Rec. No. 2650/B2/47 dated 14-8-47.

Sir,

Sub: - Education - Secondary - Municipal High School -
Tiruvannamalai - retention - in service -
Ananthachariar, B.A., L.T., Assistant - Extension -
orders - requested.

Ref: - This office No. B2-1697/47 dated 18-4-47 and wire
dated 14-8-47.

Sri K. Ananthachariar, B.A., L.T., Science Assistant,
Municipal High School was to retire on 21-8-46 on the completion
of his 55th year. As no applications were received for advertise-
ment made in May 1946, Sri K. Ananthachariar was given extension
of service for one year from 21-8-46 in Government Memorandum No.
39753-2-B.2/47-2 Education dated 23-8-47. The period of extension
expires on 21-8-47, and he is to be retired on that date.

On 11-4-47 he applied for an extension for another ex
year (till the reopening of the school after 47-48). The post was
advertised and three applications were received. After getting the
opinion of the District Educational Officer one Sri Govindaraju of
Namkai was appointed with instructions to report for duty on 21-8-47.
He has now stated that as he has been appointed in District Board
Service, he is not in a position to accept the appointment offered.
A memo has been sent to other two applicants asking them to state
by next post whether they are willing to take up the post of Science
L.T. in the Municipal High School, Tiruvannamalai and no reply has
been received so far from them.

The school is already working with two L.Ts. and an L.T.
short mathematics L.T. and an L.T. for the additional section in
IV Form. If Sri K. Ananthachariar is relieved on 21-8-47 as per
Government Memorandum No. 39753-2-B.2/47-2 Edn. dated 23-8-47, there
will be short of three L.Ts. in the school and the school work will
suffer much.

Hence I request that urgent orders may kindly be issued
by wire for the continuation of Sri K. Ananthachariar from 21-8-47
for another year.

 15 APR 1947
 To
 The Secretary to the Government of Madras,
 Education Department, Madras.
 The Headmaster, Municipal High School,
 Tiruvannamalai.
 The Commissioner, Municipal Council,
 Tiruvannamalai.

Sir,
 I very respectfully beg to submit the following
 humble petition, praying that the Government be
 pleased to grant me the necessary exemption and
 permit the Municipal Council, Tiruvannamalai,
 to continue me in service till the end of the school
 year 1947-48, since the interest of the Science Section
 of the School imperatively demands my presence.
 I entered service in the Municipal High School, Tiru-
 vannamalai on 21st September 1921, in the year when
 the School was raised to a high school, and fourth form
 opened.

The Optional Physics Section for the School was formed
 in 1922, and the first batch of Physics candidates for the
 S.S. L.C. Public Examination was sent in March 1924.

From 1924 till 1932, when the students were required
 to take two Optional Subjects for the S.S. L.C. Public Exami-
 nation, I was in charge of C. Physics and Elementary Science
 for all the higher forms of the High School. And the results
 were uniformly good.

Before 1935, the year after which the High Schools were
 compulsorily required to teach the nonlanguage subjects
 for S.S. L.C. Public Examination in Tamil, the Municipal
 High School, Tiruvannamalai, had the unique honour
 of sending its students for S.S. L.C. Public Examination
 of sending its students for S.S. L.C. Public Examination
 in Elementary Science, in Tamil, in spite of the heavy
 handicap that no text book was available in Tamil,
 and the Science teacher had to prepare his own text book.

In 1932, the first year in which the first batch of
 students under 1929 scheme, with one optional for
 C. Group, was sent, the Municipal High School intro-
 duced both Physics and Chemistry for C. Group Optional
 Sciences, though there was only one Science Assistant of
 the h.T. cadre.

Though the strength in Sixth Form was too low, C. Physics and C. Chemistry were taught for two years. And since Chemistry was found to be more popular, Physics was dropped, and I was in charge of C. Chemistry till 1946 and Elementary Science till 1948. The results have been always good, and there was a rush for Chemistry section always.

And in 1948, when the strength of the school made feasible the organisation of both Physics and Chemistry Sections, and an additional Science Assistant of the L. T. cadre was appointed for the school, the C. Physics which was dropped in 1933 was reintroduced in 1948. I took charge of Physics.

Now the C. Chemistry Section of the school (of which the junior Science Asst. is in charge) has a strength of 24 students. The two sections have a common laboratory cum class rooms one section being required to have theory class in some other class rooms and it requires great intelligence and capacity in the Senior Assistant to arrange the two classes without clash.

The Junior Science Assistant, Sri. G. Hanumantha Rao, who was given Elementary Science for VI Forms to equip him with the necessary experience to be in charge of Science Section on my retirement, ^{and not have well} ~~was not~~ in 1946; and it is not advisable in the best interest of the Science Section of the institution that I, who have a good experience of the work and am equipped with the requisite educational and technical knowledge to guide him in his teaching, and laboratory equipment, should be retired suddenly, and the Junior Science Assistant left in the wilderness, with the responsibility of guiding another still more junior assistant.

