Rec. No. 398 A2/47, dated 26th August 19 47

Sir,

* Sub:- College - Government College for Muslim Women,
Madras - Purchase of Laboratory Equipment -
Sanction of expenditure and provision of
additional funds.

Ref:- Government Memorandum No. 58010-1/47 A, Edn.,
dated 21-7-1947.

Naute

1. I have the honour to submit herewith the indents received from the Principal, Government College for Muslim Women, Madras, and request that in the circumstances explained below the Government may sanction an expenditure of Rs. 12,900/- (Rupees Twelve thousand and nine hundred only) in the current year on the purchase of science apparatus and chemicals for the College. The expenditure is debitable to the head "37(b) C. Postwar Reconstruction - (b) C. 4. Laboratory Charges". As the amount allotted to the College under this head in the current year is Rs. 3000/- only, an additional allotment of Rs. 9,900/- is necessary to meet the expenditure.

2. In their order No. 831 Edn., dated 17-4-46 sanctioning the opening of the above college, the Government sanctioned an expenditure of Rs. 44,800/- in 1946-47 on the provision of apparatus and chemicals. Excluding the sum of Rs. 15,000/- earmarked for the installation of a gas holder, the amount available for the purchase of science apparatus and materials during the last year was Rs. 29,800/- only. Due to the large increase in the prices of all science articles it was possible to get only a little over half the requirements of the laboratories which therefore suffer from lack of proper and adequate equipment. Moreover, since the opening of the college, the University has introduced the scheme of practical Examination in science subjects for the Intermediate students from 1946. Consequently the students have to be now given more practical work than before and this entails larger provision of apparatus and chemicals. The Principal reports that unless the items of equipment mentioned in the indents are made available, the practical work in the laboratories would suffer and the students would be handicapped in their public examination for lack of adequate practice. In these circumstances an extra expenditure of Rs. 9,900/- on the purchase of science equipment for the college is absolutely necessary.

p.t.o.

3. The extra expenditure cannot be met from the funds available with me under the head noted above. I shall apply in due course for the necessary additional funds.

I have the honour to be,
Sir,
Your most obedient servant,

R. Narasimhan

For Director of Public Instruction

Secretary, A. & P.H.

I visited the Muslim College for women
yesterday. They are handicapped very much for want
of space. The need for the adjacent building in
which Dr. Hari Rao is living is real and we should
take steps to provide Mr. Hari Rao with another
house as soon as possible so that that building can
be acquired for the ^{Muslim} Muhammadan College.

I also understand that they do not have pro-
per equipment for science section in the College.
The D.P.I. may be asked to look into the matter.
