B

A

To prevent future embarrassment, the Consulate desires to call your attention to the enclosed circular regarding requirements for an American visa to enable students to go to the United States. Certain changes have taken place since visas were issued to candidates sponsored by various government departments. The important change is that any person attending an American educational institution whether as a regular student or as a "trainee" will be asked to apply for a student's visa, and not a "student-trainee" visa as heretofore. This involves two important changes in the routine. (1) The fee is Rs.33-12-0 instead of Rs.6-12-0. (2) A letter of admission from the appropriate authority of the educational institution concerned will be required. No third party's assurance will be acceptable.

2 The above does not refer to visa applicants who are officials of the government who are being deputed for study in the United States. As heretofore, such applicants will receive official visas gratis.

3 Six more copies of student's visa regulations are enclosed for distribution to other departments connected with the selection of students for further studies in the United States.

Very truly yours,

Roy E. B. Bower
American Consul

Enclosures:
Six copies of student's visa regulations.

Cicular V-7
(Jan. 1947)

AMERICAN CONSULATE
Madras 1,

Section 4(e) of the Immigration Act of 1924 provides nonquota status for:

> "An immigrant who is a bona fide student at least 15 years of age and who seeks to enter the United States solely for the purpose of study at an accredited school, college, academy, seminary or university, particularly designated by him and approved by the Attorney General, which shall have agreed to report to the Attorney General the termination of attendance of each immigrant student, and if any such institution of learning fails to make such reports promptly the approval shall be withdrawn."

In order to qualify for a student's visa, the applicant must present to the Consulate the following:

1. Certificate of admission into an American institution issued by the appropriate authorities of the institution, in duplicate. (This certificate must be the actual certificate issued by the educational institution; it may not be in the form of any third party's assertions.)

2. A statement from the applicant as to the probable duration of his stay in the United States.

3. Certified copy of birth record, in duplicate.

4. Valid passport endorsed for travel to the United States.

5. Two recently-taken photographs 3 x 3 inches in size with a light background.

6. Recent medical certificate, in duplicate, regarding general health with special reference to heart and lungs, and with a specific statement that the examining physician considers that the applicant is physically able to withstand the rigours of a severe climate while pursuing normal student activities. The certificate may be issued by an I.M.S. physician or any other physician known to this office, a district medical officer, or a medical officer attached to a government hospital.

7. Documentary evidence that definite reservation has been made for transportation to the United States.

8. Transit certificates (when necessary) on passport for countries on route to the United States.

OVER

9. Evidence of support. See below.

A most important part of a visa application will be documentary evidence that the applicant will not become a public charge while in the United States. The burden of proof is upon the applicant and no specific evidence is required by law. Satisfactory evidence will be required that the applicant is in possession of sufficient funds to cover the cost of transportation to and from the United States and expenses while there, or that adequate financial arrangements have been made to provide for such expenses, or, if his support is to be based upon financial resources which are in India, that he has been granted permission by the Reserve Bank of India to carry sufficient dollar funds with him to cover his expenses, which funds are actually in the applicant's possession before his application for a visa.

It is suggested that items 1, 2, 3, 4, and 9 be given attention at once.

Upon submission of the above evidence by mail, if the Consulate is satisfied, the applicant will be invited to call at the Consulate personally to make formal application for a visa.

A student's visa is valid to apply for admission to the United States for a maximum period of four months from and including the date of issue. This validity cannot be extended. The four months validity means that the visa must be used within that period in traveling to a port of entry in the United States.

No advance assurance can be given that a visa will be issued. The matter of whether the applicant will or will not qualify for a visa in all respects cannot be determined until he has applied formally at the Consulate (by appointment).

The fee for a student's visa is approximately Rs.35/-.

The Registrars of the Universities at Madras, Osmania, Travancore, Andhra, Annamalai, and Mysore, have been furnished by the Consulate with a copy each of "American Universities and Colleges", "Guide Book for Foreign Students in the United States", and "Meet the U.S.A." The Public Affairs Officer, American Consulate, Madras 1, will also be pleased to offer assistance to students in selecting an American school. Letters on the subject (as distinct from visa matters) should be addressed to the Public Affairs Officer. Letters regarding visas should be addressed to the Consul.

