MEMORANDUM

ADVANCED STUDIES OVERSEAS IN RESPECT
OF MR. C.NARASIMHACHARI 1945 SCHOLAR

----

pp2-4

The undersigned is directed to forward herewith a letter dated the 20th June 1947 from Mr. C.Narasimhachari received through the Indian Embassy, Washington, requesting an extension of his scholarship for a period of one year upto January 1949 in order to enable him to obtain practical training. The University authorities and the Educational Liaison Officer at the Indian Embassy recommend the extension and consider it very desirable in the interest of the scholar's work.

The Government of Madras may kindly consider the case and communicate their decision to the Government of India at an early date.

for Secretary.

Through
Prof. M.S. Sundaram,
Education Liaison Officer,
Washington, D.C.

Dear Sir,

Sub: Extension of Scholarship.

I have been studying Food Technology here in the University of California on a Government of Madras scholarship. As I arrived in California towards the end of Fall term in January 1946, I actually began my academic work in March 1946. Since then I took several courses in food technology and other courses required. I shall be submitting thesis for M.S. at the end of Fall term in February 1948.

Later, I would very much like to spend about 9 months in the industry. This will provide the necessary practical basis for the theoretical training that I received so far in the University. Further, you are aware of the primitive state of fruit processing industry in East Godavary(Kadium), Kistna District(Bezwada) and elsewhere. You might also know the present condition of fish canning in Thanur near Calicut and that equipment is bought in this country for canning fish in Vizagpatam District. What these business men need now, as you very well know, is the technical know-how and men with practical experience in actual operation of these industries.

Ordinarily, it is extremely difficult to secure permission to work in any plant. But with the influence of our professors, I secured such facilities. Further, I have a standing offer from a big manufacturer that I can work in his industry any time that I am free.

I, therefore, request you to extend my scholarship for one more year from Jan 1948 to Jan 1949, so that I can take advantage of the great opportunity for practical training.

Thanking you very much,

Very sicerely yours,
C. Narasimha Chari.

Berkeley
June 20, 1947.

June 20 - 1947

Dear Professor Sundaram:

I have read Mr. Chari's letter of June 20, & I am happy to endorse his request.

I should like to add that I believe Mr. Chari thoroughly merits whatever additional consideration you may feel justified in approving. He is an excellent student and he has taken several courses not required for an M.S. degree, such as the micro-chemistry course, which has contributed very materially to his educational background.

Yours sincerely

G. Mackinney

Overseas Scholarships - 1945-46 -
Mr. C. Narasimhachari.

Mr. C. Narasimhachari was selected in 1945-46 for the award of an overseas scholarship in "Manufacture of films". He sailed for America from Bombay on 28.11.45. He was first placed in Stanford University for undergoing studies in Photo-Chemistry. As "photochemistry" had little to do with "manufacture of films" admission in some other institution where facilities for traini in "manufacture of films" was tried. without any success. In April 1946 the Govt. of India stated that "manufacture of films" was a highly secret commercial process known only to Messrs. Eastman Kodak and that they did not admit foreigners to their institution. The Govt. of India added that in the circumstances Mr. Narasimhachari was authorised to pursue a course in "Food Tech in the University of California. This Govt. had no objection to this arrangement.

9 - AUG 1947
DEVELOPMENT DEPARTMENT

To U.S.:

Please see note on p. 1 above. The University authorities and the Educational Liaison Officer in the U.S.A are reported to recommend the extension of the period of the scholar's training. He is a private candidate and will have to take his chances for absorption in "industries" either under Govt or under private employers on his return. There does not appear therefore to be any purpose in consulting D.I.S. on this proposal. For orders whether the extension of the period of training will be supported.

The case may be returned to E & P.H. Dept.

SUB: ADVANCED STUDIES OVERSEAS IN RESPECT OF MR.C.NARASIMHACHARI 1945 SCHOLAR.

G.O. 2207 Edn 14-10-47

18 CF (d) 18028

Sir,

I am directed to refer to this Ministry letter of even number, dated the 22nd September, 1947, on the above subject and to state that the Educational Liaison Officer at the Indian Embassy, Washington has informed the Govt. of India that Mr.Narasimhachari would be taking the Master's Degree in Food Technology at the California University, Berkeley, in Feb., 1948. He has further stated that the present circumstances it may be difficult to arrange his practical training in Food Technology.

Mr. Narasimhachari has however, managed to secure admission in the Massachusettes Institute of Technology for further theoretical studies in the Engineering aspect of Food Technology, and he desired to join the institution in February, 1948. This Ministry is of the view that since the extension in the scholarship period of Mr. Narasimhachari upto January, 1949 was granted for the specific purpose that he should undergo practical training in Food Technology after taking the Master's Degree in the subject, it would not be desirable to divert him to another course of theoretical studies at the M.I.T. It is, therefore, suggested that the scholar may be made to return to India in case the Educational Liaison Officer at the Indian Embassy finds it impossible to arrange for his practical training.

A

The Govt. of Madras may kindly consider the case and communicate their views to this Ministry telegraphically.

I have the honour to be,
Sir,
Your most obedient servant,

DKHingorani
(D.K.Hingorani)
for Secretary.

SUBJECT:- ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. C.NARASIMHACHARI, 1945 SCHOLAR.

