suitably in the matter.

3. I visited Mudukulathur on 30-7-1947 and I am of opinion that suitable accommodation can be found for the location of the school. Further there are already two higher elementary schools at Mudukulathur and hence I expect to have a sufficient strength for the proposed middle school. Moreover I was interviewed by some Muslim gentlemen of the locality and donations were promised for the secondary school if opened. It is the headquarters of a Taluk and owing to factions and backwardness of the locality, no secondary school can be opened by private management. There are two High schools in the Taluk one at Abiramam 18 miles from it and one at Kamuthi managed by the District Board, 12 miles from it. The middle school will have to be a feeder to the District Board High School at Kamuthi.

25/9

To
The Special Officer
Dt Bd, Ramanad
,,D.P.I.

14.9.47

Note. Out of the four new xxxxxx middle schools for which the Govt promised to pay subsidies three have been opened. As pointed out by the D.P.I. no new middle school can be opened either in the Mudukalathur or Tiruvadanai taluk with Govt subsidies as these taluks are already served by such schools. It does not seem necessary to select another taluk in another district for the opening of a middle school as it is too late now to open a school.

The file may be circulated to H.M.(Edn) for perusal of the Director's report on p 3 cf

Opening High School in Taluk centres.

Note to H.M.(Edu):

In several of the recent tours which I ~~had~~ made in the districts of Nellore, Bellary and Ramnad, I found a number of Taluk centres without even a High School. For instance, there is no High School in the Tiruvadanai taluk of the Ramnad Dt. None again in the Siruguppa taluk of the Bellary Dt. In this place as you may know there is an Agricultural Farm and I found many of the workers here including the Superintendent were obliged to leave their families in Coimbatore and elsewhere because there is not even a Middle School in this place. Similarly in the district of Nellore I found that several Taluks like Atmakur, Udayagiri, Darsi and Podili have no schools at all for 50 and 60 miles altogether.

I think whether by Government itself or by compulsion of the Dist. Boards, it is up to the Govt. to see that every Taluk centre has at least ~~a~~ one High School as a common policy over the whole Province. In the past it all depended upon the progressive nature of the Dist. Boards to have them. In some districts I find 30 or 40 schools like my own district of South Kanara for instance or Madras (if I am not mistaken) and in others not even ~~half-a-dozen~~ one for a taluk. This should be remedied. You may kindly consider this in connection with the Part II Schemes for 1947-48.

4 OCT
EDUCATION AND PUBLIC HEALTH DEPT.

61495
4 OCT 1948
EDUCATION AND PUBLIC HEALTH DEPT.

SECRETARY, EDN. AND P. H.
14 OCT 1948
GOVERNMENT OF MADRAS

To the Secretary, E.&.P.H.

Please see enclosed herewith the note of H.M.(Revenue). It is true that in some of our taluk centres we do not have even a single high school, but I believe those taluk centres in which there is not even a single high school will be a few. For purposes of providing secondary education to the children of those taluks, I think it is necessary that we should have high schools established in those places.

High schools may be either Government or District Board or through private agencies. The finances of District Boards are very meagre and they are not able to finance even the existing high schools and elementary schools and unless we come forward to finance these new schools most of the District Boards will not be in a position to finance them. The cost of maintaining all these high schools are not large since a greater portion of the cost will be recovered by way of fees and I do not think our financial commitment will be largely increased if we can promise to compensate for the District Boards the loss incurred by running these high schools.

The D.P.I. may be asked to examine the matter and report how many taluk centres have no high schools and put up proposals for starting high schools in those places under the Local Bodies. The financial commitments may also be worked out and sent so that it may be included even in the Budget for the coming year.

TSA
12-10-46
H.M.Edn.

E&PH(Edn)

Please see the minutes of H M (Edu) above.

2. The proposal is that local bodies should be induced to open high schools in those taluk centres in which there is not even a single high school now by Govt undertaking to pay subsidies towards the cost of maintenance

3

of those schools.

