EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

SUB:- Education = Basic = Training Schools at Cuddalore, Perianaickenpalayam, Vinayasramam, Malabar and South Kanara:

REF:- G.O. No. 1188, dated the 9th June 1947.
Copy of Note of the Hon'ble Minister for Education, dated 11th June 1947.
Copy of Report of the Basic Education Officer, dated 9th June 1947.

The period of training of the existing batch at Vinayasram Training School may be limited to the middle of July, since the Headmasters feels that the course will be satisfactorily completed by that time. Fresh batch of trainees will be admitted in August at Vinayasram and Perianaickenpalayam and the course will continue till the end of April. Instructions are being issued for the continuance of the staff as sanctioned in the G.O. Necessary instructions for the opening of the classes are also being issued.

2. In regard to the orders issued in paragraph 5 of the G.O. the New Basic Training School for Tamilnad may be located in the Government Training School for Men at Cuddalore as per the note of the Hon. Minister for Education referred to above, copy of which has been furnished to me. For this new Basic Training School, four of the L.Ts. trained at Sevagram may be posted, transferring elsewhere an equal number of L.Ts. at present working in the school. Necessary special staff for Hindustani, Craft etc., may be appointed in the place of the existing special staff who may be transferred elsewhere. In this connection attention is ~~invited~~ solicited to the note of the Basic Education Officer dated 9th June 1947 (copy enclosed). In anticipation of Government orders, I am

15 infra

ordering the necessary transfers in the staff.

The senior sections of the Higher Elementary grade will be transferred elsewhere. The Emergency Secondary Training Course will continue till the course is over. Provision for the Junior Training Sections may be transferred elsewhere.

p 17 infra

The model section will continue with the lowest class converted into Basic Grade I, which will be staffed by a Basic trained teacher. The existing staff of the model section may be continued for the time being.

3. It is not possible to start a Basic Training School in the Royalaseema in 1947--48 as ordered in paragraph 5 of the G.O. since the necessary staff is not available.

A/34 CF

Arrangements are being made for the opening of Basic Training Schools in Malabar and South Kanara.

4. With regard to the orders contained in paragraph 6 of the G.O. some modifications seems to be necessary. Only 60 candidates can be trained by the staff available for the Basic Training School in Malabar, viz. three Sevagram trained L.Ts. and only 30 candidates can be trained by the staff available for South Kanara, viz., only one Sevagram trained L.T. All these 90 candidates may be fresh men of the secondary grade or if enough qualified men are not available Elementary Higher Grade. The Basic Training School in Cuddalore can however take in 75 candidates as ordered, 30 trained teachers and 45 fresh men of the Secondary and Elementary Grades.

A/34 CF

5. The orders contained in paragraph 7, need modification. Since for the present we are utilising all the available staff for reorganising the Government Training School for Men at Cuddalore on Basic Education lines, the reorganisation of the Government Training School for Women, at Cuddalore on Basic Education lines may be deferred for the present.

A/35 CF

---

6. In view of the recommendations of the Sub-Committee of the Advisory Board on Basic Education, which met on 10th June 1947 (Para II, copy of the minutes appended herewith) and which I support, orders may be issued modifying the orders contained in paragraph 8 of the G.O. Orders may kindly be issued for the training of a batch of 20 L.T. Assistants in the existing training schools and a few suitable Secondary Grade teachers actually engaged in handling the training classes, the total number not exceeding 30 at each of the Basic Training Schools at Perianaickenpalayam and Vinayasram. The period of training may be one academic year. The remaining 45 candidates may be of the Secondary or elementary grades in each case. In anticipation of the approval of the Government in respect of this recommendation, I am issuing necessary instructions to the inspecting officers for the selection of suitable candidates for both the training centres.

A

Sir,

Sub: Organisation of Basic Education in the Cuddalore area
Ref: Your R.C.No.368 B1/47 dated 5-6-1947.

