Station MADRAS, *Dated the* 21st July 19 47.

From (Name) Sri D.S. Reddi, M.A. (Oxon), M.B.E.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

Ref: G.O. No.1162 Edn. dated 6.6.47. (Y)/37-38

I have the honour to report that the Madras University has intimated to me that the additional staff sanctioned in the above order [illegible] inadequate for the increased strength of the Colleges and has furnished details of the additional staff required for each College. The University was informed of the basis of my calculations for additional staff, but in reply the Registrar informed me that the staff as suggested by the University should be appointed if the increased strength permitted in 1946-47 is to be continued in 1947-48 also.

A

2) I furnish below extracts from the Circul the

2

Registrar of the University showing the basis on which additional staff has been calculated.

"It may be mentioned here that the Syndicate has resolved that Rule V of the Rules regarding minimum qualification for appointment of teaching staff, hours of lecture work etc., does not imply that correction of exercises or essays or practical work in Laboratories should be in addition to 14 hours assigned for lecturing and teaching work a week without taking the total amount of work to be done into consideration. The syndicate has in the past by convention laid down that any person who does 10 to 12 hours of lecturing work shall not be expected to have more than 50 exercise books for correction in a week and that similarly a person in a Science subject may be assigned 16 to 18 hours a week in all, 6 of these hours being devoted to laboratory work or the supervision of the practical classes. A full time teacher (Tutor) who has no teaching work may be assigned 150 exercise books for valuation per week. It may be stated that the amount of lecturing work that can be done by Tutors or Demonstrators should not exceed 6 hours for the whole department and no Tutor or Demonstrator should do more than 2 hours of teaching."

a.

"As regards Indian languages, every College should have a minimum of two members of the staff for each language if taught in all the four classes, one of whom should be a B.O.L. or M.A. or B.A. Group (V) who will deal with translation work and the other may be an oriental Title holder. If the number of students tak[illegible] a language is large, additional lecturers or tutors should be appointed in the Language concerned and taking into consideration the total number".

11.

The additional staff stipulated by the University is furnished in the annexure to this letter and I request that Government may kindly sanction them at a very early date as the University wants the additional staff before 15.8.47.

the G.O. under reference, I recommended the employment of a Pundit in Telugu for the Government Arts College, Rajahmundry and an Assistant Lecturer and a Tutor in Malayalam for the Government Victoria College, Palghat, but these were not sanctioned. The existing staff for the Telugu department in the Government College Rajahmundry consists of a Lecturer, a Pundit and 2 Tutors. The Principal states that with the opening of optional Telugu sanctioned in G.O. No.1028 Edn. dated 16.5.47, there will be increased work for which the present staff is inadequate and has requested that the post of Assistant Lecturer which was converted into a Madras Educational Service may be retained. As pointed out in my letter referred to above, there is need for an additional pundit and I request that this may kindly be sanctioned. In the Government Victoria College, Palghat, the existing staff of one Lecturer, One Pundit and a Tutor is inadequate for all the malayalam classes under Part II and for the optional classes to be opened in the current year. I request that the additional staff recommended in my letter may kindly be sanctioned.

4. In G.O. No.2125 Edn. dated 6.11.40, Government sanctioned the employment of an Arabic Munshi in the Government Muslim College, Madras, so long as Dr. Haq continued as Principal of the College. This post has now to be abolished as Dr. Haq has been transferred. The present Principal who is the Chief Lecturer in English has now applied for a Tutor to assist him. In the list of additional staff, I have included a Tutor in English for the Government Muslim College which may kindly be sanctioned.

With a view to meet the great demand for admissions to colleges the University of Madras and the Andhra University, at the instance of Government, permitted the Principals of colleges last year to admit a fourth batch of students for science subjects wherever possible. The Principals of certain colleges availed themselves of the permission and admitted in 1946-47 additional batch of students for science classes. The additional staff was necessitated by the admission of a fresh batch of students in 1946-47 and also took into account the possible admissions in 1947-48. The proposals of the Director of Public Instruction were examined by Government and with the approval of the Standing Finance Committee the staff proposed by the Director with slight modifications was sanctioned by Government.

2. The Director of Public Instruction now states that the Madras University has intimated that the staff sanctioned by Government is inadequate for the increased strength of the colleges and has furnished details of the additional staff required for each college. The Registrar has also informed the Director of Public Instruction that the staff suggested by the university should be appointed if the increased strength permitted in 1946-47 is to be continued in 1947-48 also.