2. The Govt are now paying only fixed lump sum subsidies towards the cost of maintenance of secondary schools opened prior to 1931. No subsidy is paid in respect of schools opened thereafter. In para 6 of G.O. no 2048 Edn of 5.12.45. the D.P.I has been asked to examine the question of granting additional subsidies to local bodies in respect of new courses or schools to be opened hereafter in connexion with post war development proposals. The Director has been asked to submit proposals for the introduction of bifurcated courses of studies in high schools and additional subsidies will have to be given to local bodies towards the cost of running the courses. In regard to the new high schools to be opened at taluk centres, the question whether a fixed lump sum subsidy or one half or full net cost should be given has to be considered & local bodies will have to be consulted on what basis they are agreeable to open new high schools. As it may take sometime to formulate proposals in consultation with local bodies it is doubtful whether it will be possible to consider the proposals as a Part II scheme for 1947-8.- Attention is in this connection invited to Fin. u.o. note no 54303(B)-1 of 9.10.46.

– Vide portion A p.147 of (b)

(J)

B

This is a bigger proposal which it would be possible to take up independently of the other proposals referred to by [illegible]

(a)/C

A copy of the notes may be sent to the DPI and he may be asked to put up proposals as soon as possible. Fin may perhaps see before the DPI is consulted

USR
15.10.46

[illegible]
15/10/46

B above. It should be possible to have things worked out at once on the alternatives, take the highest for the purpose of Finance, & leave the terms in each case to be decided with reference to the financial position of the local body. However, DPI may be asked to report immediately on that position; & it may not be possible to consider the [illegible] as a Part II scheme. Orders will be taken in the light of the final reference to at K above in due course.

Finance (B.E.V.)

Part II Scheme for 1947-8.

Please see the minutes of H.M. (Revenue) and H.M. (Education) on pp.1-2 above.

'K' p. 3 above

The E.& P.H. department propose to call for the remarks of the D.P.I. on the suggestion that every Taluk centre should have at least one High School as a common policy over the whole Province under the Local Bodies concerned. The question whether a fixed lump sum sbusidy or one half or full net cost should be given to the Local Bodies has not yet been decided. The number of schools to be opened ~~has not been furnished.~~ is not known. The proposal is likely to involve large initial expenditure on buildings also as in most of the taluk headquarters suitable buildings may not be available. There may not be enough number of school-going children in all the taluk centres. In such localities it may be necessary to build hostels to accommodate students who join the schools from far away villages. The cost of the scheme is likely to be very high. The D.P.I. may be requested to report on all these points. Pending the receipt of report from the D.P.I., no special remarks are called for in Finance. According to instructions recently issued by this dept. with the approval of HPM, Part II Schemes for 1947-8 should be restricted to those that are contemplated in the five-year post-war development plan and ~~that~~ schemes outside the plan should be proposed only, if they are required in connection with the Grow-More-Food Campaign or are fully remunerative (e.g. Electricity schemes) or are absolutely essential for running of departments. The present proposal does not satisfy the criteria laid down for Part II schemes for 1947-8. As the scheme is likely to involve large recurring expenditure, E.& P.H. may be requested to obtain the orders of H.P.M. before the scheme is referred to the D.P.I.

A

DWD

DS
16.10.46.

The instructions referred to at 'A' above were issued, as it was found that against Rs 135 crores, the estimated cost of the five-year plan, only ~~a sum of~~ Rs 85 crores were expected to be available including amounts to be borrowed. The revision of the five-year plan with a view to reducing the cost has accordingly been taken up by the Development Board. At its meeting held on 18-9-46 the Development Board suggested that the main principle in making the revision should be that

7

make up our minds to press it or not. And as to proposal may be examined with a view to its financial implications.

TSA
29.10.46

SECRETARY, EDN. AND P.H. DEPT.
29 OCT 1946
GOVERNMENT OF MADRAS

Draft Memo for approval.

D.S.M.
30/10/46

S

Memo No 61495-Bs/46-2 Edn dated 30-10-46 pp1-2cf

From the DPI. Rc No 10449-G.2/46 d/ 16-11-46 - pp3-4cf

The Director of Public Instruction reports that there are 10 taluk centres having middle schools (with Forms I to III) and 21 centres with no middle schools even and that in the latter, middle schools should first be started and if the school justifies ~~itself~~ themselves, the question of converting them into high schools may be considered in due course. In the case of the former, he considers that high schools are likely to be ~~answers~~ a success only at certain centres. For purposes of estimating the extra cost involved in the proposal, it may safely be assumed that high schools will be established in only 10 out of the 31 centres and the rest will have only middle schools. According to the Director's estimate, the ultimate extra cost involved will be as shown below:- p5 cf p4 cf Do

	Recurring. Rs.	Non-Recurring. Rs.
Conversion of ten middle schools into high schools. (6000 x 10) (3000 x 10)	60,000	30,000
Opening of 31 middle schools. (6000 x 31) (3000 x 31)	1,66,000	93,000
Total	2,26,000	1,23,000

The estimate of non-recurring expenditure is only in respect of equipment. Provision has been made in the estimate of recurring expenditure for payment of rent for the buildings p6 cf Do

P.T.O.

