SALEM MUNICIPALITY.

From Sri M. Minakshisundaram, Commissioner, Salem Municipality, Salem.

To The Secretary to Government, Local Administration Dept., Fort St. George, Madras.
Thro' The Inspector of Mpl. Cls. & Local Boards, Madras.

R.O.C.NO.C2. 14347/47. Dated 22-7-1947.

Sub:- EDUCATION - Salem Municipal College - Hostel for students - Provision.

Students studying in the Salem Municipal College have been finding it very difficult to obtain boarding and lodging in Salem ever since they were required to vacate the municipal building due to its having been requisitioned in 1942 for the use of the A.R.P. in Salem and subsequently by the M.F.S. This building is still under the occupation of the M.F.S. The students were temporarily occupying private buildings and due to scarcity of buildings in the town they have been staying in different places putting themselves up to much inconvenience, and the problem of their boarding and lodging has become very acute of late. Several efforts were made to secure suitable buildings but proved a failure.

It is now suggested by Sri S.K. Sadagopa Mudaliar, M.L.C., and Sri S.C. Venkatappa Chettiar, Ex-Chairman and Ex.M.L.A., that the building known as Krishna Rajendra Choultry and used as a choultry ever since its construction in 1938 may be converted into a hostel for the students. This building was constructed by the Municipality with a nucleus of Rs.2500/- donated by His Highness the late Maharajah of Mysore and named after him. It is situated in front of the Salem Market Railway Station and it contains 8 small rooms and 2 large rooms in the downstairs and two large rooms in the upstairs. Its distance from the College is six furlongs. This is the only building easily available for the travelling public and officers and there is no travellers bungalow in the town. There is a radio set for the benefit of the general public in the choultry premises. If the proposal made by the gentlemen above mentioned to solve the difficulties experienced by the students the convenience hitherto enjoyed by the travelling public will be denied to them and the radio amenities will also have to be denied.

Recently His Excellency the Governor of Madras laid foundation stone for a hostel to be built in the College premises; but the committee which has undertaken its completion is likely to complete it in about six to eight months. I request that the Government may be pleased to give directions whether I may close down the choultry and use it as a hostel for the College students till suitable accommodation is made available.

Copy submitted in advance.

COMMISSIONER.

S. K. SADAGOPA MUDALIAR, M.L.C.,
MITTATHAR, SALAM.

Dear Mr. Chandramouli Garu,

The students of the local Salem Municipal College represented to me that they are not able to get hostel accommodation in the town. I understand that the local authorities for want of proper buildings have recommended to the Government to acquire one small bungalow in Alagapuram Road, Salem. This place can accommodate only about 15 students and is also too far from the town.

I called on the Municipal Commissioner and suggested the feasibility of utilizing the present Municipal choultry for the purpose of accommodation.

This choultry is ideally situated near the Salem Market Station and can accommodate sufficient number of students. The Commissioner also told me that he would make a representation to you in the matter.

I request you to accord your sanction to the proposal at your earliest.

To

Sri. S.K. Sadagopa Mudaliar, M.L.C.,
S A L E M.

We, the undersigned, are put to very great inconveniences owing to the absence of a suitable hostel for the college students. The Rajendra Municipal Choultry is a convenient place for staying, even though it is a bit distance from the college. We are prepared to stay there till a more convenient building is arranged. We request the college and the Municipal authorities, through you to arrange the Choultry for our use. We hope that steps for building a permanent hostel will be taken up immediately and completed as early as possible.

Yours sincerely,

S. K. SADAGOPA MUDALIAR M.L.C.,
MITTADAR SALEM

29th July, 1947.

Dear Mr. Chettiar,

Since the receipt of your letter, I visited the buildings recommended for hostel accommodation and of the two buildings selected, one has been condemned by the Officials themselves, as there are cracks developing making it unsafe for occupation. The building left out is too small to accommodate the number of students seeking hostel accommodation. The building is more than one mile from the College.

The "Rajendra Chowltry" which is nearer and better situated than the building selected has got a small hotel within the compound. The rooms are well-equipped and there are taps, bath rooms and septic tank latrines.

I called on the Collector today and he is also of opinion that the Chowltry is certainly more suitable, as he has personal knowledge having stayed there on his arrival. He promised to inspect the other building and then write to you.

As regards "Manor House" compound, I shall get into touch with the Collector a week hence, as he is very busy having joined Salem only recently.

