Clause (a) of the question.

(latest report) were as follows : --

Aided elementary schools for boys.	15,814

Number of pupils in aided elementary schools for girls.	1,76,100
Total	<u>14,43,187</u>

Clause (B b) of the question. :--

The cut in the grants to aided elementary
schools may be due to two reasons : --

Pages 31-35 of the
Public Instruction Report

A

(1) Insufficiency of budget allotments for payment of the assigned grant in full in which case the pro-rata cut ~~is~~ imposed.

(2) Cut for defects in organisation, discipline, etc. of schools.

In 1944 the Government sanctioned an increase in the allotment for teaching grants for aided Elementary Schools ^{by Rs} 5 lakhs for a period of 5 years from 1943-1944 to bridge the gap between the budget allotment and the assigned grant and for opening new schools. In 1943-1944 and 1944-1945, ^{the} ~~the~~ assigned grant ^{and} ~~at~~ the budget allotment were the same and ^{no} ~~another~~ pro-rata cut was made. Apparently the cut referred to in the question is that made for defects in organisation etc. It is not usual to restore such cuts. The D. P. I. may however see the case u.o. for remarks.

Clause (c) of the question.

In view of the abnormal rise in the cost of living the Government first sanctioned a dearness allowance of Rs. 2 per mensem to teachers in aided elementary schools from 1. 10. 1942. From 1. 11. 1943 the rate of allowance was raised to Rs. 3 per mensem. The allowance was subsequently raised to Rs. 4 per mensem from 1. 4. 1944, to Rs. 8 per mensem from 1. 12. 1944 and Rs. 16 per mensem from 1. 2. 1946. The additional expenditure to Government on account of the grant of the allowance is about Rs. 103 lakhs per year.

The D.P.I. may see the case u.o. before a draft answer is put up.
