8. COMPULSION AND MIDDAY MEALS SCHEMES.-

(a)(i) Compulsion - Revised Estimate for 1946-47.-

The aim of the scheme introduced during 1945-46 was to bring ultimately under instruction about 7800 children of schoolage. Of these, about 5200 children might have been enrolled in schools during 1945-46. The provision for the education of these children should be made for 12 months in 1946-47. The probable recurring expenditure under the several heads was estimated and the Govt. have in their Order No2187, Education dated 16-11-46 sanctioned the payment of subsidies in monthly instalments. During 1946-47 about 1560 children in the 1945-46 area will be newly brought under instruction. Provision for educating these children need not be made in the revised estimate, as it may not be possible for the Board to render an account for the advance sanctioned and to obtain final payment before 31-3-1947. The necessary provision may be made in the Budget Estimate for 1947-48 and payment made during that year while adjusting the advance referred to above.

Further, on account of the extension of the scheme, during 1946-47, the aim of which is to bring ultimately under instruction about 9100 children, about 6100 children will be newly enrolled during this year itself. For the working of the scheme, the Board may require an advance, which may be based on the probable cost. Compulsion was introduced in the District in G.O.No.2054, Education, dated 28-10-46 with effect from 15-11-46. Provision for recurring expenditure will therefore have to be made for 3 months roughly, and added on to the advance sanctioned in G.O.No.2187, Education, dated 16-11-46 and this will be the Revised Estimate for 1946-47.

Provision for non-recurring items may however be made as claims are expected for payment during the year. A very rough lump sum provision is prbposed in the Revised estimate for this purpose.

(ii) BUDGET ESTIMATE FOR 1947-48.-

It is expected that the Govt. will order the expansion of the scheme to new areas during 1947-48 with a view to bring ultimately under instruction about 9100 children. Of these, about 6100 will be admitted during 1947-48. Provision for educating them will have to be made roughly for 8 months as the Board may require an advance for working the scheme in addition to the provision for a year for educating all the 12,860 children admitted upto the end of 1946-47 in the 1945-46 and 1946-47 areas The cost of educating* the 3380 children who may be admitted during 1947-48 in the 1945-46 and 1946-47 areas may be paid during 1948-49 while adjusting the advance that may be made by Government during 1947-48 to maintain the stage reached upto the end of 1946-47 in all areas. Such a step will avoid over-budgetting. The cost of educating the 5200 children may be taken to be the same as the estimate based on which advance was sanctioned in G.O.2187 Education, dated 16-11-46. The annual cost of educating 1560 children in the 1945-46 area and the 6100 children in the 1946-47 area is worked out in the statement under Revised Estimate for 1946-47.

1946-47 " 1820	)

(b) MIDDAY MEALS.-

(i) Revised Estimate for 1946-47.- The estimated expenditure for 1946-47 is Rs.1,55,302/- as per G.O.No.2187, Education dated 16-11-46 for the 1945-46 area in respect of the stage reached on 31-3-1946. This may be taken as the Revised Estimate and adjustments made during 1947-48. The Board has not yet completed the arrangements for feeding the children in the 1946-47 area and therefore no provision need be made in the Revised Estimate for the purpose.

(ii) Budget Estimate for 1947-48.- During 1947-48 the Board is expected to feed about 6103 children, the maximum fixed for the District in addition to 268 children from 4 about schools in the 1945-46 area. The annual cost of feeding these children is Rs.1,53,302/-. The maximum number fixed for the 1946-47 area is 3000/-. It is expected that the arrangements for starting the scheme will be completed and the scheme started early during 1947-48 if not during the current year itself. The annual cost of feeding these children will be Rs.72,188/-. It is assumed that the Govt. will fix 3000 children, the numberfixed for the current year, for the 1947-48 area also. Provision may roughly be made for 3000 pupils for 3 months and it works to Rs.19,688/-. Thus the total estimate works to Rs.2,45,178/- or Rs.2,45,200 in round sum.

(c) The estimated expenditure (Budget Estimate and Revised Estimate) for working the scheme is as shown below. The Board may be permitted to take credit for an equal amount as Govt. subsidy.

