Sir,

Sub: Budget Estimate- 1947-48 - Udipi Municipality - Elementary Education fund account - submitted.

I am to submit herewith in duplicate the revised estimate for 1946-47 and the budget estimate for 1947-48 under the Elementary Education fund account with the explanatory memorandum thereon, schedule of establishment and other prescribed enclosures.

2. The receipt side of the revised estimate for 1946-47 shows an increase in the income of the municipality when compared with the figures as per actuals for 1945-46 and budget estimate for 1946-47. While it is admitted that the finances under Elementary Education fund has improved a bit. ~~the large increase is not due to any windfall~~. The council has proposed to increase the contribution from general funds from Rs.2500 to 4000 from the current year onwards to meet the increased expenditure necessitated by raising one of the girls' schools to the status of a Higher Elementary School four or five years back. Besides, a furhter contribution of Rs.1170/= is proposed to be made to the fund from the opening balance under general funds for payment to teachers the arrears of dearness allowance for the period from 1-7-1944 to 31-12-1944. The council considered that no discrimination could be made between one class of its employees and the other in the matter of disbursement of the arrears of dearness allowance. Again a sum of Rs.5150 has been further proposed to be contributed to the Elementary Education fund - capital to meet the cost of acquisition of lands for constructing a building to house the Udipi South Girls Higher Elementary school as the present rented building of the school is considered to be unsuitable. Moreover the public of Udipi have collected funds to the extent of Rs.7,500/= for the construction of the building and the amount is likely to be made over to the Municipality as soon as the lands are acquired and vested in the Municipality. The acquisition proceedings have already been started by the Collector and they are in progress. These are the reasons which swelled up the income of the Municipality in the Revised estimate. In the budget year there is not much change except that the credit for contribution from general account is taken for Rs.4000/= against the usual contribution of Rs.2500/=. The Government may be pleased to fix the council's contribution at Rs.4000/= per annum from 1946-47 onwards.

3. In the year 1945-46, the full demand against Education Tax was realised except the amounts locked up in suits. I have therefore taken credit under this head for the full demand of Education tax in the Revised and budget estimates.

p18c/d
(t)

4. Although the budget estimate for 1946-47 as sanctioned by Government was expected to close with a deficit of Rs.1432, the revised estimate shows that the closing~~xki~~ balance for the year will ~~[illegible]~~ be Rs.1590. This was possible because of the increased opening balance and receipts for the year 1946-47 as explained in para 2 supra.

P.T.O.

5. Credit taken for Government grant under section 37 o Elementary Education Act in the budget estimate is liable modified with reference to the actual realisation of the Ed in 1946-47 while the credit taken for subsidy under proviso section 37 is the sum fixed by Government. The subsidy take credit includes the moiety of the cost of parttime provocati instructor provided for in the expenditure side. ~~Th~~ Due con tions/ has been given to the recommendations of the inspectin rities in framing the budget and to the extent of the funds avai

6. Provision is made in the budget estimate for the appoin ment of an additional teacher and a conductress in the Udipi So Girls Higher Elementary School. But for this there are no spec features to be specifically brought to the notice of Government. explanatory memorandum attached to the budget estimate fully giv the details of various provisions made in the Revised and Budget estimates.

7. I request, in conclusion, that the Government may be pleas to accord their sanction to the budget and issue early orders.

ELEMENTARY EDUCATION FUND.

Revised Estimate for 1946-1947 and budget estimate for 1947-1948.

GENERAL REVIEW.

The subjoined statement shows at a glance the --- financial position of the Elementary Education Fund comparatively for three years.

Closing balance	2145	-1430	1590	70.	

RECEIPTS:- The receipts as per revised estimate for 1946-1947 and budget estimate for 1947-1948 show - increase in the income when compared with the actuals for 1945-1946 and sanctioned budget estimate for 1946-1947. The increase is to a very -- large sum of money proposed to be transferred from General funds of the Municipality as contribution to the Elementary Education Fund, in the current and budget years as shown below:-

REVISED ESTIMATE FOR 1946-1947.

(1) Usual contribution	Rs. 2500.
(2) Additional contribution proposed to made for paying to the Elementary School teachers the arrears of Dearness allowance for the period from 1.7.'44 to --- 31-12-1944.	Rs. 1170.
(3) Further contribution proposed to be made from General funds to meet the additional cost involved in raising the Udipi South Girls' School to the status of Higher Elementary School.	Rs. 1500.
Total Contribution from General funds.	Rs. 5170.

P.T.O.

Besides a further contribution of Rs. 5150 is proposed to be made from the General funds to the Elementary Education fund Capital to meet the cost of acquisition of lands for ~~for~~ the -- construction of school building to house the Udipi South Girls' Higher Elementary School to which the Council is already committed. This proposal could not be put off as the public of - Udipi have already collected a sum of over Rs. 7500/- for the - construction of a building and are awaiting to hand over the - money with further collections as soon as the Municipality --- acquires the land. **Moreover** the present building in which the school is housed is definitely unsuitable in every respect. - Hence the cost of acquisition has to be met by a contribution from the General funds at a great sacrifice under that account.

In the budget year also the Council's contribution -- from its General funds is proposed to be made @ Rs. 4000/- as -- against the usual contribution of Rs.2500/-. But for this, there are no large variations in the income under other heads of Elementary Education Fund Account.

Please see the notes of E & P.H. Deptt. on pp. 1-2 above.

The general budget of the Udipi Municipal Council is examined in the linked file. The contribution taken credit for in the Ele. Edn. Budget and those provided in the general budget are the same viz. Rs. 5,170/- under ordinary and Rs 5,150/- under Capital in the R.E. for 1946-47 and Rs 4,000/- under ordinary in the B.E. for 1947-48.

The council has resolved to defer ~~the provisional~~ acquisition of lands for the construction of ~~the~~ school building for the present for want of funds. In view of this, there is no need for the contribution of Rs 5,150/- from the General Account to the Ele. Edn. (Capital Account) in 46-47. The Council is being addressed on this point. Pending receipt of his reply the contribution to Capital Account may be approved provisionally.

With these remarks the file may be returned to E & P.H. Deptt.

C. No. 88283/47

E.E. Fund - Mcl. cl. Udipi - Revised scales of pay - Addl. expenditure.

From the Commr. Udipi Mply. No. 3690/47 d 3.11.47

The E.E. Fund budget of the Mcl. cl. Udipi, for 1947-48 was expected to open with a balance of Rs. 1590 and to close with a surplus of Rs. 66. The actual opening balance on 1-4-47 was Rs. 2713. The council was not paid a subsidy towards the payment of dearness allowance to the E.E. staff last year. Revised with reference to the actual opening balance the budget is expected to close with a surplus of Rs. 1189.

2. The Council was permitted to grant advance increments to the E.E. staff. If provision is made for the additional expenditure on the revision of salaries and the grant of advance increments (Rs. 3344) the budget will close with a deficit of Rs. 2155.

3. The Council levies education tax at 2 3/4 o/o. p.a. on the annual rentals and thereby derives a net income of Rs. 8500 p.a. If the rate of education tax is increased by 1 o/o. p.a. with effect from 1-10-47 it would fetch an additional income of Rs. 1545 during the current year and an extra income of Rs. 3091 p.a.

4. L.A. may be requested to state whether the deficit of Rs. 2155 may be met by a further adjustment of a like amount from the A.T.C. grant sanctioned to the council in the current year or by an additional contribution ~~grant~~ from the general account. If this is feasible there will be no need to increase the rate of education tax or to grant an advance from the Provl. funds.
