Sub:- EDUCATION - Elementary - Municipal
Elementary School - teachers union
resolution - communicated.

==000000==

The Salem City Municipal Elementary Teachers Union has communicated to me a copy of the resolution passed at its meeting held on 24-2-47 purporting to state that the teachers should not be compelled to distribute the cards after they have been written up and they will have to refuse in future if the Commissioner directs them to write the ration cards and do other miscellaneous works (Copy of the resolutions enclosed).

The teachers Unions have been recognised by the Director of Public Instruction in his proceedings No. Dis. 4817/41 dated 13-11-41 as per paragraph 1 of G.O. No. MS. 416. Edn., dated 24-2-39. *Revised 11-1-1942*

As per para 2 contained in the annexure to the above Government Order the union has made representations to the management in regard to these miscellaneous works, which are carried out in pursuance of orders of the Government from time to time and these works come occasionally and not very frequently.

Even other subordinates are asked to carry out special works according to exigencies of service and if the Elementary School teachers wish to take a position in a Water tight compartment, that position will create difficulties. There is a tendency to adopt a seclusive method which is not in the interest of public service. It is not possible to raise separate special staff for every special work due mainly to paucity of men besides financial implications.

There is no provision in the above Government Order to over rule the resolution of the teachers union. It is of course not necessary to comply with all the resolutions passed by the Union if any such resolution is against the orders of competent authorities.

That the Government may be pleased to direct

Hence I request that provision may be made to over rule the resolutions of the Union, if it is considered that the resolution is likely to obstruct the execution of orders of Government or the Municipality and take disciplinary measures as are necessary.

SS/- 3.3.47.p.m

COMMISSIONER.

(p.t.o)

Municipal Office,
Mangalore, 19-3-1947.

From

Janab H. Hoosien Putter Saheb Bahadur,
Chairman, Municipal Council,
Mangalore.

To

The Secretary to Government,
Local Administration Department,
Fort St. George, Madras

Sir,

Reference:- Miscellaneous - Rationing work -
Writing up of cards by Municipal employees - Protest.

The Government have obviously laid it down as a policy that the writing up of rice and cloth ration cards and distribution of the same should be done by the staff of the municipality. The Councils have not been consulted by Government prior to the issue of orders and the utilization of municipal staff shall effect municipal work as there is no surplus staff. It is unfortunate that with their unlimited resources, the Government should ask the Municipal staff to write these cards and distribute the same.

1. The Municipality employs bill writers to write up bills and pay/s them wages depending on work turned out. Government could as well adopt this system. It cannot be that there is no money to pay these bill writers only, when money could be found to maintain the Rationing and Textile departments. This work is incidental to the existence of the two departments.

2. Of the Municipal staff the Health department could not be utilised for writing the bills as that will jeopardise the health activities. The Engineering and Town Planning Departments are understaffed. The collection staff cannot be spared in February and March being collection season. And if Municipal clerks are to be asked to write up and distribute cards it is not clear why Government office clerks also could not be asked to do that. Then teachers remain. It is really disgusting that these teachers should be asked to do this work. It is impossible they should do it outside school hours. They have therefore to do it, allowing school work to suffer. This brings municipal schools to contempt in the eyes of the parents and the public. Apart from it, it is cruel to send these teachers to distribute the cards. It may be noted teachers cannot be utilised to write up municipal bills but they are to write ration cards.

3. Teachers and other Municipal staff were declined by Government to be given interim relief which Government people got. The Government have also not sanctioned the payment of a month's bonus to them. The provision made by the Mangalore Municipal Council for payment of bonus has been deleted by Government. It is a thousand pities that municipal staff is remembered only when ration cards are to be written up and distributed.

4. Persons utilised for writing up are not given any remuneration. The Municipal Council does not get anything

4
-2-
for utilisation of its staff for doing Government work; for writing up of cards is certainly not municipal. Co-operation is no doubt to be given but permanent using of municipal staff as "hewers of wood and drawers of water" for writing up cards is no good.

The rice ration cards have to be written up again in June and I request Government to make other arrangements for the same. The wholesalers and retailers would no doubt be able to arrange for bill writers distribute the same, if Government wishes to save money to be paid to bill writers. After all the expenditure in a district may not exceed the salary of an Assistant Textile Commissioner for a month. I request municipal staff may not be dragged in for the purpose.

Early orders are requested.