The following are extracts from the letter of the Registrar explaining the basis on which staff required has been calculated:-

"It may be mentioned here that the Syndicate has resolved that Rule V of the Rules regarding minimum qualification for appointment of teaching staff, hours of lecture work etc., does not imply that correction of exercises or essays or practical work in Laboratories should be in addition to 14 hours assigned for lecturing and teaching work a week without taking the total amount of work to be done into consideration. 4. The Director of Public Instruction has in this connection asked for an Assistant Lecturer and a Pandit in Telugu for the Government Arts College Rajahmundry and an Assistant Lecturer and a Tutor in Malayalam for the Government Victoria College, Palghat.

5. For the proper examination of the proposals in para 3 above information about the present strength of the Colleges in the several departments, the staff now employed, the hours of work allotted to each member of the staff, etc. is necessary. As the collection of this information will take time and as the university insists that the staff should be appointed immediately, and as it may also be assumed generally that the university itself had gone ~~with~~ these details before it specified the staff necessary to meet its requirements, Education and Public Health Department suggest~~s~~ that the staff may be sanctioned at once, that the Director of Public Instruction may be asked to furnish the particulars mentioned above afterwards and that the matter may then be reviewed.

The Finance department agree to the proposal of Education and Public Health but suggest that the Director of Public Instruction may be asked to try to get the university to reconsider their view this year as a large extra committment is involved.

6. As regards the additional staff proposed in para 4 above, Education and Public Health accept the need for the additional Pandit and Tutor. They also concede the need for the Assistant Lecturers but consider that it will be sufficient if permission is granted to employ the two posts of Assistant Lecturers in languages sanctioned for the Colleges from 1948-49 in connection with the opening group III for B.A.; from 1947-48; there is no need to sanction any new posts of Assistant Lecturers in languages for these colleges.

The Finance department accept these proposals.

Hon'ble the Minister (Education) and Hon'ble the Minister (Finance) have recorded the following minutes.

I have had a talk with the Deputy Director of Public Instruction in charge of Colleges over the matter. He tells me that the staff that we have recently sanctioned is what they asked for in July of last year. In this year more additional numbers have been admitted and this staff is necessary because of these new admissions. He also tells me that we will have a corresponding income by way of fees from these additional candidates that have been admitted this year.

While these posts may now be sanctioned, information may be called for from the Director regarding details asked for by Finance viz., the number of additional students admitted, the extra staff required and the probably income from the additional students may also be shown so that the Finance and the Department have a proper idea of the net extra expenditure.

The following are extracts from the letter of the Registrar explaining the basis on which staff required has been calculated:-

"It may be mentioned here that the Syndicate has resolved that Rule V of the Rules regarding minimum qualification for appointment of teaching staff, hours of lecture work etc., does not imply that correction of exercises or essays or practical work in Laboratories should be in addition to 14 hours assigned for lecturing and teaching work a week without taking the total amount of work to be done into consideration. The syndicate has in the past by convention laid down that any person who does 10 to 12 hours of lecturing work shall not be expected to have more than 50 exercise books for correction in a week and that similarly a person in a Science subject may be assigned 16 to 18 hours a week in all, 6 of these hours being devoted to laboratory work or the supervision of the practical classes. A full time teacher (Tutor) who has no teaching work may be assigned 150 exercise books for valuation per week. It may be stated that the amount of lecturing work that can be done by Tutors or Demonstrators should not exceed 6 hours for the whole department and no Tutor or Demonstrator should do more than 3 hours of teaching."

"As regards Indian languages, every College should have a minimum of two members of the staff for each language if taught

in

in all the four classes; one of whom should be a B.O.L. or M.A or B.A. Group (V) who will deal with translation work and the other may be an oriental Title holder. If the number of students taking a language is large, additional lecturers or tutors should be appointed in the Language concerned and taking into consideration the total number.".

3. The statement below shows the additional staff required for each college:--

Presidency College

English	-	1 Assistant Professor.
Mathematics	-	1 Assistant Professor.

4. The Director of Public Instruction has in this connection asked for an Assistant Lecturer and a Pandit in Telugu for the Government Arts College Rajahmundry and an Assistant Lecturer and a Tutor in Malayalam for the Government Victoria College, Palghat

5. For the proper examination of the proposals in para 3 above information about the present strength of the Colleges in the several departments, the staff now employed, the hours of ~~xx~~ work allotted to each member of the staff, etc. is necessary. As the collection of this information will take time and as the university insists that the staff should be appointed immediately, and as it may also be assumed generally that the university itself had gone with these details before it specified the staff necessary

---

to meet its requirements, Education and Public Health Department suggest that the staff may be sanctioned at onec/, that the Director of Public Instruction may be asked to furnish the particulars mentioned above afterwards and that the matter may then be reviewed.

