No.B1.3388-46. dated 11th July 1947.

Sir,
Revati Rotary Duplicator and Mysore cyclostyles - made in
India - Inclusion in the list of machines approved by Govern-
ment for use in Government offices - sanction - requested.

58794

Kind reference is solicited to letter dated 7th December 1946
from Messrs Typewriter Mart, Madras (copy enclosed) stating that they
have taken up the sale and distribution of the Revati Rotary Duplicators
and cyclostyles, made in India and requesting to have them included in
the list of different patterns of duplicators and cyclostyle machines
approved by Government for use in Government offices. A representative
of Messrs Typewriter Mart, gave a demonstration of the Revati Rotary
Duplicator in this office and I am quite satisfied with the operation
of the duplicator. It is simple in construction and easy to operate.
No special variety of stencils and ink are required for use on these
duplicators. Stencils and ink used for R.R.R. duplicators, may be made
use of, for them. The cost of one of these duplicators, in metal case,
with a set of accessories, is Rs.175/- only. These duplicators will
be very useful for small Offices, Schools and Colleges, that require
a duplicator.

I therefore request, sanction of Government for the inclusion
of the Revati Rotary Duplicator in the list of duplicators approved
by Government and its purchase for its use in Government offices,
as and when necessary.

The question of the inclusion of Mysore Cyclostyles referred to
by Messrs Typewriter Mart, Madras, in their letter under reference, will
be taken up later on as they have not given a demonstration of them,
so far.

We have pleasure to advise you that we have now taken up the
sale and Distribution of the above Rotary Duplicators and Cyclostyles
for Madras Presidency. These are manufactured by Messrs. Srinivas Trading
Co., Bangalore.

The machines are simple in construction and easy to operate. They
are provided with suitable metal cases and are easily portable. They
have been approved for use in Mysore and Orissa Governments.

We shall be pleased to give you a demonstration of these machines
by appointment. We would request you to kindly arrange to have these
machine approved by Government for purchase in Government offices and
High Schools and use in Government Technical examinations.

The machines will be found very useful for several small offices that
require a duplicator. The retail prices are as follows:-

Revati Rotary Duplicator complete in
Metal case and 1st set of accessories. Rs. 175-0-0

Mysore Cyclostyle with 1st set of
accessories and metal box. Rs. 60-0-0

We shall be pleased to offer these at special prices to Government.
We can undertake to give you any number of these machines within a
reasonable time. We trust you will give an opportunity for these
(Indian made) machines to prove their worth.

Awaiting your instructions.

Thanking you,

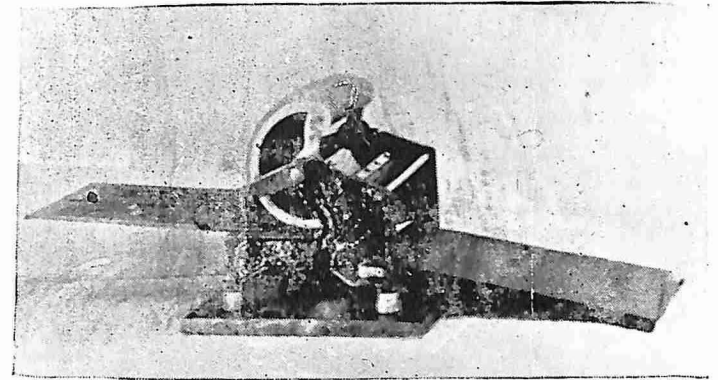

Yours faithfully,
for The Typewriter Mart,

REVATHI ROTARY DUPLICATOR

The REVATHI ROTARY DUPLICATOR is the first Indian-made Rotary Duplicator, simplest in construction, with the advantage of speed and variable pressure, and easy to operate. This hand feed machine can reproduce 40 to 50 copies per minute, and is offered at a particularly reasonable price, with a set of accessories.

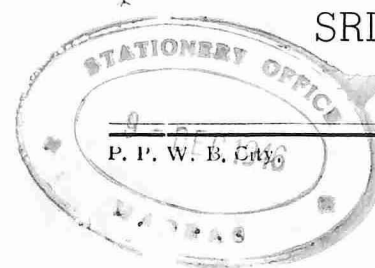

MYSORE CYCLOSTYLE

This flat-bed cyclostyle machine is useful for taking typewritten and handwritten copies. It is simple and has an automatic self-rising frame. The machine contains all necessary supplies for handwriting and typewriting work.