47

in which the high schools or middle schools, as the case may be, will have to be located and the construction of permanent buildings for the schools may be considered later if and when the local bodies entrusted with the management of these schools submit their proposals. p6 cf

2. The subsidies now paid to local bodies is a lump sum fixed in 1931 and ~~it~~ they have not been varied on account of the opening of new schools or higher forms in existing schools. ~~It~~ They will not represent half the present net cost of maintenance. Most of the local bodies are not in a position to meet the net cost of maintenance of the existing secondary schools from their funds and they are not likely to undertake the opening of new schools or higher forms in the existing middle schools at the centres referred to, unless the Government are prepared to make a substantial subsidy towards the cost of maintenance of the schools to be newly opened. The Director of Public Instruction suggests that in view of the backward nature of the localities, the Government may undertake to pay a subsidy towards the entire net cost of maintenance for some years (say 10 years) to start with. Once the Government undertakes to make a subsidy towards the entire net cost (without limit) it will be difficult to alter the arrangement and ~~convert it later into a fixed~~ reduce the amount of subsidy. It seems therefore preferable to undertake to pay a subsidy equal to the actual net cost of maintenance subject to a maximum for a period of five years and the question of converting it into a fixed subsidy may be considered at the end of the period. The maximum limit may be fixed at two thirds of the ultimate extra cost as estimated by the Director, as at the beginning, the cost of maintenance will be less than in later years. In regard to equipment, the Government are now granting subsidies equal to one half of the cost of the equipment to be purchased. As

(b) 47-48
(J) /
p3 cf
A

P.T.O.

B.E.V

a special case, the Government may make a subsidy towards the full cost of the initial equipment required for each school subject to a maximum of Rs.3000/-.

B

3. The programme of opening new high and middle schools for boys at the ~~t~~taluk Centres mentioned by the DPI ~~which have no such schools at present~~, may be spread over a period of five years commencing from 1947-48 for the reasons mentioned by the D.P.I at M in pp3-4c7. It will then be necessary to open higher forms in two out of the ten middle schools and four middle schools in centres where there are ~~not even middle~~ no such schools every year. It is for consideration whether the proposal to convert two middle schools for boys at taluk centres into high schools and to open four new middle schools at centres which are not served with such schools may be put forward as a Part II Scheme for 1947-48.

C

D

The cost on account of the proposal will be as shown below:-

	Ultimate cost. Recurring. Rs.	Ultimate cost. Non-recurring. Rs.	Cost in 1947-48. Recurring. Rs.	Cost in 1947-48. Non-recurring. Rs.
Opening of higher forms in two middle schools.	8,000 ~~12,000~~	6,000	3,200 ~~4,800~~	6,000
Opening of four middle schools.	13,300 ~~20,000~~	12,000	7,500 ~~11,300~~	12,000
Total.	21,300 ~~32,000~~	18,000	10,700 ~~16,000~~	18,000

X

3380

4. The remarks of Finance may be invited U.O. prior to circulating to HM (Edn) with reference to his minute on page 7 ante. on A 6 D above

22/11/46

22.11.46

23/11/46

Finance (B.E. V) Dept.

Previous Finance notes on pp.4-6 above and the orders in circulation on pp.6-7 above and the further notes of E & P.H. may be perused.

E & P.H. Dept 23/11/46 61455-B1/46-1 Edn 23/11/46

2. The proposals of E. & P.H. are:-

(1) Conversion of two middle schools for boys at taluk centres into high schools and to open four new middle schools at centres which are not served with such schools;

(2) Payment of a subsidy equal to the actual net cost of maintenance, subject to a maximum limit for a period of five years and ~~that~~ fixation of the maximum limit ~~may be fixed~~ at two-thirds of the ultimate extra cost as estimated by the Director at the beginning and ~~the question of converting it~~ its conversion into a fixed subsidy ~~may be considered~~ at the end of the five-year period; and

(3) Payment of a subsidy towards the full cost of the initial equipment required for each school subject to a maximum of Rs 3,000.

