The question of introducing a uniform scale of pay for all teachers in all schools under a kind of management is under consideration separately. A part of the Govt. plan for the future has been decided that the revision of salaries of teachers should be taken up along with the revision of the pay of low paid servant. In the meantime the rates of grant to teachers in aided elementary schools have been raised by Rs. two a month so that teachers receive the lowest salary in the teaching profession. The answer to the question may be that the matter is under consideration.
