To

The Secretary to Government,
Education Department,
Fort St. George.

Sir,

I submitted a petition to you over a month ago regarding my nephew Mr. P. Krishnamurthi. He completed his mechanical engineering course in the Engineering College at Guindy in 1944. Since then he has been a apprentice in the E.I. Railway Workshop at Jamalpur. He was awarded the gold medal of the college. This has not yet been delivered to him.

The practical training at Jamalpur was recognised by the authorities for the grant of the Diploma of the college to the boy. The Principal wanted a report on his work, and this was submitted in May 1946. Still the diploma has not yet been granted by the college to the boy.

Several letters were addressed, but there has been no response.

There has been inordinate delay in the grant of the diploma and the delivery of the medal. I do not know what action has been taken on my previous application and with what results.

I shall be grateful if you will be good enough to have the matters examined and let me hear. I kindly request you to grant me the diploma and the medal as early as possible.

Your most obedient servant,

Veeraraghavan

The papers required by Secy are put up. It is for consideration whether the DPT may be expedited of the stage at which the matter stands. I trust to see it put up on the next page.

Ref: Government Endt. No. 78240 A146-1 Edn. dated 4.1.47.

I have the honour to enclose herewith a copy of letter RC 100

Guindy, explaining the position.

Savor

For DIRECTOR OF PUBLIC INSTRUCTION.

COPY OF R.C. No. 336-B/47 dated 13-2-47 from the Principal,
College of Engineering, Guindy.

The student was directed in this office letter R.O.C. No. 5-28B/46
dated 11-3-46 to submit reports from his employers in the E.I. Railway
regarding his practical training so that the Government will be
addressed to recognise his training in the E.I. Railway for the
award of his diploma. Till now no report has been received about his
training and hence the issue of diploma is delayed.

With regard to the award of medals, three medals had to be
awarded from 1942-44 due to there being three sessions on account of
the accelerated course during this period and the amount available was
only sufficient for award of two medals and prizes.

After considerable correspondence with the Government, amount
necessary for the award of three medals during the two years of acce-
lerated course has become available. Orders for the medals have been
placed and the student's medal will be sent as soon as possible.

Sir,

I thank you for your No.15053 A/47-1EDn. bearing
no date received by me on the 11th inst.

Para 1 is not correct. Evidently there has been
a mistake. The report called for by the Principal was obtained
and sent to the Principal. I also saw personally Mr. Seetharamiah
the Principal several times and the report was with him. I also
personally called at the office of the College; the report was
in the records. This report was accepted and on its basis the
office also sent a provisional Diploma and promised to send the
final diploma on receipt of Parchment paper etc. In these
circumstances I request you to be good enough to further
examine the position.

Regarding para 2 I beg to advise that the Medal
has since been received by my nephew. He and I are grateful to
the authorities concerned for this.

Copy of the extract from the letter Roc.336-B/47, dated 17-5-1947

1. The Provisional Certificate is issued to a student after he completes his course and before he completes his one year's practical training. The Provisional Diploma is awarded to a student after he has had one year's approved practical training after completion of his course at the college.

2. Certificates regarding completion of one year's practical training do not appear to have been received at this college in respect of P.Krishnamurthy and unless these are received, a Provisional Diploma cannot be granted to him. Even when the certificate of practical training is received from the student, the Government will have to be addressed for recognition of his practical training as this training has been obtained by him in a place not recognised by the Government.

3. There has been no delay on the part of the College in the award of a Provisional Diploma to P.Krishnamurthy. I may mention in this connection that the College Diploma is of no value whatsoever to P.Krishnamurthy as he possesses the B.E.Degree. May I suggest that Mr. Veeraraghavan be requested to ask his nephew to deal directly with me and not waste the time of the Secretariat and the Director's Office over a matter which could be very easily settled. I have left very strict instructions at the College Office that requests for the grant of provisional certificates and provisional diplomas should be dealt with immediately and this is being done. As a matter of fact, I mark all such letters as 'Very Urgent'. The delay only occurs when students do not take the trouble to send full particulars or the required certificates of practical training.

Sir,

Your No. 15053-5/47-A Edn. dated 23-7-47
P. Krishnamurthy - Delay in the award of college Diploma -
Guindy Engineering College.

