Grants—Teaching—Secondary schools under local bodies—Provisional grant for 1946-47—Payment—Sanctioned.

READ—the following paper :—

From the Director of Public Instruction, dated 15th September 1947, Rc. No. 1455-G-2/47.

Order—No. 2190, Education, dated 10th October 1947.

Under paragraph 2 of G.O. No. 975, Education, dated 10th May 1947, the system of payment of fixed lump subsidies towards the cost of maintenance of secondary schools under local bodies opened prior to 1930 was abolished, as from 1st January 1947 and the system of payment of teaching grants to all the recognized schools under their control based on half the approved net cost of the institutions for the preceding financial year was introduced instead subject to the proviso that in the case of schools in respect of which fixed teaching subsidies were being paid hitherto, the teaching grants paid under the revised system should not be less than the subsidies to which they were hitherto entitled. Thus secondary schools under local bodies were brought into a line with aided secondary schools in respect of teaching grants. In future the teaching grants for a particular year will be paid only during the subsequent year after the accounts are audited and not in that year itself as under the fixed lump sum subsidy system.

2. The Director of Public Instruction has pointed out that it is not practicable to assess the teaching grant for 1946-47 on the basis laid down in paragraph 4 of G.O. No. 975, Education, dated 10th May 1947 and disburse the grants due in the current year as the accounts of all local bodies may not have been audited and it may take some time to obtain from local bodies the necessary financial statements and to scrutinize them. It is also considered necessary to devise a simple method for calculating the teaching grant. As it will not be possible for local bodies to meet in the current year the expenditure on the maintenance of the schools which were under their control in 1946-47 without some aid from Government, the Director has recommended that they may be paid in the current year a special grant equal to the fixed lump subsidies paid in 1946-47 and in addition the compensation payable in respect of fee concessions and military concessions for the short term of 1946-47 and one-third of the grants for books for the year to the military concession holders payable under items (iv) and (v) of paragraph 4 (*a*) of G.O. No. 975, Education, dated 10th May 1947. The special grant will be treated as a provisional grant in 1947-48 of the amount of teaching grant due for 1946-47. Local bodies are directed to submit to the Director of Public Instruction the financial statements for 1946-47 and 1947-48 in the form required by him for assessment of the teaching grant for both the years. From the total teaching grant due for the years, the lump sum subsidy paid in 1946-47 and the special grant paid in the current year will be deducted and the balance will be paid to the local bodies concerned in 1948-49.

3. The Government sanction the distribution in the current year of the first instalment of the special grant towards the cost of maintenance of all the secondary schools which were under the control of local bodies during 1946-47. The amount of grant payable to each local body is shown in the annexure to this order. The Director of Public Instruction is requested to obtain from local bodies the necessary statements for the grant payable under items (iv) and (v) in paragraph 4 (*a*) of G.O. No. 975, Education, dated 10th May 1947 and to submit proposals for distribution of the amount due along with the second instalment of the special grant in the current year.

4. The Accountant-General is requested to place the amounts at the disposal of the local bodies at an early date. The Special Officers of the district boards and municipalities concerned are requested to present the necessary bills at the treasury and obtain payment.

5. The expend ture relating to the payment of subsidies to local bodies in the ordinary areas will be met from the appropriation of Rs. 8,73,500 under the head "37. h. Education—Secondary Grants to local bodies for secondary education—A. Ordinary areas—I. Teaching—Voted" in the Budget Estimate for 1947-48.

6. The subsidy payable to the East Godavari Agency District Board should be met from the appropriation of Rs. 17,600 under "37. h. Secondary—Grants to local bodies for secondary education—B. Partially excluded areas—Teaching.

7. The expenditure on the employment of Hindustani teachers in secondary schools under local bodies will be treated as an approved item of expenditure for purpose of assessment of teaching grant to those institutions from 1947-48 and the payment of special subsidies towards the cost of employment of such teachers will be discontinued.

8. The Director of Public Instruction is informed that condition (2) in paragraph 3 of G.O. No. 975, Education, dated 10th May 1947 will be satisfied if ten instalments of tution fees not below the standard rates are levied from the school year 1947-48.

B2-No. 3562/47 dated 19-7-'47.

Sir,

ESTABLISHMENT - Secondary & Elementary Schools - under the Municipal Councils - Villupuram Municipality - Revised Scales of pay - Introduction of - Additional expenditure involved - advance - payment - Requested.