As per the above order, I went to Cuddalore on the 7th inst. The District Educational Officer had gone to Kadambuliyur Firka to attend a meeting. There was no time to contact the Inspectress of Girls' Schools, Tanjore Circle. Hence I sat with the Heads of the Government Training School for Men and the Government Training School for Women and studied the facts about both the institutions. I submit below the facts I observed and also my recommendations on them.

1. The Government Training School for Women is housed in Government buildings, with a floor space of 7624 Sq.ft; there is a playground of about one acre. There are two hostels in rented buildings outside the school compound and situated far apart. The strength of the two Elementary grade training sections is 34 each. The strength of the various classes and Forms in the secondary school Section is as follows: Class I-41, 11-41, III-41, IV-42, V-43, Form I,-40, II-27, III-23, IV-20, V-12, VI-9.

The school and the hostels are situated in the heart of the town and the land behind the school is low-lying. Hence there is no scope for expansion. The present site and the buildings are too small to accommodate a full Basic School (with seven grades) and a full Basic Training School (with four sections). Hence it is not possible to organise a Basic Training School for this Range in this institution.

2. The Government Training School for Men is situated in the northern end of the town on the banks of the River Pennaiyar. The school and the hostel buildings are situated in a spacious compound of about 10 acres; there are six wells, all fresh water ones. The buildings consist of (i) a massive and artistic main structure with 14 classes rooms (floor space 8400 sq.ft. plus verandah), (ii) a kitchen and dining hall (floor space 3340 sq.ft.), (iii) 27 residential rooms (8100 sq.ft.) and (iv) three staff quarters. Thirty more rooms for residence (9000 sq. ft.) are under consideration. During 1946-47, there have been 8 training sections (both Elementary and Secondary). The Model School is rather poor in strength (Class I-12, II-7, III-4, IV-4, V-6); another handicap is that the soil within the school compound is rather sandy and not fertile. Ways and means can be found out for remedying these two handicaps.

The points in favour of selecting this institution as a Basic Training School for this area are many. It has got residential facilities for a full Basic Training School (four sections), and a full Basic School (Seven grades) also can be housed. The water in the wells is soft and healthy and there is a river running by. The school is situated at one end of the town and the approach to villages is easy and natural. The whole institution (the training section, the Basic School, residential quarters etc.) is housed in the same compound and it will be an ideal arrangement for control and discipline. There is scope for expansion.

p.t.o.

3. Hence the Government Training School for Men at Cuddalore may be selected and re-organised as a Basic Training School. By the first week of July, the Emergency Secondary Grade Training will be over and there will be only two Elementary grade sections. There two sections will have to be transferred to the Government Training School, Villupuram. And we can open Basic Training Sections by the 14th of July 1947.

4. If this proposal is accepted, out of the six L.Ts. working here, four L.Ts.(including the Headmaster) may immediately be transferred to other institutions and in their place the L.Ts. trained at Sewagram may be posted. The remaining two L.Ts will look to the needs of the two Emergency sections till the examination, after which they may also be transferred. The necessary changes in the remaining staff also may be made. The newly appointed Headmaster of the Basic Training School will have to be given time for selecting trainees, get ready the necessary equipment and attend to such other matters pertaining to the re-organisation.

5. Since the above Basic Training School is co-educational and is expected to serve the educational needs of the Cuddalore Range, the Government Training School for Women, will have to be closed in due course. A start can be made this year by not admitting a fresh set for the Junior Elementary Grade. Regarding the abolition or retention of the Upper Forms in the Secondary School Section of this school, I have no remarks to make except that the strength in these forms is too poor to be an economical unit.

I hope the above proposals are acceptable to you.

Sd. R.V.Rudrappaswami,
9-6-1947
Basic Education Officer.

6. Sri G. Ramachandran.
7. Sri R.V. Rudrappaswami
8. Sri R. Narasimhulu (Convener)

Sri Rao Bahadur V.R. Ranganathan and Sri Raghavan Nair were not present. Sri R.V. Rudrappaswami, Basic Education Officer attended the meeting on special invitation.

In the absence of Sri Rao Bahadur V.R. Ranganathan, Sri E.W. Aryanayakam presided.

