Sir,

The T.A.T.Kalanilayam which is under the management of Sri Ramakrishna Mission Vidyalaya is just now being used as the practising school. It will be convenient for the day to day working of both the Training and the practising school if the management is taken over by Government.

Yours sincerely,

2. Standards I and II of the T.A.T.Kalanilayam were the practising classes for the Ramakrishna Vidyalaya Basic Training School now under Government management.

3. The present system of having the Training School under Government control and the model School under a different control is creating difficulties. In the first place, the teachers of the model school and those of the Training School cannot be interchanged and this is necessary sometimes. Secondly, the working hours of the two schools and their holidays and vacation should be uniform and this will be easy only when the two institutions are under the same management and control. It is therefore very desirable that the model school be taken over by Government and made an integral part of the Training School. The conditions of transfer may be determined in consultation with the management.

p.4 infra 4. A statement showing the present staff working in the model school is enclosed.

5. If the model school is taken over by Government the recurring and non-recurring expenditure under the various heads would be as follows:-

	Recurring. Rs.	Non-recurring. Rs.
Staff - 7 Secondary grade teachers (Rs.45/- plus Rs.18/-	5,292	-
Contingencies.	60	-
Other expenses.	-	500/-

SUB:-Basic Education - Sri Ramakrishna Mission Vidyalaya Gandhi Basic Training School - Perianaickenpalayam - Future management of the training school, model school and hostel buildings - Conditions.

From

The Secretary to Government,
Education & Public Health Department,

R.O.C. No. 797 -B1-47 Dated 22nd May 1947.

Sir,

In enclosing herewith a copy of the letter dated 19-4-47 from the Secretary, Sri Ramakrishna Mission Vidyalaya, addressed to the District Educational Officer, Coimbatore, I have the honour to submit the following recommendations:--

2. The Secretary has set forth certain conditions and revised terms of agreement in connection with the future management of the Basic Training School, its model school and the use of the hostel buildings. Points I and II of the revised terms deal with the use of the school buildings. According to the original terms between the management and the Government the equipment purchased and any temporary structures erected by the Government in the school premises for the training school may be left over to the management in the event of abolition of the Basic Training School. The conditions now contemplated by ~~x~~the Secretary are similar to the above excepting that it reads now, "Whatever buildings" instead of "temporary structures". The Divisional Inspector has suggested that these conditions may be agreed to. The conditions may be agreed to as they relate to the continuance of the old conditions.

3. Points III and IV of the revised terms relate to the use of the hostel buildings. It is stated that the students under training residing in the hostel were not charged rent during last year. The Secretary has proposed that either a lump sum rent should be paid by Government towards the occupation of their buildings by the students or the Mission should be allowed to collect at the rate of Rs.5/- p.m. per head towards rent charges in addition to a Government grant of Rs.500/- every year towards the upkeep of the buildings. The Divisional Inspector has recommended that the collection of rent from the students may be permitted but he has remarked that the rate of Rs.5/- is too high. If the Mission proposes to collect rent at a lower rate from the students, he has suggested that the maintenance charge may be provided by Government or the Public Works Department requested to carry out the white-washing, painting, etc., of the buildings. Since the buildings belong to a private body, requesting the P.W.D. to do the repairs may not be feasible. I therefore recommend that the actual charges for white-washing, painting, etc., actually incurred by the Mission for the maintenance of the building may be paid to them after production of the vouchers for the expenditure incurred.

4. Point V: The management's request may be agreed to subject to the condition that details regarding maintenance charges are submitted.

5. Points VI and VII of the revised terms of the Secretary deal with the management of the Training School.. The Secretary has suggested that the administration of the school may be allowed to be carried on by the Mission with the Headmaster as the Agent, retaining the status of a Government institution with regard to expenditure, etc., and the District Educational Officer as the supervising agency. He has also suggested that a block grant may be given to the Mission and that the Mission be asked to incur expenditure within the block grant and within the limits prescribed by Government.

