Re: G.O. 205 dated 5th February 1947, published in the Fort St. George Gazette dated 27th May'47.

I have more than once submitted to Government that when rules framed by Government under the powers vested in them under any statute or even otherwise are altered, amended or deleted, a short statement of objects and reasons may be published to enable the public to know why the alterations, amendments or omissions are considered necessary. In the absence of such a statement, you will agree it is very difficult for the lay public to appreciate the changes proposed. This general suggestion may kindly be considered by Government.

As regards the specific amendment proposed, it is difficult to appreciate the necessity. It is all right as far as S.S.L.C. trained teachers are concerned. What about the L.E. or H.E. trained teachers as long as those grades of teachers are recognised for appointment. It may be no one below a particular age is admitted into the Training Schools. Till the L.E. or H.E. students attain that age, they should remain quiet. Does not such enforced idleness lead to undesirable results? The problem can be solved by abolishing L.E. or H.E. Training altogether and making greater provision for secondary education so that secondary grade teachers alone may be available for Government. The proposed rule raises many problems which I trust the Government are fully aware of.

Then again, why should not the proposed rule ba applicable to aided schools also? Why make a distinction in respect of aided institutions? The reasons for the change must hold good equally.

Why [illegible] been made [illegible]

I wish the whole question had been thrashed out by some body, say the Provincial Board of Education, before such changes are effected.

Sir,

Subject: Teachers in schools under local bodies--Minimum age for appointment--Draft amendment to rules.

*****

With reference to your letter, dated 29--5--47, I am directed to say that the Govt. consider that it is most undesirable to have ~~in~~ youngsters of 14 or 15 passing out straight from ~~the~~ III Form or the VIII Std, as teachers of young children. The Government have already abolished lower elementary grade ~~training~~ training. They considered the question of abolishing higher elementary grade training also, but decided to retain it for the present as there ~~in view of the need~~ pressing need for ~~the~~ large number of teachers in connection with the introduction of compulsory elementary education; this training has the further advantage - there is also importance in the consideration of giving a speedier output of teachers by taking up people from an earlier step in the general educational ladder

I am to add that the suggestion made in paragraph ~~1~~ 2 of your letter will be considered when important amendments are published in ~~near~~ future and that aided elementary schools ~~is~~ have already been prohibited from employing teachers below the age of 17.

Sir,

I am enclosing herein ~~xxxxxxxxxxxxxx~~ a memorial from one Sarasvathi, a trained mistress of the Elementary Grade for your kind perusal and for favourable orders.

55709

Government in their order No. 205 Education P.H., dated 5.2.47 have issued instructions that no teacher who has not attained the age of 17 should be appointed in an Elementary school managed by the District Board or Municipality. Only from the year 1946, pupils who have completed the age of 15 and above are selected for undergoing training. Prior to the year 1946, there was no such age restriction. The petitioner was admitted in the training school in July 1945 when she was only 13 years of age and has completed the training course at the age of 15. On account of the age restriction imposed in the G.O. she could not get an appointment even though there are several vacancies under the South Arcot District Board an account of the introduction of compulsory education and in Cuddalore Municipality. As the petitioner has been selected for training prior to the issue of the G.O. I request you to

P.T.O.

to kindly see that the petitioner is exempted from the operation of the age limit. In the interest of female education I hope you will do the needful in the matter. The petitioner is a poor girl and deserves every encouragement under your hands.

I request that I may kindly be favoured with a word in reply.

Thanking you.

Yours sincerely,

Respected Sir,

Subject : Elementary Education - Appointment of teachers - in Municipal and Local Board Schools under 17 years of age - prohibition - hardship - redress requested.

Reference : G.O.No.205 Education and P.H D/5-2-47.

N.B

I am a higher grade trained teachers' Certificate holder having come out successful after undergoing training in the years 1945-47 at the examination held in April 1947. My date of birth is 15th October 1932. I was admitted in the Sacred Heart Training School for Mistresses Cuddalore N.T., in July 1945 when I was barely 13 years and I have passed the training with my present age as 15. But when I applied for an appointment as mistress in the Cuddalore Municipality, where there are several vacancies, - I have been informed by the Commissioner that I cannot be appointed as I am below the age limit of 17 years - prescribed for the teachers in the Government Order quoted above.

