Sir,

Sub:- WORKS - Repairs to Bd. Ele. School building at
Malady in Puttur Taluk - 1945-46 - Payment of
without check measurement - Sanction requested.

I have to bring to the notice of the Government
that the work of repairing the roof of Malady Bd. Ele. School
building in Puttur Taluk was executed by the Head-master of that
school in June 1945 as per the instructions of the District Board
Overseer, Belthangady. The amount claimed for it is Rs. 20-9-0,
twenty and annas nine only.

2. The Divisional Engineer, in his endorsement,
dated 21-12-46 states that the payment of the amount in question
cannot be made since the bill has not been countersigned by the
Assistant Engineer.

3. The District Board Overseer, who had asked
the teacher to execute the repairs to the school building states
that the work was actually executed by the teacher in time, as
per a sanctioned urgent repairs estimate for Rs. 25/- but the
roof was blown off by heavy wind just after the measurement
but prior to the date on which the Assistant Engineer went to
Malady for the purpose of check measuring the work. This statement
of the District Board Overseer goes to prove that the work was
actually executed in time.

4. In the circumstances stated above I request
that the Government may be pleased to waive the check measurement
and accord sanction for the payment as a special case as other-
wise the payment of the amount in question cannot be made and
the poor teacher who executed the repairs in time will have to
lose the amount spent by him.
