Sir,
Sub:- Engineering College, Guindy - Additional laboratory Assistants - Permanent retention- Sanction requested.

Ref: G.O.No.165-Edn., dated 4-2-1944.

In their order referred to above, government sanctioned the conversion of the 3 posts of Junior Laboratory Assistants in the scale of 55-10/2-75 in the college of Engineering, Guindy into 3 posts of Laboratory Assistants on the Scale of Rs.100-10/2 - 110 - 15/2 - 200 and directed that the arrangement would be on a temporary basis for a period of 3 years. The above sanction will expire in February 1947 and the Principal has submitted a proposal for the permanent retention of the 3 posts.

2. The need for these 3 Laboratory Assistants was accepted by Government in 1936 when these posts of Junior Laboratory Assistants were sanctioned in G.O.No.648 L(Edn) dated 30-3-1936. These were sanctioned in order to cope up with the increased work in the Hydraulic, Mechanical and strength of materials laboratories due to the increase of strength sanctioned for the Engineer class. As the scale of pay originally sanctioned for the posts viz. 55 -10/2 - 75 was very low and unattractive and as the qualifications for these posts are identical with those of the laboratory assistants, Government in their order referred to above were pleased to sanction the revision of pay of the posts. The Principal points out that consequent on the revision of the scale of pay there is some stability in the incumbents. The need for the continuance of these posts is now reported to be more insistent and great due to the increase in the strength in the Engineer class and also due to the larger demand for practical work from the students by the University. The Principal states that these posts are therefore absolutely necessary and requests that they may be made permanent.

3. As these posts have been in continuous existence from 1937-38 I request that Government may be pleased to sanction their permanent retention with effect from February 1947.