(I) The President pointed out that the syllabus for training schools supplied to this Province by the Hindustani Talimi Sangh was the syllabus for a 2 years' Training course and as i was accepted by the Sangh, it might be adopted in the Basic Training Schools of this Province. He further stated that this syllabus might be taken as a whole and used in all Basic Training Schools with the modifications that the subsidiary crafts might be worked out according to the circumstances of the case and the availability of the material for any particular craft, at the discretion of the head of the training -- institution.

The following resolutions were passed in this connection

(i) That the Training School syllabus should be taken as the working basis, ample discretion being given to the Headmasters to amplify this syllabus keeping in view the idealogy and the efficiency of the method; and

(ii) That this Sub-Committee appointed to go into the question of syllabus might be considered as a standing Commi which would decide all the issues arising from the practical working of the syllabus.

(II) The decision of the Advisory Board on Basic Educati regarding the re-training of the L.Ts. in two batches at - Perianaickenpalayam was reconsidered in connection with the framing a syllabus for the same. The view of the Committee on this question was that the training of L.Ts. with a view to their becoming Instructors in the Basic Teachers' Trainin Schools should be for a period of one academic year instead of 5 months as was originally decided upon and that the numb of trainees for this one years' course should be limited to 20 L.Ts. and that for the year 1947--48 two such training centres should be opened - one at Perianaickenpalayam and th other at Vinayasram with 20 L.Ts. in each of the centres.

A/35
CF

= 2 =

(III). With regard to the syllabus suitable for the training of trained graduates the following resolution was passed:

"The Committee requests the Secretary of the Hindustani Talimi Sangh to supply, if possible before the end of August a suitable syllabus for the training of trained graduates whose services would be utilised as Instructors in Basic Training Schools. The training course for such trained - graduates would be for a period of 1 academic year."

(IV). It was also decided that as far as possible the candidates for training should belong to one honogeneous group of either trained teachers or untrained teachers without any limitations as regards their educational qualifications. The Committee felt that it would be difficult for the training schools to undertake the work of re-training the already - trained teachers side by side with the work of training the fresh men.

(V). In regard to the matter of testing the teachers under training the Committee decided that the special Officer(s) for Basic Education should prepare these tests in consultation with the Heads of training schools and the Hindustani Talimi Sangh. A report on the work done in this regard should be made available to the members of the Sub-Committee by the end of August.

(4) From the above it may kindly be seen that in the budget for 1947--48, a provision of Rs.16,764/- (Rs.14,264/- plus Rs.2,500/-) or Rs.16,800 will have to be made for the opening of the proposed school.

(5) It is assumed that the school can be openedin July 1947 and provision is accordingly proposed in the Budget Estimate for 1947--48 for 8 months (July 1947 to February 1948).

(6) The cost to continue the scheme during 1948--48 and to complete it in 1949--50 will be Rs.21,196 or Rs.21,200/- and Rs.7,132/- or Rs.7,200/- respectively.

(7) The total cost of the scheme for the full course is estimated at Rs.42,592/- or Rs.42,600/- recurring and Rs.2,500/- non-recurring, the expenditure to be met during 1947--48, 1948--49 and 1949--50.

(8) It is proposed to house the training school in one of the existing Government school buildings. Hence no charges are proposed for rent.

2. I propose to appoint the following 3 trained graduates serving in the department who had already had Basic Training at Sevagram, to the 3 L.T. Assistants posts mentioned above. (1) Kanaran, (2) Madhavan Nambiar, (3) Bhiman Nair. Necessary orders in this regard will issue immediately on receipt of orders of Government approving my proposal and authorising the expenditure as detailed above.

---

3. I request the favour of very early orders of Government sanctioning the scheme so that the school may be opened soon. I also request that the necessary provision may kindly be made in the Budget Estimate for 1947--48.

4. There is no provision for this scheme in the Budget Estimate for 1947--48. I shall apply for the necessary additional funds in due course.

Subject:- Opening of new Basic Training Schools.

