Sir,

I request you to be good enough to examine the following and take such action as you consider proper and let me hear:-

1. In the Government colleges, the whole term fee is payable in advance. In some colleges this is recovered in two instalments. As the major portion of the student population is poor, the instalment system must be permitted in all colleges.

2. In some Government colleges the boys taking Natural Science are required to buy their own instruments. Formerly, the instruments (x) were supplied by the College. This should be allowed to continue. If needed, a deposit may be taken from each student to be refunded to him at the end of the course less any charges debitable to him for negligence, etc.

Yours truly,

29.6.46.

To The Secretary to the Government of Madras,

EDUCATION & PUBLIC HEALTH Department.

Sir,

~~&~~ In enclosing herewith the letter dated 25th June 1946 from Sri M.G.Natesa Chettiar, M.L.A. with the endorsement of the Hon'ble Minister for Education thereon I have the honour to state that a reference was made to the Principals of all Government Colleges on the question of supply of instruments to students taking Natural Science and it is observed from the replies received that except in the case of the Presidency College, Madras, in all other Government Arts Colleges the instruments are supplied to the students by the Colleges. As regards the practice obtaining in the Presidency College, it is reported that the Intermediate students are not asked to buy their instruments. But in the case of the B.Sc Pass and Hons. Main students, the Principal found it necessary recently to recommend to the students to bring their own instruments such as razors, scalpels and dissecting needles, for the following reason.- This is because due to war conditions the prices of the instruments have gone up while their quality has gone down and it is found that personal property is taken care of in a better manner by the students than College property.

2. As regards the question of payment of term fees in two instalments I submit that the option of paying fees in instalments was withdrawn as a -- measure of economy on the recommendation of the Retrenchment Committee in G.O.No. 478 Edn., dated 1-4-1932. However, in their Order No. 954 Edn., dated 13-7-1943 Government have permitted the collection of term fees in instalments in the case of the Government College, Mangalore as a temporary measure for special reasons. I strongly feel that in the interest of the poor students we ought to go back to the old system and allow students the option of paying their tuition fees in two instalments.

Sir,

N 2

In their order M.S.No.1399 Edn., dated 25-9-44, Government fixed the rate of fees to be collected from Students studying B.A.(Honours) course in the Government Muslim College, Madras at Rs.55/- per term. The rate was enhanced by twenty five percent with reference to G.O. No.1246 Edn., dated 14.6.47 and ~~fixed~~ fixed at Rs.69 and 71 in advance and by two instalments respectively per term in G.O.No.Ms.2230 Edn., dated 17-10-47.

W

(A) 20-2

2) A query has now been raised by the Principal, Government Muslim College, Madras as to the rate at which fees have to be collected from Harijan Students studying the Honours course in this college. There does not seem to be any need to differentiate between Harijans and others in respect of fees for Honours course in as much as there is no difference between the rates of fees collected from Harijans and others studying for any other course in this college. The rates of fees collected in this college are concessional with reference to the rates in most other government colleges. I therefore presume that the above rates Viz. Rs.69 and Rs.71 in advance and by two equal instalments respectively are applicable to Harijan students also.

Please see page 20

college for the first and second terms of the current academic year at the standard rates prescribed under rule 89(a) of the Madras Educational Rules. For the convenience of the students and for uniformity of the rates at which fees are collected through out the year I recommend that this college may be permitted to collect fees at standard rates alone for the third term also and at the enhanced rates now obtaining in Government Colleges from the next academic year (i.e.) 1948-49. This is a second-grade college. I suggest with reference to Rule 89(b) of the Madras Educational Rules ~~(tuition)~~ that the following rates of (tuition) fees may be adopted for the college with effect from 1948-49 besides the special fees fixed under rule 89(c) of the Madras Educational Rules.

In view of the fact that the Colleges have adopted a certain rate for the first and second terms and in view of the fact that the difference between the rates adopted by the colleges and those approved in G.O.No.Ms.2230 Edn dated 17-10-47 is negligible, I recommend that the colleges may be permitted to collect tuition fees for the third term of 1947-48 at the same rates at which they collected for the first and second terms and that the rates approved in the G.O. may come into effect with effect from the next academic year. If Government desire, the rates approved in G.O.No. 2230 Edn dated 17-10-47 can be given effect to from the next term i.e. the third term of 1947-48. (A) (A) 1M

ENCLOSURES

SPARE COPIES

I have the honour to state that no difficulty is being experienced in regard to the collection of fees with reference to G.O.No.1246-Education dated 14.6.1947 and that Government Colleges have been collecting fees from the first term of the academic year 1947-48 at the enhanced rates as per the above Government Order. The circumstances referred to by me in my letter R.C.No. 3063-E4/47 dated 8.12.1947 are with reference to the G.O.No.Ms.2230-Education dated 17.10.1947. In this order, amounts have been calculated to the nearest rupee at the enhanced rate of 25% and provision has been made for collection of fees in instalments. Some of the colleges appear to have collected even in fractions of a rupee after calculating 25% exactly over the amount of fees previously collected. Thus there is a difference of few annas in some cases between the amounts of tuition fees collected and the amounts fixed in G.O.No.2230-Education dated 17.10.1947. For the first and second terms none of the Government colleges appears to have collected tuition fees by instalments. The third term has already commenced. In view of the above circumstances I recommend that G.O.No.Ms.2230-Education dated 17.10.47 may be given effect to from 1948-49 and such of these colleges that have already adopted the order in toto with effect from the third term of the current academic year 1947-48 may be permitted to do so. The difference will be as already stated a few annas more or less per student in some cases.