Ref:- G.O.No. 975 Edn Dated 10-5-'47 & G.O.No. 1154 Edn. Dated - 5-6-'47.

In persuance of the orders of Government cited above, the pay of the staff in Elementary and Secondary Schools have been fixed in accordance with the rules laid down by the Government and the extra cost involved over and above the provisions made in the approved Budget, worked out. The particulars of the extra cost entailed in giving effect to the revised scales of pay from 1-1-'47 for the two years 46-47 and 47-48 are as noted hereunder:

	Arrear for 46-47	for 47 - 48.	Total.
1. Elementary Education staff.	910/-	7170/-	8080/-
2. Education other than Elementary (Sec. Education)	1860/-	11490/-	13350/-

Secondary Education :- Steps have been taken to levy uniformly 10 instalments of fees in all the Forms of the Municipal High School. This proposal was sanctioned in G.O.No.Rt. 77 Edn dated 12-5-'47. This will bring in an additional income of Rs. 2000/- over and above that anticipated in the approved budget. In addition, proposals were submitted in this Office letter No. B2-3369/47 dated 8-6-'47 to increase the rate of fees in Forms I to VI in accordance with the scale given below:

Forms IV to Vi form Rs. 5-4-0 to Rs. 6-0-0 per instalment.
Forms I to III from Rs. 2-12-0 to Rs. 3-0-0 per instalment.

This suggestion if approved is likely to bringin a further additional income of Rs. 6000/- per annum. Orders of Government on my letter dated 5-6-'47 are still awaited. It will thus be seen that in case the Government approves my proposal to increase the rate of fees in Municipal High School as suggested above, with effect from the current school year, the net cost involved in giving effect to the revised scales of pay for Secondary Education staff will be Rs. 5350/-. This includes the increased rate of dearness allowance likely to be paid in some cases due to the adoption of the revised Scales of pay. An advance or Grant as the case may be to the extent of Rs.5350/- in 1947 -48 from Government will be required to meet the extra cost involved.

(P. T. O.)

I

In working out the extra expenditure, the non-teaching staff Viz,, Clerks, Librarian, attenders etc., have also been taken into account. It is presumed that the revised Scales of pay are to be given effect to those employees also from 1-1-'47.

ELEMENTARY EDUCATION:- The extra expenditure involved in giving effect to Elementary Education staff including peons works to Rs. 8080/-. I request that an advance of Rs. 8080/- may be sanctioned to give effect to the revised scales.

In this connection I submit that in ~~Government~~ Memorandum No. 20828-1G., L.A. dated 4-7-'47 (Copy enclosed), the Government have passed orders that the Council with its present resources cannot give effect to the revised scales of pay to its staff. It is presumed that the said order does not apply to the staff employed in the Educational Institutions . I solicit instructions as to whether my presumption is correct.

Rc.1455 G2/47 dated 15-9-1947.

Sir,

Sub: Maintenance - Secondary Schools - Local Bodies.

In submitting herewith a copy of the letter from the Commissioner and Special Officer, Hindupur Municipality Rc.B.2. 1166/47 dated 23-8-47 and also the letter from the Commissioner and Spcial Officer, Villupuram Municipality B2.3562/47 dated 20-8-1947, I have the honour to point out that in para 3(2) of G.O.No.975 Edn., dated 10-5-1947, it is stated that the payment of grants-in-aid to Secondary Schools under local bodies in lieu of the fixed lump sum subsidies will be subject to the condition that each local body should levy ten instalments of tuition fees not below the standard rates. It is not made clear whether the condition will be satisfied, if the local bodies levy 10 instalments from 1947-48. If it is to relate to the year 1946-47, to which the grant should relate, the large majority of the schools would not satisfy this condition. The idea in imposing this condition is to all that the net cost is brought down as much as possible. This object would not be gained in so far 1946-47 is concerned, since the vast majority of the schools levied 8 instalments only, while a few 9 instalments. Schools which levied 10 instalments in 1946-47 would be almost a negligible number.