Director of Public Instruction,
Madras.

ENDORSEMENT RC.No.910-B.2/47 dated the 24th March 1947.

SUB:- Civil Supplies - Rationing - Writing of Ration cards and distributing them - Assistance of Municipal Elementary School teachers, Bezwada and Mangalore Municipalities: Letter RC.No.C.4.144/47 dated 14th March 47 from the Commissioner, Municipal Council, Bezwada addressed to Government.

@@@

SUBMITTED to the Secretary to Government, Education and Public Health Department.

2. Kind attention is invited to my letter RC.No.111G/47 dated 24th February 1947. What applies to the Secondary school teachers of the Tiruppur Municipality applies also to the Elementary School teachers of the Bezwada Municipality.

3. There is again a similar case which has been brought to my notice by the Divisional Inspector of Schools, Coimbatore that the Elementary School teachers of the Mangalore Municipality have been imposed with the work of writing ration cards and distributing them with reference to G.O.No.4598 Development dated 15th December 1946. The Divisional Inspector of Schools feels that the Commissioner has no authority to compel teachers to do this work and drafting so many teachers from each school is practically closing the schools as no work can be carried on. I agree with him.

4.

6
4
4. The Divisional Inspector of Schools, Madura, has also brought to my notice that 21 teachers have been kept under suspension pending enquiry for not attending to various work in the Virudhunagar Municipality. The Divisional Inspector requests that this question of drafting Municipal Elementary school teachers to write ration cards and distribute them may be taken as a general question and orders of Government obtained immediately as the schools suffer, particularly this being the examination season.

5. I recommend that it is not at all desirable to utilise the services of elementary school teachers for writing and distribution of ration cards, for the reasons given in my letter RC.111-G/47 dated 24th February 1947; and request that immediate orders may kindly be issued.

6. I also submit that the orders passed in the Endorsement No.22483-B2/47 Education and Public Health Department, dated 20th March 1947 do not solve the problems now presented. The teachers should on no account be asked to do ration work.

LOCAL ADMINISTRATION DEPARTMENT
From Sri K. Ramakrishna Choudry, B.A., B.L., at-law, Commissioner, Bezwada Municipality, Bezwada.
To The Secretary to the Government of Madras, Education & P. Health Department, Fort St. George, MADRAS.
Dated 14-3-1947.
R.C. C4-144/47.
Through the Director of Public Instruction, Madras & Chairman, Civil Supplies - Rationing - Bezwada - Distribution of new rice ration cards - assistance of Elementary School teachers -

Letter No. C4-362-47 dated 12-3-47 of the Rationing Officer, Bezwada.

MADE
The Municipal Elementary School teachers have already been deputed to write cloth ration cards and are still writing the same. The work is not yet complete.

Now, the Rationing Officer, Bezwada wants the assistance of the Municipal Elementary School teachers to distribute rice ration cards numbering about 40,000 for the year 1947-48 from door to door throughout the Municipal area (Copy enclosed). I may be permitted to state that this work has to be done during off hours by the school masters for which they cannot get any remuneration. Moreover, they will be busy with their examinations. The bill collectors and the other municipal staff are busy especially during the month of March due to the close of the financial year.

Under the circumstances, the Rationing Officer, Bezwada may be asked to make his own arrangements with the help of his own staff for the distribution of rice ration cards.

Letter No.R.C.64-363-47 dated 12-3-1947 from the Rationing Officer,
Bezawada, to the Municipal Commissioner, Bezawada.

Sub:- Civil Supplies-Rationing- Bezawada -Distribution of new ration
cards from 16-3-1947 - Assistance of Municipal Elementary
School teachers -Requested -

The Board in its reference nil dated 11-3-47 ordered that rice ration
cards for the year 1947-48 should be distributed from door to door with
effect from 16-3-47 with the assistance of Municipal staff. In this
direction, the Assistance of Municipal Elementary School Teachers is
required. The Commissioner is therefore requested to depute ^{adequate}
number of school teachers and direct them to appear before the Rationing
Officer on 15-3-47 at 11 A.M. for receiving instructions in connection
with the distribution of new cards. He is requested to intimate this
office the list of the Elementary School teachers that are deputed to
this work at once.

Sub: Municipal Council, Tiruppur--Civil Supplies--Preparation
of ration cards--Assistance of teachers.

Ref: Government Endorsement No. 614 Bl/47-1 Edn. dated 17-1-47 .