28 NOV 1946

64145 BEV

48

A on p.8 above

B on p.9 above

M on p.5 above

The extra cost on account of the proposal is given at 'X' on p.9 above. This is only for the instalment of the scheme to be given effect to in 1947-8

2. As already pointed out by this dept., ~~that~~ when it is expected that sufficient funds will not be available for extension of compulsory elementary education, it does not seem desirable to take up new schemes for the opening of new High Schools. If the scheme is introduced in six centres in 1947-8 it will be necessary to open new schools in other centres in subsequent years. ~~The cumulative cost of the scheme will be very high.~~ Proposals (2) and (3) involve a change in ~~new~~ policy in the matter of payments of subsidies to local bodies for secondary schools. If subsidies to new schools are granted on a more liberal basis, the local bodies are bound to press for the extension of the concession in respect of the existing schools also. In view of these considerations, Finance may adhere to their original view that the scheme may be deferred for the present.

X

2/12/46

N.S
30.11.46.

Z

The E & P.H. Dept. have roughly estimated the ultimate cost of the proposals at Rs 2.25 lakhs recurring and Rs 1.23 lakhs non-recurring. They have taken the entire provision for 'equipment' as non-recurring. This is not quite correct, as proposals for equipment for secondary schools are being put up every year as Part II Schemes. A good part of the non-recurring exp. of Rs 1.23 lakhs should therefore be taken as recurring. The ultimate recurring cost of the scheme will not be less than Rs 3 lakhs per annum. It has been found that the recurring liability on account of p.w. schemes of the Edn. dept. is already very high and the G.O.I. have suggested reduction in the Education schemes in their review of our post war

B1

It does not seem therefore desirable for the present to take up more educational schemes ~~incurring~~ involving recurring liabilities. The amount of additional recurring liability involved in this case is large and this may also lead to increase in the grants for existing schools as pointed out at 'X' on page 10 above; in view of the proposal to bear a larger share of the cost of the new schools than in the case of the existing schools.

In view of the above considerations, Finance may advise that the proposals in this case be deferred (as already ordered by H.P.M.).

DWD... P 6 above.

Fin. No. 66165 BEV-1
3/12/46.

EdPH (B.1)

The file deals with the proposal to open a high school in each taluk centre which has no high school at present. The Finance Dept originally suggested that the consideration of the proposal might be deferred. ~~until new sources of revenue are found~~. H.P.M agreed with Finance. ~~but~~ But H.M (Edn) wanted to know the financial implications before deciding whether the scheme should be pressed or not. ~~Proposals were~~ The D.P.I. was asked to submit proposals. The proposals received from him are on pp 3-4 C.O. ~~accordingly called for from the DPI. vide pp 3-4 Cf~~

p 6 ante

2. The proposals of the DPI are examined in this Dept's note on pp 7-9 ante. There are 31 centres to be provided for and out of these ten have already middle schools. As high schools may not thrive in all the centres, it was estimated that it would be sufficient to establish high schools in 10 centres and in the remaining 21 centres middle schools only. In view of the present financial

stringency, this Dept proposed to spread the scheme over 5 years and consider the question of payment of subsidies for the opening of higher forms in the schools and for the opening of four middle schools as a Part II scheme for 1947-8. It was suggested that Govt might undertake to pay subsidies towards the full cost of the initial equipment and the actual net cost of maintenance subject to a maximum of two thirds of the ultimate extra cost as estimated ~~by the~~ D.P.I. for a period of five years and that the latter might be converted into a fixed lump ~~sum~~ subsidy later on. Finance do not agree to the proposal. They advise that the scheme be deferred.

3. The question of opening higher forms in middle schools may necessarily be deferred for the present. But it is urgent ~~It is necessary~~ that the 21 centres which have not even a middle school should be provided with a middle ~~school~~ school in a measurable distance of time. It is therefore for consideration whether the proposal to provide for the payment of subsidies for the opening of four middle schools for boys under the management of local bodies in 1947-8 may be pressed. The ultimate cost on account of this proposal will be Rs 13.300 recurring & Rs 12000 non-recurring while the cost in 1947-8 will be Rs 7500 recurring and Rs 12.000 non-recurring. The non-recurring subsidy towards the purchase of initial equipment may be spread over two years & the amount to be provided for in 1947-8 may be limited to Rs 6.000

Kr
4.12.46

At least this may be pressed.