....

Sir,

34275
p 5 ante

I am directed to refer to this Ministry endorsement of even No. dated 25th March 1948, on the above subject, and to state that the Indian Embassy, Washington has informed the Government of India that the Professors at the California University advised Mr. C.Narasimhachari to learn the basic principles of Food Engineering at the Massachusettes Institute of Technology and secured his admission in that Institute, which is normally difficult to obtain, for two semesters. After this, the scholar will undergo practical training in the Food Industries in the United States of America from June 1948 onwards when the season begins in the United States of America. In this connection a copy of an extract from Mr. Narasimhachari's letter dated 18th March 1948, received through the Indian Embassy, Washington, is forwarded herewith, from which it will be observed that the scholar's course during the period of extension will include both theoretical studies and practical training in Food Technology.

p 11 infra

'A'

This Ministry is inclined to agree to allow Mr. Chari to complete the work he has in hand and then return in January 1949.

'B'

I am to request the Government of Madras kindly to consider the case and intimate to this Ministry urgently whether or not Mr. Narasimhachari's programme of studies and training

upto......

P.T.O.

upto January 1949 will meet their requirements.

The Progress report and the Employment Forms regarding the scholar, will be forwarded to the Provincial Government, when they are received from the Indian Embassy, Washington.

I have the honour to be,
Sir,
Your most obedient servant,

for Secretary.

Extract from Mr. C.N.Chari's letter dated March 18th, 1948.

x x x x x

Please refer to No.G.217/45 dated March 15th and I thank you for the same.

It is true that I got extension primarily for practical training. But before working in a plant, the professors at the University of California advised me to learn the basic principles of Food Engineering. M.I.T. is the place for it and they took the trouble of getting admission for me here for two semesters. (You know how difficult it is to get into this Institute).

Accordingly, I am taking few courses in engineering. I am also working on a research project to produce on a semi-commerical scale vacuum concentrated nutritious foods such as Ovaltine and Malted Milk. The modern equipment and the machinery that I am at present using is very difficult to find even in big plants.

I made plans, even prior to coming to M.I.T. to work in a plant during next summer. That will be from June on, when the food industries' season begins.

Copy of letter dated 16th July, 1948 from Mr. C. Narasimha Chari,Iowa to the Educational Liaison Officer for India Washington, D.C.------

Please refer to your letter No.G.217/45,dated June 19, 1948 for which I thank you.

Since you asked for information regarding my practical training I delayed the reply till I could furnish the same.

I finished my work at the Massachusetts Institute of Technology on June 5, 1948. As regards the details of my wor I took the following courses for credit. Heat Engineering; Business Engineering and Administration(Introduction to Business Management); Technology of Food Products and Food Technology Seminar. I also attended a course in unit operations in Chemical Engineering. On the practical side, I worked on a continuous belt type vacuum dehydrator built during the last war for pilot plant operations by the United States Army. Our work was carried out to convert liquids int powder form, which possesses the original flavour and nutritional characteristics. I also worked on the evaluation of the antifoaming action of several compounds during the vacu concentration of proteineicious food materials. In another research project, I tested the effects of high energy x-rays cathode rays and fumigants on fruit and vegetable enzyme systems. This work gave some interesting results.

At present I am working in Clinton Industries Inc.,Clinton, Iowa as a research assistant. This company makes several products from corn(maize) such as starch, dextrins,corn syrup, dextrose, edible corn oil and lactic acid.Corn syrup and dextrose, as you know, are essential basic materials fo the manufacture of food and confectionery products.In India there is a great demand fordextrose as a food for infants and invalids. My work is primarily to evaluate the use of new materials in the present plant operations and to improv existing methods. If the U.S.Immigration Authorities permi I would receive $ 205 per month from the above company.

My visa has been extended up to November 26, 1948.

OVERSEAS SCHOLARSHIPS (CENTRAL/PROVINCIAL)

APPLICATION FOR EXTENSION OF PERIOD OF SCHOLARSHIP.

(To be filled in triplicate)

N. B. This application must be made in time so as to reach the Government of India, Ministry of Education at least three months before the expiry of the sanctioned period of scholarship.

1. Name of the Scholar. C.NARASIMHA CHARI
2. Sponsoring Government. (with year of selection in brackets.) MADRAS (1945)
3. Date of commencement of scholarship. (Date of arrival in ~~U.K.~~/U.S.A.) January, 1946
4. Date of normal termination of scholarship. December, 1948

4A. See below. ~~expected to be completed~~

5. Details of the courses undertaken upto the date of normal termination of scholarship. (Give full details and if the space is insufficient separate sheet may be attached.)

Institution or University attended. (1)	Date of Joining (2)	Date of Leaving (3)	Subject with exact branch (4)	Some details of the course (5)	Degrees, diplomas or certificates if any, Obtained. (6)
UNIVERSITY OF CALIFORNIA	MARCH 1946	FEBRUARY 1948	FOOD	TECHNOLOGY	M.S.

(a) Academic courses.

Food Technology and Food Engineering

(b) Practical training.

Working in the Clinton Industries Inc.,
in the applied Research section
beginning from July 8, 1948

6. Final date upto which extension is required. June 30, 1949 (Six months)
7. Reasons why extension is considered essential. Please see the attached sheet

(P.T.O.)