The Finance department agree to the proposal of Education and Public Health but suggest that the Director of Public Instruction may be asked to try to get the university to reconsider their view this year as a large extra committment is involved.

6. As regards the additional staff proposed in para 4 above, Education and Public Health accept the need for the additional Pandit and Tutor. They also concede the need for the Assistant Lecturers but consider that it will be sufficient if permission is granted to employ the two posts of Assistant Lecturers in languages sanctioned for the Colleges from 1948-49 in connection with the opening group III for B.A.; from 1947-48; there is no need to sanction any new posts of Assistant Lecturers in languages for these colleges.

The Finance department accept these proposals.

Hon'ble the Minister (Education) and Hon'ble the Minister (Finance) have recorded the following minutes.

I have had a talk with the Deputy Director of Public Instruction in charge of Colleges over the matter. He tells me that the staff that we have recently sanctioned is what they asked for in July of last year. In this year more additional numbers have been admitted and this staff is necessary because of these new admissions. He also tells me that we will have a corresponding income by way of fees from these additional candidates that have been admitted this year.

While these posts may now be sanctioned, information may be called for from the Director regarding details asked for by Finance viz., the number of additional students admitted, the extra staff required and the probable income from the additional students may also be shown so that the Finance and the Department have a proper idea of the net extra expenditure.

It is not fair to ask the versity to relax their rules in favour of Government Colleges, which ought to set the standard for other colleges.

The proposals are accordingly placed before the Standing Finance Committee for approval. The Madras University has stated that the additional staff should be sanctioned before 15.8.47. An estimate of the additional cost involved is given in the appendix.

5. Government Muslim College, Madras.

Mathematics -- 1 Asst. Lecturer.
Natural Science - 1 Demonstrator.

3. The position with regard to the other posts is explained below:

(i) Government College, Coimbatore:- The work of the History department consists of 14 hours of lecture and valuation of 94 Essays taking about 12 hours. For this work, there is no justification for the employment of

2 Asst. Lecturers and it is sufficient if a Tutor is sanctioned in place of the Asst. Lecturer. I request that Government may kindly sanction a Tutor. As the Principal wanted an additional member urgently, an Asst. Lecturer has been posted. The Principal has been informed that the new Asst. Lecturer will be continued till a Tutor is sanctioned.

[illegible]

4. Government Victoria College, Palghat:- Government have sanctioned the employment of an Asst. Lecturer and Demonstrator for the Natural Science Department. There are at present 2 Asst. Lecturers and a demonstrator. For the work of the department as given in the statement there is no necessity for an additional Asst. Lecturer and I have accordingly sanctioned only the demonstrator.

5. (a) Presidency College, Madras - Tamil Department:- It may be seen from the statement that there are 76 hours of work per week including the valuation of note books for which 4 members are required. As there are only 3 members viz., 1 Professor, 1 Asst. Professor and one Pandit, Government may kindly sanction a Tutor.

(b) English:- The Principal reports that the entire teaching and correction work for the Honours classes are done only by the ~~txx~~ Professors and Asst. Professors. Each of the 3 Professors is reported to have 13 hours of lecturing, 1 Professor, 14 hours, and each of 5 Asst. Professor, 14 hours. Each Tutor is allowed 4 hours of composition and library work and the valuation of 120 exercises. He also states that according to the University Regulations it is not permissible to continue the Intermediate classes in 3 Sections and that a fourth division is essential which will increase the work by another 14 hours for which an Asst. Professor is necessary. With reference to G.O.No.2201 Edn., dated 11-10-1947. I am appointing a woman Asst. Professor in English who will also be the Residential Deputy Warden for the Women Hostel.

6. Government Arts College, Rajahmundry.

In para 2 of the G.O. Government have sanctioned a Pandit in Telugu for this College and have also permitted the employment in the current year itself of the Asst. Lecturer sanctioned in G.O. No.1028 Edn., dated 16-5-47. I would invite attention to para 3 of my letter Rc.387 K2/47, dated 21-7-47, wherein I have recommended only a Pandit in Telugu for the College. There are at present a Lecturer, a Pandit and 2 Tutors. The amount of work is reported to be 34 hours of lectures and the valuation of 406 written essays per week. The Principal states that due to inadequate staff last year, the work of the Junior class suffered and that he proposes to make good that work in the current year. The total work will then come to 38 hours of lecturex and the valuation of 506 essays. He also states that the Tutors are not qualified to do the work of the B.A. Classes and that the Pandit does not possess a knowledge of English. He therefore requested that the Asst. Lecturer may be appointed immediately and that the employment of a Pandit may be given effect to with effect from the next academic year. In the circumstances reported by the Principal, an Asst. Lecturer has been posted. The question of employing a Pandit next year may be considered in July 1948.