It will be useless to seek a personal interview until recommended to do so by the Consulate. Documentary support of a visa application is required, and if documents are not strong enough to stand on their own without verbal explanation they are not a sufficient basis on which to issue a visa. Please do not call in person until the preliminaries have been concluded by correspondence.

All visa applicants are asked to note that the Consulate will not correspond with third parties. The applicant himself or herself should conduct the correspondence. All visa correspondence is confidential.

The American Consulate, Madras 1.

Please take [illegible]

Separate file sent to him

I am instructed to obtain a Visa from the American Consul in Madras to enable me to undergo ~~the~~ studies in U.S.A. having been selected ~~byx~~ by the Government of Madras for the year 1946-47. I am also informed by the Travel Agents Messrs. Govan Bros., Ltd. that they are registering my name for passage by S.S. 'Marine Adder' sailing from Bombay on or about 17th April 1947. In this connection I am required to produce the admission certificate from the Purdue University in which a seat has been procured for me, in original. As there is not much time left before now and the date of sailing, I request you to address the authorities concerned to accept the certificate granted to me by the Government of Madras or arrange to have the original certificate from the Purdue University ready at an early date.

I am also required to pay a fee ~~fa~~ of Rs 33-12-0 ~~towards~~ to obtain the Visa. As this fee was not charged to the category of students belonging to my class viz. candidates financed by the Government, I request that a representation may be made to waive the payment of this fee and accept the usual ~~fx~~ fee of Rs 6-12-0 instead. If the payment of this fee of Rs 33-12-0 is required I request that the Government may kindly arrange to meet the same.

Thanking you for an early reply,

Yours faithfully,

S.C.Rajagopalan

THE FOREIGN SERVICE
OF THE
UNITED STATES OF AMERICA

AMERICAN CONSULATE
Madras 1, March 21, 1947.

ASST. SECRETARY TO GOVERNMENT
22 MAR 1947
2364
EDUCATION AND PUBLIC HEALTH DEPT.

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Sir:

Plante

Reference is made to my letter of February 28, 1947, regarding the submission by visa applicants of certificates of admission from the appropriate authorities of educational institutions in the United States.

Mr. S. C. Rajagopalan, who has been selected by the Madras government for advanced study in electro-chemistry in the United States, called at this office today and submitted a certificate issued by you stating that admission has been secured for him in Purdue University. A copy of the certificate is enclosed for ready reference. This certificate does not comply with the Consulate's requirements. That is, the certificate is not the one issued by an official of Purdue University. However, since Mr. Rajagopalan has made arrangements to leave for the United States about April 17, and as there is not much time left for him to communicate with the authorities of Purdue University, I have accepted your certificate as an exception. Future applicants should submit a letter of admission from the appropriate authority of the educational institution concerned.

Very truly yours,

Roy E. B. Bower
American Consul

Enclosure:

Copy of certificate.

Certificate

This is to cerify that Mr. S. C. Rajagopalan has been selected by the Government of Madras as a stipendiary candidate for undergoing advanced course of studies in Electro-Chemistry with special reference to acids in the United Stated of America and that the Government hold themselves responsble for his maintenance while abroad and for the return transpostation to India on the termination of the appropriate course of studies. Admission has already been secured for the candidate in the Purdue University. Arrangements are being made to have the candidate met at the port of disembarkation by the Indian Embassy in the United States of America.

pp 1 and 7 CF

I am to acknowledge receipt of your letters cited above and to thank you for having accepted this Department's certificate for the grant of a Visa to Mr.S.C.Rajagopalan.