In this connection, it is submitted that the Government have been addressed already for the continuance of the present staff for another two years in my letter R.C.No.797-B-1/47 dated 1-5-1947 and their orders are awaited. It is understood that these revised terms have been suggested by the management in order to emphasise the temporary character of the present arrangement and that at any time it must be open to the management to ask for the restoration of the original status of the school, viz., as an aided school. The matter has been discussed by the Divisional Inspector, Coimbatore, with the Hon'ble Minister for Education also. To meet the wishes of the management, it is recommended that the school may revert to its original status as an aided school subject to the conditions recommended by the Divisional Inspector - the main condition being that the entire cost of the Training School, i.e., expenditure on staff, equipment, etc., should be borne by Government so long as the institution continues to train candidates in Basic Education.

6. With regard to the terms VIII to IX connected with the Model School, it is submitted that recommendations to Government have already been made suggesting the taking over of the school under Government control in my letter R.C.1204 B1/46 dated 16-5-1947. If the training school is to revert to the status of an aided school, the recommendations made by me in respect of the training school may apply to the Model School also.

7. Point X of the revised terms of the Secretary deals with the question of change of name of the Training School. The Mission desires to retain its original name and Government have already passed orders permitting the training school at Periyanaickenpalayam to be named as "Sri Ramakrishna Mission Vidyalaya Gandhi Basic Training School, (Government)".

SUB:-Basic Training Schoo, Periyanaickenpalayam - Model School attached to it - Proposals.
REF:-R.C.No.68-D/47 dated 25-3-1947.

In the last year the Mission had agreed to lend its buildings and equipment of the Training School to the Government for setting up their Basic Training School. The permanent workers in the Mission who were continued in the Training School before were also lent to the Government.

The conditions under which they were lent were--

1. The Mission to lend the buildings of the Training School and its equipment to the Government free of rent.

2. Whatever equipment the Government purchase for the purpose of the Training School and whatever buildings they may put up should be left over to them free of cost.

These are the conditions under which the school has been working till now. In view of last year's working the Mission propose the following arrangements for the future.

i. The Mission is prepared to lend the buildings of the Training School and its equipment to the Government free of cost.

ii. Whatever equipment the Government purchase for the purpose of the Training School and whatever buildings they may choose to put up should be left over to them.

iii. No rent has been charged for the building last year. As for the hostel is concerned usually the Mission has been charging rent for the hostel. Now as it is a Government institution, while the Mission does not want to charge for the school buildings and equipment, they would like to be paid the rent for the hostel accommodation, i.e., Rs.5/- per seat provided in the hostel. The hostel block which exists now is planned to accommodate 24 pupils comfortably. They contemplate putting up a similar block in the course of the year. For these buildings a rent of Rs.5/- per seat per month for 10 months may be given by the Government. For the other buildings the rent may be given only when the building is complete and handed over to the Government Training School for occupation.

iv. We wish to point out that the Training School has not been painted, varnished or white-washed by the Government as we usually do every year. A lump sum of Rs.500/- may be given annually for that purpose.

v. The motor-pump set in the well and the tank which are serving the hotel and training school should also be maintained in good repair. If the Government find need for more and better water supply, they may make arrangements that they think fit.

vi. While the supervision of the Training School may continue to be under the direct supervision of the District Educational Officer the Mission may be appointed as its agent for the administration of the school. For the purpose of the convenience the Mission is prepared to appoint the present Headmaster of the Training School as its representative for this purpose.

vii. The Government may approve a rough Budget of expenditure for the Training School and give a block grant for the expenses of the institution, and the Mission may be asked to incur the expenditure within the block grant and within the limits prescribed by the Governmen

viii. We have received representation that the Government would like to take over the Management of the T.A.T. Kalanilayam which is now under the management of the Mission. The Mission does not want to charge any rent for these buildings. They are agreeable to giving free of rent for the use of the Model school attached to the Training School provided they are kept in good repair and any equipment that may be bought for the model school as well as any temporary buildings that may be put up are to be left free for the use of the school when the Government hand over the institution to the Mission.

ix. Under the supervision and with the consent of the District Educational Officer the Mission may be allowed to retain and have its own staff in the staff of the Training School and Kalanilayam and appoint further qualified staff if necessary.

x. The name of the Training School may be retained as the S.R.M.V. Gandhi Training School and the name of the Kalanilayam may be retained as the T.A.T. Kalanilayam.

A rough Budget of expenditure for the Training School and the Model School is annexed herewith.

With thanks,

(Sd.) Swami Nishkamananda,
Secretary.

Sir,

Basic Education--S.R.M.V.G.Basic Training School(Govt.) Perianaikenpalayam(Coimbatore District)--construction of sheds.