C.No. 59730 From the D.P.I. No. 387 K2/47 d. 21-7-47.
Read: G.O. No. 1162 Edn. dated 6.6.47.

(F) removed

With a view to meet the great demand for admissions to colleges, the University of Madras and the Andhra Uty., at the instance of Govt., permitted the Principals of colleges last year to admit a further batch of students for science subjects wherever possible. The Principals of certain colleges availed themselves of the permission and admitted in 1946-47 addl. batch of students for science classes. In May last, the D.P.I. submitted proposals for addl. staff in these colleges for 1947-'48. The addl. staff was necessitated by the admission of fresh batch of students in 1946-47 and also took into account the possible admissions in 1947-48. The proposals of the Director were ~~accordingly accepted~~ examined by Govt. and orders issued in G.O. No. 1162 Edn. d. 6.6.47.

(F) 21-27 c.f.

(F) 37-38 c.f.

2. The D.P.I. now states that the Madras Uty. considers that the staff sanctioned by Govt. is not sufficient and that the addl. staff specified on p. ~~[illegible]~~ 3-4 c.f. must be appointed, if the increased strength permitted in 1946-47 is to be continued in 1947-48. For a proper examination of the proposals for the addl. staff now asked for, information as to the present strength of the colleges concerned ~~in the~~ several branches, the staff now employed, the hours of work allotted to each member of the staff etc. has to be obtained from the D.P.I. This will take time and college work will suffer. Meanwhile there is also the possibility that the Uty. may remark that while Govt. want addl.

admissions to be permitted in colleges, they are not prepared to sanction the requisite staff. In the circumstances, there seems to be no ~~course~~ option but to ~~open~~ sanction the staff specified.

3. The D.P.I. has, in this connection asked for an Asst. Lecturer and a Pandit in Telugu for the Govt. Arts College, Rajahmundry. The post of Pandit was previously refused by Govt. But in the circumstances now stated by the Director, it may be sanctioned. As for the Asst. Lecturer, it may be noted that in G.O. 1028 Edn. d. 16-5-47, the Govt. sanctioned ~~not~~ ~~post~~ one Asst. Lecturer (in Telugu) for the college from 1948-49. This may ~~was~~ be sanctioned with effect from this year.

4. The D.P.I. also wants that an Asst. Lecturer and a Tutor in Malayalam may be sanctioned for the Govt. Victoria College, Palghat. The Post of tutor was once refused by Govt. But in the circumstances now stated, it may be sanctioned. As for the Asst. Lecturer, it may be stated here that Govt. sanctioned in G.O. 1028 Edn. d. 16-5-47, a post of Asst. Lecturer in Malayalam for the college from 1948-49. This post may ~~was~~ be sanctioned from this year itself.

5. The addl. cost involved in the proposals comes to Rs 86,541.6 per annum or Rs 86,500 [illegible]. It is likely that a good portion of it ~~[illegible]~~ will be offset by the increased fees that will be collected from the students. A 25% increase in fees has also been effected recently. The remarks of Fin. may be invited a.o. on the proposals.

Finance (EIII) Deptt.

Please see the letter from the D.P.I. on pages 1-3 c.f. in which he has submitted proposals for the appointment of additional staff in the current year in the various Government Colleges in order to ~~meet~~ satisfy the requirements of the University. The E.P.H. Deptt. propose that an additional staff of 25 Assistant Lecturers ~~and~~ Professors, 4 ~~Asst~~ Demonstrators ~~and~~ Tutors and 8 Pandits may be sanctioned, in addition to giving effect to the ~~xxxx~~ two posts of Assistant Lecturers already sanctioned for the Government Arts Colleges at Rajahmundry and Palghat ~~from~~ from 1948-49 in the current year itself. The extra cost works out to Rs.86,500 p.a. according to the proposals of E.P.H. Department. ~~But~~ From the annexure on pages 3-4- c.f. the additional Pandits asked for seems to be however only 3 as there could be obviously no need for the Pandits in the departments of Mathematics, Physics, Chemistry and History which the E.P.H. Department have taken into account. If 5 Pandits are excluded, the extra cost will work out to Rs.77,200 p.a or Rs.78,700/- including H.H.A for the 5 Asst. Professors proposed for the Presidency College, Madras.

