Sir,
I am herewith giving you the information that Columbia University in the City of New York, is the best Institution for Electro-chemistry, having some of the most eminent Electro-chemists of the present day as Professors. To mention one, Prof. Colin G. Fink, who is the Secretary, of the Journal of the Transactions of the American Electro-Chemical society, is working in that University. Number of outstanding publications have been appearing from that University. From a knowledge of these things and also from the suggestions of friends who have already gone to U.S.A., I asked ~~a~~ Dr. T.R. Govindachari, a Madras Government Sponsored student of last year, who is in the Illinois University, to try a seat for me in the Columbia University. He has secured admission for me and there is no difficulty in specialising in Electro-chemistry with reference to acids, which will form my special subject when I make a general study of Industrial Chemistry. I hope you will consider these points and approve of my seat in the Columbia University. Thanking you,

Yours sincerely.
H.V.K. Udupa.

Scholarships for Advanced Studies Overseas_-
Provincial Governments Scheme.

--

Original in file no. 22.863/47

The undersigned is directed to say that some of the Provincial Governments sponsored scholars selected for advanced studies overseas have been observed to communicate direct with the various educational institutions abroad for purposes of their admissions. Such correspondence is ultimately referred by many of these institutions to our Educational authorities abroad, pointing it as to why such sponsored scholars are not advised not to enter into such direct correspondence with them. This correspondence on the part of the scholars leads to a great deal of confusion besides their errors of choosing wrong centres.

2. The Government of India would, in the circumstances, appreciate if the Government of Madras would kindly emphasize ~~as~~ all their scholars who have not secured admission so far, the desirability of their not entering into such correspondence direct with the institutions abroad.

Sir,

Ref: Your memo. No.26913 C2/47-1 Edn. dated 8.4.47.

Sri H. Venkatakrishna Udupa is the only Research Assistant under the C.S.I.R. scheme of the Government of India on Direct Cotton Colours working with me at present, the other assistant, Mr.S.C.Rajagopalan, having left for Bombay for sailing by S.S.Marine Adder.

Sri Udupa was not informed until this morning, although he made several enquiries in the matter, that he would have to sail by S.S. Marine Adder. He is immediately engaged now in drawing up the annual report and the statement of accounts and also in an important piece of research work which is nearly complete and which can be finished only by him. It is practically impossible for these reasons to relieve him now at such short notice. The following telegram has therefore been sent by me today to the Education Dept., Government of India :

Udupa only C.S.I.R. Assistant remaining engaged finishing very important research and writing annual report and accounts Relieving him at such short notice impossible Arrange Passage July Wire.

I do hope that the prospects of the candidate sailing for America so as to be in time to join the Columbia University, New York, in September will not be prejudiced in any way on this account.

In his letter dated 28. 2. 47 Sri Venkatakrishna Udupa states that he has already secured a seat, ~~by~~ through private effort in the Columbia University, New York, to follow a programme of Studies' in the field of "Industrial Chemistry" leading to the degree of Master of Arts. He is to join the University from the beginning of Septr. 1947. He requests that this admission may be approved by Govt. and that necy. arrangements may be made for him to proceed to America in time for the Septr 1947 Session.

p6 cf

As Sri Udupa states that the Columbia University is the best institution in U.S.A. for Electro-Chemistry and as in the past admissions secured by students through private efforts have been approved by Government it seems Sri Udupa's admission in the Columbia University may be accepted. If the Devt. Dept. agree, the Govt. of India may be asked to arrange for the students' passage to U.S.A., if ~~they~~ that Govt. have no objection. The draft letter below is for consideration.

The G. of I. have replied that Dr. Dey's telegram was not recd. by them, that instructions from the Indian Embassy in America are that the scholars should sail by the earliest boat and that therefore they are arranging for Sri Udupa's passage by Marine Adder herself. At the same time, a telegram × has been sent by the Travel agents to Dr. Dey saying that Sri Udupa's passage by Marine Adder has been cancelled and that they are registering his name for sailing in July. ~~has been repeated to this Dept.~~: This is probably in reply to a request of Dr. Dey direct to the firm also.
