Sir,

Sub: Secondary grade training admission of Higher Elementary Grade trained teachers to Secondary grade T.S.L.C. Examination as private candidates
Ref: G.O.No. 1386 Edn., dated 11th September 1945

(E)

At present Higher Elementary grade trained teachers who have passed the Matriculation Examination or otherwise eligible for admission to the University courses of study are alone permitted to appear privately for the Secondary grade T.S.L.C. Examination.

2. But candidates who have secured marks in the S.S.L.C. Examination, qualifying them for admission to the Public Service are considered eligible to undergo the Secy. grade training course. The marks fixed for eligibility for admission to the Public Service are higher than those usually fixed for eligibility for admission to the University courses of study.

3. I therefore request especially in view of the large number of Secondary grade teachers required in the coming years, that Government may be pleased to extend the concession granted in G.O.No. 1386 Edn., dated 11th September 1945 to such those Higher Elementary grade trained teachers as have secured in the S.S.L.C. or other Public Examination marks qualifying them for admission to Public Service.

Sir,

Request from ineligible S.S.L.Cs.

In resubmitting herewith the note dated 5-8-1945 of the
Hon'ble The Minister for Education, on the Memorandum presented by
certain higher elementary grade trained teachers, I have the honour
to state that in their Order No.MS.No.1933 E&N dated 19-11-1945,
Government have permitted the higher elementary grade trained teachers
to appear privately for the T.S.L.C. Examination of the Secondary grade
under certain conditions. In this office letter No.1082-E/44, dated
17-7-1946, recommendations have been made to Government to extend the
concession to the Higher Elementary Grade teachers who have secured in
the S.S.L.C. or Matriculation Examination marks qualifying them for
admission to Public Service. In view of the above, I do not consider
that any further relaxation in the rules is desirable.

Sir,
Sub: Madras Educational Rules - T.S.L.C. Examination - Higher Elementary Grade teachers with certain educational qualifications - Permission to appear privately for the Secondary Grade T.S.L.C. Examination.

Ref: Govt. Memo.No.39762 Cl/46,Edn., dated 5-9-46.

Though the suggestion is a good one it is not practicable. The number of Higher Grade Trained teachers who will pass the S.S.L.C. or the Matriculation examination and then pass the Secondary Grade T.S.L.C. Examination will be extremely small. The teachers will be from all over the Presidency. It will not be possible to arrange for refresher courses in each District for the very small number of such teachers in each district.

2. Higher Grade teachers who will take the T.S.L.C. of the Secondary Grade will be experienced teachers. That experience in teaching methods and class management will be sufficient for them to manage higher classes. What they will need is a higher standard of general education together with the additional knowledge in the Training School curriculum. The former they will attain by passing the S.S.L.C. or the Matric and the latter by passing the Secondary Grade T.S.L.C.

3. Hence the proposed refresher course for one month is not necessary.

Trained teachers - Permission to appear privately.

With reference to Government Memo No.39762 C-1/46-2 dated 13-11-1946 regarding admission of Higher Elementary Grade Trained teachers to Secondary grade T.S.L.C. Examination as private candidates, I have the honour to submit the following reasons why a Refresher Course is considered unnecessary.

- (i) As the Examination is going to be held in March and as Government want the Refresher course prior to the examination and as separate Refresher courses cannot be arranged, the Higher grade teachers who are eligible to appear for the Secondary Grade T.S.L.C. Examination will have to be asked to join any Secondary grade training class according to their convenience at the re-opening of the Training Schools ~~after~~ Christmas.
- (ii) They will have to follow the work in the Training School during the term January to March 1947.
- (iii) Government will have to pay stipends for these teachers, as they will have to come away from their jobs. In the case of Board and Municipal School teachers, the teachers will have to be given such leave as they are eligible for. They will also be eligible for their stipends.

p.t.o.

2. I may also point out to Government that considering the dearth of trained teachers, it is undesirable to remove these candidates from their posts, that it will be an unnecessary hardship to the teachers and their families, that apart from getting some extra coaching, they will not have anything to gain by joining the Training School and there will be unnecessary expenditure for Government.

I would like the matter explained more clearly. Does the suggestion contained herein mean that teachers who have passed the higher grade training, if they pass the S.S.L.C. Examination should

should automatically be considered as having been qualified for the secondary grade training? If that is so, I do not think that this suggestion will go to increase the efficiency of our schools. In fact, people will try to extend it ~~further~~ by saying that secondary grade trained teachers, if they pass the B.A. must be taken as equivalent to the L.T. This sort of thing, I am afraid will lead us to difficulties. They must at least be made to pass a small course of training to fit them up for the secondary grade.

The draft order may await this information.

The position is as follows:-- For a long time there was a provision in the M. E. R. whereunder ^a teacher holding a teacher's certificate of the lower grade who subsequently improved his general educational qualification might obtain without further training a teacher's certificate of the higher grade corresponding to his improved general educational qualification. That provision was dropped in 1933 and the rule required that ^{new} ~~the~~ teacher should pass through the regular course of training relevant to the grade of the teacher's certificate.

Subsequently in G.O. 1386 Ebn., dated 11-9-45, the Govt. approved the proposal of the D.P.I. that this concession might be extended to higher elementary grade teachers under the old scheme subject to certain restrictions. The D.P.I. now proposes that the concession may be further extended to such of those higher ely.

Grade teachers as have secured in the S.S.L.C. or other public examination marks qualifying them for Public Service. The proposal does not imply that the higher grade teachers who have improved their general edl. qualification will automatically be considered as fully qualified secondary grade teachers. They will have to sit for ^{the} regular T.S.L.C. Examination of the Secondary Grade like candidates who have undergone training, and secure a pass in the examination. The only concession proposed is that they ~~may~~ ^{not} actually undergo the course but ~~may~~ sit for the examination as private candidates. It does not therefore seem that the question of efficiency will arise. For orders whether the draft on pp 1-2 ante may issue.

Secretary, E. & P.H.

We have recently passed orders that such of those higher
trained
grade teachers who pass S.S.L.C. or Matriculation Examination
and the Secondary Grade Examination will be entitled to be
treated as Secondary Grade trained teachers. Representations
have been made that it is difficult for them to pass at one step
and that they may be allowed to pass step by step. I think this is
a matter which should be considered and allowed. The D.P.I.
may be asked to express his opinion on the subject.

H.M. Education.

1. Apparently H.M.(Education) refers to the orders issued in G.O. No.202
Education, dated 5-2-47. Before the issue of this G.O., higher elementary
grade trained teachers who had subsequently passed the University Matricu-
lation examination or were otherwise eligible for admission to University
courses of study were permitted to appear as private candidates for the
T.S.L.C. Examination. In the G.O. referred to above the concession has
been extended to higher elementary grade trained teachers who have secured
in the S.S.L.C. or other public examination marks qualifying them for ad-
mission for Public Services - vide-in this connection the notes on pages
3-4 n.f. of the G.O.

2. Thus higher ele. trained teachers can qualify themselves as secondary
grade trained teachers by passing two examinations viz., the S.S.L.C. or
the Matriculation and the T.S.L.C. examinations. For admission to University
courses of study a candidate has to pass the S.S.L.C. examination in all the
subjects at the same time whereas to become eligible for appointment to pub-
lic service a candidate can pass the examination part by part. In the same
way a candidate who fails in the T.S.L.C. examination will be allowed to appear
at a part or the whole of the subsequent examination. It is not clear what
other concessions H.M.(Education) has in mind for higher ele. grade trained
teachers to become eligible for secondary grade training service.

3. The file may be circulated to him for orders.