4 p 7 CF

2. With reference to ~~your letter~~ the points raised in your letter of 28th February 1947 I am directed to ~~explain the following position to your~~ state that in 1945-46 the Government of India in the Education Dept. initiated a scheme for sending to other countries a certain number of students at Government expense for undergoing advanced studies in subjects directly related to post-war needs. Under this scheme, the Central Government and the other Provincial Governments are sending every year a certain number of students to the U.S.A., Canada, U.K., Australia, etc. Selected candidates are awarded stipends by the Govt. which will be sufficient to cover the normal maintenance expenses abroad and also tuition fees, travelling expenses, etc. Admissions in institutions abroad and passages are arranged for the students by the Government. The Government of India have appointed Educational Liaison Officers in foreign countries for the purpose of securing admissions and also for looking after the welfare of the students generally while abroad. As soon as admission ~~are~~ is secured in an institution abroad, the Liaison Officer intimates the fact to the Govt. of India by cable who in turn advise the Provincial Govt. and at the same time ask the Travel Agents to complete the student's passage arrangements in consultation with the Provl.Govt. ~~The admissions~~ If the admission secured is considered suitable, the Provincial Govt. ask the Travel Agents to proceed with the candidate's passage arrangements. ~~Therefore is the procedure~~

p 1 CF

~~which has been followed hitherto.~~ The same procedure is being followed by other Provincial Govts. and the Central Govt.

Prof. M.S. Sundaram is ~~the Educational Liaison~~ Officer in the U.S.A. He is attached to the Indian Embassy at Washington. In respect of students scheduled to proceed to the U.S.A. Prof. Sundaram arranges for admissions and as soon as admissions are secured, he cables to the Govt. of India. ~~[illegible]~~ He does not send the original certificates issued by the Educational institutions.

It ~~will~~ may thus be ~~noted~~ seen that the students ~~for~~ to whom (we) for obtaining visas from you certificates issued by this Department are not private students but candidates who are selected by this Government ~~for undergoing advanced studies in the U.S.A.~~, and whose entire cost of training is borne by ~~Government~~ them. ~~In fact these students after completion of their training are intended to be absorbed in the various Departments of this Govt.~~ They go for Post-Graduate education & the studies they are having will be of the same value as those pursued by ~~Govt~~

~~3. In the circumstances explained~~ ~~in para 2~~ above, ~~I am to request you to be good enough to treat these students on the same footing as those who are already~~ stipendiary (who are deputed abroad) officials of this Govt. refd to in para 2 of your letter dated 28-2-47 for purposes of grant of visas to the U.S.A. I am therefore to request that you may be so good as to treat these students, as on the same footing as those officials.

GOVERNMENT OF MADRAS

Education and Public Health Department.
Letter No. 17604 C2/47-1 Education.

From
M.V. Subramanian Esquire, I.C.S.,
Secretary to the Government of Madras.

To
The American Consul,
Madras, 1.

Dated, Fort St. George, the 25th March 1947.

Sir,

Grant of Visas to the United States of America.

Ref: Your letters No. 811.11-GP/sj dated 28-2-47 and No. 811.11-GP/mp dated 21-3-47.

I am to acknowledge receipt of your letters cited above and to thank you for having accepted this Department's certificate for the grant of a Visa to Mr. S.C. Rajagopalan.

2. With reference to the points raised in your letter of 28th February 1947 I am directed to state that in 1945-46 the Government of India in the Education Department initiated a scheme for sending to other countries a certain number of students at Government expense for undergoing advanced studies in subjects directly related to post-war needs. Under this scheme, the Central Government and the other Provincial Governments are sending every year a certain number of students to the United States of America, Canada, United Kingdom, Australia etc. Selected candidates are awarded stipends by the Government which will be sufficient to cover the normal maintenance expenses abroad and also tuition fees, travelling expenses etc. Admissions in institutions abroad and passages are arranged for the students by the Government. The Government of India have appointed Educational Liaison Officers in foreign countries for the purpose of securing admissions and also for looking after the welfare of the students generally while abroad. As soon as admission is secured in an institution abroad, the Liaison Officer intimates the fact to the Government of India by cable who in turn advise the Provincial Government and at the same time ask the Travel Agents to completethe student's passage arrangements in consultation with the Provincial Government. If the admisson secured is considered suitable, the Provincial Government ~~xkx~~ ask the Travel Agents to proceed with the candidate's passage arrangements.

P.T.O.

14

The same procedure is being followed by other Provincial Governments and the Central Government.

Professor M.S. Sandaram is the Educational Liaison Officer in the United States of America. He is attached to the Indian Embassy at Washington. In respect of students scheduled to proceed to the United States of America Professor Sundaram arranges for admissions and as soon as admissions are secured, he cables to the Government of India. He does not send the original certificates issued by the Educational institutions.