4A. Approved course of study. Food Technology

8. Details of the work to be done during the period of extension. (give full details).

Institution or University to be attended.	Duration		Subject with exact branch	Details of the course to be followed.	Degrees, diplomas or certificates if any, to be obtained.
	From	To			

(a) Academic courses.

(b) Practical training. To work in the Manufacturing section of the Clinton Industries Inc., which produces starch, syrup and dextrose from corn.

(c) Will you be paid by the institution, factory etc., in which you will work?

Yes

(d) If 'yes' then at what rate?

About 230 dollars per month

Signature of the scholar C. Narasimha Chari

9. Recommendations of the Professor, or other University authority supervising the work of the scholar.

10. Recommendations of the Educational Liaison Officer. Since this student is not at any teaching Institution this entry (9) has been left blank. We recommend the extension sought in view of the fact that the practical being obtained will be of great use.

P. Ganguli 21/10/48

D.

Decision on the application.
(to be filled in by the Ministry of Education.)

IDNS
100✓D.

REASONS FOR EXTENSION

1) The Clinton Industries Inc. gave me a job on condition that I would work in their Research section for six months. At the end of this period, I would get an opportunity to work in their manufacturing section for another six months, thus giving me one year of practical training in all. This is the primary reason for requesting extension.

2) This company has been paying me a salary of about 230 dollars per month including tax. I repaid my last three months' salary in full to the Government of India. So the Government has actually been making some profit in my extension period.

3) During my leisure time, I have been visiting the nearby farms to study the cultivation of hybrid corn (maize). This new type of corn gives larger yields per acre and can be grown extensively under Indian conditions, especially in Madras province, in areas where maize is grown at present. The growing operations here usually begin in April, and hence the need for extension.

4) Corn starch finds wide use in the textile and paper industries. Corn syrup and dextrose are used in the manufacture of infant foods, confectionery and several other food products. Corn industry, therefore, works on a highly competitive basis in U.S.A. As far as I am aware, I am the only Indian, who is permitted to work in any industry of this nature in this country. In order to utilize this unique

from the Indian Embassy, Washington to the Ministry of
Education, Government of India, New Delhi.

*****

I am directed to enclose herewith Mr. Chari's report for the month of September and October, 1948, as also a copy of his letter dated November 4th 1948, as per which the student has represented that the amount earned by him from Clinton Industries Inc. should not be refunded to Government. It is for Government to decide as to what action should be taken on this representation.

As the position is, the student has refunded monies earned by him for the period 8th July to 15th October, a net sum of S.6 S.674.90. With effect from December 1st. no maintenance allowance or any other allowance has been paid to Mr. Chari and he is fact is on his own. It is, therefore presumed that Mr. Chari may be allowed to maintain such sum as he earns, with effect from December 1st, 1948. As the Monthly Report will show the actual figures vary from month to month, but they approximate to just a little more than what is spent per month on a Scholar, taking into account maintenance allowance, book allowance, and study tour allowance.

Copy of letter from C.N.Chari dated 4th November, 1948 to the Education Department, Indian Embassy, Washington D.C.

I am a Government of Madras Scholar. At present, I am undergoing practical training in the Clinton Industries Inc., here in Clinton. I am receiving about S.207 net per month from the above company.

My father retired as an elemetary school teacher and does not receive any pension. He has to support a family of nine members including seven children. He recenved moved from a small village to a town in order to send three of the older children to high school. Since he has practically no other source of income, I am obliged to send money in order to support the family. His address is Ch.Gopala Charl, Vakil's st., Peddapuram, East Godabary, Madras Province.

I have also to send money to my wife. She lives with her father, who is also a retired municipal school teacher receiving no pension. His address is: A. Venkata Chari, Anaparti, East Godavary, Madras Province.

In view of my above commitments, I request that I be permitted to retain all my earnings.

Thanking you.

p65-79 infra

I am also to forward herewith a copy of letter No.G.217/45, dated 27th April, 1949, from the Indian Embassy, Washington, together with its enclosure. The Government of India have no objection to the grant of the scholar's request on the distinct understanding that the scholar's proposed further stay and study tours will be entirely at his own expense, and that Government's responsibility will be confined to the provision of a return passage to the scholar from United States of America to India (via United Kingdom), without any halting allowance being admissible to the scholar during the period of his stay in United Kingdom. It is presumed that the Provincial Government concur in these views. This presumption may kindly be confirmed by telegram immediately.

p81-83 infra

Yours faithfully,

Vikram Singh 24/5

(Vikram Singh)
for Secretary.

GOVERNMENT OF INDIA
MINISTRY OF EDUCATION

Overseas Scholarships (Provincial) - Application for Employment of Scholars

N.B. - This application must be submitted (in quadruplicate) at least FOUR months before a scholar's stay abroad is to come to an end.

