Sir,

Sub:- Elementary Education- Compulsory- Bellary District
 Board- New Schools opened in Compulsory Centres-
 Supply of equipment- Grant of subsidy - Requested.

The equipment of furniture, Books and slates were supplied for the use of the new schools opened in the six compulsory centres in the area of this District Board during 1945-46 and 1946-47 to the value of Rs. 13148/- as noted below.

Furniture. ... Rs. 11128-0-0.

Books & Slates. ... Rs. 2020-0-0.

13148-0-0.

Calculated at the rate of Rs. 100/- per teacher as per G.O.No. 1224 Education and Public Health dated 11-8-45. The expenditure of Rs. 11128/- on the supply of furniture was met from the amount of Rs. 8600/- sanctioned as advance for non-recurring expenditure in G.O.No. M.S. 1731-Edn. & P.H. dated 29-10-45 and the balance adjusted from the unspent balance of Rs. 27335 out of the subsidy sanctioned for the supply of midday meals, the net expenditure admitted by Government debitable to the Compulsory scheme being Rs. 11000/- and the excess over this expenditure is ordered to be debited to the Elementary Education Fund of the District Board.

A special subsidy of Rs. 2020/- was sanctioned in G.O.No. M.S. 887-Edn dated 27-4-45 towards the cost of Books and slates supplied for the use of the poor pupils reading in the schools in the Compulsory areas as per G.O. Mis No. 2163 Edn. dated 20-12-45. The expenditure on the supply of Books during 46-47 has amounted to Rs. 537/-.

Now the new schools have developed into plural standard schools and the supply of Books, maps, object lesson pictures, time-pieces, Bells and other appliances are found necessary for which indents have been received from the Educational inspecting authorities for sanction and supply. The schools are in need of some more furniture such as sitting planks, chairs etc. The approximate cost of their supply may come up to Rs. 8000/-

I therefore request the Government to kindly accord permission to order the supply during the year 47-48 and sanction non-recurring subsidy of Rs. 8000/- for the purpose.

2. The advance of Rs. 6,600/- referred to in para 1 of the Special
Officer was sanctioned in G.O. No. 1343 Education dated 8-11-1945 and
NOT in G.O. No. 1713 Education dated 29-10-1945 as stated therein.

The expenditure on the supply of books & slates during 1946-47 is
to be only Rs. 573/- against an advance of Rs. 1000/- paid in
G.O. No. 1511 Education dated 3-8-45. Statements of actual expenditure
on the adjustment of the advances have already been called for from
the District Boards by the Director. The Special Officer may
be instructed to furnish the Director with the statement at
an early date.

Regarding the additional supply of furniture etc. consequent
on the development of the schools, the Special Officer may be informed
that no previous sanction or approval of the Government is necessary
to incur the expenditure. His attention may in this connection be
invited to para 2 of G.O. No. 1224 Education dated 11-8-1945.

Sir,

Board- Schools opened under the Compulsory Scheme-

Ref:- Government Endorsement No. 25323-B2/47 2 Education
dated 26th April 1947 on Ref.C.No. 51/46. C.E.
Dated 23-3-47 of the Special Officer District Board
Bellary.

While communicating extract of R.C.No 846-B1/47 Dated
16-4-47 of the Director of Public Instruction Madras, the Govern-
ment have informed that the subsidy for equipment will be determined
with reference to the number of teachers newly employed in schools.

Consequent on the development of schools into plural standard
schools they are in need of the supply of additional equipment viz.
furniture, books, slates and maps and other appliances to maintain
the efficiency. The number of teachers newly employed in schools
will be few and the requirements of the schools will be great and
as such the expenditure cannot be restricted on the number of teachers
newly employed schools. The schools which have developed into plural
standard schools donot generally stand in need of employment of addi-
tional teachers unless there is a corresponding increase in the en-
rolment and in its absence the existing staff can handle the classes
efficiently.

Such being the case the determination of subsidy by Government on
the number of teachers newly employed in schools will not be sufficient to
meet the cost of the indents received from the educational authorities.

I therefore request the Government to determine the subsidy
with reference to the scale laid down in para 2 of G.O.No. 1224 Edn
dated 11-8-45 as recommended by the Director of Public Instruction
Madras in para 4 of his endorsement above referred to or on the actual
expenditure incurred in this behalf of course limiting the expendi-
ture within the scale laid down in the G.O. above referred to. The
question of supply of equipment will be undertaken on receipt of
specific orders from Government on the subject.

