Education and Public Health Department.

Sir,

Sub: P.I.R - Quinquennial - Special Officer - Term of office - extension - Requested.

Ref: G.O.No.350-Edn dated 25-2-1947

64847

I have the honour to state that with reference to the Government Order quoted above the Special Officer to draw the quinquennial report on Public Instruction was appointed and he joined duty on 1-8-47. It has been the experience in the past that the Special officers appointed were not able to complete the report within the period of sanction and extensions of service were sanctioned for varying periods. I am afraid this year will not be an exception as reports and returns are still due from some of the officers; and finalisation of the tabulation of the returns is postponed for want of these reports.

2. It is also my intention to utilise the services of the Special Officer in the matter of revising the Madras Educational Rules, Grant-in-Aid Code and to entrust him with the work of simplification of the rules relating to grants to Elementary Schools. Revision of the Madras Educational Rules is long over due, and suggestions for revision have been called for from the inspecting officers; and they are pending consideration in this office. Also the revision of grant-in-aid Code is necessitated by the revision of salary of teachers and the apportionment of financial liability on Government by this revision. In the conference of departmental officers held in October 1946, the need for the simplification of the rules relating to aid to Elementary Schools had been expressed; and with this end in view proposals have been received from the Divisional Inspectors and inspectresses of Girls Schools. It is highly essential that an officer with fully long experience in the field should give his undivided attention to an examination of the suggestions for revision of Madras Educational Rules and simplification of grant-in-aid Rules to Elementary Schools. The officer now appointed for the preparation of the quinquennial report is eminently suited for the purpose. He is the one who has prepared the Manual for Elementary School teachers, notes for teachers on the syllabuses for Elementary Schools, the Quinquennial Report on Public Instruction for 1937-42. He has edited the previous Elementary School syllabus and syllabus for training schools incorporating the in the syllabuses in handicraft and pre-vocational subjects and has published with Departmental permission a Tamil book on "School Administration". He is one of the senior District Educational officers with 27 years experience in the department with intimate knowledge of the condition of every branch of Education in urban and rural areas in all parts of the province, and has done a considerable amount of secretarial and editing work for the Departmental publications. I propose to Government that his term of office may be extended by another 4 months so that he may work at and finalise the revision of the departmental rules and codes referred to above. The services of his peon may also be extended likewise.

3. Early orders may be kindly passed on this reference.

Public Instruction Report. Preparative -
Special Officer - Term of office -
Extension -

(d)

In G. No. 350 Edu of 25.2.47 the Govt sanctioned the appointment for a period of 2 months of a Special Officer in the M. E. S. for in the Director's office for the preparation of the Biennial Report on Public Instruction for the period ending 31st March 1947. The Special Officer has been appointed from 1.8.47 and ordinarily the period of his appointment will expire at the end of Sep. 1947. In the circumstances explained in his letter in the of the D. P. S. proposes that the Special Officer's term of appointment may be extended by 4 months to till the end of Jan'y 1948.

The reasons given in support of the proposal are that the Special Officer will not be fully engaged in the beginning on account of the delay in the receipt of returns from subordinate officers, that he can also attend to the revision of the different departmental codes e.g. M. E. R, Grant in Code and rules relating to elementary schools, which are in need of revision and that after ~~completing~~ ^{completing} the work in the Public Instruction Report he can turn his attention to finalise the revision of the codes.

Subjects like M. E. R, Grant in Code and rules relating to ely. schools are dealt with by different officers in the D. P. S.'s office. If each officer takes up the revision ~~with~~ the Code with which he is