1. Full Name (in block letters)	CHILAKAMARRI NARASIMHA CHARI
2. Date of Birth	MARCH 14, 1920
3. Father's Name	CHILAKAMARRI GOPALA CHARY
4. Full address in India to which correspondence should be addressed to the scholar on his return	c/o CH. GOPALA CHARY, VAKIL'S STREET PEDDAPURAM, EAST GODAVARY DISTRICT MADRAS PROVINCE.
5. (i) Subject of Scholarship (ii) Exact Branch	FOOD TECHNOLOGY SPECIALIZED IN i) STARCH AND SUGAR INDUSTRIES AND ii) FERMENTATION AND MANUFACTURE OF FOOD YEAST
6. Year of Selection	1945
7. Name of Sponsoring Province	MADRAS
8. Date of commencement of scholarship (Date of arrival in the country of study)	DECEMBER 28, 1945
9. Date on which the course of his studies is due to terminate	AUGUST 8, 1949
10. Approximate date of return in India	OCTOBER 7, 1949

11. Qualifications prior to selection

	Name of College, Institute or University attended	Examination Passed	Division obtained	Year	Subjects Taken
(a) Academic (i) Degree & post-graduate examinations only	ANDHRA UNIVERSITY	B.SC.HONS	FIRST CLASS	1941	CHEMISTRY AS MAIN PHYSICS AND MATH. AS SUBSIDIARY
	ANDHRA UNIVERSITY	M.SC.	BY RESEARCH	1942	CHEMISTRY
(ii) Post-graduate training or research	OSMANIA UNIVERSITY			1942 TO 1945	CHEMISTRY.

(iii) Published Works (give names of the papers published, if any).	PUBLISHED THREE PAPERS IN PHOTO-CHEMISTRY: 'Photo-chemical formation of Hydrogen peroxide from Water', Parts 1 & 2: Journal of Indian Chemical Society(1944). Part 3 in Proceedings of Indian Science Congress(1945)

	Institution, Co., or Office where trained or employed	Post or capacity in which employed	Pay if any drawn (with scale)	Period
(b) Practical training and industrial or professional experience gained (including apprenticeship)	Hyderabad Starch Products Ltd., Hyderabad (Dn)	Research Chemist attached to the University		About 6 months

(c) Additional qualifications not covered in (a) and (b) above	Employed as Chemist in the Department of Industries and Commerce, Madras

(d) Post held at the time of selection:	
(a) Name of the Post	Chemist
(b) Pay last drawn and the scale of pay	Rs. 210
(c) Office or Government where employed	Department of Industries and Commerce, Government of Madras
(d) Did you resign, or go on study leave terms or on extraordinary leave?	Resigned

12. Overseas Qualifications Acquired:

(a) Name of the country of study U.S.A.

(b) Details of the course of study covered (up-to-date):

	Institution or University, etc., attended	Duration		Subject With Exact Branch	Some details of the course (if the space is not sufficient, attach a separate sheet)	Degree, Diploma or Certificate if any, obtained
		From	To			
(i) Academic	University of California, Berkeley, California.	March 1946	Feb. 1948	Food Technology	Food Processing including canning, Freezing and Dehydration. Fermentation industries & manufacture of Food yeast	M.S.
	Massachusetts Institute of Technology	Feb. 1948	June 1948	Courses in Chemical Engineering and Mechanical Engineering. Research in Food Technology.		

(ii) Practical Training	a) F.M.Ball & co., California	July 1946	Sept. 1946	Received training throughout the food processing plant
	b) Campbell Co-operatives Inc. California	August 1947		Worked on Dehydration of Fruit
	c) Clinton Industries Inc., Clinton, Iowa	July 1948	July 1949	Mnufacturers of starch, glucose sugar and oil from corn. Worked as Research Chemist for 7 months and as a Chemical Engineer working throughout the plant for 5 months
(iii) Educational visits and study tours	Visited several institutions, Universities, Government Research Laboratories and Food Processing plants in the states of California, Oregon, Massachusetts, New York, New Jersey and Pennsylvania			

(iv) Any papers published? Please give details or attach copies	Published two papers connected with Dehydration industry in the Fruit Products Journal(March, April-May issues,1948). i) The effect of blanching... unprocessed prunes. ii) Yeast population in figs during drying.
13. (i) Do you have any suggestions about your employment? (ii) Would you prefer a (a) Administrative (b) Technical or (c) Teaching Post?	Yes, I prefer a technical position in an industrial concern manufacturing starch or cane sugar, as an engineer in charge of some manufacturing operations. As a second choice, I would suggest a position in an industrial firm manufacturing power alcohol, baker's yeast, food yeast or vegetable oil products.
14. Testimonials attached (Attach at least 2 testimonials from Professors or Supervisors under whom you worked during your studies overseas and give their names and addresses)	Two testimonials attached: i) Prof. W.V.Cruess. Food Technology Division, University of California, Berkeley, California. ii) Prof. B.E.Proctor. Department of Food Technology, Massachusetts Institute of Technology, Cambridge, Massachusetts, U.S.A

University of California
Division of Food Technology
Berkeley, California

February2, 1948

To whom it may concern:

This memorandum is to certify that Mr. C. N. Chari has been granted the degree of M.S. in Food Technology. We found him to be a very capable student, one of the best we have had in recent years. In addition to getting good grades in his courses he proved to be very capable in research.

While he has been at the University of California an important part of his training was obtained in vacation work in a California cannery, that of the F.M. Ball Company of Oakland. The manager of the plant told me that Mr. Chari was very efficient and satisfactory, and that if he were an American they would be glad to give him a permanent job.