2. Again in para 2 of the G.O. it has been addressed that with effect from 1-1-1947 local bodies will be paid every year for all recognised secondary schools under their control grants in aid based on the net cost of the institution in the preceeding financial year. Unlike the case of secondary schools under private managements, the schools under the management of local bodies have hitherto been paid lump sum subsidies from 1930-31 - Vide G.O.No.1157 Edn., dated 12-6-30 - in advance. Thus the grant for the year 1946-47 was already paid in the same year in the case of all subsidy schools If as statedin para 4 of the G.O. the teaching grant for 1946-47 is again to be assessed, as detailed therein, the lump sum subsidy actually paid in 1946-47 will have to be deducted out of the teaching grant for 1946-47 as now calculated and the balance alone will become payable in 1947-48. This however may not be the intention of Government, as it is not possible for local bodies to run the schools without some aid from Government. Further, it is not practicable to work out the grant on that basis this year.

Though the scales of pay contemplated in G.O.No.975 Edn. dated 10-5-1947 should be given effect to from 1-1-47, still theextra expenditure pertaining to the period from 1-1-47 to 28-2-47 on account of the introduction of revised scales of pay could not have been incurred by local bodies in 1946-47 as the G.O. itself was issued only in May 1947. Hence the entire expenditure for the period from 1-3-47 to 29-2-48 and the additional expenditure for the two months - January 1947 and February 1947 - should be included in the accounts of 1947-48 for which grant is payable under the revised procedure only in 1948-49.

As the schools under local bodies will also fall in

line with the secondary schools under private managements from 1948-49 difficulty will not arise in assessing the grant from that year. So far as payment of grant in 1947-48 is concerned, it is not desirable to call it either as teaching grant for 1946-47 (for the local bodies were already paid the grant on advance basis under the block grant system in that year itself) or as teaching grant for 1947-48 as it will not then admit of payment of grant in 1948-49 again, under the new system. To avoid any audit objection at a future date, it seems desirable that the term "teaching grant for 1946-47" used in para 4 of the G.O. should be given some other nomenclature - say Special subsidy payable in 1947-48 for maintenance of secondary schools". This special subsidy may be taken to be the lump sum subsidy hitherto paid to the local bodies and in addition, the compensation payable for the short term of 1946-47 under item (iv) and one third of the grants for books under item (v) of para 4(a) of G.O.No.975Edn dated 10-5-1947. The subsidy towards the employment of Hindustani teachers in 1947-48 may be paid in 1948-49, along with the teaching grant for the school. Local bodies may be paid one half the lump subsidy, as usual, in the first instance, and the balance together with the compensation may be paid before the end of the current financial year, after statements claiming the compensation are called for and checked. If Government approve the above proposal, I shall call for the necessary statements. Government may however kindly decide whether the Special subsidy paid in 1947-48 (excluding the compensation etc.) should be deducted from the grant payable to local bodies in 1948-49 on the net cost basis.

3. In this connection, I may point out that the system of paying lump sum subsidies to local bodies towards the maintenance of secondary schools was introduced in 1930-31, with a view to avoiding the laborious calculation involved in arriving at the net cost of each school every year - vide G.O.No.1157 Edn., dated 12-6-30. Now that Government have decided to aid even new secondary schools and classes opened by local bodies after 1930-31, it is desirable that some other method of calculating the Grant should be devised which would involve less work than the one outlined in G.O.No.975 Edn., dated 10-5-1947. With this end in view, I addressed the Examiner of Local Fund Accounts, Madras, in August 1947 to offer his suggestion in the matter. He has not yet made his suggestion but has stated that the matter is under his consideration. On receipt of his final reply, I shall addressthe Government in the matter.

4. Early orders are however requested in regard to the payment of special subsidy to local bodies in the current year.

Copy of letter Rc.B-2 1166/47 dated 23-8-1947 of the Commissioner and Special Officer, Hindupur.

Ref: Govt. order No.975 Edn., dated 10-5-1947 and 1154 Edn. dated 5-6-1947.

Government in their orders quoted above have stated that the revised scales of pay mentioned in the said orders will apply to teachers in service of Municipal councils from 1-1-47.

In para 4 of the said Government order the Director of Public Instruction was requested to determine the amount of grant payable to each secondary school under local bodies after obtaining the financial statements from them. No reference has been received from your office so far in this regard. I am however submitting hereunder in respect of E.C.Municipal High school of this municipality, the amount of grant payable to this municipality as per instructions given therein.

