Sir,

Sub: College - Queen Marys' College, Mylapore - Purchase of
Equipments for "Household Art" Course - Sanction of
expenditure and provision of funds - Requested.

.....

In their order Ro.2162 Edn. dated 20.12.1945, Government permitted the introduction of "Household Art" as an Optional subject in part III of the Intermediate course in the Queen Marys' College, from the current academic year and sanctioned an expenditure of Rs.1,000/- on the provision of equipment for the subject. 24 students have taken up this subject. The Principal has sent up an indent for the articles required for this subject for the second year 1947 - 48, which have to be purchased and made available for use when the College reopens in July '47. The costs of the indent comes to Rs.3,200/-. The University Commission that visited the college recently and inspected the "Household Art" department in particular, have pointed out the need for more equipment as the course is essentially a practical one. The Advisory Council of the College discussed this matter at a meeting when both myself and the Vice-chancellor were present, and the enclosed list of equipment was drawn up in accordance with the suggestions made at the meeting.

2. In the circumstances, I request the sanction of Government to an expenditure not exceeding Rs.3,200/- (Rupees Three thousand only) on the purchase of the equipment detailed in the list enclosed. The expenditure will be incurred in 1947-48. As provision for this item of expenditure has not been made in the Budget Estimate for 1947-48. I request that an additional provision of Rs.3,200/- may kindly be included under the head "37(b) B, Queen Marys' College - (b) B: 3 other charges - Laboratory charges" in the Budget Estimate for the coming year.

Finance (Exp. B) Dept.

From the list at pp.3-7 C.B. it will be seen that number of costly items are proposed to be purchased-for instance, Refrigerator (Rs.800) and Microscopes(Rs.400/-). It is not clear, whether it is quite necessary to purchase such costly equipment for the purposes of the course. It might perhaps be possible to take the students to a place where there is a Refrigerator in use for demonstration purposes, and it might ^{also} be possible to obtain on loan the microscopes from the Physics Laboratory in the College, if available.

As it is desirable to reduce the expenditure on such schemes as far as possible, E. & P.H. may be requested to consider, in consultation with the Surgeon General ^{D. P. I.} whether ^{at least} ~~these~~ ^{such items} cannot be dispensed with.

Subject to the above remarks, the draft ^{order} below may be accepted.

An addition to the draft is suggested as indicated in pencil.