It may thus be seen that the students to whom certificates are issued by this Department for obtaining Visas from you are not private students but candidates who are selected by this Government and whose entire cost of training is borne by them.

They go for Post-Graduate education and the studies they pursue will be of the same nature as those pursued by officials of this Government who are deputed abroad referred to in para 2 of your letter dated 28-2-47. I am therefore to request that for purposes of grant of visas to the United States of America, you may be so good as to treat these students, on the same footing as those officials.

pp 13-14 ante

Sir:

Thank you for your letter No.17604 C2/47-1 Education, dated March 25, 1947, received today.

Your remarks about the requirement that students present a certificate of admission from American universities when applying to the Consulate for visas have been noted with complete understanding and the fullest desire to cooperate. However, this matter was taken up with the Department of State about 6 or 8 months ago. While it would be most appropriate to accept the liaison facilities of the Indian Embassy at Washington in the case of officials of the Indian Government, persons who are not members of the government, even though their expenses may be paid by the government, are not entitled to a waiver of the American visa regulations. The Consulate at Madras was instructed by the Department of State to require certificates of admission from the American university concerned, as is provided in the visa regulations.

In actual practice, no one is put to any extra trouble. Inasmuch as the university in question issues a certificate of admission there is no reason why that certificate should not be sent to the student concerned or to the Consulate at which he will apply for a visa. The Indian Embassy at Washington will undoubtedly be provided with a copy of the certificate of admission if it so desires.

In the sincerest effort to be cooperative, I have attempted to discover any reason why the customary routine should be waived in the matter of certificates of admission. To date nothing apparently would be gained, not even the saving of a small amount of time or effort. I cannot think why Professor Sundaram should wish the Consulates to omit the requirement of having on file a university's certificate and substitute his assurance that a certificate has been issued. Since it

With regard to the submission of medical certificate described under item 6 of the circular V-7, a slight change has been effected by recent instructions from the Department of State in respect of the form of certificate. The following will, therefore, replace item No.6 of the circular:

6. Recent medical certificate, in duplicate, showing applicant's physical and mental condition, with special reference to tuberculosis, loathsome or dangerous contagious diseases, and mental or physical defects which may affect applicant's ability to earn a living. The certificate may be issued by an I.M.S. physician or any other physician known to the Consulate, a district medical officer, or a medical officer attached to a government hospital, and forwarded to the Consulate direct by the physician.

I would appreciate your passing this information on to other departments connected with the selection of students for further studies in the United States. There are enclosed six amended copies of the Consulate's circular V-7 for distribution.

Copy of letter No.EL 51/47 dated the 19th Feb. 1947 from Professor M.S.Sundaram, Education Liaison Officer for India, Embassy of India to Ashfaque Husain, Esq., Deputy Educational Adviser, Department of Education, Government of India, New Delhi.

Soon after I received your letter No.D.271/47/ODII dated 23rd. January, 1947, I got in touch with the State Department and discussed the position with regard to issue of visas by the American Embassy and Consulates in India. I am glad to infrom you that on the strength of my plea that it would be imposible for me to secure admission cards for each of the individual students from each of the universities and institutions and send them out to India, they have agreed to issue instructions to the Embassy and Consulates to let the whole procedure operate without any further hindrance. I had this confirmed this morning in a telephonic converstion with the State Department and I have also asked them to write to me to that effect. You may, therefore, inform the American Embassy that the State Department most sympathetically considered my request and that, in future, any one whose admission I cable to Government will be considered as having fulfilled the necessary formality for getting a visa to travel to this country.

This letter will also answer letter No. F.9-1/47-ODII dated 31st. January from Dr. Rozario.

Sir,

I thank you very much for your memo No 29, C2/47-11 Edn. d. 6th May '47 together with the enclosed Certificate of authorisation.

2. I learn from the Consulate that all the papers for my visa are in order and that I can collect it on payment of Rs 33-12-0. I would like to know whether the usual practice in the case of the sponsored students, is for the Govt. to bear it. I realise the money in question is a trifle, but I am writing to you for information.

3. I have heard from Govan Bros, the travel agents, that they are booking a passage for me on a ship scheduled to leave Bombay in the first week of July.