(i) Three fourths of the annual subsidy for the first nine months of the year.	Rs. 3675	0	0
(ii) One fourth of the net cost for the year based on expenditure at old rates for the last three months.	5889	0	0
(iii) The difference between the total expenditure actually incurred at the new rates of pay during the last three months of the year and the expenditure that would have been incurred at the old rate of pay.	367	8	0
(iv) Actual fee concessions under rule 92 Madras Educational Rules or article 32 grant-in-aid code.	734	10	0
(iv-A) Actual military concessions for the short term 46-47.	834	12	0
(v) One third of the grants for books for the year to the Military concession holders.	103	5	4
	11604	3	4

I request you to kindly recommend to Government to sanction the grant admissible for this municipal High school of this municipality to enable me to give effect to the revised scales of pay from 1-1-47. If for any reason the grant admissible cannot be intimated early, I solicit whether the revised scales can be given effect to even in the absence of such intimation.

This may kindly be treated as specially urgent as several employees are pressing for the introduction of the new scales.

As required in para 3 of the aforecited Government Order the actual amounts during the last three years are furnished below.

Year.	Net cost incurred from Municipal funds.
1944-45	Rs. 8156
1945-46	10826
1946-47	9332
Total.	28314
Average.	9438

p.t.o.

As regards levy of the ten instalments now below the standard rates I have to state that 10th instalment is levied with effect from the school year 1947-48. The rates in force are:

Ordinary fees.

Forms IV, V and VI	monthly	Rs.5--4--0
,, I, II, III		2-12--0
Classes IV and V		1--4--0
Supplementary pupils		6--0--0

Special fees.

Laboratory fee for "C" group Physics students.	1--0--0
Library fee for one term for	0--4--0
Reading room fee ,, Hr.forms.	0--2--0
Games fee for one term for Lower forms and classes.	0--8--0
do. for Higher forms.	1--0--0

The Headmaster High School was requested to submit proposals in this office Rc.B-2 1166/47 dated 17-6-1947 as per para 3 (2) of Government order No.975 Education dated 10-5-1947. They are not yet received.

In as much as information on the amount of grant-in-aid that is to be paid to this municipality is necessary to estimate the amount of additional expenditure that has to be provided as a consequence giving effect to revised scales of pay of teachers in the Secondary school and also for increasing the rate and the number of instalments if necessary proportionately to cover the additional cost involved, I request that the teaching grant admissible for the High school of this municipality may be intimated at an early date.

From the D.P.I. Rc.No.1455 G2/47 dated 15-9-47.

Order/~~M~~. No. 2190 Edn. 1 107 x/47

Under para 2 of G.O.No. 975 Education dated 10-5-47, the system of payment of fixed lump subsidies towards the cost of maintenance of secondary schools under local bodies opened prior to 1930 was abolished, as from 1-1-47 and the system of ~~payment of~~ teaching grants to all the recognised schools under their control based on ~~half~~ the approved net cost of the institutions for the preceding financial year was introduced instead subject to the proviso that in the case of schools in respect of which fixed teaching subsidies were being paid hitherto, the teaching grants paid under the revised system should not be less than the subsidies to which they were hitherto entitled. Thus secondary schools under local bodies were brought into a line with aided secondary schools in respect of teaching grants. In future the teaching grants for a particular year will be paid only during the ~~next~~ subsequent year after the accounts are audited and not in that year ~~itself~~ as under the fixed lump sum subsidy system.

The Director of Public Instruction has pointed out that it is not practicable to assess the teaching grant for 1946-47 on the basis laid down in para 4 of G.O.No. 975 Education dated 10-5-47 and disburse the grants due in the current year as the accounts of all local bodies may not have been audited and it may take sometime to obtain from ~~the~~ local bodies ~~may not have been~~ the necessary financial statements and to scrutinise them. ~~This~~ It is also considered necessary to devise a simple method ~~of calculation of~~ for calculating the teaching grant. As it will not be possible for local bodies to meet in the current year the expenditure on the maintenance of the schools ~~in~~ which were under their control in 1946-47 without some aid from Government, the Director has recommended that ~~local bodies~~ they may be paid in the current year a special grant equal to the fixed lump subsidies paid in 1946-7 and in addition the compensation payable in respect of fee concessions & military concessions for the short term of 1946-47 and one third of the grants for books payable under items (iv) and (v) of para 4 (a) of G.O. 975 Education dated 10-5-47. The special grant will be treated as a provisional grant in 1947-8 of the amount of teaching grant due for 1946-47.

Local bodies are directed to submit to the D.P.I. the financial statements for 1946-47 and 1947-48 in the form required by the ~~D.P.I.~~ for assessment of the teaching grant for both the years. From the teaching grant due for the years, the lumpsum subsidy paid in 1946-47 and the special grant paid in the current year will be deducted and the balance paid to the local bodies concerned in 1948-49.