4peons.and they are paid D.A., at the rate of Rs.16 and 17 per mensem as is paid to servats in Government Service. They were paid the difference of Dearness Allowance due from 1-7-44 to 31-12-44 this year. The total expenditure thereof amounts to Rs.53000. The total expenditure on salaries of teachers including dearness allowance, leave allowance and increment will amount to Rs.842720. The provision under Clerks and Servants includes Rs.1870 towards the pay and the D.A. of the peons and Rs.10450 towards the annual average cost of the ministerial staff employed to look after the Mdmca Ely.Edn. branch of work in the District Board Office, which is paid as contribution to General Funds.

Of the 638 schols 114 are held in Board buildings, 30 partly in Board and in partly in rented buildings for inadequate accommodation, 28 in rent free buildings and 466 in rented buildings. Menials paid from contingencies are employed to sweep the school buildings. Provision is made under "Contingencies - Other items" to meet the above expenditure in addition to the Money Order commission for remitting the pay etc. of teachers, postage for office and schools, stationery, printing and other miscellaneous items of expenditure. Mid-day meals at the rate of 6371 pupils per day in 21 centres where compulsory education has been introduced in 45-46 are supplied to poor pupils and the cost of feeding is calculated at 0/1/9 per pupil per day. Due provision has been made for the supply of materials such of Korai, yarn, chemicals etc. for the teaching of prevocational subjects in 26 complete Higher Ely.Schools. Provision is made for repairing Board buildings and this does not include the cost of repairing the rent free buildings. Thus the total ordinary expenditure amounts to Rs.1131700.

Funds have been provided for the erection of addl. sheds in ~~two~~for two schools in compulsory areas and also to meet the liability on incomplete works. Equipment is proposed to be supplied to schools at a cost of Rs.20000 and the total capital expenditure will amount to Rs.40000. Thus the total expenditure both under ordinary and capital will amount to Rs.1171700 and the revised estimate will close with a nominal balance of Rs.470.

BUDGET ESTIMATE -- RECEIPTS.

The budget estimate is expected to open with a balance of Rs.470. As explained in the revised estimate due credit has been taken for all the items of receipts in the budget. The statutory Contribution of Rs.66890 alone is taken credit for from the General Funds. The total ordinary and capital receipts will amount to Rs.976650 and the total including opening balance will amount to Rs.977120.

EXPENDITURE.

Provision has been made in the budget estimate for the pay etc. of the District Board Edl.Officer, the staff in Ely.Schools, including 117 ~~170~~ teachers now working in the schools where compulsory education has been introduced in 1945-46. Necessary funds have also been provided for the appointment of 100 teachers in schools where compulsory education has been extended in 1946-47. A good number of buildings owned by the Boad are in need of repairs and a sum of Rs.20,000 is provided for this purpose. Provision has been made to the barest minimum required for other items of expenditure. The total expenditure both under ordinary and capital will amount to Rs.1261520 and Rs.35000 respectively and the budget will close with a deficit of Rs.319400.

2/15

The provision made in the budget estimate for 1947-48 is only to the minimum required for the maintenance of Ely.Schools The provincial subsidy sanctioned for the maintenance of the existing schools is quite inadequate as the teachers are paid over and ~~the~~ above the sanctioned rate of subsidy which is allowed by the Government at ~~the~~ ~~time of opening of the schools~~ as per rates sanctioned at the time of opening of the schools viz. at Rs.19 per mensem for 75 per cent of the teachers and at Rs.15 per mensem for the remaining 25 per cent. The Board has contributed Rs.69840 from the General Funds in addition to the Arrear Toll Compesnatin Grant or Rs.185270 over and above the statutary contribution. The recommendations of the Educational authorities have been taken into consideration and provision made as far as funds permit. There is no other source of income to augment the receipts under the Ely. Edun. funds and the General Funds of the Board are not elastic to admit any further extra contribution to E.E. Funds. It is hoped that the Government will be pleased to sanction a subsidy of Rs.320000 as a special case to wipe off the deficit of Rs.319400 and to close the budget with a nominal balance of Rs.600.