Thanking you very much,

Ramkrishna Vepa

Sir:

The receipt is acknowledged of your letter No.17604 C2/47-6 Edn. dated May 26, 1947, regarding the submission to the Consulate of a letter of admission, issued by the appropriate authority of the educational institution in the United States, in connection with the visa application of a student sponsored by the Government of India.

The Consulate has been instructed by the Department of State, Washington, D.C., that a letter or a telegraphic notification of acceptance of a student by a particular institution for a specified semester (term) from a responsible representative in the United States of the Government of India may be accepted as sufficient evidence of admission to an educational institution. The Consulate will, therefore, in future, accept a letter from the appropriate authority of the Government of India stating that, on the strength of the communication received from the Government of India's representative in the United States, admission has been procured for the particular student in an American educational institution for a specified semester. Such notification will serve in lieu of a certificate of admission from the appropriate authority of the educational institution in the United States.

Very truly yours,

Go 1700 Edn
29.7.47
pp2-8 ufm

With further reference to the Consulate General's letter of February 28, 1947, regarding requirements for American visas to enable persons proceeding to the United States for study, there are enclosed a copy each of the Consulate General's circulars V-7 and V-8 (revised January 1948). Certain changes have taken place in the requirements for a visa since January 1948. The important change is the submission of police good conduct certificate in duplicate from the appropriate police officials at the places of visa applicant's residence. It is requested that this change be brought to the attention of candidates sponsored by various government departments for study in educational institutions in the United States.

Very truly yours,

Robert B. Streeper
American Consul General

Enclosures:

Circulars V-7 and V-8.

Circular V-7
(January, 1948)

AMERICAN CONSULATE GENERAL
Madras 1,

Please accept this circular as a reply to your letter of recent date.

Section 4(e) of the Immigration Act of 1924 provides nonquota status for:

> "An immigrant who is a bona fide student at least 15 years of age and who seeks to enter the United States solely for the purpose of study at an accredited school, college, academy, seminary or university, particularly designated by him and approved by the Attorney General, which shall have agreed to report to the Attorney General the termination of attendance of each immigrant student, and if any such institution of learning fails to make such reports promptly the approval shall be withdrawn."

In order to qualify for a student's visa, the applicant must present to the Consulate General the following:

1. Certificate of admission into an American institution issued by the appropriate authorities of the institution, in duplicate. (This certificate must be the actual certificate issued by the educational institution; it may not be in the form of any third party's assertions.)
2. Evidence such as certified copies of matriculation or degree certificate or other documents to establish that the applicant has sufficient scholastic preparation and knowledge of the English language to enable him to undertake the full course of study in day classes in the institutions of learning to which he is destined.
3. Certified copy of applicant's birth record (in duplicate).
4. Certified copy of applicant's marriage certificate, if married, and provided it is available.
5. Evidence of support. See below.
6. Police good conduct certificate in duplicate from the appropriate police officials at the places of applicant's residence.
7. A statement from the applicant as to the probable duration of his stay in the United States.
8. A valid passport endorsed for travel to the United States.

OVER

9. Recent medical certificate. See below.

10. Three recently-taken identical photographs, 2½ x 2½ inches in size, unmounted, printed on thin paper with a light background, showing the front view of the applicant.

11. Documentary evidence that definite reservation has been made for transportation to the United States.

12. Transit certificates or visas (when necessary) on passport for countries en route to the United States.

Evidence of Support:

A most important part of a visa application will be documentary evidence that the applicant will not become a public charge while in the United States. The burden of proof is upon the applicant and no specific evidence is required by law. Satisfactory evidence will be required to show that the applicant is in possession of sufficient funds to cover the cost of transportation to and from the United States and expenses while there, or that adequate financial arrangements have been made to provide for such expenses, or, if his support is to be based upon financial resources which are in India, that he has been granted permission by the Reserve Bank of India to carry sufficient dollar funds with him to cover his expenses, which funds are actually in the applicant's possession, or that he has made arrangements for periodical remittances to him in the United States, before his application for a visa.

Medical Certificate:

Of next importance is the health certificate, item 9. Visa applicants should ask their physicians for an especially thorough examination, inasmuch as another will be made at the port of arrival in the United States, where, if an applicant is found to be suffering from a serious malady, he may be rejected and have to return to India.