Mr. Chari also assisted Dr. Mrak with field experiments on the dehydration of prunes, in which work he obtained some very useful and important data. His Master's thesis was conducted under the direction of Dr. Gordon Mackinney and Professor G. L. Marsh. The title of his thesis was "Adsorption and Spectroscopic Techniques Applied to Rancid Vegetable Oils". In this research he also did an excellent job.

We expect Mr. Chari to make an excellent reputation in research and its application in industry in India.

Yours sincerely

Sd. W. V. Cruess
Chairman of the Division.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY
CAMBRIDGE, MASS.

DEPARTMENT OF FOOD TECHNOLOGY

August 12, 1948

To Whom It May Concern:

I have been acquainted with Mr. C. N. Chari during his period of some six months as a student here and have been in charge of his effort during that period. He has done a high grade of work from an academic standpoint and has shown efficiency in the practical application of his studies in the food industries.

I feel he can be highly recommended for any position requiring technical efficiency in the food industries or in research relating thereto.

Sd. B.E. Proctor

Director
Food Technology Laboratories

Copy of letter No. G.217/45 dated the 27th April, 1949, from the Indian Embassy, Washington to the Ministry of Education, New Delhi.

Subject:- Mr. C.N. Chari, 1945 Madras sponsored scholar

Your File No.F.3-11/S/24/45 S.2

=====

I am ~~dire~~ attaching herewith copy of a self-explanatory letter as sent in by the above mentioned student It is for Government to consider whether Mr. Chari, who is at present not being paid stipend or allowance and other remuneration should be allowed to stay in the United States of America till approximately the end of July, 1949, as stated in paragraphs 2 and 3 of the enclosure, and thereafter stay for a period of three weeks in the United Kingdom for reasons stated in paragraph 4 of the enclosure.

It is our recommendation that Mr. Chari may be allowed to stay in any case in the United States of America till approximately the end of July, 1949, as also to stay over in the United Kingdom. It will be appreciated if the decision reached is conveyed at an early date. The employment forms when received will be duly posted.

=====

G.N.Chari
237 Third ave.. South,
Clinton, Iowa.

April 16, 1949.

Dear Mr. Gangulee:

Thank you for sending the copy of the letter No.G.217/45 dated 14th April addressed to the American Express Co.

In this connection, I would like to bring to your notice the following facts:

1) As you know, I have been undergoing practical training here since July, 1948. The Government stopped paying my scholarship since December, 1948. I have been retaining my remuneration pending Government's approval.

2) I have to work in this company till July 9, 1949 in order to finish one year as agreed previously.

3) After that date, I would like to visit the corn starch and sugar industries, most of which are located around here. During this trip I can find out what kind of plant lay out is best suited to our Indian conditions. This tour should not take more than three weeks. At the end of this period, I would be ready to leave this country.

4) Then, I would like to go to England in order to find out whether the English firms can supply the machinery needed for the above mentioned industry. As you know, this information is very important in view of the present shortage of U.S. dollars. This stay should not exceed about three weeks. During the same period, I can also visit the potato starch and sugar industry in England.

5) I would like to add that starch finds wide use in the textile and paper industries. It is also used to manufacture dextrose, and this in turn is used to make infant foods and several other food products badly needed in India today. At present a small sized starch industry exists in the Madras, Bombay and Bengal Provinces. There is a great need for its development to cope up with the current expansion in our food, paper and textile industries

I therefore, request you to advise the travel agent to arrange passage for me from New York to England in the second week of August or later and from England to India in the second week of September or later.

Thankin you,

very sincerely yours,

sd/- C.N. Chari.

P.S. I would return the completed employment forms tomorrow.

OVERSEAS SCHOLARSHIPS (CENTRAL/PROVINCIAL)

TRANSFER + Extension of Stay FORM

(to be filled in Triplicate)

N.B. This application must be made in time so as to reach First Secretary, Education Department, Embassy of India, Washington, D.C., at least two months before the transfer is desired.

1. Name of the Scholar. CHILAKAMARRI NARASIMHA CHARI

2. Sponsoring Government (with year of selection in brackets Madras (1945)

3. Date of commencement of scholarship (Date of arrival in U.K./U.S.A.) December 28, 1945

4. Date of normal termination of scholarship. June 30, 1949

*5. Nature of Transfer desired e.g.
From one country to another.
" " ~~institution to another.~~
" " ~~subject to another.~~

From U.S.A. to U.K.

6. Details of the courses undertaken up to date (Give full details and if the space is insufficient a separate sheet may be attached.)

Institution attended. (1)	Date of Joining. (2)	Date of Leaving. (3)	Subject with exact branch. (4)	Details of the course. (5)	Degrees, diplomas, or certificates obtained, if any. (6)
(a) Academic course.					
University of California	**March 1946**	**to Feb. 1948**	**Food Technology**		**M.S.**
Massachusetts Institute of Technology	**Feb. 1948**	**to June 1948**	**Food Technology & Engineering**		
(b) Practical Training.					
F.M.Ball & co., California	**1946 summer**		**Training in Food Processing industry**		
Clinton Industries Inc., Iowa	**July 1948**	**to July 1949**	**Training in the starch and Dextrose sugar industry**		

7. Whether transfer applied for will need any extension in the normal period of scholarship, if so, indicate the period.
Extension of 2½ months is nedded, out of which one month will be spent in U.S.A. and three weeks will be spent in U.K.