p 9 ante

Kr
4.12.46

4. With reference to the remarks of Finance at Z on page 10 ante, it is submitted that it is usual to make subsidies towards the initial equipment only at the time of opening the school as expenditure and consider ~~beginning and consider~~ the proposal for the purchase of further equipment if any required later on as a [illegible]

[illegible] item of nonrecurring

Special as copies of Part II scheme note should be sent to Fin. before the 14th inst. in case the proposal is to go forward as a Part II Scheme

6 DEC 1946

I agree to D at page 9 ante. My original note at p. 1 ante was not correctly worded. ~~I accounted~~ atleast one High school ~~(atleast)~~ in a taluk. ~~It~~ was ~~never~~ particular about only one taluk centre. ~~The various taluks~~ I mentioned there had not even one High school each anywhere. So my point was that in a taluk we must see that there is atleast one High school somewhere or other. We need not be particular about its being only at the taluk centre. ~~If there~~ I would like the question being canvassed (priorities aspect) if possible a report may be placed before the Fin. Committee which I expect will meet on 7.1.47. ~~tentatively~~ D above ~~(but very tentatively)~~ may (~~therefore be~~ ~~if any saving further has to be~~) go into as Part II scheme. Also ~~any~~ actual selections of the places may be so made as to fit in with the above priorities.

(Subject: SUBSIDIES TO LOCAL BODIES TOWARDS COST OF OPENING AND MAINTENANCE OF MIDDLE SCHOOLS ~~INTO HIGH SCHOOLS~~ for boys and conversion of middle schools into High schools)

S U M M A R Y.

HEAD OF ACCOUNT	ITEM OF EXPENDITURE	ULTIMATE COST RECURRing.	ULTIMATE COST NON RECURRING	COST IN '47-8 RECURRING	COST IN '47-8 NON RECURRING
		Rs	Rs	Rs	Rs
37.h. Education - Secondary Grants to local bodies for secondary education --A. Ordinary areas --I. Teaching-- Voted.	Subsidies towards the cost of maintenance of four middle schools to be newly opened by local boards and of higher forms in two middle schools.	21,300	--	10,700	-
N. 3. Equipment	Subsidy towards the purchase of initial equipment for four new middle schools and for two middle schools to be converted into high schools....	--	18,000	--	9,000
	Total	21,300	18,000	10,700	9,000

~~NOTE~~.

Paras 1 on p 19 (2)

The policy of Government is to rely on local bodies and private agencies for the expansion of facilities for secondary education of boys. There are certain taluks in this Province which have not even a single high school. It is considered essential that there should be atleast one high school in each taluk, that to begin with a middle school with classes 4 & 5 and Forms I to III should be opened in taluks which have not even a middle school and it should be developed into a high school in due course and that in a taluk where there are only middle schools, one of the schools should be converted into a high school by the opening of Form IV in the first year and Forms V and VI in the succeeding years. In order to achieve the object within a reasonable time, local bodies will be encouraged to open a certain number of new schools every year by the grant of subsidies towards the purchase of initial equipment and the

P 3 c7

Dn
P9N7

proposed to grant subsidies towards the opening of four new middle schools and the conversion of two middle schools into high schools. The centres at which the new middle schools and the higher forms in the ~~existing middle~~ schools should be opened will be selected in consultation with the local bodies and the Director of Public Instruction.

Conversion of middle schools into high schools

A

2/ The Government are now paying only fixed lump sum subsidies towards the maintenance of secondary schools opened by local bodies prior to 1931 and no subsidies are paid in respect of new schools or courses opened thereafter. The finances of local bodies are very meagre and many of them are not in a position even to meet the cost of maintenance of the existing secondary schools under their control. It is therefore proposed to change the present policy and grant subsidies to local bodies so as to encourage them to open new schools in taluks where there are no middle or high schools at present. The cost of subsidising ~~the~~ new schools opened by local bodies will be less than the cost of opening new schools at Government cost.

P2N7

NP/ It is accordingly proposed to grant non-recurring subsidy towards the full cost of the initial equipment to be purchased (the existing grant is equal to one half of the full cost) and recurring subsidy towards the actual net cost of maintenance of each new school subject to a maximum limit (calculated at two thirds of the ultimate net cost of maintenance of the school as estimated by the D.P.I.) for a period of five years from the opening of the school and convert it into a fixed-lump sum subsidy at the end of the five year period. The maximum amount of subsidy towards the maintenance of a middle school will be Rs 3300 ~~for each school~~ and of a high school Rs 4000 per annum. The non-recurring subsidy towards the purchase of initial equipment will be limited to Rs 3000 for each school and it will be sanctioned in two successive years.