In resubmitting the Commissioner's letter L.Dis.No. .
11925/46 dated 12-12-1946 received with the above endorsement I have
the honour to state as follows:-

The authorities of the Textile department appear to be misusing the directions of Government, What was originally intended was that at the time of introduction of rice rationing when naturally large amount of spade work had to be done with little or no experience the departmental officers should help the rationing department - that too at the request of the Collector. To make this into a systematic practice is undesirable from the point of view of educational work. It is very unbecoming that teachers should be treated as a kind of messenger agency. Compared to these considerations the question of sanctioning additional remuneration to the teachers engaged in such kind of work is insignificant. The work of a teacher is a full time job and the less Government saddles him with extraneous work of any kind that would cut into his own legitimate duties the better; otherwise efficiency will suffer and teachers can please justifications and excuses. I am aware that in times of national emergency will suffer and teachers can please justifications and excuses. I am aware that in times of national emergencies such considerations may take a secondary place but there is no proof that such an emergency exists now and that even if it did that the department concerned could not with a certain amount of forethought have planned well with its own agency.

Therefore I request Government to consider other arrangements being made for carrying out the work.

10 15

GOVERNMENT OF MADRAS.
Food Department.

Memorandum No.16635 B/47-3 dated the 29th March 1947.

Sub: Rationing - Municipalities - Municipal staff including teachers
Entrustment of writing up and distribution of ration cards.
Ref: ---

Representations have been received by the Government from Municipalities and educational authorities that the entrustment of the work of writing up and distribution of food ration cards to the municipal staff (including municipal teachers) interferes seriously with their normal duties. The Madras District Teachers' Guild have also protested against the utilisation of the services of teachers for rationing work without payment of any remuneration. The Government have examined the representations and consider that in future the municipal staff including teachers should not be compelled to do the work connected with the writing up and distribution of ration cards and that other arrangements should be made for the purpose. It has been suggested that volunteers from municipal and educational institutions or section writers may be appointed for the purpose on suitable remuneration. The Board of Revenue (Civil Supplies) is requested to state whether the suggestion may be adopted and if so, to submit a detailed proposals with estimates of cost involved

Complaints have already been made by the teachers about
the inadequacy of their pay and to add to their work now by
compelling them to write ration cards will be adding fuel
to the fire. It is for the teachers themselves to realise
that that is a part of their duty which they owe to the
society. If they do not and this additional work is to
produce discontent, the only solution, I think of, is that
there must be a rate of wages fixed for writing up these
cards. I think that a sum of 4 annas per 100 cards may be
fixed. The amount may be debited to the food and textile
account.

K. Bashyam
15-3-47.

A
The solution seems to be to call for volunteers from
the Educational institutions the municipal staff etc to
write up the ration cards and to pay them a specified remunera-
tion.

I Understand that disciplinary action has been taken by some of the local boards, particularly, Palni Municipality against teachers that refused to write ration cards. I think we issued instructions sometime back that teachers may not be used for these purposes or if they are used, that will be on a voluntary basis on a payment of a small allowance. I do not know what has happened to these instructions. If they have not been already issued, they may be issued immediately. If previous instructions have been issued, the concerned papers may be put up.

21.2.47

H.M. Education.

The communications in the C.F. refer to the utilisation of ^{the} services of teachers for writing cloth and rice ration cards. At the instance of H.M. (Edn) the Food department have issued instructions that teachers should not be utilised for the purpose without consulting the Educational authorities concerned. The D.P.I. points ^{out} that the instructions are not sufficient and will not solve the problem. He suggests that teachers should on no account be asked to do ration work.

Please see H.M.'s minute dtd 5/4/47. In another connection Mr. Bashyam, while in charge of Education, suggested the desirability of sanctioning a small remuneration to teachers for writing ration cards. It is understood that the Food Dept. have consulted the Board of Revenue in the matter, and that the Board's reply is awaited. The teachers may not grudge to write ration cards if they are given an addl. remuneration. ~~It is not known, whether the work will be detrimental to their regular duties.~~ From the Director's letters on pp 13 c.f., it will appear that he is totally opposed to the arrangement. It is for consideration whether the proposals called for from the Board of Revenue may be awaited. For the present the D.P.I. may be asked to instruct the inspecting officers not to agree to teachers being utilised for writing ration cards, if and when proposals are made to them.

For orders.