I completed my 55th year of age in August 1946, and I was given an extension of service for one year from 21st August 1946, the date on which I should have normally retired, first because my services were imperatively required for the school by the management, and secondly since there is a dearth of Science graduates ready to take to teaching, in these days of industrialisation, and no application was forthcoming for the advertisement made in the papers by the Municipal Commissioner.

Now the same dearth of Science men continues, and experience shows that unless half a dozen applications are received for an advertisement, the Municipality finds itself greatly handicapped in selecting the right type of men for appointments, and appointing "the only candidate that applied" is very risky, and often puts

a premium on inefficiency. I very respectfully beg to invite the attention of the Government, that in salary, emoluments, and prospects, a definite differentiation is made between the employees in Government service and those under local Bodies, the latter being placed on a par with the employees under private managements; hence equity requires that the provision giving discretion to the managements of Private Educational Institutions to extend the services of their employees, if found efficient, up to the sixtieth year, should be given to the Municipalities also, where exigencies of service positively demand it.

Hence I pray that the Government be pleased to order (1) that the original order dated 20.8.46 of the Commissioner, Municipal Council, Tiruvannamalai, continuing me in service for one year from 21.8.46 be kept in operation.

(2) that I be given an extension of service till the end of school year 1947-48, till a sufficient number of suitable applications are available to the management, and till the present junior Science Assistant gets the necessary training and experience to independently manage the laboratory.

For which act of kindness, generosity and equity, I am indubitably bound for ever pray.

Retention in service - Orders - Requested.
Ref: This office No. B2. 2650/47 dated 14th August 1947.

In continuation of the above, I beg to submit that none of the three Science assistants, who have been asked to state their willingness to take up the appointment, has reported for duty till 21-8-47. The Headmaster, Municipal High School reports that there are already vacancies in I.T. cadre and that if Sri K. Ananthachariar too is relieved, work will considerably be suffered and requested that Sri K. Ananthachariar be permitted to continue in service till a qualified hand is appointed. Sri K. Ananthachariar has also stated that he may be permitted to continue in service till orders of Government are received and that he would not claim salary from 21-8-47. I submit copies of their letters for favour of information. In these circumstances, and for the special reasons set forth by the Headmaster, I have issued orders permitting Sri K. Ananthachariar to continue in service until further orders. I request that my action may kindly be approved as a special case. Sri K. Ananthachariar, will, however, be relieved when a qualified hand is available.

Copy of letter dated 20-8-47 of the Headmaster, Municipal High School addressed to the Commissioner, Municipal Council, Tiruvannamalai.

Sri K. Ananthachariar, Science Assistant, has to be relieved to-morrow as per your previous orders. In this connection, I request to submit the following few lines to your kind consideration.

The post was duly advertised in the papers and some applications were received. After consultation with the District Educational Officer, North Arcot, one of the applicants was appointed to the post and orders were sent to him accordingly. But he has declined to accept the appointment. Subsequently the other applicants were asked by the Commissioner whether they were willing to accept the appointment, if appointed to the post. But none of them has cared to reply. Under these circumstances Sri K. Ananthachariar has to be relieved.

There are only two Science Assistants in the School. If one then retires then there is only one science assistant to look after the Elementary Science work of 7 sections besides the Optional Science work of 4 sections. Evidently this is impossible.

Sri Ananthachariar is in charge of Optional Physics for the VI and V Forms. If he is made to retire without the place being filled up by a competent Science Assistant, the pupils will be made to suffer and they may not be fit for being presented for the Examination. General Science also will suffer greatly. Already the school is working without S.I. 2 L.T. Assistants and the position will become very bad if the school is made to work without S.I.T. Assistants.

Under these circumstances, I request you not to give effect to your original orders terminating Sri Ananthachariar's services on the 21st instant but allow him to continue in service till a qualified man is appointed in his place or till the end of the school year whichever is earlier.

Copy of petition dated 20-8-47 of Sri K. Ananthachariar, Science Assistant, Municipal High School addressed to the Commissioner, Municipal Council, Tiruvannamalai through the Headmaster.

Since no science hands have applied for the place advertised, I request that I may be continued in service till orders are received from the Government on the application for extension sent by me on 11-4-47. In case extension is refused by the Government I agree not to claim salary from 21-8-47, when I am to retire as per the original order of the Government.

Further re-employment - Particulars furnished:
REF:- Your letter No.657 G/47 dated 12th July 1947 and 25th August 1947.

One Science L.T. Assistant Sri K.B. Ramachandra Sarma has stated that he will accept the appointment if he is allowed to draw Government scale of pay. He has been informed that the revision of scales of pay will be given to him when the same is given effect to and he has been asked to reply by next post whether he is willing to accept the appointment in the existing scale. On receipt of reply from him, he will be appointed.

Meanwhile for the reasons stated by the Headmaster, Municipal High School in his report dated 20th August 1947 (copy enclosed) and in the interest of the pupils, Sri K. Ananthachariar has been allowed to continue from 21st Aug. 47 after taking an undertaking from him that he should not claim salary in case the extension is refused by the Government.

The Government also have been addressed to approve my action as a special case for having permitted Sri K. Ananthachariar to continue after 21st August 1947.