3/ The ultimate extra cost involved in the proposal is Rs. ~~21,000~~ Rs.21,300 recurring, ~~and~~ Rs.18,000 non-recurring and the cost in 1947-8 is Rs.10,700 recurring and Rs.9,000 non-recurring as shown in the summary above. This department recommends that a provision of Rs. 19,700 be made for the purpose in the budget for 1947-8.

C.No 79760/46. From the DPI Rc. no 10449 G-2/46 d 24.12.46

P5 C7

Please see the memo to the DPI and his reply to it on pp 9-11 cf. The Director states that the list already furnished by him contains only (1) the names of taluks which are not served at present even by a middle school and (2) those in which there are only middle schools and no high schools. The Part II scheme note on pp 17-18 ante has been prepared on the lines indicated in the minutes of HM (Rev) on page 14 ante without restricting the proposal to the opening of schools at taluk ~~centres~~ headquarters. HM (Edn) may if required furnish information in regard to the number of ~~taluks to be provided~~ for ~~and the time that will be~~ taluks still to be provided with middle schools (list II on p 13 cf) and high schools (list I on p 13 cf) and the time that will be taken to achieve the object of providing high schools in ~~all~~ taluks at the meeting of the Finance Committee, ~~if required~~. It is for consideration whether any special report should be placed before the Finance Committee as suggested in the minute of HM (Rev) on p 14 ante

W
29.12.46

2. The file may be circulated to HM (Edn) & HM (Rev) for orders. The ten middle schools in taluks in list No 1 - page 13 cf - can be converted into high schools within a period of 5 years at the rate of 2 per year. New middle schools in taluks where there are no such schools can be opened at the rate of 4 per year and all the 21 taluks can be covered within a period of about 5 years. The conversion of these middle schools into high school will however ordinarily take 10 years, at the rate of two per year and unless this rate is speeded up in future years (say four per year after 1950) it will take about 15 years for the opening of high schools in all taluks in list II - page 13 cf.

A The Part II scheme relating to the payment of subsidies to local bodies towards the cost of opening and maintenance of four new middle schools for boys in taluks where there are no such schools at present and the conversion of two middle schools for boys into high schools in taluks which have not even a single high school has been approved in cabinet and necessary provision has been included in the BE for 1947-8. Attention is solicited to para 1 of the Secretary's note on pp19-20, in regard to the selection of centres. The file may be circulated to HM (Edn) for orders on this point. After the selection is made, the DPI will be asked to ascertain whether the local bodies concerned are willing to open the schools from the next school year.

Attention is in this connection solicited to the proposals of the Vizagapatam & Vellore Dts in the linked files. It is for consideration whether each of these Dt Bds may be allowed to open a middle school with the aid of Govt subsidy. The case has been noted in the linked files.

2 Opening of four new middle schools

p 27 cf
p 38 cf
pp 31-33 cf
p 25 cf

The Dt Boards selected for this purpose are Vizagapatam, The Nilgiris, Nellore and Cuddapah. The Special Officer Vizagapatam Dt Bd has agreed to the opening of a middle school at Hiramandalam as proposed. The DEO, Coimbatore has expressed the opinion that the opening of a middle school at Gudalur by the Nilgiris Dt Bd may be deferred. The DPI is awaiting the remarks of the Divisional Inspector. The Special Officer, Nellore Dt Bd, has proposed to open a new middle school in Podili taluk instead of in Darsi taluk and the question whether the new middle school should be in Podili or Rapur taluk has been referred to the Inspecting Officers & their replies are awaited. The Special Officer, Cuddapah Dt Bd has not yet replied to the reference in regard to the opening of a middle school in Siddhavattam taluk. Pending receipt of the reply, it may be ascertained from the DPI whether any other Dt Bd has proposed to open new middle schools in taluks not served by middle schools so that they may be selected for aid if necessary.

A. in

3 Conversion of two middle schools into high schools

p 20 cf

The Coimbatore Dt Bd has agreed to the conversion of the middle school at Palladam into a high school & the remarks of the Inspecting Officers are awaited. The DPI agrees to the proposal of the Chittoor Dt Bd to convert the middle school at Puttur into a high school but considers that it will be sufficient to open Form IV only to begin with instead of Forms IV & V. The Director's view may be concurred in. It is usual to open Form IV only in the first year & add the other forms in succeeding years.

