Director of Public Instruction, Madras.

R.C.No. 882-E/47.

Dated 9th June, 1947.

Subject.

MADRAS EDUCATIONAL RULES--Levy of 10 instalments of fees from students attending Government Secondary Schools.

Reference:

U.O.No. 39106 B1/47-1 Education dated 9.5.1947
Education and Public Health.

Re submitted.

2. The Director agrees with Government in their view that the number of instalments of school fees to be collected from students in Government Secondary schools should also be increased from eight to ten for the various reasons pointed out in the above reference.

3. At present the yearly income from fees in Government Secondary Schools is about Rs. 2,71,200/-. If the number of instalments is raised from eight to ten, an additional income of Rs. 67,800/- per year may be expected.

4. This proposal when approved and enforced will involve in an amendment to the existing rules 86 and 89-A M.E.R. Fees may be collected at the present rate for 7 instalments in the long term and three instalments in the short term. A suitable amendment to the above two rules in the M.E.R. will be submitted on receipt of the orders of the Government.

We have issued orders to the Director of Public Instruction to inform all the Local Boards and Municipalities that henceforth they should charge fees for 10 months in all their secondary schools to make up their deficits in those schools in view of the enhanced salaries to teachers. But that order, I am afraid, did not cover Government schools. Orders may be issued also to the Government Secondary schools for girls as well as for boys that fees may be collected for ten months.

Please see the minutes of Hon'ble Minister (Education) above. In the case of local bodies, the levy of ten instalments of school fees has been commended so as to enable them to meet the extra cost on account of the adoption of the revised scales of pay. Similarly the net cost of maintenance of Government Secondary Schools for boys and girls will also be increased on account of the adoption of the revised scales of pay and the levy of ten instalments of fees uniformly in all Government Secondary schools for boys and girls instead of eight will bring in additional income to Government and this will cover a portion of the extra cost on account of the revision of the scales of pay of the staff in such ~~fact~~ Further if this is not done there will be a rush for admission into Government schools on account of the fact that the number of instalments of fees is less than in schools under non-Government managements. The remarks of the Director of Public Instruction may be invited U.O. before orders are issued. He may be requested to furnish an estimate of

the additional income that will be derived on account of the increase in the number of instalments of school fees now collected in Government Secondary Schools.

The order may now issue. - Action in this minute at A
maybe taken up separately after the order is issued
In the matter of partly scholarships the position of local boards is not the same as before. The increase in the number of students of school fees is such as to make it with a view to help financially to improve their financial position.