3. The Government sanction the distribution in the current year of the first instalment of the special grant towards the cost of maintenance of all the secondary schools which were under the control of local bodies during 1946-47. The amount of grant payable to each local body is shown in the annexure to this order. The D.P.I. is requested to obtain from local bodies the necessary statements for the ~~con-~~ grant ~~posabion~~ payable under items (iv) and (v) in para 4(a) of G.O. No. 975 Education dated 10-5-1947 and to submit proposals for distribution of the amount due along with the second instalment of the special grant in the current year.

4. The Accountant-General is requested to place the amounts at the disposal of the local bodies at an early date. The Special Officers of the district boards and municipalities concerned are requested to present the necessary bills at the treasury and obtain payment.

5. The expenditure relating to the payment of subsidies to local bodies in the ordinary areas will be met from the appropriation of ₹.73,500 under the head "37 h. Education - Secondary Grants to local bodies for secondary education - A. Ordinary areas - I.Teaching --Voted" in the B.E. for 1947-8

6. The subsidy payable to the East Godavari Agency District Board should be met from the appropriation of Rs 17,600 under " 37 h-Secondary-Grants to local bodies for secondary education- B partially excluded areas-Teaching. ~~Education xx -Expartially excluded areas xx Teaching "Voted~~.

7.The expenditure on the employment of Hindustani teachers in secondary schools under local bodies will be treated as an approved item of expenditure for purpose of assessment of teaching grant to those institutions from 1947-8 and the payment of special subsidies towards the cost of employment of such teachers will be discontinued.

para 4 on page 4 cf

8.The D.P.I.is informed that condition (2) in para 3 of G.O.975 Education dated 10-5-47 will be satisfied if ten instalments of tuition fees not below the standard rates are levied from the school year 1947-48.

Grants—Teaching—Secondary schools under local bodies—Provisional grant for 1946-47—Payment—Sanctioned.

27 OCT 1947

READ—the following paper :—

From the Director of Public Instruction, dated 15th September 1947, Rc. No. 1455-G-2/47.

Order—No. 2190, Education, dated 10th October 1947.

Under paragraph 2 of G.O. No. 975, Education, dated 10th May 1947, the system of payment of fixed lump subsidies towards the cost of maintenance of secondary schools under local bodies opened prior to 1930 was abolished, as from 1st January 1947 and the system of payment of teaching grants to all the recognized schools under their control based on half the approved net cost of the institutions for the preceding financial year was introduced instead subject to the proviso that in the case of schools in respect of which fixed teaching subsidies were being paid hitherto, the teaching grants paid under the revised system should not be less than the subsidies to which they were hitherto entitled. Thus secondary schools under local bodies were brought into a line with aided secondary schools in respect of teaching grants. In future the teaching grants for a particular year will be paid only during the subsequent year after the accounts are audited and not in that year itself as under the fixed lump sum subsidy system.

2. The Director of Public Instruction has pointed out that it is not practicable to assess the teaching grant for 1946-47 on the basis laid down in paragraph 4 of G.O. No. 975, Education, dated 10th May 1947 and disburse the grants due in the current year as the accounts of all local bodies may not have been audited and it may take some time to obtain from local bodies the necessary financial statements and to scrutinize them. It is also considered necessary to devise a simple method for calculating the teaching grant. As it will not be possible for local bodies to meet in the current year the expenditure on the maintenance of the schools which were under their control in 1946-47 without some aid from Government, the Director has recommended that they may be paid in the current year a special grant equal to the fixed lump subsidies paid in 1946-47 and in addition the compensation payable in respect of fee concessions and military concessions for the short term of 1946-47 and one-third of the grants for books for the year to the military concession holders payable under items (iv) and (v) of paragraph 4 (*a*) of G.O. No. 975, Education, dated 10th May 1947. The special grant will be treated as a provisional grant in 1947-48 of the amount of teaching grant due for 1946-47. Local bodies are directed to submit to the Director of Public Instruction the financial statements for 1946-47 and 1947-48 in the form required by him for assessment of the teaching grant for both the years. From the total teaching grant due for the years, the lump sum subsidy paid in 1946-47 and the special grant paid in the current year will be deducted and the balance will be paid to the local bodies concerned in 1948-49.