~~The Dt Board~~ is
The Dt Board Chittoor is agreeable to open all the three forms IV V and VI and there is necessary accommodation for it. The Inspecting Officers of the Edn Dept have ~~expressed the~~ recognised the necessity for the opening of forms IV and V together. There is no objection to this course.

13.6.47

May be issued
G. Nilakan
13/6

4. Issue of orders in regard to the opening of new schools with the aid of Govt subsidy.

With reference to G.O. no 1872 Edn dated 2.12.41, the Director enquires whether he may himself issue orders for the opening of new middle & high schools with Govt subsidy or whether Govt propose to issue orders. The G.O. contemplates the grant of permission by the DPI for the opening of new schools by local bodies entirely at their own cost. In the cases under reference payment of subsidies from Provl funds is involved. In Memo no 61495 B1/46-5 Edn d 8.4.47, the Govt have already intimated to the DPI, the provision made in the budget and the terms subject to which recurring & non-recurring subsidies will be made to the local bodies concerned. The Govt have also selected the ~~[illegible]~~ Dts & taluks in which the new schools should be opened. There seems to be therefore no objection to the Director issuing orders sanctioning the opening of the schools ~~at~~ in the selected taluks. He may be asked to send for the information of Govt copies of orders issued by him.

p 15-16 cf

5. The DPI may be asked to issue orders immediately in regard to the opening of a new middle school at Hiramandalam by the Vizagapatam Dt Bd & the conversion of the board middle school at Puttur into a high school by opening Form IV in the current year - Forms V & VI to be added in succeeding years. He may also be requested to expedite the issue of orders on the proposals of the Special officers of the Nellore & Coimbatore Dt Bds

Schools Secondary - District Board Chittoor - Conversion of the Board Middle School Puttur into a high school - Permission to open Forms 1V & V in 1947-8

C.No 53150 From the D.P.I. R.O.C.No 192-G/47 dated 23-6-47

In connection with the proposals for the conversion of middle schools into high schools in taluks where there are no High schools at present, the Special Officer Dt Bd Chittoor ~~D. Bd~~ proposed to convert the Board Middle School at Puttur into a high school and applied for permission for the opening of Forms 1V. V and V1 in the school from the academic year 1947-8 as it was represented by the public that a large number of students have to go to Chittoor, Tiruttani and Tirupati for high school education at great inconvenience ~~and cost~~ and cost and as accommodation is available for all the three forms.

p 42 cf. g (1)

The Inspecting officers recommended the opening of Forms 1V & V only for the school year 1947-8 but the D.P.I. considered it desirable to start with Form 1V only as in other cases. The Director was requested to issue orders accordingly for the opening of Form 1V only and the payment of subsidy for that school. Vide Memo No 61495- B1/46-7 dated 13-6-47.

(2)/26 f

(2) 48-49 c.f.
2/3 N.F.

The Director now reports that on further representation from the Special officer District Board Chittoor he has permitted the opening of Form V also in the school from the current year on condition that no subsidy will be sanctioned for this form for this year. In the cirumstances stated in the letter from the Special officer on page 2 C.F. the Director's action may be approved.

In Memo no 61495/46-9 Edn dated 23.6.47, the DPI was informed that Tiruvadanai Taluk in Ramnad Dt has been selected for the opening of a new middle school for boys in the current year inlieu of Gudalur in the Nilgiris Dt and he was requested to permit the Ramnad Dt Bd to open a new middle school in that taluk if it agreed to the terms specified in Memo no 61495 M/46-5 Edn dated 8.4.47. The Special Officer Ramnad Dt Bd has now brought to notice that there is already one high and one middle school in that taluk. The DPI requests further instructions in the matter.

2. Attention is solocited to list II on p13 of of Go. no 1353 Edn dated 26.6.47 & the minutes of HM(Edn) on p26 nf. in that Go. It will be observed therefrom that in the list of taluks where there are no middle schools furnished by the Director, 'Tindivanam' was specified against Ramnad Dt. - As the taluk is in South Arcot Dt & there is only 'Tiruvadanai' in Ramnad Dt. it was corrected into Tiruvadanai. In the circumstances now reported. it is for consideration whether Mudukalathur taluk in Ramnad Dt may be selected instead.

'Tindivanam' on page 13 c7 was only a typing mistake for 'Tiruvadanai' pl see D.P.I's list on p5 c7 of (n)