The Government have ~~ordered~~ issued orders regarding (1) the continuance of the Basic Training Schools at Perianaickenpalayam and Vinayasramam and (2) the opening of three more Basic Training Schools, one for the Tamilnad (at Cuddalore), the second for the Andhra Desa and the third for Malabar and (3) the training of a batch of teachers at Periyanaickenpalayam.

2. The D.P.I., reports that he has taken steps for the admission of a further batch of teachers for training in the schools at Perianaickenpalayam and Vinayasramam. As regards the period of training for the Vinayasramam school, orders have already been issued informing the D.P.I., that the course of training should not be reduced below one year unless the Headmaster would be able to finish the course within 7 months.

3. In regard to the new school at Cuddalore, the Director has reported the arrangements made by him in the matter. These may be approved.

4. As regards the opening of a school in the Andhra Desa, the Director reports that it is not possible to start a school as the necessary staff is not available. In the circumstances, his views may be concurred in.

para 3, p2 c/ W

5. Proposals for the opening of Training Schools for Malabar and South Kanara have been submitted by the D.P.I. The orders of Government do not contemplate the opening of a Training School for South Kanara. In view of the fact that it is not now possible to open a school in the Andhra Desa, the provision sanctioned for that school may perhaps be utilized for the opening of a school [illegible] South Kanara. 6. The cost on account of the opening of the schools for Tamil Nad, South Kanara and Malabar has been estimated by the Director as follows:-

p. 14 of

The recurring cost (for 24 months) is spread over 3 years - 8 months in 1947-48, for a full year in 1948-49 and 4 months in 1949-50. The annual ~~recurring~~ cost may be taken as one half of the cost now reported, i.e., Rs. 101,800 ~~1,97,800~~ ~~(1~~,93,800 recurring and 8,000 non-recurring, against the expenditure of Rs. 1,25,276/- (Rs.77,776 recurring and 47,500 non-recurring) as originally estimate ~~anticipated~~. The increase in the recurring cost is due to payments of subsidies to local bodies and grants to aided managements towards the salaries of 35 teachers to be admitted ~~deputed~~ for training in the Cuddalore school and this expenditure was not contemplated when the proposal was placed before the Standing Finance Committee. Please see H.M.'s note on page 27 of the note file of G.O.'A'. Even then the total cost (both recurring and non-recurring) is below the original estimate.

7. In the case of the Cuddalore school the cost is highest. The school provides for the training of 105 candidates of whom 35 will be teachers in existing schools. The Govt., have ~~agreed~~ to pay subsidies or grant for these teachers in addition to stipends. The cost of maintenance for Malabar school is higher than that of South Kanara in view of the fact that the number of teachers to be trained in South Kanara is only 30 while the number for Malabar is 60. In the notes on pages 1-2 above E.H.H. have explained the variation ~~in~~ cost on account of the opening of the basic training schools at Cuddalore, South Kanara and Malabar as compared with the cost originally estimated for the three schools, one at Tamilnad, one for Andhra desa and one for West Coast. The revised ~~increase~~ in cost is Rs 93,800 recurring and 8000 non-recurring as against Rs 77,776 recurring and 47500 non-recurring as previously estimated. The difference is mainly as a result of payment of subsidies to local bodies and grants to aided managements towards the salaries of 35 teachers to be admitted for training in the Cuddalore school. There is variation in cost also for the three schools as originally estimated see p 32 CF of G.O.(A) and the cost as now reported - see top of p 2 above. The matter is urgent as the schools will have to be opened immediately. As these estimates are well within the previous estimates passed by the Finance Department, orders may be issued immediately and the matter may be circulated to H.M. Finance after the issue of orders. This is necessary because H.M. Finance is not in the Station and it will take a very long time to have the file circulated to him.

I understand from the Basic Education Officer that they do not like to have peons but instead these craft attenders; apart from doing the work which peons may have to do, they will also be useful to know the crafts and be in charge of stores etc. He says if craft attenders are appointed, they will be of great help to the store keepers and in some cases the expenses also will be saved. In these circumstances the craft attenders may be sanctioned instead of peons.