The Govt. Girls' School Advisory Committee invited me and Mr. Kandaswami Pillai, M.L.A., to represent about the want of accommodation in the School, as also the absence of any Middle School for Girls run by Municipality which has a population of 2 lakhs. They desired to invite you, failing which to wait on you to represent their grievance.

The Salem public expect all co-operation from you to improve the educational side which, as you are aware, has been neglected.

Yours sincerely,

The Hon'ble T.S. Avanasilingam
Chettiar,
Minister for Education,
M a d r a s.

S. K. Sivarogopan

Dear Mr. Avanasilingam Chettiar,

Subject: House Rent Control Order--Madras Buildings (Lease and Rent Control) Act 1946--Procuring accommodation for Salem Municipal College hostel.

Reference: Your letter dated the 26th July 1947 to Mr. Satagopa Mudaliar with reference to my letter to you dated the 16th July 1947.

I personally inspected the two buildings previously occupied by the Military Engineering Service which were recommended by my Revenue Divisional Officer, on 31-7-1947. *and referred to by me in my last letter* I find that of the two buildings one is unfit for occupation as the building has too many cracks inside it. The other building can be used for a hostel. But this will also require some small repairs and white-washing. It may accommodate about 25 students.

I inspected another building in which the Resettlement Office is now working. I understand that the clerks training school was held in this ~~school~~ *building* before its occupation by the Resettlement Officer. The building is sufficiently spacious and it is surrounded by numerous thatched sheds which can also be used for the students accommodation. This building could accommodate a large number of students. But the present Resettlement office will have to be shifted before the building could be made available for the students. I next inspected the Rajendra Municipal Choultry. It is a very attractive building with a first floor. The rooms are very neat and the building is situated near the Salem Market Railway station, with a compound around it. It has motor sheds and store rooms. The motor sheds can be used as kitchen. This building is provided with taps both in the ground and the first floor. The rooms and verandahs are provided with electric lights and there is a lavatory attached to the building. A Brahmin hotel is also situated close to the building. If the students find it convenient to mess in the hotel they can as well do so without making their own cooking arrangements. This building is most suitable in every respect for the purpose of a hostel. The Commissioner of the Salem Municipality and Mr. Satagopa Mudaliar and others interested in opening the hostel of the College are for the selection of this building and I agree with them. Even the students have given a petition to Mr. Satagopa Mudaliar asking him to arrange this building for their hostel purposes. This building and the College, both belong to the Salem Municipality and I believe there will be no difficulty in running the hostel in this choultry as it belongs to the Municipality. This choultry

14 -2-
choultry can conveniently accommodate 50 students, and more can be accommodated after further improvements to the verandah in the first floor. Though this building is intended to be used as choultry and is being used as such, preference may have to be given for the use of the students as hostel as that seems more important than providing accommodation for travellers. It has been recently decided by Government that a Travellers bungalow be opened at Salem for the convenience of the public. The buildings now used by my Personal Assistant as his residential quarters are to be handed over to the authorities concerned for use as Travellers Bungalow. As such the public will not be inconvenienced by the conversion of the Rajendra Municipal Choultry into a College hostel. Some of the hotels in the town afford accommodation for the travellers. I would therefore suggest that orders may kindly be issued for using the Rajendra Choultry as hostel for the students of the College who seem to be badly in need of suitable residence.

Yours sincerely,

(G. Abdul Sattar)

27464
The Krishna Rajendra Choultry Salem maintained by the Salem Municipality was constructed at a cost of Rs.20000/- and of which a sum of Rs.2500/- only was given as donation by His Highness the Maharaja of Mysore. The donation was made by His Highness in appreciation of the reception given to him and also in remembrance of his visit and the balance amount for the construction of the choultry was supplemented by other collections. The choultry is not an endowed one and the amount given by His Highness was for the utilisation of the amount for any purpose which the council thought useful. As the choultry is not an endowed one, no deed of endowment is available.

2. The quarters of the Personal Assistant will be handed over to the P.W.D. authorities as soon as the Rent controller secures a building for him under the Buildings lease and Rent control Act 1946. He has been directed to do so and he has promised to secure the first building which becomes available under section 3 of the above act.

3. The proposed conversion of P.A.'s quarters into travellers' Bungalow when effected can be used for the needs of the people adequately just as a choultry.