The extra expre. on account of the introduction of revised scales of pay should be met from ~~their~~ the Board's own funds. The Govt. ~~regret~~ are not to sanction any subsidy from the Provl. funds for the purpose. So far as the

Board to meet at least a portion of the cost of revision, The Govt. consider that the rate of Education tax should be raised by 3 pies (from 14 to 17 pies). so that at least a portion of this addl. expse be met

The Special Officer is requested to place the matter before the Dt. Board and to forward to Government within a month from the date of this order a copy of the resolution of the Dt. Bd. may derive from the enhancement of the tax for nine months in 1947-48.

6. The Special Officer is requested to work out the immediate extra cost involved in the revision of the scales of pay of teachers and to report the additional expenditure on revision of salaries that will not be covered by the extra income from the enhancement of the rate of Edn. tax. BUDGET ESTIMATE - 1947-48 - Elementary Education Fund - Dist. Board, Tuticorin

1. The D.P.I. has forwarded with his remarks the R.E. for 1946-47 and B.E. for 1947-48 of the Elementary Education Fund ~~Account~~ under the control of Dt. Board, Tuticorin. The estimates are examined below:-

2. Provisions have been made in the Budget for the ~~following~~ expenditure connected with the ~~introduction~~ scheme of compulsory education and ~~continuance~~ supply of midday meals:

	R.E. 1946-47	B.E. 1947-48
	Rs.	Rs.
Compulsory Education.	53430	105720
Midday meals.	153300	225360

Credit has been taken for a subsidy from the Provl. funds to cover the entire cost of the scheme.

3. Excluding the transactions relating to the scheme of compulsory education and supply of midday meals, the ordinary receipts and charges in the E.E. fund account are as follows: —

	Budget sanctioned by Government.	R.E. 1946-47	B.E. 1947-48
	Rs.	Rs.	Rs.
Opening Balance.	2800	91720	470
Receipts.	772097	873720	~~845570~~
Charges: Ordinary	903370	924970	930440
Capital:	12000	40000	35000
Closing balance.	-140473	470	~~319400~~

4. R.E. for 1946-47: (1) Receipts: The increase in receipts is due to the adjustment of addl. contribution of 1.05 lakhs from genl. funds to the E.E. fund. The L.A. ~~is~~ may be requested to ~~say whether the~~ note on the ability of the Dt. Board to make the Dist. contribution can be made.

(2.) Charges: Ordinary: Provisions have been made in the R.E. for the grant of arrears of D.A. to teachers. (Rs53,000) Inspite of this the charges provided for are well within the sanctioned budget allotment. Presumably, the budget figure was an overestimate.

(3) Capital: The provision is intended for construction of building and for the supply of equipment to schools. In view of the remarks of the D.P.I. in paras 5 and 7 of his endt, the

iture may be allowed.

B.E. for 1947-48: (a) Receipts: No remarks seem called for. It has been taken for the minimum contribution from general funds.

(b) Ordinary: Details for the provisions made under the several heads are given on pp. 17-19 CF..

Capital: No provision is proposed may be allowed in view of 'A' above.

The B.E. for 1946-48 will close with a deficit of Rs. 3.2 lakhs. This is mainly due to the grant of D.A. to teachers. The L.A. Dept. may first be consulted as to whether the contributions from the general funds may not be increased to cover a portion of the deficit. (The contribution provided for 1947-48 is Rs. 67,000 while the figure for the R.E. is ~~3.22~~ 2.80 lakhs.

The Govt. have recently decided that revised scales of pay should be sanctioned to teachers of ele. schools under local bodies. The intention is that means should be devised for providing the necessary funds for meeting the extra cost on account of the revision of salaries. Advances will be provided in the first instance from Provl. funds and recovered from the local boards. From the particulars furnished in the Annexure to the budget, it will be observed that the cost of revision of salaries will be about Rs. 1.7 lakhs as worked out below:—

	No. of teachers.	Existing scale of pay Rs	Revised scale of pay Rs	Extra cost Rs
Lower elementary grade	102	15-20	20-30	9180
Higher elementary grade	1526	20-30	25-45	137340
Secondary grade	127	25-45	35-65	22860
				169380

Of this, a sum of about Rs. 20000 will be the cost of revision of salaries of teachers employed under the scheme of compulsory education. It is presumed that this cost should be met from a subsidy from provl. funds in as much as the Government have undertaken to meet the entire cost under the scheme. Excluding this the net liability to the Dt. Board will be Rs. 1.50 lakhs. This is the ultimate liability and the immediate liability is not known.