The medical certificate may be issued by an I.M.S. physician or a district medical officer, or a medical officer attached to a government hospital, or any other physician known to the Consulate General. (Two copies of medical certificate blanks are enclosed for completion by the physician and return to the Consulate General. The applicant should take his passport with him when he goes to the physician.)

It is not to be expected that physicians throughout the consular district will be familiar with the detailed regulations of the United States concerning the physical condition of persons wishing to enter the United States as visitors or as immigrants. For this reason, many visa applicants present medical certificates which are inadequate. Delay and expense are involved in an effort to fulfil the requirements.

For the convenience of visa applicants, the American Consulate General at Madras has therefore requested a physician of the city to study the regulations thoroughly and issue certificates which the Consulate General can accept without

(30)

further question. His fee, exclusive of laboratory tests or X-rays if such are deemed necessary, is Rs.10 for the examination. Visa applicants are informed that if they present medical certificates from the undermentioned physician, the Consulate General will seldom, if at all, require any further evidence of the physical condition. Certificates from other physicians may, of course, be acceptable, but this cannot be guaranteed. It is recommended that applicants not residing in Madras go to their personal physicians for a preliminary examination and submit the physician's own certificate instead of the enclosed form. This is solely for the purpose of obtaining self-assurance that one's physicial condition is probably such that one will pass a thorough medical examination at an American port of entry. Then, when the applicant comes personally to Madras to apply for a visa, he may have the undermentioned physician re-examine him with fair assurance that a certificate acceptable to the Consulate General will be issued.

Certificates will be accepted if issued by:

Dr. H. Bartelt, M.D.,
111 Lloyds Road,
Cathedral P.O.,
Madras 6.

It is suggested that items 1 to 8 be given attention at once.

Upon submission of the above evidence by mail, if the Consulate General is satisfied, the applicant will be invited to call at the Consulate General personally to make formal application for a visa.

A student's visa is valid for admission to the United States for a maximum period of four months from and including the date of issue. This validity cannot be extended. The four months validity means that the visa must be used within that period in traveling to a port of entry in the United States.

No advance assurance can be given that a visa will be issued. The matter of whether the applicant will or will not qualify for a visa in all respects cannot be determined until he has applied formally at the Consulate General (by appointment).

The fee for a student's visa is approximately Rs.35/-

The Registrars of the Universities at Madras, Osmania, Travancore, Andhra, Annamalai, and Mysore, have been furnished by the Consulate General with a copy each of "American Universities and Colleges", "Guid Book for Foreign Students in the United States", and "Meet the U.S.A.". The Public Affairs Officer, American Consulate General, 162 Mount Road, Madras 2, will also be pleased to offer assistance to students in selecting an American school. Letters on the subject (as distinct from visa matters) should be addressed to the Public Affairs Officer. Letters regarding visas should be addressed to the American Consul General, "Dare House", Parry's Corner, Madras 1.

OVER

It will be useless to seek a personal interview until recommended to do so by the Consulate General. Documentary support of a visa application is required, and if documents are not strong enough to stand on their own without verbal explanation they are not a sufficient basis on which to issue a visa. Please do not call in person until the preliminaries have been concluded by correspondence.

All visa applicants are asked to note that the Consulate General will not correspond with third parties. The applicant himself or herself should conduct the correspondence. All visa correspondence is confidential.

American Consulate General
Madras 1.

Circular V-8
January 1948

AMERICAN CONSULATE GENERAL

Madras 1,

The enclosed circular V-7 is in reply to your letter of____. If you have been selected by the Government for higher studies in the United States, please submit to the Consulate General a letter from the appropriate authorities of the Government stating that you have been selected by the Government for studies in the United States and that it assumes responsibility for your expenses in the United States and transportation back to India, in order that the requirements under items 5, 11, and 12 of the circular may be satisfied.

In case you are not in possession of a certificate of admission issued by the appropriate authorities of the educational institution in the United States for submission to the Consulate General at the time of your applying for a visa, a certificate of admission issued by the appropriate authorities of the Government of India will be acceptable to the Consulate General.