3. The Government sanction the distribution in the current year of the first instalment of the special grant towards the cost of maintenance of all the secondary schools which were under the control of local bodies during 1946-47. The amount of grant payable to each local body is shown in the annexure to this order. The Director of Public Instruction is requested to obtain from local bodies the necessary statements for the grant payable under items (iv) and (v) in paragraph 4 (*a*) of G.O. No. 975, Education, dated 10th May 1947 and to submit proposals for distribution of the amount due along with the second instalment of the special grant in the current year.

4. The Accountant-General is requested to place the amounts at the disposal of the local bodies at an early date. The Special Officers of the district boards and municipalities concerned are requested to present the necessary bills at the treasury and obtain payment.

5. The expenditure relating to the payment of subsidies to local bodies in the ordinary areas will be met from the appropriation of Rs. 8,73,500 under the head "37. h. Education—Secondary Grants to local bodies for secondary education—A. Ordinary areas—I. Teaching—Voted" in the Budget Estimate for 1947-48.

6. The subsidy payable to the East Godavari Agency District Board should be met from the appropriation of Rs. 17,600 under "37. h. Secondary—Grants to local bodies for secondary education—B. Partially excluded areas—Teaching.

7. The expenditure on the employment of Hindustani teachers in secondary schools under local bodies will be treated as an approved item of expenditure for purpose of assessment of teaching grant to those institutions from 1947-48 and the payment of special subsidies towards the cost of employment of such teachers will be discontinued.

8. The Director of Public Instruction is informed that condition (2) in paragraph 3 of G.O. No. 975, Education, dated 10th May 1947 will be satisfied if ten instalments of tution fees not below the standard rates are levied from the school year 1947-48.

Subsidy - Municipal Council Villupuram -Maintenance of Secondary and Elementary Schools -1947-8- Request for payment of advance

---

From the Commissioner Villupuram Municipality B2 No 3562/47 dated 19-7-47

From the D.P.I. R.C.No 1371 G2/47 dated 21-8-47

The Commissioner Villupuram Municipality requests that inorder to enable the municipal council to meet the extra cost involved in the adoption of the revised scales of pay for the teahhing staff from 1-1-47, an advance grant of Rs 5350 for the Municipal high school and of Rs 8080 for Elementary schools may be sanctioned in the current year.

2. The lump sum subsidies towards the cost of maintenance of secondary schools under local bodies were being disbursed in two instalments - one in each half year. This system has been abolished from 1-1-47 and teaching grants have to be paid from the current year based on the approved net cost of maintenace of the schools during the preceding financial year as in the case of aided secondary schools under private managements The assessment of teaching grant under the present system will take time especially during this year as the necessary financial statements received for assessment of the grant may be defective or belated. As some local bodies may not have the necessary funds to meet the expenditure it will be necessary to make part payment of the grant in advance of the payment of the assessed grant. The D.P.I. says that the question of adopting a simplified procedure for assessing teaching grant is under consideration and that proposals will be submitted to Govt. Their receipt may be awaited till 1-10-47.

A copy of the letter on pp 1-2 c.f. has been received in C1 Section and separate action is being taken on that in respect of E.E. Fund.

Subsidy - Maintenance - Secondary schools under local bodies -1947-8.

....

From the D.P.I. Roc.No. 1455 G2/47 dated 15-9-1947.

The points raised by the D.P.I. in his letter on pp.5-6cf. are examined below:-

(1) Levy of ten instalments of school fees not below the standard rates to become eligible for teaching grant.

The object in imposing this condition is to bring down the net cost of maintenance of the schools as much as possible. The additional expenditure on account of the adoption of the revised scales of pay will be incurred only in the current year and the condition will be satisfied if local bodies levy 10 instalments from the current school year. It cannot be applied to the school year 1946-7.

(2) Payment of teaching grants.

The fixed lump sum subsidies hitherto paid towards the maintenance of secondary schools opened prior to 1930 related to the year in which it was paid. Under this system, for 1946-47, subsidies towards the cost of maintenance of secondary schools opened prior to 1930 ~~in 1946-47~~ have already been paid in that year. Under para 2 of G.O.No, 975 Education dated 10-5-47, the fixed lump sum subsidy has been abolished as ~~from~~ 1-1-47 and the system of payment of teaching grants to all recognised schools under local bodies every year based on the net cost of maintenance of the institutions in the preceeding financial year has been introduced instead subject to the proviso that in the case of schools in respect of which fixed subsidies were being paid till now, teaching grants under the revised system, should not be less than the subsidies hitherto paid. Thus secondary schools under local bodies have been brought into a line with aided secondary schools under private managements. In respect of the latter the grants for a particular year is paid in the succeeding year. The grants for 1946-47 are thus payable in the current year.