59947

The Basic Training School at Perianayakanpalayam is in immediate need of additional accommodation as detailed below to receive the new batch of trainees to be admitted in August 1947.

(a) A hostel block to accommodate about 25 trainees
(b) A Store room
(c) A shed for locating 4 looms and weaving accessories.

2. The land on which the buildings are proposed to be constructed belongs to the Sri Ramakrishna Mission and is available for use by the Government for purposes connected with the Basic Training Schools, as per agreement between the Government and the Mission. Kind attention is in this connection invited to G.O.No.1745-Education dated 10.9.1946. As such, it would be advisable to construct only temporary sheds for the present.

Not put up

k

3. I am addressing the local officers to obtain and submit detailed plans and estimates for the construction of temporary sheds. For the above work, I can spare a sum of Rs. 5000/- from the provision already at my disposal. This amount can be utilised for the construction of a hostel block, which is the most urgent part of the work, as there is no suitable building to accommodate the women candidates to be admitted in August 1947. I therefore request the Government to kindly permit me to incur the expenditure. The work will be carried out departmentally.

P.T.O.

4. The other two items of the work are also urgent and should be completed as expeditiously as possible and cannot be postponed to next year; but funds at my disposal are not available at present for this purpose. Government may therefore consider the question of sanctioning additional funds for the purpose. The actual requirements will be reported immediately on receipt of the plans and estimates, which are being called for from the local officers.

Sir,

Subject: Basic Education - Training - Perianaickenpalayam-
-Reversion to the Mission - Orders passed by the Government.

Ref: Director's Proceedings R.C.No. 1582 B/1 dated 6-8-1947 and my reply thereon of 2-9-47.

In continuation of my letter dated 2-9-47 on the above subject, I would like to tell you that the Mission will take (8) over the charge of the Training School from the 1st of June '47.

The Government was kind enough to agree to give a grant from the Provincial Funds to cover the entire expenditure incurred on the school so long as the school continues to train candidates in Basic Education. It will be convenient and helpful if this grant can be disbursed every month.

With thanks and kind regards.

Request to disburse the grant monthly

Dear Sir,

The Government have passed orders by its G.O.No. 1688 dated 26-7-1947 to the effect that Sri Ramakrishna Mission Vidyalaya Gandhi Basic Training School (Govt.) at Perianaickenpalayam be handed over to the Mission from the beginning of the accademical year and that the school should be given a grant from Provincial Funds to cover the entire expenditure on the School.

This is to xxx request you to arrange to disburse the grant monthly instead of annualy.

A copy of the letter addressed on this point to the D.P.I. on 11-12-1947 is also enclosed herewith for your information.

Thanking you in anticipation and awaiting your early orders passed on this matter.

I have the honour to state that the Government in their order No.1688 Edn & P.H. Department dated 26.7.47 promised to sanction a grant from Provincial funds towards the entire expenditure connected with the school. In their memo cited above the Government also directed that as a special case the grants payable to the institution be paid in monthly instalments.

2) According to the grant-in-aid Code the institution will become eligible for teaching grant only after its retransfer ie. for the year 1948-9 and this grant will be paid to the institution during 1949- It may be paid in full in June 1949 immediately on receipt of financi statements for the year 1948-49 or if so desired in monthly instalment , therefore, it is not known how grants can be paid every month from t beginning of July next. The Secretary of the Ramakrishna Mission Vidya has written to say that the mission will take over charge of the Traini school from 1.6.48. I request to be informed of what Government's intentions in the matter are.

In July '46 the Govt. sanctioned the opening of a Training school to train teachers in the methods of the basic scheme of education. It was decided that the ~~govt.~~ school should be located in the premises of the Gandhi Training school at Perianaickenpalayam Coimbatore Dt. The management agreed not to charge any rent for the govt. school on condition that temporary structures, if any, ~~put~~ put up for the ~~govt.~~ school and the equipment supplied to it, ~~should be~~ were handed over to the management ~~from~~ free of cost in case govt. decided to close the basic training school.

p 17 G.O. No. 1745 Edn (S) 10-9-46

These conditions were accepted by government in G.O. 1745, Edn., dated 10-9-46.

p 3 c (S)

p 7 c (S)