8. Reasons why transfer is considered essential **After finishing practical training here in a starch & dextrose sugar industry, I want to visit the corn starch and sugar industries located round here. Then I would like to go to U.K. to find out whether the British firms can supply the machinery needed for the above industry. This information is very important in view of the present shortage of U.S. dollars. Starch and its products are widely used in textile, paper and food industries**

---

* Mention in detail the subject and institution and /or country to which transfer is desired.

P.T.O.

9. Details of the work proposed to be done after transfer (give full details)

Institution to be attended.	Duration From	To	Subject with exact branch.	Details of the course to be followed	Degrees, diplomas or certificates, if any, to be obtained.

(a) Scademic course.

(b) Practical training. **From August 24, 1949 to September 15, 1949** (3 weeks)
To interview some major British firms manufacturing equipment for starch and dextrose sugar industries. During the same period, visit the potato starch and sugar refining concerns in England.

Signature of the Scholar C. N. Chari

10. Recommendations of the Professor, or other University authority supervising the work of the scholar. Since this student is not at any university there are no remarks of Professor. However, it is felt that this student's application for extension of STAY (not scholarship) may be granted unless Government wishes to employ him immediately on return. The further practical training gained would be of value.

11. Recommendations of the Embassy of India.

SUBJECT:- OVERSEAS SCHOLARSHIP SCHEME - INDIVIDUAL FINANCIAL STATEMENT IN RESPECT OF MR. C.N. CHARI, 1945-46 MADRAS GOVERNMENT SPONSORED SCHOLAR.

7625

Sir,

I am directed to refer to your letter No. G.217/45/A dated the 17th August, 1949, on the above subject, and to invite your attention to item 5 of the Individual Financial Statement wherein Mr. C.N. Chari has been shown as paid at the rate $160 p.m. from 28th December, 1945 to 30th November, 1948.

You are no doubt aware orders regarding payment to scholars at the rate of $160 p.m. were conveyed to you in this Ministry letter No.F.29-2/46 O.D.II dated the 20th January, 1947, and were to be given effect from 1st July, 1946. Prior to that date i.e. 1st July, 1946 all scholars studying in expensive Universities in the U.S.A. were to be paid at the rate of $125 p.m. vide this Ministry letter No.F.21-2/45 E.IV dated the 16th March, 1946.

I am, therefore, to enquire whether Mr. Chari has been overpaid a sum of $230.64. This may kindly be confirmed so that steps may be taken to recover the overpayment from him.

Yours faithfully,

OCTOBER 7, 1949

8 - OCT 1949

To
SECRETARY
EDUCATION DEPARTMENT
GOVERNMENT OF MADRAS

Dear Sir,

SUBJECT: ARRIVAL OF GOVERNMENT SCHOLAR

77760 I wish to inform you that I arrived from the U.S.A on September 29, 1949 at Bombay Airport, after finishing advanced studies and training in the U.S.A. I was selected by the Government of Madras in August 1945 and studied Food Technology and also underwent practical training in the manufacture of Starch and glucose.

Very truly yours
C. N. chari

SUBJECT:- ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. C. N. CHARI 1945-1946 MADRAS GOVERNMENT SPONSORED SCHOLAR.

..

Sir,

In continuation of this Ministry letter of even number, dated 23rd September, 1949, on the above subject, I am directed to state that the High Commissioner for India in London has reported that Mr. Chari left the United Kingdom by air for India on the 26th September, 1949. I am therefore to request that the exact date of his arrival in India may kindly be communicated to this Ministry at an early date. His employment position may also be communicated in due course.

Yours faithfully,

Vikram Singh 17/x

Sir,

I am directed to refer to this Ministry's endorsement of even number dated 28th September, 1949 on the above subject and to forward herewith a copy of letter No.G.217/45 dated 11th November, 1949 received from the Indian Embassy, Washington which sets out the correct rates at which stipend was paid to Mr. Chari during his stay in the United States of America.

Yours faithfully,

(Vikram Singh)
for Secretary.

Copy of letter No.G.217/45 A dated 11th November, 1949 from the Education Secretary , Embassy of India in the U.S.A., to the Secretary to the Government of India, Ministry of Education, New Delhi.

I am directed to refer to your letter No.F.3-11/S.24/45-S.II, dated 28th September, 1949, and to say Mr. C. N. Chari, 1945-46 Madras Government sponsored scholar was paid stipend as follows during his period of study in the U.S.A.:

From December 28th, 1945 to June 30th, 1946 @ $ 125.00 per month;
From July Ist, 1946 to November 30th, 1948 @ $ 160.00 per month;
From December Ist, 1948, to August 20th, 1949 (date of departure)
No payment made as student remained at his own expense.

The amount of $ 160.00 per month for the period 28th December, 1945, to November 30th, 1948 shown on the Individual Financial Statement is incorrect. The error is regretted.

ASST. SECRETARY
12 DEC 1949

Sir:

Sub: Granting of halting allowance in England during transit from U.S.A. to India.

