Madras, 17--12--1946.

From

Dr. S.R.U. Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Elementary Education- Introduction of Prevocational
subject - Hejmadi Fisheries School - Curriculum -
Introduction of Fishers Teachers in the list of
Prevocational subjects.

In the syllabus for Government Fisheries Elementary schools
"Fisheries Technics" Forms one of the subjects to be taught in
standards VI to VIII. Carpentry and hemp-twisting are considered
to be practical work on the same subject. The Assistant Director
of Fisheries requests that these subjects which have special --
reference to the needs of the fisher-folk may be treated as 'Pre-
vocational subjects along with net-making and mat work. He also
reports that all the subjects under Fisheries technics are taught
by teachers who have undergone prescribed courses of training at the
Fisheries training Institute, Calicut. In the circumstances reported
I have the honour to recommend that Government may be pleased to --
include "Fishers Technics" also in the list of Prevocational subjects
to be taught in Higher Elementary schools as they are necessarily
connected with the needs of the Fisher-folk.

For Director of Public Instruction.
