Sir,

I have the honour to state that only 7 candidates have applied for Secondary Training in the Government Hobart Secondary and Training School for Muslim women, Royapettah, Madras, during the current school ^{year} ~~year~~. A Secondary Training Section is also attached to the Viscountess Goschen Secondary and Training School for women, Trichinopoly, where 8 candidates have applied for Training. In view of the low and uneconomic strength that both the schools will have during the current school year, I have held in abeyance the Secondary Training section attached to the Government Hobart Secondary and Training School for Muslim women, Madras, from 1st August 1947 and issued instructions to the Inspectress of Girls' Schools, VIII Circle, to admit the candidates who have applied for

The Muslim Educational Association of Southern India, Madras.

The Hon'ble the Minister for Education,
Fort St. George, Madras.

Dear Sir,

It is brought to my notice that Government have passed orders abolishing the Secondary Grade Training Section in the Hobart Secondary and Training School, Royapettah, Madras. The training section has been in existence for quite a long time and it was continued even at a time when there were only 3 or 4 candidates taking the training and now I am informed that there are as many as 7 Muslim candidates and this number cannot by any means be said to be too small considering the position of Women section of the Muslim community.

The Education Department is in urgent need of a large number of trained teachers of the Secondary grade from among the Muslim community and consequently there is justification for opening more training centres for Muslim girls. When such is the case, instead of encouraging a larger number of women candidates to take to training by the award of more liberal stipends and other facilities, it will be only jeopardising the cause of education if the training section is to be abolished at this juncture.

Further the economic condition of the Muslim community is such that these women candidates cannot be expected to proceed to any centre away from the city of Madras, such as Trichy or any other place for continuing their training. These girls are unmarried ones and there are no adequate facilities available in distant centres for the protection and care of these candidates. The parents cannot be expected either, to transport themselves to these distant centres for this purpose.

In 1947 the Govt. observed that the strength of the Govt. Training School for Muslims, Guntur, was very poor and that it was not economical to maintain it as a separate training school. Similarly, the Govt. Training School for Muslims, Madras, was also small. The Govt. therefore directed in G.O.No.1506 Education, dated 14-7-47 that the two schools be amalgamated. In the same G.O. the D.P.I. was further requested to examine the strength in other Govt. Training schools and to forward to Government proposals for amalgamation of schools where the strength of a school was too small to justify its continuance as a separate institution.

In July 1947, it was reported that only 7 candidates applied for secondary training in the Govt. Hobart Secondary and Training school for Muslim Women, Royapettah, Madras, during that year and that only 8 candidates applied for training in the Viscountess Goschen Secondary and Training School for Muslim Women, Tiruchirapalli.

The D.P.I. held in abeyance the secondary Training section in the Hobart Secondary and Training school for Muslim Women, Royapettah, from 1-8-47 and issued instructions to admit the pupils in the Viscountess Goschen Secondary and Training school for Muslim -

Women, Tiruchirapalli.

The D.P.I. for the following reasons proposed the amalgamation of the secondary training school attached to the Govt. Hobart Secondary and Training school, Madras with that of the Viscountess Goschen Secondary and Training School for Muslim Women, Tiruchirapalli.

1. Candidates trained in Madras are always averse to accept work in maffusal. If the training is given in a maffusal place they may be persuaded to take up work outside the City.

2. Due to the location of the Muslim College, the High School accommodation in the Govt. Hobart Secondary and Training school for Muhammadan Women, Madras, has become very much cramped. The shifting of the secondary section will relieve congestion to some extent.

3. Consequent on the amalgamation of the secondary Training section in the Govt. Hobart Secondary and Trg. School for Muslim Women, Royapettah, two experienced school Assistants (Muslim women) will be made available for work as teachers in Maffusal schools solely intended for Muslim girls.

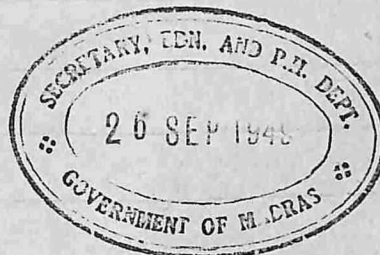

4. That there is sufficient accommodation in the Hostel attached to the Viscountess Goshchen Secondary and Training School for Muslim Women, Tiruchirapalli.

The proposal of the Director was accepted and his action in having held in abeyance from 1-8-47 the secondary section attached to the Govt. Hobart Secondary and Trg. school for Muslim women, Royapettah, together with the staff of L.T. Asst. was approved in G.O.No.2021 Edn. dated 16-9-47.

The savings to Govt. on account of the amalgamation was estimated at Rs.3200/- a year.

If it is proposed to restore the Training section in the Hobart Secy. and Trg. School for Women, Madras the D.P.I. may be requested to report the strength of the combined training section in the Viscountess Goschen Training school for Muslim women, Tiruchirapalli and also to report the number of pupils from Madras who are studying in that school to determine the need for reviving the training section in the Hobart Trg. school for Women, Madras.

P.22

as only a part of the potential number of students from Madras may have joined the school at Tiruchirapalli. The number of Muslim students in other training schools in Madras may be more relevant.

However, considering the previous figures, there is no prospect of an economic struggle for the Training school, if removed at Madras.

H.N. (SFL)

The facts may be explained to Mrs. Amiruddin who led the deputation to me that Govt. shall certainly consider reopening of the school if sufficient strength is available. The D.P.I. also we shall be glad if she would inform whether any Muslim women have been refused admission.

for Muslim Women, Royapettah -
Amalgamation with Viscountess Goschen
Secondary and Training School for

Deputation of Muslim ladies to the
Hon'ble Minister for Education and Law
led by you.

In July 1947 it was reported to Govt. that only seven candidates applied for Secondary Training in the Govt. Hobart Secondary and Training School for Muslim Women, Royapettah, during that year and that only eight candidates applied for training in the Viscountess Goschen Secondary and Training School for Women, Tiruchirapalli. As the policy of the Govt. is to amalgamate schools in which the strength is too small to justify their continuance as separate institutions, the D.P.I. held in abeyance the Secondary Training Section of the Hobart Secondary and Training School for Muslim Women, Royapettah from 1-8-47 and issued instructions to admit the pupils of that institution into the Viscountess Goschen Secondary and Training School for Muslim Women, Tiruchirapalli. For the following reasons he proposed ^{also} the amalgamation of the two schools:-

"(1) Candidates trained in Madras are always averse to accept work in ^{the} moffusal. If the training is given in a moffusal place they may be persuaded to take up work outside the City.

"(2) Due to the location of the Muslim College, the High School accommodation in the Govt. Hobart Secondary and Training School for Muhammadan Women, Madras, has become very much cramped. The shifting of the secondary section

will relieve congestion to some extent.

"(3) Consequent on the amalgamation of the secondary training section in the Govt. Hobart Secondary and Training School for Muslim Women, Royapettah, two experienced school Assistants (Muslim women) will be made available for work as teachers in mufusal schools solely intended for Muslim girls.

"(4) There is sufficient accommodation in the Hostel attached to the Viscountess Goschen Secondary and Training School for Women, Tiruchirapalli." The proposal was accepted.

I am to assure you that if sufficient number of Muslim Women from Madras apply for admission for training the Govt. will certainly consider the reopening of the school. I am to add that the Govt. will be glad if you ~~will~~ could inform them whether any Muslim woman has been refused admission.

Yours faithfully,

RJS.
