Clause (a) of the L.A. Question

On the representation of the students of the Abnamalai
University who have joined the Overseers' Diploma course,
H.M.(Edn.) suggested the following courses:--

(1) that the students undergoing the diploma course should
be allowed to join the L.C.F. course in the Engineer

and other colleges, perhaps in the 3rd year to undergo the rest of the training; or

(2) that they must be allowed to undergo another course in the Annamalai University for one year at the utmost to bring them to the standard of L.C.E.

After an examination of the alternative suggestions, the D.P.I. has been requested to offer his remarks on the proposal of Dr.K.C.Chakko i.e. whether these students may not be allowed to continue for one more year in the Annamalai University itself and be entitled to receive a certificate of the L.C.E. The question whether the students should be admitted in the Govt Engineering College at Guindy for the third year's course is not therefore engaging the attention of Govt at present.

(2)

Clause (b) of the question.- The proposal which is under consideration is as set out at A above. As the whole question is pending before the Govt., it is perhaps desirable to give the following answer for both the clauses, (a) and (b):--

"The matter is under consideration."