The Government have informed the Special Officer that
the subsidy for equipment will be determined with reference
to the number of teachers newly employed in schools. The new
schools opened in the Compulsory centres have been supplied
with equipment during 1946-47 limiting the expenditure on the number
of teachers newly employed in these schools calculated at Rs. 100/-
per teacher as per para 2 of G.O.No. 1224 Edn. dated 11-8-45.

From the Government Endorsement read above it is
presumed that the expenditure on the supply of additional equipment
has to be limited on the number of teachers newly employed in the
schools in compulsory areas irrespective of the expenditure incurred
on the previous supplies, at the rate mentioned in para 2 of the
G.O. referred to above.

Under existing orders the subsidy for the purchase of equipment to schools in compulsory areas which has been introduced is determined at the rate of Rs 100/- per teacher employed on the assumption that a teacher will be appointed for every 35 pupils newly enrolled. It has been represented to Govt that the payment of subsidy at ~~the~~ ^{the} rate is not sufficient to cover the expenditure on the purchase of equipment for schools as the number of children enrolled has in certain cases no direct bearing on the number of

~~children employment of teachers~~ ^{employed} ~~in schools~~
 with the result that either the supply of equipment
~~should~~ be limited to the subsidy admissible
 or ~~the~~ additional expenditure ~~should~~ be met
 from the E.E. Fund which is already working
 at a deficit. The Govt have examined the
 question and in order to avoid ^{as far as} minimise the
 difficulty ~~raised above~~, they direct that the
 subsidy payable for supply of equipment ~~to~~
~~schools in compound areas~~ ^{should} be calculated at the
 rate of Rs 2.12.0 per pupil in respect of the pupils

 of compulsory elementary education ~~at Rs 1.00 per~~

2. The Special officer Dist Board, Bellary, points out that the method adopted for determining the subsidy payable for equipment requires revision especially as the Dist Board is not able to meet the entire cost of equipment with the amount of subsidy has to be paid. According to him, ^{as per} equipment has to be supplied to the schools in compulsory areas on account of increase in strength even though additional teachers are not appointed in those schools and the District Board will not be eligible for a subsidy ^{towards the cost of equipment} (on account of non-employment of additional teachers). The effect is that the Dist Board has to meet the expenditure from the Ele Edw fund which is already working at a deficit on account of grant of ~~area~~ dearness allowance. The Govt have undertaken to sanction the subsidy for dearness allowance. The additional expenditure on a/c of equipment will have the effect of increasing the deficit which will have the effect to be met by Govt by ^{way} of a

a subsidy. Thus even though the subsidy for equipment is at first limited to Rs 100/- per teacher, the Dist Board will indirectly get an addl subsidy in the shape of a subsidy for the deficit.

3. The question for consideration is whether the system of payment of subsidies ^{for equipment} should be revised or whether the subsidy may be determined as at present leaving it to the Dist Board to meet the additional expenditure from the Ede Con fund and to claim a subsidy to cover the deficit ^{if any caused} separately. The D.B. has not addressed himself on this point. The D.B. has at first suggested the payment of a subsidy with reference to the number of teachers on the basis that one teacher will be employed for every 35 children. Perhaps a more equitable method will be to fix the subsidy with reference to the ^{number of} pupils at the rate of Rs 2/- per pupil. This method will solve the difficulty raised by the Special officer. For orders whenever the method of determining the subsidy for equipment may be revised as suggested above.

Please see the note of E.P.H. on pages 1-2 above.

The rate at which subsidy for equipment is at present given is the actual cost subject to a maximum of Rs 100/- per teacher. When fixing this rate, it was thought that one teacher will be employed for every 35 children. On this basis, the rate of subsidy per pupil will work out to Rs 2-13-9.

The Special officer, Bellary District Board, has reported that the number of children in the schools opened under the compulsory education scheme has increased but not to such an extent as to justify the employment of an additional teacher. As in this case, if for instance there are 50 children in a school, under the existing system of payment of subsidy, the subsidy payable for equipment will be limited to Rs 100/- i.e. subsidy for one teacher. This will mean that the District Board is not eligible for subsidy for ^{the extra} 15 children.

E.P.H. now propose, as a more equitable method than the existing one, that the rate of subsidy may be fixed at Rs 3/- per pupil.

2. It is submitted that as subsidy will be payable by Govt. for any increase in the number of children irrespective of the employment of any additional teacher, Finance may suggest that the rate of subsidy be fixed at Rs 2-13-9 per pupil.

subject to the above suggestion, the proposal of E.P.H. at A on p. 2 above may be agreed to in Finance.
