Sir, Sub: Arthur Hope College of Technology, Coimbatore -Results

Ref: Govt. Memo.46834-A/47-1 Edn dated 9-6-1947

I have the honour to state that the results of the examinations conducted by the M-adras university cannot be compared with those of the Andhra University as the examination papers are valued by different examiners. Further the Arthur Hope College of Technology, Coimbatore, had some handicap in providing proper instruction due to various reasons as the college was a new one and necessary equipment was supplied very late.

Sub: ~~College~~ Arthur Hope College of Technology,
Coimbatore, Poor results in ^{exam.} 1946-1947.

Ref: Letter from the D.P.I. L. Dis. No. 822 K2/47, dated 14-7-47.

The Government are not satisfied with the brief explanation given in the letter cited for the poor results obtained by students of the Arthur Hope College of Technology, Coimbatore, at the examination conducted by the University in 1946-47. They consider that, if the poor results ^{were} ~~are~~ due to want of proper staff and adequate equipment, steps should be taken to remedy these defects at an early date. The D.P.I. is accordingly requested to obtain from the Principal ^{and} forward to Govt. with his remarks, a detailed report regarding the adequacy of the staff and equipment ~~equipment~~ for the College.

I have the honour to enclose herewith an extract from the
letter of the Principal, Arthur Hope College of Technology, Coimbatore
offerring his remarks on the adequacy of equipment and staff for the
college.

Copy of letter R.C.127 B/47, dated 11-8-47.
From The Principal, Arthur Hope College of Technology, Coimbatore.

The press Cutting referred to relates only to the First
Year Class Results. In the first year, the main subjects covered
are only Mathematics, Physics and Chemistry. Engineering Subjects
are comparatively of an elementary type consisting of Geometrical
Drawing, Civil Engineering, and Applied Mechanics. These do not re-
quire much of Engineering Equipment. The only Laboratory Work is
in Physics and Chemistry and the work is done in the Government Arts
College, Coimbatore. The question of Equipment has therefore no
bearing on First Year Results. As regards the Staff, so far as the
First Year Classes are concerned, the same arrangements as in the
preceding year were continued. The posting of unqualified staff
under Rule 9(a)(i) of the General Rules for Provincial and Subordinate
Services as an emergency measure does carry a detrimental effect.
But this again will affect more the advance classes rather than the
First Year Class.

Minister for Education
 Government of Madras
 From "The Hindu" dated 2.6.47.

ENGINEERING RESULTS IN COIMBATORE COLLEGE
 Sir, Out of 97 candidates who appeared in the Coimbatore College of Technology for Engineering (First Examination - Part I) 24 have been detained. This means 25 per cent have failed. It is only two years since this College started work, and there is not adequate equipment. In view of these facts the results appear too strict. Compare this with the results of the Andhra University, where only one student out of a total of 105 has partially failed (he has passed in Group B) in the First Examination in Engineering (Part I). The Madras University can afford to be lenient in the first year of the four-year course. They can be strict in the third and the fourth year examinations and maintain their high standard at the same time.
 Aggrieved Parent.

Secretary, E. & P. H.

It is very disheartening if the news sent herewith is true. The Principal of the Coimbatore Engineering College may be asked to explain as to the circumstances which lead to the very poor results.

Apparently the candidates failed in the university examination. For orders whether the D.P.J. should get a report from the Principal and submit it to C.O. If so, the draft memo is submitted below.

I am not satisfied with the brief note of the D.P.J. Information may be called for from the Principal of the Coll as to the needs and equipment. If equipments and staff are wanting, it is up to us to provide them with good staff and equipment. The matter may be checked up and if any equipments are in need, they may be provided so that from

I must say I am not satisfied with the explanation for the poor results this year. This will certainly reflect on the efficiency of the institution.

The D.P.G. may perhaps be informed that the Govt. are not satisfied with the explanation of the Principal and as to what further action to be taken in the matter.

and that they hope that the results will be better next year. A draft memo is subd. After seeing the papers may be needed.
