Sir,

SUB:- Equipment - Grant - National Girls' High
 School, Triplicane, Inclusion in the approved
 list for 1948-49.

REF:- Telephone Message by post dated 18-6-47 from
 the Assistant Secretary to Government, Education
 and Public Health Department.

The type of desk prescribed in the Grant-in-aid Code represents merely the barest irreducible minimum seating requirements that are to be provided in schools. But it is always open to the managements to go in for other types which though costly are better suited for class rooms. The benches to seat 4 persons, which are prescribed in the Grant-in-Aid Code as the minimum seating requirements are mostly confined to the reading, library and meeting rooms and have already been largely displaced by dual desks. Even the dual desks are in practice found to be unsuitable as explained in my letter No. 2052 F2/46, dated 10-5-47. Already many schools are adopting single chairs and tables, the most suitable type of class room furniture, and grants on their purchase are being admitted by me. Those of course are costly but when the managements can afford them they should be encouraged to purchase them.

2. Though a cyclostyle machine was included in the indent, it was not purchased as the machine was not then available. The Ronco machine is an absolute necessity for the school having a strength of 800 pupils and having regard to the high cost of printing and the time taken to print them. The duplicator will be useful for preparing quarterly, half yearly and annual examination question papers as well as general circulars for the staff who are 35 in number and all other proceedings for which large number of copies are required. The purchase of a duplicator is being admitted in the case of big schools.

3. A list of articles of equipment which are admitted for purposes of Grant is not maintained. Rule 58 of the Grant-in-Aid Code is elastic enough to cover all articles required by an institution for its working. In view of this such a list is not easy to maintain and every article included in the indent has to be considered on its own merits, taking into consideration the status, the need and the requirements etc. of the school.

Ref: Government Memo No.49013/47-B1-1 Edn. dated 26.7.47.

I have the honour to state that the price of a Teak wood dual desk to seat 2 pupils may roughly be estimated at Rs.55/-. This is the rate quoted by one of the Cabinet Makers in the City of Madras. In fairness to the management and in view of the fluctuations in the prices, it will be highly desirable to call for competitive quotations through the Management of the School and then decide the amount of grant for which the School will be eligible.

Grant-Equipment-National Girls' High School, Triplicane-purchase of single chairs and desks for the school-

From the Director of Public Instruction, Rc. No. 350-F/47 dated 9-6-47 and 12-7-47.

The correspondent of the National Girls' High School, Triplicane has applied for equipment grant towards the purchase of articles mentioned in his letter. ^{the list at (W)} ~~Two of the articles included in the list are~~ ^{negotiable} ~~single chairs and desks for the school. The proposal to change the mode of desks and seats was recently raised by the Director in which he recommended the use of armless chairs and single desks as they are more convenient and less cumbersome. The proposal was however deferred pending decision on the adoption of cheap designs for school buildings which is under separate consideration. The Director reports that the type of desks prescribed in the Grant-in-aid code represents merely the barest minimum seating requirements that are to be provided in schools, that single chairs and desks are the most suitable type for class-room furniture, and the managements should be encouraged to purchase them if taken they come forward to purchase them. Under the existing rules the adoption use of single chairs and desks are not prohibited and the Director also reports that grants for their purchase are being admitted by him.~~

In the circumstances it is for consideration whether ^{proposals for the purchase of single chairs and desks in schools may be approved or not.} ~~single chairs and desks in schools may be approved or not.~~

2. As regards the purchase of a Roneo Duplicator the D.P.I. has explained, in paras 2 & 3 of his letter, its necessity for a big school such as National Girls' High School, Triplicane. The Director's recommendation may be accepted.

3. Subject to analysis the point at a draft order is submitted for approval. The file may be circulated to H.M. (En.) for orders in regard to the adoption of single chairs and desks in high schools in the future.

Attention is invited to the notes in page 3N-3. In view of the minutes of the meeting of the Board of Management of the National Girls' High School, Triplicane, the provision made for single chairs and desks should be cut out pending final orders on the question of adoption of cheap designs for school buildings.

The purchase of Roneo Machine may be allowed but as far as the desks are concerned, I think, the dual desk is convenient enough. If well-to-do Managements are for better equipment, we shall not object to it. But the amount may be given only on the possible price of dual desks. The extra cost may be borne by the Management. The amount to be sanctioned may be correspondingly reduced.

Please see the Director's reply on page 8 of.
He reports that Rs 55 may be roughly estimated to be the price of a dual desk but in view of the fluctuations in prices the managements may be asked to call for competitive quotations & report the cost and the amount of grant for which the school will be eligible may then be decided. This will give an opportunity to the managements to reconsider the proposal for the purchase of single chairs and desks and to apply for grant for the purchase of dual desks in case they are not in a position to meet the extra expenditure involved in the purchase of single desks & single armless chairs. As this will take some time, the items may be omitted for the present & the rest of the scheme may be included in the approved list so that the question of making a grant atleast for those items may be considered in connection with the budget for 1948-9.
