Dear Dr. Savoor,

Sub Admissions in the III class of
the College for Muslim Women,
Madras.

I am to enquire whether
only 4 students ~~have been~~ admitted this year
in the IIIrd class of the College for Muslim
Women, Madras. and if so to suggest
whether it may not be possible to admit
those students into some other college and
abolish the IIIrd year class altogether. I
am to ask and if so, I am to
ask you whether the ~~you~~ ^{you} ~~successfully~~
four students admitted this year.

If so, I am

Dear Mr. Savoor,

College for Muslim Women, Madras.

In your letter No. 6318 K2/46d.

10-9-46, you have stated that only

four students have been admitted

into the III year class of the college for

Muslim Women. The Govt are inclined

to think that this cannot be correct.

If however, ^{there are in fact} only four students in the

class the Govt consider that they

should be admitted into some other

college and the class abolished altogether.

I am to ask for your views in this

matter at an early date

Sir,

*Sub: Govt. College for Muslim Women, Madras -
Junior B.A. Class.

Ref: D.O. No. 49434-A/46-2 Edn., dated 16-10-1946. p8ank

I have the honour to enclose herewith a copy of
letter Rc.No. 288/46 dated 4-11-1946 from the Principal,
Government College for Muslim Women, Madras. As pointed
out by the Principal the savings in expenditure due to
the abolition of the class would be negligible when
compared to the effect that such a step would create
on the Muslim public opinion. Further, the University
will not agree to this abolition as their present
policy is now to recognise only First Grade Colleges.

2. In this connection, I may point out to Govern-
ment that for a large number of years the strength of
the Muhammadan College, Madras, was very low in compari-
son with other Colleges but has now come up. I am confi-
dent that there will be a marked improvement next year
in the case of this College also specially if the
proposals for the acquisition of the adjacent buildings
for the location of the hostel are approved by
Government. In the circumstances, I recommend that
the Junior B.A. class may be retained in the College.

Savoor

Ref: Your Proceedings Roc.No.6318-K2/46 dated 29-10-1946.

From the above Proceedings it is not clear whether it is the intention of the Department to convert this College permanently into a II Grade College, or merely abolish the present Junior B.A. Class for the academic year 1946-47. If the intention is only to do away with the Junior B.A. class for the rest of the current academic year, then the economy that is effected is very little. For obvious reasons no member of the Science or the Language staff can be spared. On the English side there are two Lecturers at present, one a Gazetted Officer, and the other, an Assistant Lecturer. The services of both of them are required to manage the present Junior Intermediate class of 77 students. On the History side the services of one of the Assistant Lecturers (Pay Rs.100/-) can be dispensed with for the rest of the academic year, but her services will have to be requisitioned again in July 1947 when the senior Intermediate class begins to function. No single member of the rest of the Establishment consisting of the office servants, the college librarian, the Physical Directress, the attenders of the Science Departments, the two peons, the Gasman, and the two sweepers etc. could be sent away. Hence all the money gain from the abolition of the present junior B.A. class is a few hundred rupees representing the pay of a single Assistant Lecturer in History for a few months.

On the other hand, the transfer of the students to other colleges would cause great inconvenience to those students themselves. Each college arranges the work for the year, like the text to be taught etc. by reference to its own particular conveniences and needs, and this work may not tally with the work done in other colleges. Above all the abolition of the Junior B.A. class will cause great disappointment, especially to the Muslim community.

If the intention of the Department is to convert the College permanently into a II Grade College one, then certainly there is some savings in recurring expenditure. But it will mean the abolition of a I grade college at a time when the women students are clamouring for more and more colleges. I need not reiterate how Muslim sentiment will be deeply hurt if the department decide to turn this into a II Grade College.

Reasons why the present Junior B.A. Class is so small.-

At present we have 5 students in Junior B.A. Class, the last one having been admitted on 9-9-46. The chief reason for the small strength of the B.A. Class is the newness of the institution and the lack of sufficient publicity at the beginning. Some who might have asked for admission were prevented from doing so by the misapprehension, that the College was a muslim college and no non-muslims were admitted. More than all, the chief reason for the smallness of our numbers is our failure to furnish the necessary hostel facilities. This point needs no elaboration. In this connection I may also add that other colleges which are now premier institutions in the city, started life with even smaller numbers.

Under these circumstances I would request you to kindly not to give effect to the proposal to abolish the B.A. class of this College.

There is something apparently wrong with the answer. The answer given is that there are 16 Muslims in the I Class and 2 Muslims in the III Class and that there are 61 Non-Muslims in the I Class and 2 Non-Muslims in III Class. This will mean that there are only 4 students in the III class. It cannot be true that we have opened a class for 4 girls. The matter may be verified and submitted. If there are only 4 girls I think we should have them admitted in some other college and abolish this III class altogether. Verified figure may be called for.