(26) Colleges - Govt. - levy of term fees in two monthly instalments

pp3-4 cf

C.No. 48959 A/46, From the DPI, R.C. No 109 - E.4/46 d 15-8-46

Sri. M.C. Natesa Chettiar, M.L.A. has proposed the following:–

p1cf

(1) levy of term fees in Govt. Colleges by instalments.

(2) Supply of instruments to Science Students in Govt. Colleges by the Colleges themselves.

Proposal No (1) levy of term fees in instalments

Prior to 1-4-32, fees in Govt. Colleges were being collected in instalments. In G.O. No 478 Edn d 1-4-32, the instalment system was abolished and the students were required to pay the full term fee in advance. The reasons for this decision were:–

(1) the students gained very little by the instalment system.

(2) The system complicated the financial administration of the Colleges.

A on p6 of (V)

In 1943, the Principal, Govt. ~~Mohammadan~~ College, Mangalore was permitted to collect fees from students in instalments, temporarily for a period of 3 years mainly in the interests of poor students. In that connection, the question of extending the concession to other Colleges also was considered but ~~not~~ was not pursued as the DPI did not recommend the same. The present proposal is to revert to the instalment system permanently in all Govt colleges and the DPI strongly support it. Attention is, in this connection invited to the former Secy's (Mr M.V.S.) remarks at pp3-4 of (E). The payment of fees in instalments

This practice has been discontinued from the current academic year

will certainly afford relief to the poor students. It is true that the continuance of the existing system of advance payment of fees is not likely to diminish the strength of Govt. colleges, but it may confer an unfair advantage to the richer students and force the poorer to seek admission in private institutions.

In the circumstances, the proposal may be accepted. The ordinary term fee may, at the option of the students, be permitted to be paid in two equal instalments in all Govt. Arts Colleges.

A

Proposal No. (2) Supply of instruments by the College. The DPI states that excepting the Presidency college, all the other Govt. Colleges are supplying the necessary instruments to Science students. The reason given for not supplying instruments to the Presidency College students is not convincing. It is for the very same reason that due to war conditions, the prices of instruments have gone up and their quality has gone down, that the College authorities should arrange to supply the students with the required instruments. There is no reason to support that the students in the Presidency College alone are more irresponsible and careless in handling the instruments. The Presidency College also may therefore be asked to follow the general practice obtaining in all the other Govt. Colleges.

(1) Levy of term fees in Govt. colleges by instalments; and

(2) Supply of instruments to Science Students in Govt. colleges by the Colleges themselves.

2. Proposal (2) above:-

Finance may agree to the proposal of the E.W.H. department at B on page 2 above.

3. Proposal (1) above:- The proposal of E.W.H. at A on page 2 above may be agreed to subject to the following remarks:-

The option of paying fees in instalments was withdrawn as a measure of economy on the recommendation of the Retrenchment Committee in 1932. The payment of fees in instalments by students involves extra work and inconvenience to college offices by way of collection, accounting and also additional expenditure on stationery etc. It seems only fair, therefore, that the fees to be collected in instalments should be slightly more than the full fees. In 1943 the Govt. permitted the collection of term fees in two equal monthly instalments in the case of the Govt. College, Mangalore purely as a temporary measure

See below.

As the present proposal is to revert to the instalment system permanently in all the Govt. Proposal (2) on p. 2 N.F. I would suggest that the practice in the Presidency College in this matter be extended to all other Govt Colleges. It is certainly true that instruments such as razors, scalpels and dissecting needles will be kept in better condition by the students if they are their own property, & they will ∴ generally get better results with such instruments of their own than with College instruments that are used by all & sundry. It seems ∴ very desirable to advise the students to provide such instruments for themselves as far as possible, though the College should no doubt provide them for use by any who say that they are not able to provide their own instruments. The practice should certainly be uniform in all Govt Colleges. The D.P.I. has not made any recommendation on the point. If considered necessary, he may be asked which practice he would recommend for adoption in all Govt Colleges. The adoption of the Presidency College practice uniformly would have the addl. advantage of some saving in expr. by the Govt. (Students at Oxford provide such instruments for themselves.)

Proposal (1): Collection of fees: Fin agree to the payment of fees in instalments but consider that it is not necessary to go beyond the D.P.I.'s recommendation to confine the instalments to two. This may perhaps be accepted. Fin also suggest that the fees to be collected in instalments should be slightly more than the prescribed full fees so as to cover charges on account of extra labour, stationery charges etc. Attention is invited to the notes on pages 5-6 N.F. in file No. 954 Edn. dt 13.7.43 where the same question was raised in connection with the collection of fees in instalments in the case of Govt College, Mangalore. It was then decided that as the concession was intended to help poor students, the collection of any extra amount need not be insisted on. The position is the same now. The fact that such an extra amount is collected in private colleges which depend to a large extent on fee income for maintenance need not be considered as a reason for adopting the same procedure in Govt colleges.