I beg to reply as follows :-

- 1) A copy certificate was sent based on the official report personally handed over by me on the boy's apprenticeship work.
- 2) They told me the diploma will be sent later. This is yet to come and that is why I was obliged to make the reference to Government.
- 3) The boy from July 1944 has been in the State Railways employed as Special Class Ry. Apprentice in the E.I. Railway workshops at Jamalpur and he is still continuing his work there. To obtain the diploma he has to be an apprentice only for one year. His apprenticeship at the E.I. Ry. workshops was approved by the college authorities. If any further report is wanted it can be officially obtained from the Works Manager or the Deputy Chief Mechanical Engineer of the E.I. Ry. Workshops, Jamalpur.
- 4) I reiterate what all I have stated in the previous correspondence and am prepared to substantiate every statement. This is a case in which there should be a full enquiry. The boy's college results were published in the Fort St. George Gazette in 1944 and in spite of his apprenticeship since then up to date, his diploma is yet to be given.

Sir,

Re: My nephew P. Krishnamurthi, B.E., (Hon) --
Engineering College, Guindy - issue of Diploma - him -

You will remember the correspondence in above.
The boy passed out of the Engineering College in 1944,
his College Roll No. being E.140.

He had to do one year's apprenticeship and he did
this in the E.I.Rly Workshops Jamalpur. This was approved
by the College authorities. In fact from July '44 right
up to date he has been a special Railway Apprentice at
those shops.

2 years ago I submitted a report on the boy's
work at the Shops for the grant of his diploma by the
College which up to date has not been given to him. I
personally sent it with my covering letter to the then
principal Mr. Sitharama Iyer. The certificate was on
record and later on, I pointed it out to the office people
of the College. Nevertheless, it was surprising that
its receipt was denied until now the Diploma has been
sent although a provisional one was given. The whole
matter is unsatisfactory.

Nevertheless, I now enclose herewith a complete
certificate from the workshops regarding the work done by
the boy from July 1944 & right up to date. The boy is
still working there. As he is in Govt. Service and this
was known to the Guindy College authorities it was even
open to them to have made a reference and obtained the
certificate for the issue of the diploma. It is not known
why they did not do this. Anyhow, now that the certificate
is enclosed I request you to be so good as to see that the
diploma is granted to the boy without any further delay.
I am not sanguine about the safety of this certificate if
sent to the College a second time and that is why I am
sending it to you.

As this certificate has to be sent to the
Institution of Locomotive Engineers, London, I am
enclosing also a certificate copy and shall be grate-
ful if you will be so good as to peruse the original
and the certified copy and retain the certified copy for
action and return the original to me. If you are not
doing this, will you be so good as to direct the College
authorities to do so and that the original may kindly be
returned to me, keeping the certified copy. I request
you to be good enough to kindly give clear instructions
in this behalf as I am anxious not to lose the original
which has to be sent to London.

Kindly acknowledge receipt of this letter and
enclosures.

C. no. 62469 from Sri P. Veeraraghavan, letter d. 31.7.47

The letter from Sri P. Veeraraghavan on p24c.f. maybe perused. Sri Veeraraghavan stresses the fact that a report on the practical training of his nephew was submitted, and that personally by himself. It may be noted that none of the statements made in para 2 of Sri P. Veeraraghavan's letter on p24c.f. so far as the Principal, Engg. College, Quindly, has been contradicted by the Principal, Engg. College, Quindly. The Principal merely says that no report on the practical training of the candidate has been received. The remarks of the Principal in para 3 of his letter d. 17.5.47, extracted on p20c.f., are no answer to the points made out by Sri P. Veeraraghavan, and are more in the nature of sidetracking the issue. It would seem that a report on the practical training must have been submitted and probably it has been lost by the office, which fact the Principal is not willing to admit. The

W D.P. may, in the circumstances, be asked to make a thorough enquiry into the matter, calling for the connected records, if necessary, from the office of the Engg. College, Quindly, and submit a report to the Govt. at an early date.

W 2. In the meanwhile, to avoid further delay in the matter of issue of the diploma, Sri P. Veeraraghavan may perhaps be advised to submit another report on his nephew's practical training to the college authorities, while informing him at the same time that the matter is being pursued with the D.P.I. ~~and to this effect.~~

W 3. Subject to orders, a draft memo and a draft letter are submitted for approval.

Please see the D.P.I.'s letter on page 28c.f. The Director has asked the Principal, Engg. College, Quindly, to obtain a duplicate copy of the certificate of practical training relating to Sri P. Krishnamurti and to issue a diploma to him on receipt. The D.P.I. will be reminded as to the stage of the matter on 16.10.47, if necessary.

2. It may be noted that the Director merely says that the Principal has stated that the certificate in question has not been received. It is for orders whether W.R.T. the memo on p25-26c.f., the Director ~~shall~~ ^{may} be asked to state whether he has satisfied himself on this point. Subject to orders, a draft memo is submitted for approval.
