Ref: Government Memorandum No. 17654 A3/47 Education dated 20.5.47.

4 5-6 am In submitting herewith the letter dated 4.6.47 from Sri K. Raghava Reddi, Deputy Inspector of Schools, Chittoor Range, I have the honour to state the following:-

(G)

2) In their Memorandum No. 17654 A3/47 Education dated 20.5.47, Government ~~observed~~ observed that they did not see sufficient reasons to forward the application for foreign studies to the High Commissioner to the Government of India. Sri K. Raghava Reddi has completed his probation in the category of Deputy Inspectors and undertakes to serve the Department after his return from Foreign Studies. He has also obtained a seat in the Leeds University for a one years course to the Diploma in Education. As already stated he does not need any financial help for the prosecution of higher studies, but requires only the permission of Government to proceed to the United Kingdom.

3) In the circumstances represented by him, I recommend that Government may be pleased to reconsider their earlier orders and forward the application to the High Commissioner for India in London with their recommendation. I request the favour of early orders on this reference.

Application for Higher Studies in U.K.

Please see the letter from Sri K. Raghava Reddy in the ef. His application for higher studies in U.K. was negatived twice before for the reasons set out at page 2 of the paper at (V) in the circumstances now stated by him it is for order whether the previous decision will be reconsidered. The D. P.S. has already recommended the case and it is unnecessary to wait for the original sent through him. Sri Reddi says that he has been selected by the Leeds University for one year's Diploma course in this connection it is held that the

objection at B on page 2 of (V) is not a material one. He does not ask for any study leave conditions. He will be granted only such leave as he is eligible for, which he can take even if he remains in India. A substitute will have to be appointed even if he remains in India on leave. As regards the objection that he may be discharged or that he may resign and go away it is held that a man with 7 years service is not likely to be discharged and he has now given an undertaking that he will serve the dept after his return.

 9. This was we heard was done a few years ago. Mr. G. Reddy, having a bar in front of him for this reason. I know, in dealing with this case in the District Dept. - he is not with the other by order of the Dept. or has given official order. I believe that exception was made. Very well in fact. I know the man, I know the man.

with reference to the Secretary's note above, Page 35 of (a)

it is submitted that a general ban was imposed. Don't grant of study leave in 1931 as a measure of retrenchment. That ban has not yet been lifted, although study leave has been revived in the case of medical officers and the sending of Govt officers to other countries for higher technical and service studies. Recently in two cases in the Edn Dept, study leave has been granted for higher studies -

Please see G.O. No. 1486 Edn of 21-9-45 and (a) and (b) 808 Edn of 23-4-47. It does not appear that there is a ban on the grant of ordinary leave or extra-ordinary leave without allowances for higher studies abroad. Recently a woman Asst. Surgeon was granted extraordinary leave without allowances out of India for higher studies purposes. Please see G.O. 715 P.H. of 5-3-47.

A. on the previous page: - It is not likely that he will take such long leave if he remains in India, unless he falls ill.

B. on the previous page: - The exact position is not known. A letter since received from the DPI recommending the application has been added to the current file. It would seem from the DPI's letter that the officer is not likely to be discharged. For orders whether the DPI should be asked specifically on this point.

C. on the previous page: - In the case of Govt officers holding permanent appointments sent abroad for higher studies, no bond is taken

Bonds are taken from officiating Govt servants sent abroad for higher studies to the effect that they will refund the amount spent on them by Govt if they quit the service. In the present case the Govt are not spending any money on the candidate. It does not seem necessary to take any bond. It may be left to his good sense to act according to his undertaking.

Various Govt. expenditure to Govt. works to be entered.

A justification for Govt. - is in study leave - but arise only if it is in the public interest to do the work. Study leave to be granted is being considered from the point of view of the needs of the department, & not, as in the present case, where the officer is in his own interests. With his improvement his qualifications.

E.P.H. No. 47226-1/47 hereafter, Govt. is referred in this case. Must be negative.

Finance (C.S.R)

This Dept. may agree with the views of Secy. (E.P.H) on p. 3 above. (The extra expenditure referred to at M on p. 3 above would be the leave salary he would draw during leave other than extraordinary leave)

If the diploma he seeks ^{grant} would not lead to ~~then~~ an increased usefulness to the public service, this extra expenditure need not be incurred.

I am not able to understand clearly what Mr. Raghava Reddi wants. I understand that he is going to specialise ^{in foreign countries} his studies in some aspects of education. He is ~~also~~ going on his own expense. What he wants is only one year's leave ~~and pay~~. I believe he must be entitled to some leave already, if you take off that leave the period for which he would require pay will be only few months. In these circumstances the expenses to the Govt. will be very little because the expenses for his study ~~will be~~ is borne entirely by Mr. Raghava Reddi. Under these conditions I do not see any reason why we should refuse/leave. ^{him} We are sending many people on deputation bearing all the expenses ourselves and if an officer of Govt. is willing to go for training on his own expense we should then welcome the proposal rather than ~~turn~~ it down. I think we may permit him. The financial consequences of our giving him permission i.e., leave for one year may be worked out and put up.

is that his application should be forwarded

The D. P. S. has already stated that the officer

does not seem that the intention is to pay
him any salary for ^{the full period} ~~the full period~~. The

leave salary that will have to be paid to

We are sending many people for training to Foreign studies. This officer in the department would like to go U.K. for study at his own cost. What he wants is leave. On giving him leave and appointing a substitute in his place costs only Rs.453/-. I think this expenditure should not stand in the way of our sending one of our officers for

extra training to foreign country on his own expense.