The question for consideration is whether the rate of Educational tax should be raised to meet a portion of the cost of revision of salaries. The present rate is 1/4 ps. and this is the conventional maximum for the Dt. Bd. The normal expre. of salaries works out to Rs. 8 lakhs, and the extra cost of revision will come to Rs. 1.50 lakhs, the

The Secretary has recorded the view that rate of Edn. tax may be raised in the ratio which the additional expre. on account of revision of salaries bears to the present commitment. On this basis the rate of education tax may be raised by three ps. i.e. from 14 pies to 17 pies. The additional income will be Rs. 60,000 and will cover only a small portion of the cost of revision. Spl. means will have to be devised for meeting the remaining cost.

8. Compulsory Elementary Education:

(a) Revised Estimates for 1946-47: The Board has provided for an expenditure of Rs. 53430 for the introduction of compulsory education and taken credit for a subsidy from the provl. funds. In G.O. 2187 Edn. dated 6.11.46 a sum of Rs. has been sanctioned for the working of the scheme of compulsory education in areas of 1945-46. A subsidy towards the cost of the scheme introduced this year will become payable if the Board claims a subsidy on this account before the end of this year. For the present the estimate may be allowed.

(b) Budget Estimate for 1947-48: Under the scheme of compulsory education introduced in 1945-46 and extended this year about 2860 children will be receiving instruction in schools in 1947-48. Besides, this about 3380 children will be newly enrolled in these areas next year. The Govt. propose to extend further the scheme of compulsory edn. in selected villages in each district in 1947-48 so as to bring 1.50 lakhs of children ultimately. Of these about one lakh of children will be brought to schools in 1947-48. The proportionate number for which provision will be 4400. Thus provision should be made in the budget for 1947-48 for the education of 2860 children for a full year and 7380 children for a portion of the year (7 months). The cost will be as follows:

For 2860 Children at Rs 14 per pupil	180040
for 7380 children (for nine months)	81700
Equipment	22500
Total	284240

The estimate may be revised as indicated above.

9. Supply of Midday meals: Credit has been taken for

ubsidy of Rs.15,300 in the R.E. towards the cost of of midday meals to school children this year. A subsidy has been sanctioned towards the provision of meals hool children in compulsory areas of 1945-46. This file was allowed to lie over pending a decision on two points raised in another connection namely:-

(1) whether the rate of Education tax should be raised for meeting a proportion to the extra cost up to the conventional maximum portion of the extra cost of revision of salaries of teachers and

(2) whether a subsidy will be paid from Provincial Funds towards the cost of revision of salaries to teachers employed under the scheme of Compulsory Ele. Education.

(1) above:- It has been decided in circulation that the rate of Education tax may be raised in proportion to the additional expenditure on revision of salaries. ~~So far as the District Board, Trichinopoly, is concerned, the conventional maximum up to which the tax may be raised will be 17 pies.~~ In the notes on page 3 ante the view has been recorded that it will be sufficient for the present if the tax is raised ~~up to~~ from 14 pies to 17 pies.

~~17 pies.~~ The need for further enhancement may, if necessary, be considered on receipt of the report called for in para 6 of the draft below.

(2) above:- The question whether a subsidy will be paid from the Provincial Funds towards the cost of revision of salaries of teachers employed under the scheme of Compulsory Elementary Edn., is to be referred to the Standing Finance Committee. So far as the District Board, Trichinopoly, is concerned, the extra cost of (Rs. 20,000) will have to be met from the Ele. Education Fund till the question of subsidy is settled. If Government decide not to sanction a subsidy, the question of further enhancement of Education tax may be considered. This will form part of the examination proposed to be undertaken on receipt of the report called for in para 6 of the draft below.
