P.T.O.

(a) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless diting.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished: it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Imposing certain conditions for payment.

In connection with the sanctioning of grants for ~~the~~ improvements to the Y.M.C.A. College of Physical Edn., (G.O. No. 400 Edn. dated 26-2-46), it has been suggested that it would be desirable to impose a condition that the Govt. grants to private bodies and local authorities for educational works and equipment should not exceed the total approved expenditure on the object less all contributions received from other sources for this specific ~~object~~ and to prescribe a corresponding certificate to be furnished when drawing the grants. The D.P.I. is requested to offer his remarks on the

above suggestion.

Education, dated 29-7-32, laying down the principles to be followed
in financing local bodies ^{for}~~towards~~ construction of elementary school
buildings. There are no similar orders in respect of aided ele-
mentary schools, and secondary schools under local bodies and pri-
vate managements. Nor does the ~~Grant-in-Aid Code~~ ^{relative to} contain any
provision ~~on~~ this matter. The Director is requested to report
whether ⁱⁿ~~any~~ actual practice local bodies and aided managements are
allowed to take credit for private benefaction received towards
buildings and equipments against the management's share of the cost
and if so, to what extent. He is also requested to state what is
the practice in England in the matter.

Sir,

Sub: Grant - Educational works and equipment - Imposing
of certain conditions for payment.

Ref: Government Memo No.23845 C1/46-3 Edn, dated 31.3.47.

1. Private benefactions received by aided managements for purposes of building schemes or for equipment are not shown when the claim for aid from Provincial funds is preferred by the management. Rules only require that the claim for Government grant should be accompanied by a completion Certificate from the Officer incharge of the work together with relevant Vouchers in support of the expenditure incurred. Therefore, in actual practice any private benefactions received by a management is not taken cognizance of at all while authorizing the payment of grant from Provincial funds for the scheme.

2. Under Local Body Secondary Schools, so far no such case, has arisen.

3. In this connection, I may be permitted to remark that the idea of proportional reduction of grant from Provincial Fund, if private donations are secured either by the local bodies or the management of the aided institutions is neither equitable nor practicable. Firstly it will discourage private Philanthropy; secondly it will inevitably lead to evasion by Private managements who are likely to suppress such donations or receive them under some other head and then bring the amount either as a loan or as a contribution from the management. In this event, apart from creating an unhealthy practice, the Government is not likely to save anything, for private managements can credit to their accounts such donations under other heads. While in the case of public bodies such as Municipalities and District Boards, they may be tempted to give up the idea of securing private donations altogether since they do not secure any benefit by doing so. Moreover, the collection of funds by any body, private or public, involves considerable trouble and it is not equitable that this management should not get the benefit. There will be no incentive for them if any restriction is imposed as proposed. I therefore consider it is not desirable to impose any restriction as contemplated by Government.

4) As regards the practice obtaining in the matter in England, I will submit my report separately.

For Director of Public Instruction.

In continuation of para 4 of my letter to Government

R.C.No.11378-K/46 dated 15--5--1947, I have the honour to state that there is no specific reference to this particular issue in the Education Act of England 1944 but by implication it has to be ~~inferred~~ ^{inferred} that private managements are allowed to take credit of private benefaction. They are eligible as in this country for a 50% grant. The Government have also the power to grant loans to aided managements.

In the G.O. cited above, it was laid down that where a local body receives a private benefaction amounting to not more than one-half of the cost of the construction of a building for an elementary school it shall be entitled to take full credit for such benefaction in arriving at its share of the cost of the building and in cases where the private benefaction is in excess of the local body's share of the cost, viz., one-half, such excess shall be taken in deduction of the provincial half-share of the cost.

The Government have decided that the same principle should be applied in the matter of private benefactions towards the cost of buildings or equipment for aided elementary and secondary schools and for secondary schools under the management of local bodies.

It is suggested that E.P.H. may consider separately the general question whether, in regard to all grants to private bodies and local authorities for educational and medical works and equipment, it would be desirable to impose a condition that the Government grant should not exceed the total approved expenditure on the subject less all contributions received from other sources for this specific object, and to prescribe a corresponding certificate to be furnished when drawing the grants.

Please see the Memo to the D.P.I. and his reply on pp 1 and 5 c.f. The Director's reference to G.O. No. 2013 L and M dated 22-7-'24, in this connection does not appear to be correct. The G.O. relates to contribution by local bodies towards the maintenance of special aided educational ~~in~~ institutions. The question raised by the Finance Secretary is whether contributions received by local bodies or managements of aided institutions should be taken into account in fixing the Government grant payable towards buildings or equipment for educational institution.

So far as elementary schools under local bodies are concerned, attention is invited to G.O.No. 1046 Edn., dated 29-7-'32, in which it has been ordered that where a local body receives a private benefaction amounting to not more than one-half of the cost of the construction of a building it shall be entitled to take full credit for such benefaction in arriving at its share of the cost of the building and in cases where the private benefaction is in excess of the local ~~body's~~ body's share of

In connection with the payment of a subsidy to the ~~Munis~~ Municipal Council, Calicut, for the acquisition site for use as ~~a~~ play-ground for the Achuthan Girls' High School, Calicut, the Government allowed the subscriptions collected from the public to be taken into account in fixing the council's ~~share~~ share of the cost of acquisition. The D.P. 9 is the basis in para 3 of P-11,
 which has been considered above. I think
 however that we would have specially supervised
 the process of tapping of private telephone
 by means of a tap. We shall have to be
 careful of the manner of installation of the
 tap & also where the tap is to be put,
 in the line in connection, in the best interest, of the
 P.D. 9 tap. In other words we need not
 go to the extreme of tapping the private
 number from the line of a person &
 giving up the tap in balance; but
 a portion of a 'A' or P-1-2 and
 which is now in volume for local board
 of P.D. 9, seems, on the whole,
 suitable & proper all round &
 I think the same principle may
 be applied to other P.D. 9 cases & to
 P.D. 9 cases under all circumstances.

Education Department.
 From D. S. R. U. Savor, M.A., D.Sc., I.E.S.,
 Director of Public Instruction, Madras.
 To The Secretary to Government,
 Education & P.H. Department, Madras.
 Re. 11378 K/46 dated 25-10-1947.
 Sir,
 Grant - Buildings and equipment - Educational institutions
 - Principles regarding payments.
 Ref: G.O. No. 2012 Edn., dated 15-9-1947.
 It is presumed that the instructions issued in the G.O.
 cited above do not apply to Colleges and special schools and that
 the existing practice should be continued in the matter of payment
 of grant-in-aid for building schemes relating to aided Arts and
 Professional Colleges and Special Schools.
 for Director of Public Instruction.

C.8237401/47. Grant - Building and Equipment - Educational institution
Principles regarding payment.

From the D.P.I. No. 11378 K/46 dated 15-10-47.

The notes connected with G.O. 1012 Education, dated 15-9-1947 and the Director's letter in the C.F. may be perused. The instructions issued in the G.O. were based on the discussions which arose out of a suggestion made by the Finance Department - vide extract at page 18 of (d). The suggestion was not merely confined to schools alone, but to all institutions, both educational and medical. It is, therefore, for consideration whether the D.P.I. may now be informed that the principles laid down in the said G.O. will apply mutatis and mutandis to all educational institutions. Attention is in this connection invited to the letter of the D.P.I. on page 13 and the Secy's note on page 2 of the C.O. Finance and P.H. may see for remarks prior to circulation.
