Sub: Elementary Education - Grant Schools - Vizianagaram -
Untrained Lower grade teachers - withholding of
salaries - Praying immediate orders.

We, the undersigned teachers working in the schools privately managed at Vizianagaram beg to bring the following of our grievances for your kind consideration and immediate orders.

We beg to submit that according to Rule 12(3) of the rules for recognition and aid for elementary schools, the untrained Lower grade teachers are being exempted by the Divisional Inspector of Schools; and this permission is being granted year after year for the year 1946, and we were receiving our salaries and the Dearness allowances upto the end of the third quarter 30-9-'46. But, unfortunately, without any previous notice or intimation, the grant for the fourth quarter ending with 30-12-46 was withheld and also the salaries and dearness allowance already received by us for the third quarter ending 30-9-'46 and also for 14 days in the month of June has been ordered to be recovered.

We do-not know wheather our services are entirely dispensed with and why our amoluments have been ordered to be stopped from 17th June '46.

We learn from Newspapers that the present ministry have passed orders under G.O.No.975, dated 10th May '47 and also 5th June '47 granting an increase in salaries from Rs.8/= to Rs.11/= to all untrained lower grade teachers. In view of the abolition of the lower grade training Schools, we had no opportunity to get ourselves trained.

Under the circumstances, we are grateful to the present Ministry for recognising our services and granting us increases. We have already put in nearly twenty years of services in this Department and we are surprised when orders were communicated with holding our salaries and dearness allowances.

Again, during this year 1947, our salaries and dearness allowances have not been included assessed for the first quarter during this year and the second quater also is coming to an end.

We are working in the schools till now, Educational officers are visiting our schools and examining our work. We have not received any orders cancelling our services. From 17-6-46 we are continuing to work in the school without any salaries. More than one year has passed and no definite orders have been communicated to us and no salaries have been paid to us and our services are being extracted all along. This is very deplorable and in these hard days, any one can imagine our plight in maintaining our families. Our staying power has exhausted and we are on the verge of collapse. After putting nearly 20 years service, we have now become helpless.

We pray that you will be pleased to grant orders sanctioning our arrears of pay and also pass clear and definite orders, that we may not once again put to this sort of inconvenience.

We learn from newspapers that the present ministry have passed orders under G.O.No.975 dated 10-5-47 and also 5-6-47 granting an increase in salaries from Rs.8/- to Rs.11/- to all/abolition of the lower grade training schools. Sir,

Sub:- Elementary Education Aided Schools - Lower
Untrained Teachers - withholding of grants.

Ref:- Govt. Memorandum No.55646 C-1/47-1 Edn. dated
12-7-47.

In resubmitting herewith the petition from P. Jagayya
and others referred for remarks in the reference quoted above,
I have the honour to submit the following remarks:-

Consequent on the issue of G.O.No.1202 Edn., dated
17-6-46 amending Rule 12(5) of the Rules for recognition of
Elementary Schools the power of granting exemption for the further
continuance in service of lower elementary unqualified teachers
after 17-6-46 was taken away from the Divisional Inspector of
schools in the case of boys schools and the Director in the case
of Girls schools. The amendment to the Rule 12(5) referred to
above was issued with a view to discontinuing the employment of
lower unqualified teachers. With a view to examining the cases
of all such teachers employed at present, the Divisional Inspectors
and Inspectresses have been asked to submit lists of suitable and
deserving cases of teachers who have been continued with exemption
and whose removal from service would be a hardship so that
Government might be addressed for permitting their continuance
without further exemption and on a permanent basis so long as their
work and conduct are satisfactory lists showing full and detailed
particulars are still awaited from some of the officers. In
view of the fact that Government have in their G.O.No.1154 Edn.,
dated 5-6-47 relating to the introduction of revised rate of
teaching grants made provision for grants for such teachers also
at Rs.11/- per mensem, it is presumed that the continuance of such
class of Teachers is also contemplated by them, though there is no
provision in the Rules for the grant of further exemption for these
Teachers. In the circumstances stated above, I recommend that the
lower elementary unqualified Teachers who were in service on
17-6-46 and who have to their credit long and satisfactory service
may be permitted to be continued in service and assessed grants
without further exemption, as it would be a hardship if they are
thrown out of employment now. The actual number of such cases
deserving permanent retention will be reported if necessary on
receipt of full particulars from the ~~treasury~~ inspecting officers.

In the circumstances reported by p. 9 ante, the Director recommends that the lowest ~~grade~~ unqualified teachers who were in service on 17.6.46 and who have a fair credit of long and satisfactory service may be permitted to be continued in service and awarded grants without further exemptions. The recommendation seems acceptable. However, it might be pointed out that it would be better if the length of previous service is made more specific by fixing a limit of 2 or 3 years' service prior to 17.6.46.

In this view, those ~~etc.~~ unqualified teachers who were in service on ^{or before} 17.6.46 and who have to their credit a satisfactory service of at least 2 years on that date might be permitted to be continued in service and awarded grants without further exemption.

For order.

2. As regards N on p. 9 ante, the Director may perhaps be asked to forward a list

showing the ~~actual~~ no. of such cases in which exemptions have been actually granted. ^{for information}

the representation from an untrained teacher. We must have some to giving exemption to untrained teachers. This gentleman seems to have worked for nearly 20 years as an untrained teacher and suddenly the department to have discovered that he has been untrained. If untrained teachers are kept beyond a certain period which may be specified by the Director, they must be given exemption for the rest of the period. It seems to me that it will be a great hardship if we can discharge a man after 20 years of service. I may suggest that if a man is ^{employed} as a teacher, even if untrained for more than 6 years, he may be given some sort of a permanent exemption, unless he is disqualified otherwise.

According to the rule relating to the grant of recognition to aided elementary schools untrained teachers who possess the qualifications prescribed by M.E.R. for admission to a training institution of the Higher Ee. grade may be appointed in such schools with the previous approval of the D.E.O. or the Inspectress of schools. Rule 20 of the rules for aid to these schools lays down that in the case of schools employing only one teacher or two teachers, the teacher or the teachers as the case may be should be trained teachers. But schools employing more than two teachers may employ one untrained teacher to every two trained teachers. The Divisional Inspectors may in deserving cases exempt any school from the operation of this rule for a specified period or periods.

According to rule 1(3) of rules relating to the appointment of teachers in schools maintained by local bodies issued in dated 28-6-40 an untrained person may be appointed