2. It later transpired that instead of opening a govt. Basic Training school at Perianaickenpalayam, the training school conducted by the Sri Ramakrishna Mission at Perianaickenpalayam was taken over ~~by~~ under Govt. management, and it is now being conducted as ~~as~~ a govt. ~~Training~~ school. The elementary school (T.A.T. Kalanilayam) conducted by the mission at Perianaickenpalayam is being used as the model section of the govt. Basic Training school. A request ~~was~~ has been made that this elementary school shou

p 1 c

~~also be taken over under govt. management.~~ The D.P.I., recommends the request and suggests that the elementary school should also be taken over under govt. management as there are practical difficulties in using the school as a model section keeping it under private mangement. There are 7 teachers in the Model school and the cost of maintaining the school from Provincial funds has been estimated by the Director at Rs. 7,000, (6352 recurring and 700 non-recurring) p 3 c.f

3. The D.P.I., has ~~separately~~ also reported that the authorities of Sri Ramakrishna Mission Vidyalaya have imposed certain conditions (10 in number) for the conduct of the govt. Basic Training school at Perianaicken-palayam. The gist of the conditions is given on pages 7 to 8 c.f. The first question for consideration is whether the basic training school at Perianaickenpalayam should be retained as a govt. institution or whether it should be handed over to the authorities of the mission for being conducted as a private institution. In the latter case the Director suggests that a grant to cover the entire cost of the institution should be given from Provincial funds against a grant to cover 2/3rds of the expenditure admissible under the grant-in-aid code. If the basic training school is to be handed over to the Mission, the question of taking over the elementary school (T. A. T. Kalanilayam) does not arise. The other conditions proposed by the management ~~can~~ need be further considered only if the school is to be retained under govt. management. The Director has offered his remarks on the other conditions imposed by the management presumably on the understanding that the school will be maintained by the government.

Orders of H. M (Edn) may first be obtained whether the school should ~~be~~ continue~~d~~ to be maintained by govt. or whether it should be transferred to the private management, and in the latter case whether a grant to cover the full cost should be paid from Provincial funds.

The notes of E & P.H. on pp.3-5 above may be perused. There are two schools at Perianaickenpalayam:-

(1) a Basic Training School, and

(2) a model school attached to it.

2. The Basic Training School is now under the Government management. The model school is under the private management. The question was first raised that the model school also should be taken over by the Government in order to overcome certain difficulties reported by the D.P.I. in para 3 on p.3 c.f. This was estimated to cost Rs.6,352 per annum (recurring) and Rs.700 (non-recurring).

3. Now the management has raised certain conditions in respect of the continuance of the Training school itself under the Government management ~~itself~~. The D.P.I. recommends that to meet the wishes of the management, the Training School may revert to its original status as an aided school subject to the condition that the entire cost of the training school i.e. expenditure on staff, ~~ecoupment~~ equipment, etc., should be borne by Government so long as the institution continues to train candidates in Basic education.

The D.P.I.'s proposal at A above does not seem to entail any expenditure over and above the cost now incurred by the Government in running ~~it~~ the School as a Government institution temporarily. Finance need not object to the D.P.I's proposal. (If the basic training School is to be transferred to the private management, the question of taking over the model school by Govt. ~~does~~ will not arise.) -

~~The~~ Sri Ramakrisha Mission Vidyalaya is running their training School mainly to meet our needs. The L.Ts' Training that is being held there is held there at our instance ~~xx~~ to train our L.Ts and it is for that reason that we accepted the recommendation of the D.P.I. that any permanent buildings that may be necessary and built there by Govt. will be built at Govt. expense. This building is necessary for them to accommodate women L.Ts. that we may sent there for training. I think, under these cirumstances, such buildings as may be necessary for putting into practice our schemes in the Training Schools

must be built by us. In fact the matter has been already made clear by the proposals of the D.P.I. when we allow that Institution to be run as a private institution and the cost to be met by Govt.