Ref: 1. Transfer form from the undersigned to the Education Department at Washington, D.C. dated May 4, 1949.
2. Letter no. G217/45 dated June 10, 1949 from Education Department at Washington, D.C.
3. Letter from Education Department, India House, London, no. E.B. 6020 dated September 13th.1949.
4. Government endorsement 13028 E2/48-8 dated 4-10-'49.

9714/5

p100 ante x

After finishing practical training in a starch and glucose plant in the U.S.A., I was advised by the Company Engineers and also my old professors to visit the glucose industry in U.K. as a sort of finishing touch. I, therefore, requested the Education Department at Washington, D.C. to arrange my passage via) U.K. so that I might get a stay of three weeks there during transit for the above mentioned purpose, with the understanding that the government would pay the halting allowance in England. I made this request to insure my visit to U.K., though I knew that at that time all the students returning to India from U.S. were sent via) U.K. in the normal course of passage arrangements.

2. The Education Department at Washington, D.C. wrote me on June 10, 1949 to say that while in England no halting allowance will be admissible to me. Acting on the assumption that I would agree to these conditions, the Education Department went ahead and made arrangements for my passage via) U.K. I was not given enough time to say 'no' to the above proposal and I must say that I never agreed to the above conditions. When I later saw the deputy secretary at Washington, D.C. he told me that the matter of halting allowance in U.K. should be settled later with the government of Madras.

A

3. When I arrived at London, I was informed that the government already instructed the secretary not to pay halting allowance to me. Since I was stranded in London due to lack of personal funds, I requested the secretary to arrange a return passage to India immediately in the absence of any halting allowance being paid to me. He represented the matter to the Madras government and informed me after a period of twenty days that the latter agreed to grant me the minimum amount required by me as a loan repayble on my return to India. I then took from him a sum of £34, which amount exactly represented the halting allowance normally due to me for a period of thirty days.

B

4. It is a pity that I alone should be singled out for not receiving the halting allowance, simply because I asked that my return passage be arranged via) U.K. The government did not incur any special expenditure in this connection. In the normal course I would have been sent via) U.K. any how and paid halting allowance along with the other government students from U.S.A. Further the short stay in U.K. was requested merely to add to the practical experience already gained in the U.S.

5. I therefore, request the government to reconsider the whole matter of halting allowance in U.K. during transit and grant the same to me. In that case, I would not have to repay the amount taken from the Education Department in U.K.

Yours faithfully,

Chilakamarri Narasimha Chari

Sir,

In continuation of this Ministry letter of even number dated 8th December, 1949, on the subject mentioned above, I am directed to forward herewith a copy of letter No.EB.6020 dated 16th December, 1949, with enclosure (in duplicate) from the High Commissioner for India in London in respect of payments made to Mr. C.N.Chari while he was in the United Kingdom. Since it appears that at the instance of the Government of Madras, the scholar was advanced a loan of £34 and a sum of £ 3 in respect of railway fare from Plymouth to London and taxi and porterage. I am to suggest that they may please take necessary steps for the recovery of these £ 37 from him.

Yours faithfully

D. Madhavi.

(D.Madhavi)

Overseas Scholarships - 1945-46 - Mr C Narasimhachari

C.N. 13028/48, From the G of I, No. F.3-11 (45-OD(iv)) 18-2-48.

Pl. see the notes connected with G.O. No 2207 Edn of 14-10-47 with ref. to the letter from the Govt of India in the current file. As observed by the G of I, the extension in the period of Mr Narasimhachari's scholarship was given upto Jan 49 with a view to enable him to undergo sufficient practical training on the subject of his study viz "Food Technology". ~~In view of this,~~ Besides further theoretical studies for the scholar does not seem necessary as he ~~would~~ had already had enough of such studies culminating in a Master's Degree in Food Technology. In the circumstances, the suggestion of the G of I at A on p 1 cf may be accepted.

A draft telegram is submitted for approval. Dev. may see for acceptance before circulation.

Cov 34275/48. from the G of I, Ministry of Edn. No. F.3-11/45.O.D.10 of 6.5.48 — p 7 cf.

Please see the note overleaf. In the telegram on p 3 c.f. this Govt accepted the suggestion of the Govt of India that Mr Narasimhachari might return to India if practical training could not be arranged. The G of I now state that the scholar on the advice of his professors has joined the Massachusetts University for a course preparatory to practical training in the Food Industries in the U S A from June 48 onwards. The Govt of India are therefore inclined to agree to allow the scholar to continue his work and return to India in January 1949, in modification of their suggestion in the letter on p 1 c.f. The present course leads to practical training as originally proposed for the scholar and accepted by this Govt. The G of I's present proposal ~~is~~ that the scholar may ~~return~~ continue his work and return to India in Jan. 49, may be accepted. If this is done the scholar will be utilising the full period of one yr of extension in the period of scholarship already granted to him. It is presumed that the G of I will meet half the cost ~~for~~ the extended period as they agree to extension.

Telegram from the G of I. of 4.12.48 pp 39-41 C.F.