I beg to submit that it is no fault of mine that I was admitted for the Teachers Training Course when I was only 13 years with the benefits of provincial stipends. I have also given an undertaking that I would serve as a mistress in any of the recognised schools for not less than 3 years and failing which I am liable for the refund of the double the amount paid to me as stipend during the training course. The refusal of the Commissioner of the Municipality to provide me with an appointment on the ground of my age being less than 17 has proved a stumbling block both in securing an appointment and fulfilling the conditions of the bond executed by me at the

17/[illegible]

training school. The Government Order under reference has been issued under the date 5-2-47 and is therefore of a very recent origin. It will therefore be an unjust hardship to teachers who have passed their training course prior to Government Order. The amendment in the Madras Educational Rules that the pupils admitted for training course should have completed the age of 15 was issued only last year and all those pupils admitted in the Training School after these orders would automatically completing 17 years by the time they finish their two years training. It would not therefore affect them any way. Further I have successfully gone through the training course and also the examination and I have been awarded a certificate declaring me as competent to discharge the duties of a teacher in an Elementary School. The orders issued in the above Government Order causes me a poor girl, undue hardship and disappointment. In addition I am now an unmarried girl under the custody of my parents who as my guardians have consented to my entering the teaching profession and have signed in the bond on my behalf (a minor) to see to the fulfilment of the conditions imposed therein. If ~~it~~ I were to keep idle and let my opportunities to slip away I may get married in the near future and may not thereafter be able to take up service if the same is not liked by my husband under whose protection I will have to remain. In consideration of all the above difficulties which affects trainees of my batch only (1945-47) ane me particularly because of my sex and unmarried condition I request that I may be kindly exempted from the operation of the lower age limit prescribed in the Government Order.

There will no case of trained teachers below 17 years in future years admitted for training from the year

1946 onwards as all of them have completed the age of 15 years before admission and will automatically complete the age of 17 years by the time they complete the training.

In the light of the above representations I request that I may kindly be rendered eligible for immediate appointment and the Commissioner of the Cuddalore Municipality informed accordingly.

Sir,

I beg to state that I have undergone Higher Elementary Grade Teachers training at the Government Training School, Kanchipuram during 1946-48 and passed the T.S.L.C. Examination. My T.S.L.C. No. being 8870/48. I am now 16 years old. My date of birth being 7-6-1933.

When I approached the Corporation authorities for an appointment in the Corporation I was informed that I am underaged for entry into local body service and that I can apply for a post only after I complete my 17th year. It is understood that no grant will be assessed on my behalf even if I work in an aided Institution till I attain the age of 17.

Having undergone training and passed the examination during March 1948, it will be a great hardship for me if I am not permitted to take up an employment. Further, I beg to state that as per the terms of the bond executed by me while under training, I will have to serve for three years as a Teacher after my training. I have got my aged parents who depend upon me. I am afraid that I may forget what all I have learnt at the training institution if I am not given an opportunity to put it into practice immediately.

In the circumstances stated above, I request that the Hon'ble Minister may be pleased to grant me such exemption as is necessary from the possession of the minimum age limit for entry into local body service and thereby enable me to take up an employment at an early date.

I have also submitted this case to the Secretary, Education Department, on the 8th September 1948.

Thanking you for early and favourable orders,

I beg to remain,

Copy of Petition from P.V. Gouri Bai, No.12/A, Srinivasa Pillai St, Seven Wells, Madras, dated 16/8/48 to the Director of Public Instruction, Madras.

- - -

I beg to state that I have undergone Higher Elementary grade teachers training at the Government Training School, Kanchipuram during 1946-48 and passed the T.S.L.C. examination, T.S.L.C.No. being 8870/48. I am now 16 years old, my date of birth being 7/6/1933.

When I approached the Corporation authorities for an appointment in the Corporation I was informed that I am underaged for entry into Local body service and that I can apply for a post only after I complete my 17th year. It is understood that no grant will be assessed on my behalf even if I work in an aided institution till I attain the age of 17.

Having undergone training and passed the examination during March, 1948, it will be a great hardship for me if I am not permitted to take up an employment. Further I beg to state that as per the terms of the bond executed by me while under training, I will have to serve for three years as a teacher after my training. I have got my aged parents who depend upon me. I am afraid that I may forget what all I have learnt at the training institution if I am not given an opportunity to put in into practice immediately.