TSA
10.8.47

The proposals of the D.P.I are that buildings required for the school at Perianaickenpalayam should be constructed departmentally. These proposals were made before it was decided that the management of the school should be transferred to the Ramakrishna Mission. Apparently H.M intends that even after the transfer of the school to the mission, the buildings required for the school should be constructed departmentally (by the officers of the P.W.D). Generally buildings required for schools under private managements are effected by the managements themselves. and grants are

12

paid from the provincial funds towards the building scheme. In the present case the Govt have already agreed to bear the entire cost. (both recurring and non-recurring) It is for orders whether the buildings required for the school ~~are~~ shd be ~~ex~~ erected departmentally. /May be done. P.W.D / Fin depts may see for remarks. The Govt. also agreed with the recommendations of the D.P.I. that the school should be given a grant from Provincial funds to cover the entire expenditure incurred on the School so long as it continued to train candidates in Basic Education.

para 1, p1 c.f.

3 The D.P.I. has now reported that the School is in immediate need of additional accommodation for the following purposes.

a) A hostel block to accommodate about 25 trainees
b) A store room
c) A shed for locating 4 looms and weaving accessories

k on p1 c.f.

The D.P.I. proposes to construct temporary sheds for the above purpose. He has stated that he can spare a sum of Rs 5,000 from the provision at his disposal for construction of a hostel block and has requested that the question of provision of additional funds for the other two items of work may be considered by the Govt. The D.P.I. has also stated that he proposes to execute the works departmentally and that he is addressing the local officers for the preparation of necessary plans and estimates. E & P.H. and P.W. agree to the proposal.

as the school has already been transferred to the Mission, it doesn't seem appropriate or necessary to execute the works referred to departmentally. It may be pointed out in this connection that the D.P.I. has addressed the Govt. prior to the issue of orders transferring the school to the Mission and his proposal to execute the work departmentally is apparently based on the presumption that the school is still under the control of the Govt.

The buildings that have been asked for by the D.P.I. are necessitated for the course of re-training proposed to be given to the staff of our secondary grade and higher grade training schools to bring them in a line with basic education. This is the work of the Government which we have entrusted to the Gandhi Training School conducted by the Ramakrishna Mission, as they are eminently fit to do so, better than any other institutions that we have. From the D.P.I. No.1490-B1/47 dated 20-11-47.

The proposals in this file are (1) construction of a hostel block for the Basic Training School, Perianaicken-palayam (2) provision for a store-room and a weaving shed for the school. The Director was asked to submit plans and estimates in respect of the works. He has forwarded plans and estimates relating to the weaving shed and the store-room. Perhaps the plans and estimates relating to the hostel are not yet ready.

2 . The Government ~~first~~ decided in July last to transfer the Basic Training school at Perianaickenpalayam to the Ramakrishna Mission with the buildings and equipment provided for the school. On a representation from the Mission, the orders were modified postponing the transfer of the school ~~to~~ ~~to the~~ ~~1948-49.~~ end of the school year 1947-48. Thus, the school will be taken back by the Mission authorities from ~~July~~ May 1948. In the circumstances, it ~~is~~ does not seem ~~clear~~ ~~whether~~ that the Government should now provide the buildings required ~~at the Government cost~~ departmentally on the eve of transfer.

3 . ~~One of~~ The conditions of transfer ~~is~~ are that the school should be utilized for imparting instruction in basic education and that a grant to cover the entire expenditure on the school should be paid from Provincial funds. Even after the transfer, it is open to the Mission authorities to provide the buildings required and claim a grant from provincial funds. In the circumstances, ~~it is for orders~~

The Store-room is for keeping the craft materials which he has to distribute to various basic schools round about. The main business of the Junior Deputy Inspector is the distribution of these craft materials and to receive back the yarn etc., produced in the schools. That must require an elaborate store-room. I don't think it is necessary to refer to the D.P.I. further over this matter. The memo may issue.

Please see herewith a representation from the Secretary of the Sri Ramakrishna Vidyalaya. They are training our Basic Education teachers for us, so that our Training Schools can be converted into Basic Education Training Schools. ~~and~~ We have ordered that the full expenses of the institution may be met by the Government. The Secretary would like monthly disbursements of their expenses. Since we have agreed to meet the whole entire expenses, I do not think there should be any difficulty to us in making these monthly instalments. They may be paid on monthly basis. Orders may be issued to that effect.

It is presumed that the D.P.I need not be consulted in the matter. Generally grants due for a year to an institution under private management (except aided elementary schools) are disbursed in the subsequent year in a lump sum on receipt of financial statement from the management. In the present case an exception may have to be made. The monthly instalments will have to be tentatively fixed ~~with~~ and final adjustment made later in the year. Finance may see.
