SECRETARIAT OF THE MADRAS LEGISLATURE,
Fort St. George,
Chennai, dated the 21-11-1946.

QUESTION No. 1099 for the ^{next} meeting of the Legislative Assembly to be held on the 1946.

Two copies of this question are forwarded to the E. and P. H. Department.

The question has been admitted.

To
The E. and P. H. Department.

E. and P. H. Dept. (B2).

The policy of Govt. is at present to provide education to children of school age. Nursery schools are intended ^{for} children who have not yet attained the minimum age limit for admission to ordinary elementary schools. It has been the practice ^{only to} encourage nursery schools conducted by private agencies. These schools are treated as special schools and aided under the provisions of the Grant-in-Aid Code.

2. As a preliminary to the establishment of nursery schools on a large scale, the Govt. sanctioned the opening of ^a training school to train teachers for nursery schools. The ^{training} school was not actually opened as teachers did not turn up for undergoing training. In the circumstances it does not appear that the time is now opportune for the Govt. to start nursery schools.

There is no proposal under consideration of the Govt. to open not only for the old and emaciated

2 A draft answer is not. The file may be circulated to H.M. (28) + (P.H.M.)

In child welfare scheme the pre school care of children is an important item & this is known as the Nursery School Project. Besides private agencies opening nursery schools Govt ought to conduct such schools on their own. Another attempt may be made to train teachers for nursery schools. I am of the opinion that nursery schools are as important as schools for children of school age.
