Sir,

Ref:Memorandum No.10155/47-B1-4-Edn dated 28-3-47 of the Educational
and Public Health Department Govt.of Madras.

Sub:Legislative assembly-Question No.380-Acquisition of a building and
site for the St. Ann's Girls' High School, Cuddalore.

I have the honour to submit the following in reply
to your above reference. The path way leading from the rear portion of our
school premises to the Pugh's road is the path used by all our High School
children coming from Sorakalpet, Manjakuppam and Tirupapuliyur and also by
our Training students going to our Sacred Heart's Training school situated
on the other side of the Pugh's road. The children while traversing this
path experienced several inconveniences, one of them being rain water stagna-
ting in the path during the rainy season. We wanted to acquire the plot, just
to raise the path so that the children may make use of it easily during
winter. We applied to collector for the alienation of the plot, in 1941 but
the same was rejected due to war time restrictions. We then applied to the
Municipality requesting them to construct a raised path way from the rear
portion of the convent to the Pugh's road. The Municipality promised to do
it on condition that we shared a part of the expenses. We did so and a
metalled road was constructed from the rear portion of the convent to the
Pugh's road, thus giving ourselves our pupils a very easy access to our
schools. Since, by the construction of this road, the aim we ourselves had in
trying to acquire the said plot has been realized, by the Municipality, we
dropped the idea of acquiring the plot.

I do not think that the Government Secondary and Training School for Women, Tiruppapuliur, is badly in need of a good site. For the present strength the school building and playground are adequate.

The reply to clause (f) of the Legislative Assembly question is, therefore, in the negative.