This Depth may press for the collection of fees in two instalments without any extra amount.

It is submitted that the decision taken by the previous Govt in the case of the Government College, Mangalore, in 1943, cannot be held to be in any way ~~valid now because~~ a binding precedent for the purpose of the present proposal ~~is~~ to revert to the instalment system permanently in all Government Colleges. GOVERNMENT OF MADRAS

I thought we have issued orders that all Harijans are exempted from payment of school fees in Colleges. Originally, they were asked to pay money in advance and later on refunded. This proved a hardship to many Harijans and thereafter, I think the matter was considered and orders were issued that advance payments need not be demanded from Harijans. If that is so, I [illegible] not able to understand the provision in the tables submitted below by the D.P.I - Payment in advance by the Harijans. The matter may be corrected and put up.

With reference to the minute of H.M. (Edn) on the previous page it is respectfully Subd that the fee concessions ~~contemplated under~~ referred to in rule 92 M.E.R. are meant only for poor pupils. With a view to see that only the poor and deserving get the concessions certain income limits have been prescribed - Rs 820 per year in the case of schools and Rs 1120 per year in the case of colleges. The figures entered in the Tables sent by the D.P.I apply only to those who are not poor. No fees will be collected from Harijan students who are poor i.e. whose parents' income is less than Rs 1180/- per year.

Of course most of the Harijans will be poor and they won't have to pay any fees in colleges: The figures entered in the Tables are only meant to cover cases of Harijans who are not poor if there are any. In the circumstances the Tables sent by the D.P.I do not require any correction. For orders whether the draft order may issue.

The term 'advance' in the table means only lump sum payment in the beginning of the term in lieu of instalments.

2. In the Govt. Muslim College, Madras, the rate of tuition fees collected from students of the Honours Course is Rs 69 in advance and Rs 71 in two instalments according to G.O. No. 2230 Edn. 17-10-47. The D. P. I. ~~wants to request~~ presumes that ~~the same rate of~~ fees may be levied at the same rate in the case of Harijan students also. ~~This may be agreed to.~~ He may be informed that the presumption is correct.

A

It is only well to do Harijans that pay fees. Poor Harijans are exempted from fees in Arts & Profl colleges.

3. The D. P. I. states that in the Govt. College for Women, Guntur, recently taken over by the Govt., fees were collected for the first two terms at the rates prescribed under rule 89(a) of the M. E. Rules. ~~He~~ The Director suggests that for the third term also fees may be levied at the same rate; and that from 1948-49, fees may be levied as at 'K' on p2 c.f. The rates specified here are the same as those laid down in G.O. No. 2230 Edn. d. 17-10-47 for second grade institutions. The Director's proposals ~~that fees~~ may be accepted.

M.E.R. – Rule 89 B – Levy of tuition fees in Govt colleges.

Ref: Letter from the D.P.I. No. 3063-E

The D.P.I. is informed that tuition fees should be levied in Govt colleges at the rates laid down in G.O. No. 2230 Edn. d. 17.10.47, ~~not only~~ from ~~for~~ the third term ~~but also for the 1st and 2nd terms also. The addl amount due for the 1st and 2nd terms should be collected in the third term~~, for the academic year 1947-48.

To The D.P.I.

Note

The difference may be negligible ~~[illegible]~~ in a single case but as there are hundreds of students in Govt. colleges the net loss to Govt. may ~~[illegible]~~ be considerable. Finance may see before circulation.

12/12/47

12/12/47 S/Finance

I do not think it is fair to give retrospective effect to the revision. D.P.I. in fact proposes that it should come into effect next year – or, in the alternative from the III term. I think we can just direct the latter to be done.

Please see the letter from the D.P.I on pp 1-2 cf and the notes of E&P.H. on p1 above.

~~There~~ Submitted that there is no information as to the loss involved if the alternative proposal of the D.P.I to give effect to the rates approved in G.O. No 2230 Edn of 17-10-47 from the third term of 1947-8 is accepted as suggested by E & P.H. Secretary. As there are a large number of students in the Government Arts' Colleges, the resultant loss to the Government in the acceptance of the above proposal is likely to be considerable. ~~There~~ seems to be no reason except fairness referred to by E&P.H Secretary for ~~[illegible]~~ the Government to ~~should~~ forego the income that will be derived by giving effect to the rates approved in G.O. No 2230 Edn of 17-10-47 from the academic year 1947-8. Finance may, therefore, suggest that the additional ~~amount~~ fees due for the first and second terms of the academic year 1947-8 be also collected in the third term.

H.M. (Fin) may also see the case.

I do not understand this note. If this refers to the 25 per cent increase that we have made in college fees, I think that order was issued before the college was reopened and I don't see any reason why fees were collected less in the first term. The matter may be explained further.