In the circumstances stated above, I request that the Director may be pleased to grant me such exemption as is necessary from the possession of the minimum age limit for ~~xx~~ entry into local body service and thereby enable me to take up an employment at an early date.

Thanking you for early and favourable orders.

Sub: Objections and criticism to Draft Amendment ~~,~~ G.O.No.205 Education Dated 5-2-47 ~~re~~ Appointment of teachers in school-under local bodies.- Minimum age.

****

Ref: From R. Suryanarayana Rao, M.L.C. No. Nil dated 29--5-47.

6/

In February last the Government published for information and criticism the draft of an amendment to the rules relating to the appointment of teachers in schools under local bodies, prohibiting the employment of persons below the age of 17 as teachers in such schools. The draft was published in the Fort Saint George Gazette dated the 27th May 1947 and the time limit of six weeks allowed for receipt of objections has expired.

2. The question of confirming the draft amendment may now be taken up. The only ~~objection~~ criticism to the proposed amendment is that raised by Sri R. Suryanarayana Rao, M.L.C., in the letter in the current file. He raises three issues:-viz.,

(1) When draft amendments are published for criticism a short statement of objects and reasons should also be added so that the public may be able to understand the purpose of the amendment.

(2) Whether it is desirable to allow students below the age of 17 to remain ~~idele~~ idle at home, without being employed as teachers. He suggests the abolition of lower elementary and higher elementary grade training altogether as a solution of the difficulty.

(3) whether similar restriction has been imposed in the case of aided elementary schools.

(1) above: This may be done when important amendments are published in future. Legal may see.

(2) & (3) above: The Director reported in December 1945 that "It is very undesirable to have youngsters of 14 or 15 straight from ~~the~~ III Form or VIII Standard as teachers of young children. For purposes of training the minimum age is 15 so that a teacher is 17 before he takes up work as trained teacher. Service as non-trained teacher is also unnecessary for the purposes of training."

p 1 of G.O.No. 586 15-3-46 ⊗

In the circumstances the Director proposed the amendment of the rules relating to aided elementary schools prohibiting the employment of teachers below the age of 17 and this was approved in G.O.No. 586 Edn. 15-3-46. In November 1946 he proposed a similar

amendment to the rules relating to appointment of teachers under local bodies. This was approved in G.O.No.205 Education dated 5th February 1947. (6)

The Government have already abolished/lower elementary training. The abolition of higher elementary grade was one of the recommendations made in the Sargents report. It was, however, decided to continue this class of teachers in view of the need for the large number of teachers required in connection with the introduction of compulsory elementary education.

M. Suryanarayana does not seem to object to the draft amendment.

It appears that draft amendment may be confirmed. A draft order and a draft letter are submitted.

Legal department may see before circulation.

But the release is seems a special output: I have added to also in the draft.

Sir,

EDUCATION--Local Bodies--Minimum age rules for appointment as teachers.
Reference:-Government Memorandum No.10929-B2/49-1 Edn.,dated 9.3.1949.

41783

With reference to Government Memorandum referred to above I am to state that it was found that certain underaged students (i.e.below 15 years of age) had already been admitted into the training classes by the time the minimum age limit was prescribed and that their admission was subsequently regularised by separate proceedings, but when they pass T.S.L.C.Examination they will be less than 17 years old and hence underaged for employment under local bodies. Further certain training schools were stated to have admitted underaged candidates by mistake and the matter was reported at much too late a stage to send away the students and the admission was, under certain conditions, such as refusal of stipends, ratified.

Yours faithfully,

During the year 1946-47, the Govt. ordered that no untrained teacher under the age of 17 should be permitted to be employed in any aided ele. school and that teachers (whether trained or untrained) below the age of 17 should not be employed in ele. schools under local bodies.

In a case disposed of in Memo No.36-B2/49-1, dated 10-1-1949 the Director was informed that he might grant exemption. The Director now enquires whether he can grant exemption from the age-limit in all cases that come up for his consideration. Attention is invited to the letter of the D.P.I. on page 1 of (S). As the minimum age for admission to training schools is 15 it is not understood how there will be cases for exemption of this kind. The Director may be asked to explain the position. For orders