2. The point now for consideration is whether the additional staff asked for should be sanctioned in the current year. Consequent on the increase in the number of admissions in the various Colleges, the need for the additional staff was examined recently and sanctioned only in the last month in G.O.1162, Education, dated 6-6-47. In that connection, the D.P.I. pointed out that, though the total number of hours assigned for lecturing and teaching work ~~was~~ 14, "the Syndicate has, in the past by convention laid down that any person who does 10 to 12 hours lecturing work shall not be expected to correct more than 50 exercise books in a week, and that similarly a person having 16 to 18 hours of work may devote 6 hourse to Laboratory work or the supervision of practical classes." But he suggested that until the University laid down specifically either by a commission stating what staff was necessary or laying down definite rules for ~~the requirements~~

See paras 2-4 on p. 2 above

M on p. 21 above

(Y) / L. 9. 1947 and pp. 37–38 c.f.

it, the requirements of staff in colleges might be calculated on the basis of Heads of Departments having 15 hours including valuation work and the remaining members of the staff working for 20 hours including valuations. The basis suggested by the D.P.I. was accepted and the additional staff asked for was sanctioned.

The D.P.I. now brings to notice that the University still considers that the additional staff already sanctioned is inadequate ~~for~~ to the increased strength of the colleges, ~~and~~ that the basis of the calculation adopted by the D.P.I. for the additional staff could not be accepted, and that further additional staff as shown in the Annexure ~~shall~~ be appointed, if the increased strength permitted in 1946-47 is to be continued in 1947-48 also.

A anp. 1 c/-

3· It is submitted that ~~the~~ statistics have not been furnished as to the number of students in each class and in each subject during the current year nor any ~~itxm~~ idea has been given as to how the details of the additional staff required were arrived at - c.f. in this connection calculations in para 3 on pages 22-26 of G.O.No.1162, Education, dated 6-6-47. In cases where there are only 2 or 3 students for a particular subject or language it would be more advisable to abolish that subject at least from ~~the~~ next year onwards than to appoint a number of Assistant Lecturers for that subject. The increase in the number of admissions in the Government Colleges is only a temporary phase. The University has since accorded permission for the opening of a number of new Colleges during the current year by private managements. More managements have already come forward to open new new colleges. It is therefore submitted that in the above circumstances and in as much as the D.P.I. considered previously that the additional staff proposed by him was sufficient and that there was no definite rule except a convention prohibiting the basis of calculation adopted by the D.P.I. previously, ~~This~~ Department may suggest that the University may be moved to grant exemption from ~~the~~ appointing ~~mining~~ any

I think we may fairly assume that details have been correctly worked out on the basis of (Y)

any further additional staff as required by them during the current year. Meanwhile E.P.H. may be requested ~~texsbixix~~ to examine the points mentioned at 'B' about in consultation with the D.P.I. by obtaining further information.

I agree with Jt. Secy.

x in the margin anp. 2 above

If it is, however, considered as suggested by the E.P.H. that the additional staff asked for may be sanctioned immediately and the D.P.I. asked to furnish details and review the whole matter in due course, the proposal will have to be treated as a 'New Service' and placed before the Standing Finance Committee and the Cabinet. A supplementary appropriation will have to be obtained in due course. H.M.(Finance) may also see the case before the note for the Standing Finance Committee is prepared.

DR 28.7.47

I think the DPI might be asked to try to get the University to reconsider their view this year, in view of the large extra commitments. The position may perhaps be more stable next year.

I have had a talk with the Deputy Director of Public Instruction in charge of Colleges over the matter. He tells me that the staff that we have recently sanctioned is what they asked for in July of last year. In this year more additional numbers have been admitted and this staff is necessary because of these new admissions. He also tells me that we will have a corresponding income by way of fees from these additional candidates that have been admitted this year.

While these posts may now be sanctioned, information may be called for from the Director regarding details asked for by Finance viz., ~~and also~~ the number of additional students admitted, the extra staff required and the probable income from the additional students may also be shown so that the Finance and the Dept. have a proper idea of the net extra expenditure ~~taking into account the income.~~

Please see herewith a letter from the Dy. D.P.I., (Finance). We have sent proposals to the Standing Finance Committee for staff to be sanctioned to cover up the new admissions in the various colleges, the cost of which went up to nearly Rs.73,000/-. I understand from the note sent herewith that the income which will be received from students, because of whose admission we are providing extra staff will be in the whereabouts of Rs.1,43,910/-. It may be seen that we are nearly getting ~~the~~ double the amount by way of fees. The Government are not only not incurring any extra expenditure but are actually making a profit by it.

A

The University demanded that this new staff must be appointed by the 15th of August. In many of the colleges, without this staff, the time of the students is being wasted. In view of the urgency of the matter and in view of the fact there is no extra cost to the Government, H.M. Finance may be addressed in the matter so that the expenditure may be allowed without its having to go to the Standing Finance Committee.