Sri C. Narasimhachari, a 1945 scholar, selected for advanced studies in "Food Technology" and who is intended for absorption in the Industries Dept. has already been granted 1 yr. extension in the period of scholarship, for practical training. The G of I now report that the scholar requires further extension for 6 months upto June 1949 for continuation of practical training. As the scholar will earn remuneration during this period, there will be no expr. to Govt. and the G of I have therefore communicated their approval for extension to the Embassy. In view of the urgency of the matter they now want confirmation of this Govt's concurrence by wire. If no reply is recd. within a week they will take it that this Govt. will presume this Govt's concurrence. pp 39-41 C.F.

(7)

2. The amount of scholarship in the U.S.A. is $ 100 per mensem and this scholar will be getting actually $ 230 p.m.: ~~He has therefore to surrender this amount to the Embassy who will continue to pay him that scholarship~~ The extension will be no expr. to Govt. the further extension may be granted. ~~Under G of I's ...~~ ~~Confirming~~ A draft telegram is submitted for approval. It is presumed that D&V do not require the scholar's services immediately. D&V may see the draft before issue. p 39 C.F.

Please see the telegram from the G of I at p 95 cf. regarding the grant of a loan to Sri C.K. Chari, a 1945 scholar. The scholar was selected for advanced studies in "Food Technology" in the U.S.A and is intended for absorption in Industries (Govt or private enterprise) on return. He has executed a bond to serve the Govt for a period of five years. He was granted one year extension in the period of scholarship at Govt expense. Subsequently he was permitted to stay on for a period of about eight months for practical training in the U.S.A and for study tours and visits to some firms in the U.K on his way to India, at his own cost. The Scholar was informed that the Govt would be responsible only for his return passage from the U.S.A to India via the U.K without any halting allowance being paid to him during his stay in the U.K.

p 94 cf.

2 As suggested by the G of I in their telegram at p 95 cf the High Commissioner, London, may be authorised ~~[illegible]~~ ~~requested~~ to grant a loan to the scholar repayable to this Govt. The amount may be left to be fixed by him according to the needs of the case. Draft Cable submitted for approval.

Dev & Fin may see.

Please see the letter from Sri C.N. Chari at p.107 c.f. The scholar requests that the recovery of the loan of £34 advanced to him by this ~~thix~~ Govt. may be waived by ~~the~~ treating ~~him~~ it as halting allowance in the U.K.

para 5, p107 cf

The Scholar was selected in 1945-46 for advanced studies in Food Technology and ~~who~~ was sent to the U.S.A. He was granted one year extension at Govt. cost. He was permitted to stay on in the U.S.A. for a further period of 6 months at his own cost and during that period of practical training he was paid by the company which employed him. He then requested that he might be permitted to continue to stay on in the U.S.A. for another 2 months and that thereafter his return passage to India might be arranged ~~mk~~ via U.K. where he might be allowed to stay for about 3 weeks for study ~~course.~~ tours. This was agreed to on condition that he should meet the entire cost himself ~~for~~ during his stay in the U.S.A. and that while in the U.K. he would not be paid any halting allowance. It was made clear that the Govt. would be responsible only for his return passage from the U.S.A. to India via U.K.

p85 cf

p91 cf

2. He went to the U.K. where no halting allowance was paid to him. He was short of funds which was reported by the High Commr. to the Govt. of India, and on the suggestion of the latter, this Govt. asks the High Commr. to help the scholar with a loan repayable to this Govt. Accordingly he was paid £34.

p96 cf

p97 cf

p100 cf

3. Before starting for U.K. he was informed by the Indian Embassy that halting allowance would not be admissible to him while in the U.K. The scholar says that he was not given enough time to consider and decide before the embassy made arrangements for his return via U.K. He points out th

para 2, p107 cf

th

12

other students from the U.S.A. are paid halting allowance at U.K. in the normal course and that he should not be singled out for not receiving the allowance simply because he had asked for return passage via U.K.

para 4, p 107 cf

4. Return passages to India for students in the U.S.A. ~~on~~ are ordinarily available only via U.K. Th~~is~~ese ~~is~~ are arranged by the Indian Embassy in consultation with the High Commr., London, so that the latter can arrange~~d~~ immediate connecting passage from the U.K. so as to avoid payment of halting allowances to the scholars. The connecting passage is ordinarily by sea but if there is delay in the availability of sea passage, air passage is granted. Halting allowance is thus allowed only in cases ~~when~~ where there is unavoidable delay in getting the connecting passage at U.K. In the case of this scholar, immediate connecting passage ~~could~~ was not ~~be~~ arranged by the High Commr. because he was not asked to do so as the scholar ~~because he~~ wanted to stay for three weeks in the U.K. If the Scholar did not want to stay in the U.K. if halting allowance was not admissible to him, he could have informed the Indian Embassy before leaving for U.K. even if the latter had made arrangements for his return. The Embassy would have then wired to the High Commr. to arrange ~~to~~ connecting passage before the steamer reached the U.K. and thus avoided the prolonged halt in London. This the Scholar did not do so. The 3 ~~months pay~~ weeks stay in the U.K. for study tours cannot really be ~~xxxxxx~~ treated as halting period but should properly be treated as one of extension in the period of Scholarship. And as the scholar was definitely informed before leaving USA that he would not be given either extension or halting allowance, there seems to be no case to waive the recovery of the loan. For orders whether he may be informed that his request cannot be complied with. The remarks of Finance may be invited.
