The District Educational Officer, Coimbatore.

The President, Panchayat Board, Valparai.

Sir,

I submit that this Board was maintaining an Elementary School in the Valparai Township with classes I to V managed by one teacher alone and it has decided in its Resolution No. 38 dated 11-5-46 to admit more children of the parents working in the Hills and open separate classes and appoint separate teachers for each class for the benefit of the parents whose children were studying in the plains. It was also decided to open a Hostel for the accommodation of those pupils whose parents are residing far away from the Valparai Township. Thus the School and Hostel were opened on 3-6-46 in the Military Barracks Buildings which is in the possession of the Board and 206 students have been admitted in the School, 60 in the Hostel.

The Board has also in its Resolution No. 56 dated 25-5-46 resolved to meet the establishment charges i.e., the salary of the Cooks, Servants and cost of vessels for the Hostel from the Panchayat funds and to request the Government for sanction for incurring the said expenditure. Two cooks and a servant maid have been appointed to the Hostel ~~from the Panchayat funds~~ in anticipation of sanction and it is expected that a sum of Rs. 75/- p.m will have to be met towards their salary and Rs. 500/- towards the cost of the vessels. The Board has decided to meet the establishment charges only with the idea of reducing the expenditure of the parents who will have to spend much towards the education of their small children in this School and thus ~~extended~~ extend the facilities of Elementary Education to as many children as possible. Children of all castes and communities including Scheduled castes children have been admitted both in the School and in the Hostel.

I therefore request that the Government may be pleased to approve the opening up of the Hostel free of rent and also sanction the incurring of the establishment charges therefrom from the Panchayat funds. The two resolutions of the Board are ~~as~~ submitted for kind perusal.

R.O. No. 7(1)P/46, dated 21-7-46.

Sir,

Sub:-- Educational - Elementary - Hostel for Elementary
School, students of Valparai Panchayat area -
Pollachi Taluk - by the Panchayat Board, Valparai--
approval of.

Ref:-- From the Executive Officer, Valparai Panchayat Board,
reference No. 111, dated 12-5-46.

The application of the Executive Officer for approving the
opening of the hostel was referred to the Deputy Inspector of Schools,
Pollachi range. A copy of his remarks is enclosed herewith.

The Panchayat Board has resolved to meet the establishment
charges of the Hostel from its own funds. The hostel is held in
buildings owned by the panchayat Board and therefore the rent for the
hostel buildings can be saved by the Board.

By extending the present elementary school and opening a
hostel, children of all classes of employees of the estates can be
brought under instruction. The boarders of the hostel are exempted
from paying charges towards room rent, electricity and establishment.
It is enough if they pay only for the purchase of provisions. The
hostel is accessible to all castes including the scheduled. The
Panchayat board's action is worth considering. If the hostel is run
on right lines, it can improve much by attracting children from all
corners of the estates.

Under the circumstances, the opening of the hostel by
the Valparai Panchayat Board from 3-6-46, may be approved. The
incurring of the establishment charges for the hostel from the Panchayat
Board's funds may also be approved as the Panchayat Board is a very
rich one getting an income of about Rs. 50000/- per year.

Before June, 1946, the school was a single teacher school. The estate staff other than coolies were not hitherto using the schools on the hills for the education of their children. The schools on the hills are chiefly attended by the children of the coolies. Now that the panchayat board has developed the Valparai township school in such a way as to attract the children of the classes of employees other than coolies, there is a sudden inflation of strength in the school. The provision of separate instruction for Malayalam children the appointment of two teachers on the staff and the provision of hostel facility are a bold venture on the part of the Panchayat board. While the efforts of the board in this direction deserve encouragement, the success of the schemes can be judged by the results of working over a reasonable period of time only. The programs of the Panchayat are unique. It is a rich panchayat with an income of about Rs. 50,000 a year with an area of about 150 Sq. miles. It deserves special treatment.