In para 4 of G.O.No. 975 Education dated 10-5-47, the Government laid down the method for calculating the teaching grant for 1946-47. As the arrears of pay due to the fixation of pay in the revised scales from 1-1-47 for the two months January and February 1947 will be paid only in the current year and will go into the accounts for 1947-48, Item(iii) (in the para referred to above) relating to the payment of difference between the old and new rates of pay

will not come into force.

~~It is inoperative.~~ As the accounts for 1946-7 would not have been audited in the case of all local bodies it is not possible now to assess the net cost for 1946-47. Further the question of adopting simplified procedure for assessment of teaching grants is under consideration. Local bodies may therefore be paid in the current year the amount due under items(iv) and (V) in para 4 of G.O.No. 975 dated 10-5-47 in respect of all the secondary schools under local bodies which were functioning in 1946-47. They may also be paid in addition ~~to~~ a special grant to meet the additional expenditure in the current year on the maintenance of all the recognised schools equal to the lump sum subsidies hitherto paid. This grant may be treated as a provisional grant in 1947-8 of the amount due for 1946-47. This provisional grant may be paid in two instalments one-half of it immediately and other half along with the compensation payable under items (iv) and (v) in para 4 of G.O.No. 975 Education dated 10-5-47 later on as proposed by the D.P.I. Along with the financial statements for 1947-8, the statements for 1946-47 also may be obtained from the local bodies, the grant due for both the years may be correctly struck off and after adjusting the amount paid in the current year, the balance due may be paid in 1948-9. The expenditure may be met from the provision made in the current years budget for payment of teaching grants to local bodies.

4. The D.P.I. has stated that subsidy towards the employment of Hindustan teachers in 1947-8 may be paid in 1948-9 along with the teaching grant for the school. It seems unnecessary to continue these separate subsidies. The expenditure incurred on the employment of Hindustani teachers may be taken into account in assessing the teaching grant for the school. The D.P.I. may be informed accordingly.

5. The remarks of Finance may be invited U.O.

FINANCE DEPARTMENT

Ed 8 (52)

The Finance Department have agreed to the proposal of this Dept to pay to local bodies in the current year towards the cost of maintenance of secondary schools

(1) a special grant equal to the fixed lump sum subsidies paid in 1946-7 and

(2) the compensation due under items (iv) & (v) in para 4(a) of Go no 975 Education dt 10.5.47

pending the assessment of teaching grant for 1946-7 under the revised system after the accounts for that year are audited and the question of adopting a simple method of calculating the teaching grant is decided. The grant will be paid in two instalments – the first instalment immediately and the second instalment after the necessary financial statements for determining the amount of compensation payable are called for & the amount fixed

A draft order which explains fully the proposal is submitted below. It may be ~~sent~~ circulated to ~~Fin~~ (Edn) for approval

This Special grant as the lump sum subsidy paid in 1946-47 will be deducted from the grant payable in 1948-49

Item (v) in para 4 (a) of G.Ms. no. 975 Edn dt 10.5.47

A draft order which explains fully the proposal is submitted below. It may be circulated to Fin (Edn) for approval

[Go. no 2190 Education dated 10-10-47.]

Please see the letter since received from the DPI on pp 13-15 cf. He reports that the recommendation made ~~for~~ payment of one-third of the grant for books to military concession holders may be considered as cancelled and that item (iv) in para 4(a) of Go no 975 Edn dt 10.5.47 may be amended as suggested at X on pp 14-15 cf. The points raised in the present letter will be examined and submitted separately. In the meantime the portion in paras 2 & 3 of Go. no 2190 Edn dt 10.10.47 included in brackets in red ink which is in the form

stage may be deleted and orders in regard to the payment of grant for these items in the current year may be issued along with the orders to be passed on the Directors letter at Pt 13-15 cf.

To orders

KBK 17.X.47 The draft orders which has already been approved in circulation may issue. As regards the clarification in respect of the assessment of grant under Article 32 mentioned in item IV of para 4 (a) of U.O. No 975 Sows dt 10.5.47 a clin may be taken separately and orders issued along with the other points raised in the Directors' letter and pags 13-15 c/r. Item V of para 4 (a) of (J) does not seem to require any alteration. Any line may also be considered with the other points.
